3. Transportation Forecast Workshop

The purpose of the Transportation Forecast Workshop is to gather and present information regarding traffic conditions in the Bayview neighborhood. With this information in one consolidated place, it will be easier for traffic problems to be identified and mitigation efforts to be implemented. The goal is to create a forum for open and constructive dialog that will encourage participation and create a space where it is advantageous for assorted city departments and private sector projects to disclose relevant traffic related information.

We are creating the infrastructure for communication to take place regarding traffic/transportation conditions as development density increases, and before larger projects come online.

4. Introduction of Projects from Project Sponsor [Discussion]

A few minutes from each project sponsor, to introduce their project, and any related traffic information they have.

5. Questions/ Comments from Committee/Community [Discussion]

6. SFMTA

SFMTA has presented to the Bayview Citizens Advisory Committee, on The South East Muni Expansion Plan, and the Bayview Community Based Transportation Plan. SFMTA will be in attendance to participate in the workshop, and answer questions from the Committee and the Community.

7. Questions/ Comments from Committee/Community [Discussion]

8. Adjournment

Government's duty is to serve the public, reaching its decisions in full view of the public. Commissions, boards, councils and other agencies of the City and County exist to conduct the people's business. This ordinance assures that deliberations are conducted before the people and that City operations are open to the people's review.

For information on your rights under the Sunshine Ordinance (Chapters 67 of the San Francisco Administrative Code) or to report a violation of the ordinance, please contact:
