## Bayview Bulb-Outs

The Bayview Bulb-Outs project is the next step for investments directly prioritized by residents during the **Bayview Community-Based Transportation Plan**. This project involves constructing 9 new pedestrian bulb-outs at 5 intersections across the Bayview. This project is in support of San Francisco's **Vision Zero** commitment of eliminating all traffic deaths and serious injuries.

Over the past five years, there have been **11 reported traffic collisions** at these 5 intersections.

### Project goals include:

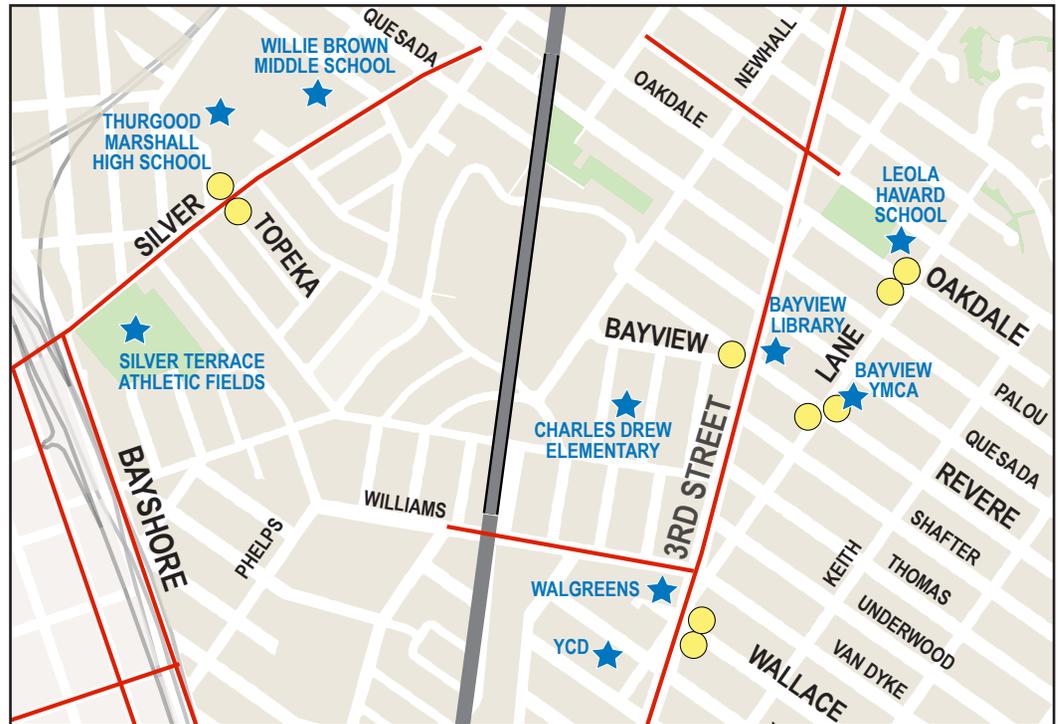

Increase visibility, safety, and comfort for pedestrians

Improve access to important community destinations

## Project Locations

Bayview CBTP bulb-outs proposes pedestrian projects at 9 locations across the Bayview.

## Bayview Bulb-Outs

A pedestrian bulb-out is an extension of the sidewalk at an intersection. They can increase pedestrian visibility and safety when crossing the street.

During the Bayview CBTP, we heard from many residents about the desire to improve pedestrian access to key destinations, especially for students and youth. With its overly-wide residential streets, crossing intersections can be particularly challenging in the Bayview. By reducing the crossing distances at intersections, pedestrian bulb-outs can create a more inviting and comfortable experience for people walking.

### Bulb-Out in the Bayview

Example at Wallace Ave & 3rd Street

Oakdale Ave.

### Access to Schools

Oakdale Ave is much wider on the west side of the street - adjacent to the Leola Havard Early Education School.

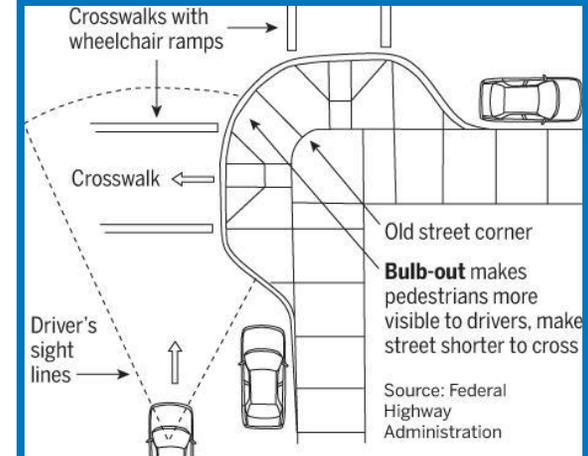

Lane St.

### Access to Community Centers

Bulb-outs are located to improve access to community centers like the Bayview YMCA and the Bayview Library.

## Why Bulb-Outs?

Pedestrian bulb-outs are one of our best tools to improve safety and access for pedestrians. Bulb-outs are used all across San Francisco and have been shown to improve safety & comfort for pedestrians.

The SFMTA installed over 100 bulb-outs across San Francisco in 2020.

Bulb-outs have been proven to increase cars stopping for pedestrians by 25% and to slow turning vehicle speeds by 55%.

## Bayview 行人安全項目

Bayview 行人安全項目是 Bayview 基於社區的交通計劃的下一步，投資優先考慮居民的意見。該項目將在 Bayview 的 5 個十字路口建造 9 條新的人行道擴建部分。該項目支持舊金山消除所有交通死亡和重傷的“零願景”承諾。

過去5年，這5個路口共發生11起交通事故。

### 項目目標包括：

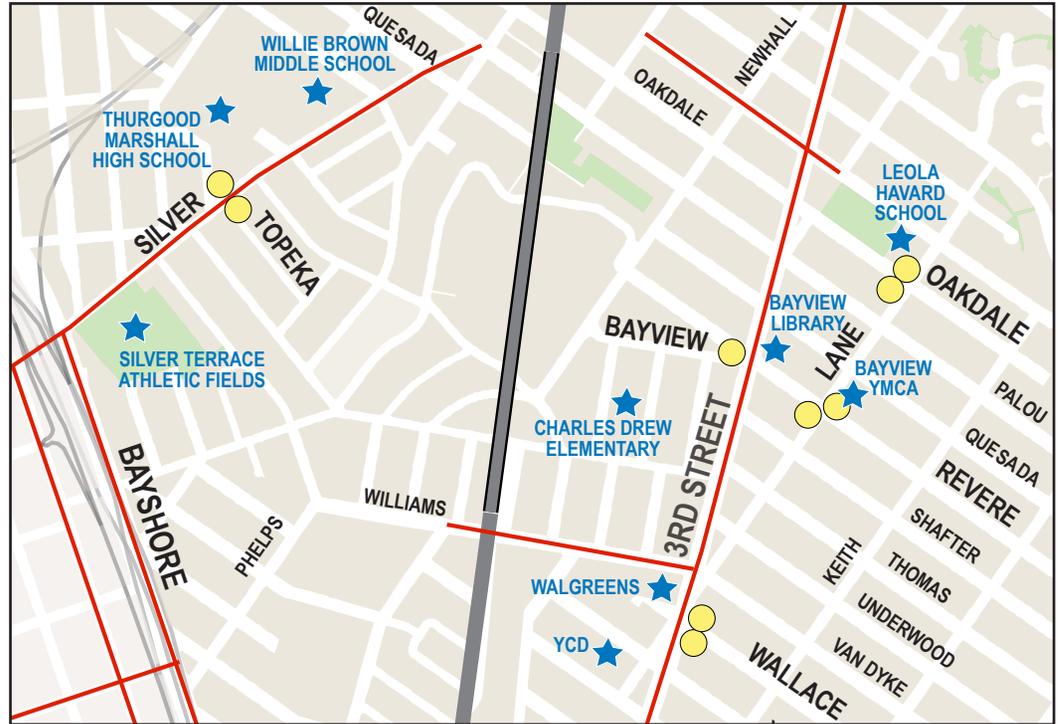

提高行人的能見度、安全性和舒適度

改善對重要社區目的地的訪問

## Bayview 行人安全項目

該項目建議在 5 個十字路口擴建 9 條人行道。它們可以提高行人過馬路時的能見度和安全性。

在 Bayview CBTP 期間，我們從許多居民那裡聽到了改善通往主要目的地的行人通道的願望，尤其是對於學生和青年。由於住宅街道過於寬闊，Bayview 的交叉路口可能特別具有挑戰性。通過減少過馬路的距離，這些項目可以為人們的步行創造更加溫馨舒適的體驗。

### Bayview 中的示例項目

第三街的華萊士大道

Oakdale Ave

### 學校安全

Oakdale Ave 在街道的西側要寬得多——毗鄰 Leola Havard 早教學校。

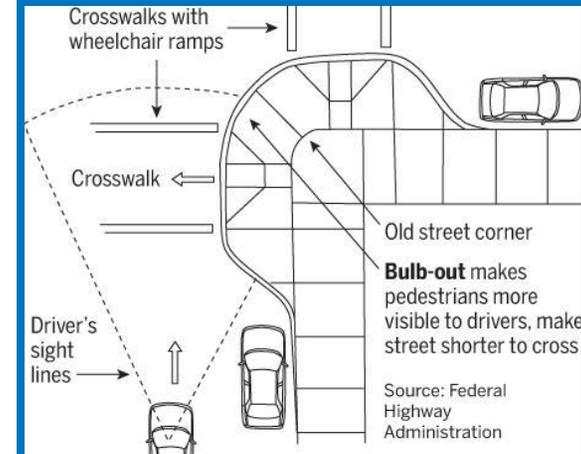

Lane St.

### 安全到達社區中心

擬議的項目旨在改善對灣景基督教青年會和灣景圖書館等社區中心的訪問。

## 項目詳情

擴大十字路口的人行道是我們提高行人安全的最佳工具之一。舊金山各地都在使用類似的項目，並已證明可以提高行人的安全性和舒適度。

SFMTA 於 2020 年在舊金山安裝了 100 多個類似項目。

類似的項目已被證明可以使行人的汽車讓行率提高 25%，並使車輛轉彎速度降低 55%。

## Bayview Bulbos Peatones

Este proyecto es el siguiente paso para las inversiones priorizadas directamente por los residentes durante el Plan de transporte comunitario de Bayview. Este proyecto implica la construcción de **9 nuevos bulbos para peatones en 5 intersecciones** a través de Bayview. Este proyecto respalda el compromiso Vision Zero de San Francisco de eliminar todas las muertes y lesiones graves en el tránsito. Durante los últimos cinco años, se han reportado **11 colisiones de tránsito en estas 5 intersecciones**.

Los objetivos del proyecto incluyen:

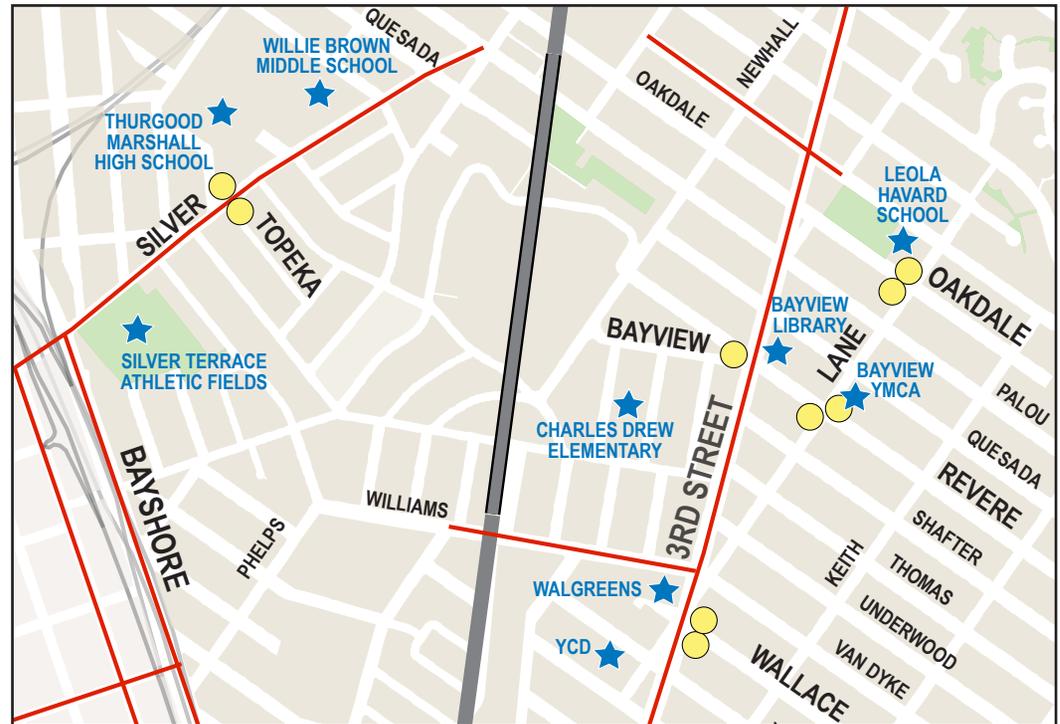

Aumente la visibilidad, la seguridad y la comodidad de los peatones

Mejorar el acceso a importantes destinos comunitarios

## Bayview Bulbos Peatones

Un bulbo para peatones es una extensión de la acera en una intersección. Pueden aumentar la visibilidad y la seguridad de los peatones al cruzar la calle.

Durante la CBTP de Bayview, escuchamos de muchos residentes sobre el deseo de mejorar el acceso peatonal a destinos clave, especialmente para estudiantes y jóvenes. Con sus calles residenciales demasiado anchas, cruzar intersecciones puede ser particularmente desafiante en Bayview. Las bulbos para peatones pueden crear una experiencia más acogedora y cómoda para las personas que caminan.

### Un bulbo en el Bayview

Wallace Ave & 3rd Street

Oakdale Ave.

### Acceso a las Escuelas

Oakdale Ave es mucho más ancha en el lado oeste de la calle, adyacente a la Escuela de Educación Temprana Leola Havard.

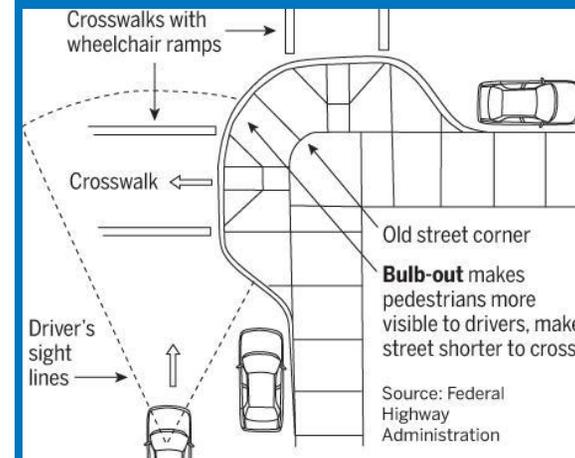

Lane St.

### Acceso a centros comunitarios

Los bulbos están ubicados para mejorar el acceso a centros comunitarios como Bayview YMCA y la Biblioteca Bayview.

## ¿Por qué los bulbos?

Los bulbos para peatones son una de nuestras mejores herramientas para mejorar la seguridad y el acceso de los peatones. Los bulbos se utilizan en todo San Francisco y se ha demostrado que mejoran la seguridad y la comodidad de los peatones.

La SFMTA instaló más de 100 bulbos en San Francisco en 2020. Se ha demostrado que los bulbos aumentan en un 25% los vehículos que se detienen ante los peatones y reducen la velocidad de giro de los vehículos en un 55%

**Bayview Hunters Point Citizen Advisory Committee  
Project Questionnaire**

Dear Project Sponsor:

Thank you for considering Bayview for your project. The Bayview Hunters Point Citizen Advisory Committee (CAC) is an advisory board tasked with providing policy advice on planning and land use matters in Zone 2 of Bayview/Hunters Point to the City of San Francisco (including the Board of Supervisors, the Planning Department and other applicable city boards and commissions).

We are providing you with this project information template so that the CAC will be best informed about your project so that your CAC presentation and Q&A session will be the most productive for you and the CAC. If there are any items below that are unfamiliar or not applicable to your project, please indicate this as needed.

**Please Note: The CAC expects this questionnaire to be fully completed and the Project Sponsor to attend and be available to answer questions at your CAC presentation. Failure to do so may lead to a delayed decision regarding your project.**

Thank you for your cooperation and we look forward to hearing about your proposal.

**Has a PPA (preliminary planning assessment) request been submitted? N/A . If yes, please attach a copy of the PPA letter (all pages) and any response from the San Francisco Planning Administrator, if received.**

**I. OVERVIEW**

1. Is the project a primary or mixed-use development (e.g., housing + retail, office + housing, industrial + office, or clinic + housing, etc)? Please provide a brief overview of the type of project.

- Micobuisness that will include a cannabis dispensary storefront, delivery, manufacturing, and distribution facility.

**III. RETAIL/ OFFICE / COMMERCIAL USES**

**(Please complete if retail/commercial use is part of the project. If no retail/commercial use is proposed, please skip this section).**

7. Has an economic impact report been submitted by the project owner/sponsor?  No .
8. Has a business plan been submitted by the project owner/sponsor?  No .
9. Is this an established business with a demonstrated history of success?  No; however, management has over 30 years of combined experience operating businesses in the regulated cannabis industry.
10. Is this a new business?  Yes .
11. Is the business conducted by: a sole proprietor ; a corporation ; a non-profit org
12. Is the business part of a chain or stores or franchise?  No .
13. Is the project a: **retail sales operation** ; **wholesale distributor/ warehouse/storage** ; **industrial use/manufacturer** ; office/business service ; other:
14. Expected Annual gross sales expected at project site. **\$2 million**  Est. Sales per Sq. Ft. **N/A** .
15. Does the project provide a diversity in retail use for the area?
  - The project will provide a diversity in retail use for the area, including a small cannabis retail storefront, manufacturing space, delivery and distribution. A few existing retail uses on the block include New Art Kitchen & Bath, Evelyn's Chinese Hardware Store, and Sunbelt Rentals. We will be expanding access to health and wellness products for medicinal and adult use cannabis patients, as well as access for patients with disabilities who live near the storefront. There are currently only two permitted cannabis retailers in district 10, highlighting the need for additional cannabis retail stores for Bayview residents to access safe, regulated cannabis, as well as to ensure greater equitable access to safe cannabis products.
16. Are other similar type retail operations in proximity to the proposed project?
  - There are no other cannabis retail operations within 600ft of our proposed business.
17. Is the project an anchor tenant in a larger retail/commercial complex?
  - No
18. Is the project stand-alone storefront or office?
  - No
19. Are residential tenants living in/above or adjacent to the project site?
  - No
20. Is the project a potential catalyst for other activities?
  - Yes, the project will be attracting additional foot traffic to the site, and those are potential customers who could also support neighboring businesses.
21. Is the project a potential catalyst for other businesses?
  - Yes. Through our operations we will be contracting with numerous small business providers, including but not limited to janitorial services, security, and restaurants.

22. Does the project contribute to the enhancement of the physical appearance of the site, street frontage, or complex which may generate similar renovations?

- We are considering contracting a local muralist to beautify the space.
- As per our Good Neighbor Policy:
  - We will utilize shielded outside lighting in a manner that illuminates the Premises and adjacent street, sidewalks, and side building areas to ensure the safety of our patrons and the residents and businesses of the neighborhoods we serve.
  - We will install a high-quality audio / video surveillance system to monitor all areas of the store's interior and exterior.
  - We will hang clear, visible signs prohibiting double parking and the blocking of driveways
  - We will prohibit loitering, littering, and cannabis consumption around and adjacent to the Premises. We will hang clear, visible signs prohibiting these activities in and around the Premises, and specifically prohibit consumption and smoking of cannabis on or around the Premises where smoking or consumption of cannabis is prohibited. All signs will be hung in prominent and well-lit locations near public entrances and exits.
  - We will place "No Smoking" signs in all areas in and around the Premises where smoking is prohibited.
  - We will place "No Consuming Cannabis" signs in all areas in and around the Premises where cannabis consumption is prohibited. We will maintain and secure the Premises, and adjacent areas within 50 feet of any public entrance and exit, in good, clean, and orderly condition at all times.
  - We will post notices in and around the Premises that direct customers to leave the establishment, and the surrounding neighborhood, peaceful, clean, and in orderly fashion.

23. Does the project benefit from the Third Street Light Rail as a transit-oriented development?

- Yes, the project is less than a mile from the Third St & Williams Ave and Revere / Shafter stops.

24. Please describe how many parking spaces are proposed for vehicles and/or bikes for the retail/commercial portion of the project.

- 2 U bike racks and 15 parking spaces

25. What is your connection to the Bayview Hunters Point Community? Please describe.

- Our CEO, Tiara Mitchell, was born and raised in the Bayview, and is a second generation Bayview resident. This dispensary is important to Tiara because it's always been a dream of hers and will allow her to have opportunities as a Black woman in an industry with very little Black people, let alone Black women. The SF equity program was made for individuals like Tiara and she feels she has a moral obligation to give back to her neighborhood. She hopes to empower individuals in the Bayview through opening this dispensary.
- Separately, we have a long standing relationship with Urban Ed Academy. We've provided \$10k in donations to their Saturday school.

## **V. EMPLOYMENT IMPACT FOR BAYVIEW/HUNTERS POINT**

33. Has the owner/sponsor identified a BVHP Community Based Organization ("CBO") providing job training and referral to fulfill the basic employment requirements of the project? Which CBO or CBO's?

- Southeast Consortium for Equitable Partnerships (SECEP) (Training worksite for Bayview residents, detailed in MOU)
- Young Community Developers (YCD) (Construction placement referral)
- Renaissance Parents for Success (Security training)
- Renaissance Entrepreneurial Center

34. Does the owner/sponsor have plans to incorporate youth internship opportunities for local resident youth in connection with the project? If so, please provide details.

- Employees must be 21+ years of age due to the state and federal age restrictions; therefore, this is not an appropriate activity for youth. However, it is our intent to financially support youth internship programs provided in the neighborhood.

35. Will the project request proposals for pre-construction activities from local residents and/or local companies?

- Yes. We will be seeking proposals from LBEs (Local Business Entities) for design, marketing, and outreach & engagement. Particularly, the inclusion of hyper local LBEs is a primary objective for the project (i.e. those in the 94124 zip code)

36. Will the project provide opportunities for construction employment by local companies and/or local residents either directly or through an established Community Jobs Program?

- Yes, we have every intention to do that, and we want to recognize that it is a simple renovation. SECEP is in the final process with the Community Jobs Program. We will also continue to work with organizations like YCD.

37. Will the project provide entry-level employment opportunities for local individuals to enter the construction, service, and/or retail sectors as the basis for promotion to full time, fully benefited employment?

- Yes. We estimate that initially we will be hiring 6-8 entry-level positions. We expect this number will grow after cannabis training programs are established in the neighborhood and our business expands. We will be prioritizing hiring local individuals from the 94124 zip code, as well as having opportunities for upward growth and promotions within the organization.

38. Will the project provide on-going and operational employment for local individuals?

- Yes. Initially, the project will provide full-time, on-going employment for 6-8 individuals. We expect this number will grow after cannabis training programs are established in the neighborhood and our business expands.

39. Will the project provide opportunities for local Minority owned Business Enterprise (MBE) and/or Women owned Business Enterprise (WBE) to participate in the pre-construction, construction, and operational employment requirements?

- Yes, the project is owned by a local, Bayview born and raised resident. It is a Black, Latino and woman owned business. We will prioritize hiring historically underrepresented communities in areas surrounding pre-construction, construction, and operational employment.

40. Note details of:

Designated primary CBO for training and employment

- Young Community Developers (YCD) will be our primary CBO for training and recruiting related to construction and renovations.
- Southeast Consortium for Equitable Partnerships (SECEP) will be our primary CBO for training and recruiting related to retail, customer service & light manufacturing.
- Renaissance Parents for Success will be our primary CBO for training security training and recruiting.
- Renaissance Entrepreneurial Center is not yet a partner; however, we believe they will be a natural partner in working with us to develop an entrepreneurial training similar to our EquityWorks! Incubator program in Oakland. We hope to implement a similar program in Bayview/Hunters Point.

Designated secondary CBO for training and employment \_\_\_ N/A \_\_\_\_\_.

**First Source Hiring Goals:**

While the project does not trigger first source hiring goals, we are excited to establish our own goals relative to the project and commit to working with local workforce providers to hire interns directly and to achieve 80% hiring from the neighborhood for construction and 30% for retail. The workforce will be relatively small; however, we expect this number will grow after cannabis training programs are established in the neighborhood and our business expands.

**Workforce Hiring Goals:**

Our goal is to hire directly from the neighborhood and provide long-term and robust career opportunities for local residents.

**Compliance officer identified for hiring implementation**

Amber E. Senter, COO

41. Are the training and employment opportunities as outlined above, or in a separate MOU, Employment Agreement, or Contract acceptable to the PAC as a basis for endorsing this project?

- We are researching the possibility of bringing a cannabis training program to Bayview, no such program is established yet; however once it is established, we would immediately engage in an MOU with Renaissance Entrepreneurial Center. We currently have an MOU with SECEP.

**VI. ECONOMIC IMPACT FOR BAYVIEW/HUNTERS POINT**

42. Has the project owner/sponsor agreed to direct support of a CBO through fixed annual contribution, percentage of profit contribution, donation of goods or services?

- Yes, we are in the process of determining what kind of regular contributions we can commit to. So far, we have donated 10k worth of resources to the Urban Ed Academy in Bayview. We are committed to supporting our local community with our business profit.

43. Does the project involve ownership by a ‘home grown’ or locally owned business or micro-business?

- Yes, this is a Black owned, Latino owned, woman owned, SF equity retail business. Our CEO was born and raised in the Bayview, and so were her parents.

44. Is there an opportunity for ‘community ownership’ or ‘community investment’ in this project?

- Yes, we currently have several Bayview residents as investors who have pooled their resources together to become investors.

45. If applicable, how will the project sponsor utilize the space due any period of entitlement or permitting? Has the project sponsor made any plans to mitigate negative impacts of site work or site closure? Please mention any local economic development agencies, merchant associations, small businesses, non-profits, or faith-based institutions that you will be working with on these mitigation efforts.

- While we would love to be operating in the space, the space is currently closed and has been closed for many years. Work and construction would be required to make the space safe and usable. We are absolutely open to discuss with the building owner about the possibility of temporary usable space for community groups to host training sessions or community meetings.

## Memorandum of Understanding

The following Memorandum of Understanding sets forth roles and responsibilities assumed by Southeast Consortium for Equitable Partnerships (SECEP) and its Work Sites Agencies with regard to the Community Jobs Program. This MOU is not intended to serve as a legal contract, but rather as a letter of agreement and understanding between the SECEP and its Work Sites Agency, Clement Street Retail at 2000 Oakdale.

### OVERVIEW OF THE PROGRAM

The Community Jobs Program (CJP) is a transitional employment program for active CALWORKS and PAES clients.

The target population is current CALWORKS and PAES participants who need work experience and support to overcome barriers to transition to permanent employment. HSA will identify and refer eligible participants to CJP.

### Yolanda Harris. STAFF

Yolanda Harris, Program Coordinator, will be your primary contact for the overall project. She can be reached by email: [yharris@secep.org](mailto:yharris@secep.org). All Work Sites should relay questions and turn in reporting forms directly to Yolanda Harris. Tedd Hunt, our Executive Director, will be your backup contact. His email is [Thunt@secep.org](mailto:Thunt@secep.org).

### Southeast Consortium for Equitable Partnerships (SECEP). RESPONSIBILITIES

- Develop and execute Work Experience Agreements with the work site agency, which should include participant training, job duties, and supervision.
- Offer CJP participants a minimum of two work experience sites to acquire skills toward the occupations listed on the participant's vocational assessment done by HSA.
- Conduct biweekly orientations and intake of CalWORKS and PAES participants.
- Develop a variety of work sites to accommodate participant ADA needs that may arise.
- Assist participants with scheduling 20 - 32-hours per week work experience assignment determined by their vocational goal.
- Provide Job Coaching to participants at the Work Experience sites to train them on their specific work duties.
- Establish a professional development plan at enrollment as to what skills are to be acquired.
- Provide skills training related to participants' vocational goals.
- Provide training and technical assistance to work experience sites to ensure the quality of host site supervision and a positive experience for participants. At least quarterly trainings must be provided to host sites.

- Monitor work sites to ensure participants are adequately supervised and given tasks/opportunities that allow participants to develop marketable skills toward their employment goals.
- Mediate any disputes between work sites and participant, reassigning participant to another work site, without a break in work hours, if resolution cannot be reached.
- Provide support to participants to access other services to address barriers to employment such as domestic violence or housing instability.
- Track participant daily program attendance and activities and report them to the HSA Employment Specialist.
- Control the work schedule and timesheets.

**Clement Street Retail (2000 Oakdale) STAFF**

Laila Makled , Workforce Coordinator, will be your primary contact for the overall project. She can be reached by email: [lmakled@breezedistro.com](mailto:lmakled@breezedistro.com). All questions regarding worker assignments and hours should relay questions directly to her.

**Clement Street Retail (2000 Oakdale) (WORK SITES AGENCIES) RESPONSIBILITIES**

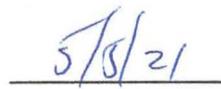

Work Sites Agencies are expected to provide support to Community Jobs Program Participants. Support may include but is not limited to:

- Create job descriptions
- Offer employability to CJP participants through a 6- month work experience
- Provide an opportunity for basic and occupational skills acquisition
- Provide daily supervision, with on-going monitoring by SECEP.
- Designated Host Site supervisor supervises CJP participants.
- Document participant’s attendance through timesheets, which are signed by participant, Host Site supervisor and SECEP Job Developer.

Host Site supervisor contacts Job Developer when CJP participant is late or absent

Re: 2000 Oakdale Ave San Francisco, CA 94124 Microbusiness Application

Dear Commissioners:

I am writing to offer my enthusiastic support for a Microbusiness application at 2000 Oakdale Ave San Francisco, CA 94124

I have lived in Bayview over 40 years and have seen many changes having served as a former member of the original Project Area Committee via the Redevelopment Agency. Longstanding residents and business owners understand and agree that more businesses owned and operated by African Americans is required if we want to create economic stability. This project has done everything to ensure community inclusion and opportunity. We wholeheartedly support the approval of this application.

As a business operating in the Bayview/Hunters Point neighborhood, we feel a well-run, community centric dispensary would be a wonderful addition to this culturally diverse area. The management team of 2429 Clement Street have provided and discussed their mission and vision to us. They have committed to hiring community businesses for services such as security, janitorial, and construction. Additionally, we are excited for the foot traffic the dispensary will bring nearby merchants. We believe they will execute on those plans, bringing important collaboration among business owners, community-based organizations, residents and other interested stakeholders for mutually beneficial results.

We encourage you to support this small Black & woman owned small business and approve them for the benefit they will bring to our community.

Sincerely,

Tedd Hunt

We cannot stress enough how important it is that the City take steps to achieve equitable opportunity for people of color to have real ownership in the cannabis industry. This project is a prime example of type of business that should be embraced and supported by Planning and the Community. Lastly, we are particularly excited about this project because it has created an investment opportunity for longtime Bayview residents. Residents have a real financial stake in this business and are committed to its success.

Sincerely,

Dwayne Jones

Dear Commissioners:

As a resident of San Francisco and the Bayview/Hunters Point neighborhood, I wanted to take this opportunity to enthusiastically write this letter of support for the proposed dispensary at 2000 Oakdale Ave San Francisco, CA 94124 Microbusiness Application.

I'm impressed with the leadership team's level of commitment to public safety, as well as the potential for above average employment compensation and opportunities for residents of the neighborhood.

I am confident the operators will be a first rate operation, providing safe, quality products for cannabis consumers in our neighborhood, as well as invaluable training and career opportunities for our residents. We encourage you to support this small Black & woman owned small business and approve them for the benefit they will bring to our community.

Additional Comments:

Re: 2000 Oakdale Ave San Francisco, CA 94124 Microbusiness Application

Dear Commissioners:

As a resident of San Francisco and the Bayview/Hunters Point neighborhood, I wanted to take this opportunity to enthusiastically write this letter of support for the proposed dispensary at 2000 Oakdale Ave San Francisco, CA 94124 Microbusiness Application.

I'm impressed with the leadership team's level of commitment to public safety, as well as the potential for above average employment compensation and opportunities for residents of the neighborhood.

I am confident the operators will be a first rate operation, providing safe, quality products for cannabis consumers in our neighborhood, as well as invaluable training and career opportunities for our residents. We encourage you to support this small Black & woman owned small business and approve them for the benefit they will bring to our community.

Additional Comments:

I SUPPORT BECAUSE IT'S CLOSER AND  
MORE CONVIENT FOR ME SO I WILL BE  
LOOKING FORWARD TO THIS.

Re: 2000 Oakdale Ave San Francisco, CA 94124 Microbusiness Application

Dear Commissioners:

As a resident of San Francisco and the Bayview/Hunters Point neighborhood, I wanted to take this opportunity to enthusiastically write this letter of support for the proposed dispensary at 2000 Oakdale Ave San Francisco, CA 94124 Microbusiness Application.

I'm impressed with the leadership team's level of commitment to public safety, as well as the potential for above average employment compensation and opportunities for residents of the neighborhood.

I am confident the operators will be a first rate operation, providing safe, quality products for cannabis consumers in our neighborhood, as well as invaluable training and career opportunities for our residents. We encourage you to support this small Black & woman owned small business and approve them for the benefit they will bring to our community.

Additional Comments:

*all for this.*
