Re: Salvation Army Looking for Larger Bayview Location on Third Street

Dear Mr. Hiller:

It has come to the attention of our local business association, the BRITE Business Alliance (BBA), that the Salvation Army, one of the largest nonprofits in the country, is looking for a larger storefront space on Third Street in the Bayview neighborhood of San Francisco. There is an existing SA storefront on Third at McKinnon.

Along with other land use and commercial projects proposed for Bayview, the BBA is interested in gathering information about the SA project, with a view towards understanding the scope, the size, and the services provided in the new location. We also wish to ensure that our community partners—Bayview neighborhood associations, BVOCP, BRITE—have the opportunity to do the same so that we can all be effective neighbors. We have copied our District Supervisor Malia Cohen and other groups on this correspondence.

We would like to schedule a meeting with you and our BBA Board to discuss further. Please contact me at alka@alkajoshi.com as soon as possible. Thank you.

Sincerely,

Alka Joshi
President, BRITE Business Alliance

Re: Application for Demolition: # 201406300022

Dear Ms. Jackson,

BRITE (Bayview Residents Improving Their Environment) noticed that an application has been filed for demolition of three buildings along Third Street in the Bayview NC-3 zoned business corridor. We respectfully request more information about this proposed project—we've heard that it would replace the existing structures with a new 24-room senior residential care facility.

We would like the opportunity to review all planning, demolition, and construction proposals with respect to the above application and related properties at 4712-4720 Third Street. We trust that this project has been scheduled for discussion by the Bayview Hunters Point Citizen Advisory Committee, per the delegation agreement between that body and the SF Planning Department.

BRITE is coordinating efforts for open-minded review with other neighborhood associations, including 4800 HOA, the Bayview Office for Community Planning, EqualitySF, and the BRITE Business Alliance to provide community input to the Bayview Hunters Point CAC.

Please add our organization and my email address (mlsev@yahoo.com) to your outreach and calendaring roster for this project. Thank you.

Sincerely,

Mary Severance
Treasurer, BRITE

RE: Application for Demolition: #201406300022

Ms. Jackson,

My 4800 Third Street condo neighbors and I recently learned of an application being made to demolish three (3) building, just blocks from us on Third Street. As these buildings are just a stone's throw from where we live, we would be grateful for information about this project – what is being proposed, who are the developers, and how is the “word” being gotten out as many of us have yet to receive notification concerning this demolition.

Along the lines of community outreach and input, we especially want to know whether the Bayview CAC has been engaged as in keeping with its role as intermediary between the Bayview Community and the Planning Department. In addition, we, at 4800, would like the opportunity to review all planning, demolition and construction proposals with respect to the above application and related properties at 4712-4720 Third Street.

Going forward, we ask that your outreach efforts be coordinated with us local homeowners' association and other Bayview stakeholders. Please add my e-mail address (anndejesus2000@yahoo.com) to your outreach and calendaring roster and I will be sure to share intel about this project with my 4800 Third Street condo neighbors.

Sincerely,

Ann (deJesús)
4800 Third Street Homeowner

Re: Application for Demolition: # 201406300022

Dear Ms. Jackson,

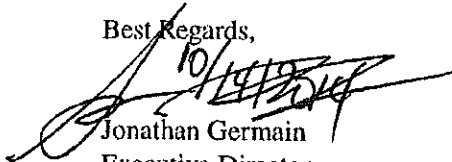

EqualitySF, a Bayview-based nonprofit organization, has noticed an application has been filed for demolition of three storefronts along Third Street, in Bayview's NC-3 zoned retail/commercial corridor. We respectfully request more information about this project, which proposed to replace the existing structures with a new 24-room senior residential care facility.

We would like the opportunity to review all planning, demolition and construction proposals with respect to the above application and related properties at 4712-4720 Third Street. We also trust that this project has been scheduled for discussion at the Bayview CAC per the delegation agreement between that body and the SF Planning Department.

Along with other projects proposed for Bayview, Equality is coordinating efforts for an open-minded review with other area neighborhood associations like 4800 HOA, the Bayview Office for Community Planning, BRITE, and the BRITE Business Alliance to provide community input to the Bayview CAC.

Please add our organizational name and email contact (EqualitySF@Qgenuity.com) to your outreach and calendaring roster for this project.

Best Regards,

Jonathan Germain
Executive Director
EqualitySF
