### INTRODUCTION

Since publication of the **Western SoMa Community Plan – Draft for Citizens Review** on August 14, 2008, a lot of work has been carried out by members of the Western SoMa Citizens Planning Task Force (the TF), City family and the Planning Department staff. The purpose of this first in a series of two informational presentations is to provide the Planning Commission with updates on this planning process well in advance of adoption hearings in 2012.

The first informational presentation will cover three topical components of the entire Western SoMa Community planning recommendations.

- ✓ The **Western SoMa Community Plan – Proposal for Adoption**, 2011
- ✓ The Western SoMa Community Plan Implementation Measures
- ✓ Recommendations for the Western SoMa Community Benefits Program

Each of these three topical components is briefly discussed in additional detail below.

A second informational presentation is currently scheduled before the Planning Commission on October 13, 2011. At the second informational presentation four component pieces of the **Western SoMa Community Plan** recommendations will be discussed as follows.

- ✓ Proposed Planning Code Amendments
- ✓ Proposed Western SoMa Design Standards
- ✓ Proposed Western SoMa Social Heritage Districts
- ✓ Proposed Western SoMa Community Stabilization Policy

Each of these four proposals will be described in the Planning Commission transmittal on September 29, 2011.

This initial informational presentation and the one to follow in October are primarily times to familiarize all members of the Planning Commission and the public with the recommended component pieces of the Western SoMa community planning recommendations. The Western SoMa Citizens Planning Task Force (WSCPTF) and the associated planning process were formally initiated by Board of Supervisors Resolution 731-04. These presentations are a time for City staff and citizen members of the WSCPTF to

share and discuss their recommendations prior to abortion hearings in 2012. Of course, it is also a time for the Commission to ask questions and seek clarification about the Western SoMa proposals.

## BACKGROUND

On September 18, 2008, the Planning Commission unanimously (Commissioner Miguel absent) passed Resolution 17702 authorizing the Planning Department to begin the environmental review process for the **Western SoMa Community Plan**. Since that time, consultants have been hired for the necessary CEQA analysis and EIR preparation. This EIR is currently being prepared and may be available for publication and public comment as early as October of this year.

*Please understand that these two scheduled informational **Community Plan** presentations are not part of the associated EIR process and any comments about the EIR or potential significant impacts of the **Western SoMa Community Plan** should be made during the hearings scheduled as part of the EIR process.*

Since publication of the **Western SoMa Community Plan – Draft for Citizens Review**, 2008, the TF has continued a regular meeting schedule. Both the WSCPTF, as a whole, and the active WSCPTF Committees have met and conducted business that has included the following:

1. Based on public comments on the **Draft for Citizens Review**, the WSCPTF has compiled comments and systematically considered appropriate Plan modifications. These modifications along with comments from the City Attorney have been reviewed and edits authorized by votes of the full WSCPTF. The public comments and responses to comments have been posted on the W SoMa Planning web site at: <http://www.sfplanning.org/Modules/ShowDocument.aspx?documentid=7054>
2. Updating the **Draft for Citizens Review** with WSCPTF actions since 2008 being integrated into the **Proposal for Adoption**.
3. Continued coordination efforts with the San Francisco County Transportation Authority (holding a seat on the WSCPTF) funding to prepare design proposals for streetscape improvements on Minna and Natoma Streets (between 7<sup>th</sup> and 9<sup>th</sup> Streets) and Ringold (between 8<sup>th</sup> and 9<sup>th</sup> Streets).
4. Continued coordination efforts with the designation of projects and designs for ENTrips priority projects.
5. Development and beta testing of proposed **Western SoMa Design Standards** with real project proposals. New chapter content has been added for the two chapters that address identified potential historic resources and new development in the context of potential historic resources.
6. Refinements of two Social Heritage Special Use District proposals.

## THE WESTERN SOMA COMMUNITY PLAN – PROPOSAL FOR ADOPTION

The **Western SoMa Community Plan – Proposal for Adoption (2011)** is a revised and updated version of the **Western SoMa Community Plan – Draft for Citizens Review (2008)**. Much of the **Community Plan** content remains the same. Where changes have been made, they were made in response to comments from the City Attorney, Planning Commission and the public. New actions taken by the Western SoMa Citizens Planning Task Force are also reflected in additions to this initial draft community planning document.

The years of analysis and background reports documenting neighborhood historic characteristics and future potential (as provided in five **Strategic Analysis Memos**) clearly indicate that this is an area of San Francisco that currently embodies nearly every principle of sustainable smart neighborhood growth. WSCPTF members believe the community plan that they have prepared takes these existing sustainable neighborhood characteristics and provides a significantly enhanced neighborhood development capacity and policy framework for continued 21<sup>st</sup> Century enhancements of these desirable growth attributes. This proposal for adoption planning document and the associated content are all supportive of the Planning Principles set forth at the beginning of the WSCPTF planning process.

The land use highlights of this **Community Plan** are listed below and the items with asterisks will be covered in greater detail by the staff and WSCPTF member presentations.

- ✓ **\***New and existing Residential Enclave Districts (REDs) are identified.
- ✓ A ceremonial, commercial, and transit served Folsom Street is proposed and supported by height increases and a set of flexible land use controls.
- ✓ **\***The remaining neighborhood north of Harrison Street is proposed to remain a vibrant mix of use that serve neighborhood, citywide and regional needs.
- ✓ An expanded office corridor in the vicinity of the Fourth Street CalTrain Station and with heights up to 85 feet fronting on Townsend Street is proposed as a continuous digital media, high tech and office corridor between Showplace Square and the AT&T Ballpark.
- ✓ With the exception of designating a few new Residential Enclave Districts (reflecting the addition of late 20<sup>th</sup> Century Live/Work uses) the majority of the neighborhood south of Harrison Street (and the elevated Freeway) is designated as a Service, Arts and Light Industrial (SALI) District. This SALI District and the Townsend Mixed Use Office (MUO) corridor prohibit new housing development.

This **Community Plan** also introduces some innovative approaches for continued new development in the neighborhood. These innovations have been deliberated at the WSCPTF and the innovative development zoning proposals in the **Community Plan** have strong support and backing from the WSCPTF membership and from the greater neighborhood. These community planning innovations include the following:

- ✓ **\***On large development sites (one acre or more) an as-of-right base height is set. For proposed development to take advantage of the allowable greater heights a

Conditional Use Permit is required. In exchange for the additional height, the community is looking for a developer to provide, to the greatest extent possible, and receive appropriate valued full Community Benefit Fee credit for on-site community benefits. The WSCPTF strongly endorses the concept that, on these larger development sites, there is the opportunity to provide much needed publically accessible open space, deficient neighborhood child care facilities and streetscape improvements at the time of new development. These on-site community benefits are acknowledged as potential project enhancements that also provide significant benefits for the surrounding neighborhood. All of these proposed on-site community benefits are supported and in keeping with the necessary nexus analysis for the neighborhood.

- ✓ The WSCPTF through the conditionally granted height increases on large development sites is also seeking a “mix of uses” on the site. The metaphor used by the WSCPTF has been that these sites should reflect the surrounding neighborhood as if the developer were to place the surrounding neighborhood uses in a blender, pulse and pour the “mix of uses” on to the development site.
- ✓ The area south of Harrison Street designated as a SALI Zoning District also allows for variable heights. Although not subject to Conditional Use authorization, a new development may be allowed to go above the base 40 foot height limit if a 14 foot (floor to ceiling) floor of Arts Related Uses as defined by the Planning Code is provided and maintained for the life of the project. This floor of Art Related Uses is subject to review and approval at the Planning Department staff level.
- ✓ **\*This Community Plan** is perhaps the first developed in San Francisco that has benefited from significant and integrated participation from the Department of Public Health as a partner in the planning process. Early draft of this **Community Plan** have been evaluated and revised (both at the policy and implementation level) based on feedback using the *Healthy Development Measurement Tool*.

Because this neighborhood is a confluence of major automobile and commercial truck access points of ingress and egress in San Francisco, a significant portion of the **Community Plan** is dedicated to transportation related policies. This planning area currently and historically, more than any other neighborhood in San Francisco, has proportionally high neighborhood transportation preferences for pedestrian, bicycles and transit modes. Some of these neighborhood mobility highlights are as follows.

- ✓ Identification of a street hierarchy system that provides for movement of people and goods in the context of neighborhood safety.
- ✓ Identification of designated truck routes in the neighborhood.
- ✓ **\*Streetscape** alley improvements aimed at safety enhancement have funded, analyzed and designed by the San Francisco County Transportation Authority (also a Task Force member agency).
- ✓ **\*Comprehensive** analysis of neighborhood, citywide and regional transportation needs are proposed for green streets, San Francisco gateway treatments, transit improvements, parking policies and the general mobility needs in and through the neighborhood.

## **WESTERN SOMA COMMUNITY PLAN IMPLEMENTATION MEASURES**

In the 2008 **Draft Community Plan**, there were numerous implementation measures and recommendations following planning document policies. The standard established in the Eastern Neighborhoods planning process was to include implementation measures in the San Francisco **Administrative Code**. Included in this informational packet are the proposed implementation measures that have been retained and correspond to various objectives and policies in the 2011 **Proposal for Adoption**. These implementation measures are presented in matrix form. At the time of adoption hearings, this matrix will be an appendix to the proposed **Administrative Code** amendment ordinance.

Prior to compilation of this Western SoMa Implementation Matrix, Planning Department staff met with all the City Departments and Agencies referenced in the matrix to review and seek their input. As a result of these meetings numerous implementation measures or the associated time frames for the implementation action were modified.

## **WESTERN SOMA COMMUNITY BENEFITS PROGRAMS AND RECOMMENDATIONS**

The WSCPTF has recommended that all development proposal on parcels of one acre or larger be offered an opportunity to seek height increases above an as-of-right height limit through a Conditional Use process. In exchange for the possible additional height, the WSCPTF seeks to assure that the development contains on-site provisions of publically accessible open space, adjacent streetscape improvements and to a lesser degree new child care facilities. These community benefits are covered through nexus analysis as allowable for the Eastern Neighborhood Community Benefit Fund.

The WSCPTF is also aware that the neighborhood nexus analysis could have justified community benefit fees to be significantly greater than the economically viable fees that are now integrated into the Planning Code. The WSCPTF is also keenly aware of how underserved their neighborhood is (by any known and accepted metric) in terms of publically accessible open space and neighborhood child care facilities. The neighborhood open space shortfall has been highlighted through the use of the Department of Public Health's Healthy Development Measurement Tool.

Current WSCPTF thinking and recommendations are to allow publically accessible open space, child care facilities and adjacent streetscape improvements and to provide a developer who should receive full credit against their required Community Benefit Impact Fees for the on-site provision of the associated community benefits. The credit to the developer offsetting their Community Benefit Impact Fees should be unrestricted on all development sites of one acre or more in the Western SoMa Special Use District.

An aerial photograph of a dense urban area, likely South of Market in San Francisco. The image shows a grid of streets with numerous buildings of varying heights and colors. There are many cars and trucks on the roads. A large blue rectangular box is overlaid on the top left corner of the image, containing the title text in orange. The text is arranged in four lines: "Western SoMa", "Community Plan", "Proposal", and "for Adoption".

Western SoMa  
Community Plan  
Proposal  
for Adoption

Aerial photography of South of Market  
by Frank McGrath of the Blowup Lab

**Imagine South of Market a hundred and fifty years ago. To the north, gentle hills with breathtaking views of the bay; to the south and west, along the length of what the Spaniards called the "Peninsula of Promise," lush ranchos radiating out from the Mission Dolores. With the discovery of gold in 1848, this quiet agrarian life disappeared. San Francisco was transformed overnight from a sleepy Spanish village to a frenetic city that boasted a population of 42,000 by the end of 1852. Ships from all over the world crowded into Yerba Buena Cove. South of Market became the entry point, the portal for tens of thousands of immigrants. Merchants, entrepreneurs and adventurers began to populate the marshes and sand dunes of what we now call SoMa.**

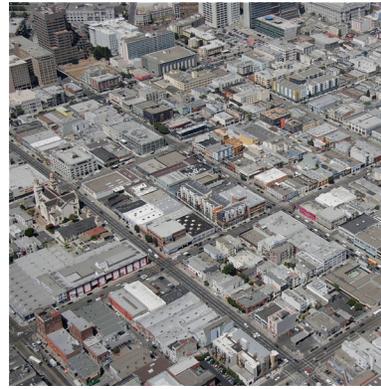

The early waterfront activity, coupled with the coming of the railroad, established South of Market as the economic engine of San Francisco. From the early Gold Rush days to the reconstruction of the city following the 1906 earthquake, the movement of goods and the need for essential services gave rise to SoMa's blue collar legacy. Factories and warehouses stretched from the Embarcadero to the Mission. SoMa's unique street grid, with blocks more than twice the size of those elsewhere in the city, reflect the traditions and character of an industrial neighborhood.

Alleys began to bisect those enormous blocks, creating residential enclaves for the working class population. Boarding houses and single room occupancy hotels dotted the landscape. As multiple generations of immigrants passed through South of Market to settle throughout the city, some chose to stay.

South of Market is of particular importance to the Filipino and LGBTQ communities. This is a cultural heritage we seek to preserve. Filipino veterans of World War II crowded into our alleys with their children and families and filled our schools and churches, their bayanihan (community spirit) shining as brightly as their parol lanterns which light up our holidays.

Following the war, gay men and women began to establish their own social institutions, political

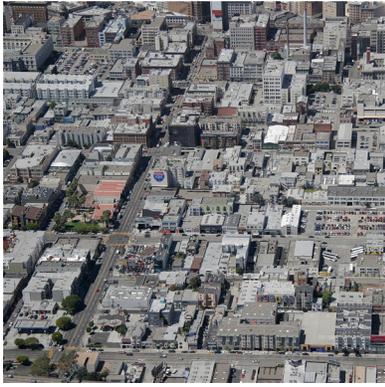

organizations, homes and traditions. The Lesbian, Gay, Bisexual, Transgender and Queer communities add a richness to our cultural fabric. The Folsom Street Fair (which turned the words "Folsom Street" into an internationally accepted synonym for kink) is the third largest outdoor event in the State of California.

During the 1990s, spurred on by the growth of multi-media and the "dot com boom," thousands of new housing and "live/work" units were built but the economy, infrastructure and culture of South of Market were unprepared for such rapid and unplanned gentrification. Many traditional jobs disappeared. Printing, manufacturing, auto repair – many of the service and light industries – were pushed out by rising real estate prices and the changing demographics.

Early warning signs – displacement of small businesses, population shifts, social instability, escalating conflicts between competing uses – screamed out for more comprehensive planning. Citywide discontent brought about a return to district elections and a progressive sweep of the Board of Supervisors. SoMa was first in line to demand better planning.

The Western SoMa Citizens Planning Task Force was the community's response: a grassroots community-based citizens body that brought together a broad range

of stakeholders. The Task Force is an experiment in both representative democracy, in that it consists of 26 members appointed by the Board to represent all aspects of community life, and participatory democracy, where everyone shares in a visioning, values and validation process.

*“The Western SoMa Citizens Planning Task Force shall promote neighborhood qualities and scale that maintain and enhance, rather than destroy, today’s living, historic and sustainable neighborhood character of social, cultural and economic diversity, while integrating appropriate land use, transportation and design opportunities into equitable, evolving and complete neighborhoods. Throughout the life of this Task Force, the membership shall respect one another, be responsive to the constituencies they represent and foster a citizen-based democratic decision-making process.”*

*- Values Statement, adopted September 28, 2005*

In a unique partnership between the San Francisco Planning Department and the Western SoMa community, with valuable assistance from the Department of Public Health, the Transportation Authority and MTA, the Mayor’s Office of Housing and the Office of Economic and Workforce Development and our colleagues at Asian Neighborhood Design, with invaluable contributions from students at San Francisco State University, Cal Poly San Luis Obispo, UC Berkeley and many others,

the “Citizen Planners” of the Western SoMa Task Force examined in great detail the past history, present realities and future potential of this neighborhood.

The Task Force sought to stabilize the community through small, incremental steps, such as neighborhood notification, which accorded the residents of SoMa the simple courtesy of knowing in advance when new developments were planned for their community and by enacting formula retail controls. Limitations on market-rate SRO construction were adopted. The threat posed by large institutions to the service and light industries was abated. Careful research, open dialog and the willingness to compromise have led the Planning Commission and Board of Supervisors to support every initiative, often unanimously, that the Task Force has brought forward.

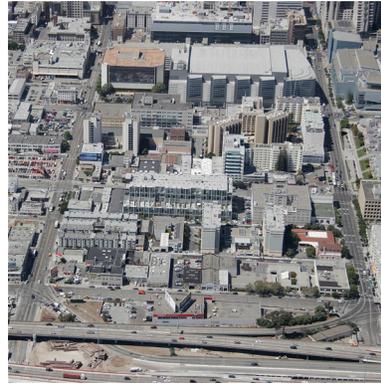

This Plan is the result of decisions developed through hundreds of hours of committee meetings and has been vetted through three Town Hall meetings. It is one of the first plans ever to be thoroughly scrutinized at every step of the drafting process by the application of the Department of Public Health’s “Healthy Development Measurement Tool.”

In August of 2006, by consensus, the Task Force adopted the following Planning Principles. They provide the foundation for this Plan:

- Mitigate to the fullest extent possible neighborhood impacts resulting from new development.
- Stabilize the neighborhood against speculative land use proposals and developments.
- Promote safety in all areas of the public realm (e.g., streets, sidewalks, parks, etc.).
- Maintain and encourage the existing community cultural diversity.
- Proposed new land use development shall primarily serve the needs of existing residents and businesses. Citywide and regional needs are subordinate to existing local needs.
- Maintain and promote diversity (e.g., day/night, living/working, spectrum of uses, etc.) Of neighborhood land uses.
- Provide clear and simple community planning policies and zoning recommendations.
- Generally maintain the existing scale and density of the neighborhood.
- Promote environmental sensitivity in new development projects.
- Encourage nurturing characteristics and maximize opportunities for seniors, families, youth and children.
- Develop and maintain local accountability and monitoring mechanism.
- Provide periodic reassessment of the community plan.
- Maximize general environmental quality and health.

There are ideas and elements in the Western SoMa Plan not found in any other community plan in the City: safety and the public welfare; social heritage

preservation; economic and workforce development; sustainable growth management programs. The Task Force is responsible for bringing to the larger Eastern Neighborhoods process the fundamental notion that we must build complete neighborhoods.

Long-time residents and newcomers to the neighborhood, market-rate developers, non-profit housing providers, tenants rights activists, community-based organizations, SRO hotel residents, small business owners, artists, organized labor, transportation, public health and urban planners and advocates for the disabled, youth, pedestrians and bicyclists, parks and open space, preservation and the entertainment industry have all contributed to the process. This is our neighborhood, our community and our plan.

## Land Use

It has been said, on more than one occasion, that all politics in San Francisco can be traced back to land use. During the last few years of the 20th Century, as the industrially zoned eastern portions of San Francisco became the speculative playground of live/work development and emerging high tech internet businesses, the politics reached a fevered pitch. The Planning Department responded with moratoriums and launched the most significant local planning program since the City was first subject to comprehensive zoning controls. In a complex built environment reeling under 21st Century retooling, neighborhood politics began to coalesce around the localized Planning Department initiated rezoning efforts. In one neighborhood, the Western SoMa, concerned citizens went so far as to convince their local Supervisor that, as a group, they could bring additional credibility and sensitivity to the Planning Department's rezoning efforts.

It began with the relatively simple concept of “citizen planners” developing a plan for their neighborhood. The formalization by the Board of Supervisors and the evolution of a participatory democratic decision making model built around 23 appointed citizen planners working alongside of three different City Department representatives has been characterized by insiders and observers as a “messy” process.

At the heart of the “mess” is the very complex set of interrelated decisions necessary to guide the development opportunities in this neighborhood for the first few decades of the 21st Century. The appointed Task Force of “citizen planners” was clear and unified on a couple of points.

First, they wanted to start their planning process from an explicit articulation of their collective values. Second, they deeply appreciate the extremely nuanced character of their neighborhood. For the first six months they worked to get to know one another and craft their collective values statement that was subsequently detailed in supporting Planning Principles (see introduction).

A core Values Statement and the supporting Planning Principles developed by the Western SoMa Task Force (Task Force) are the big concepts that identify this neighborhood as a mixed use place where future change should build on a rich history of innovation and traditions. To the east of the Western SoMa Special Use District (SUD) lie major portions of the rest of the South of Market Area (SoMa). Together, the Western SoMa SUD and East SoMa were last rezoned by the Planning Department (working closely with the greater community) in the late 1980s. East SoMa is one of

the plan areas referred to as the Eastern Neighborhoods by the Planning Department. The Western SoMa Task Force and the Planning Department efforts in East SoMa have benefited from a mutual learning process. Many ideas in the East SoMa Plan missing in earlier Planning Department drafts have their roots in the deliberations of the Western SoMa Citizens Planning Task Force.

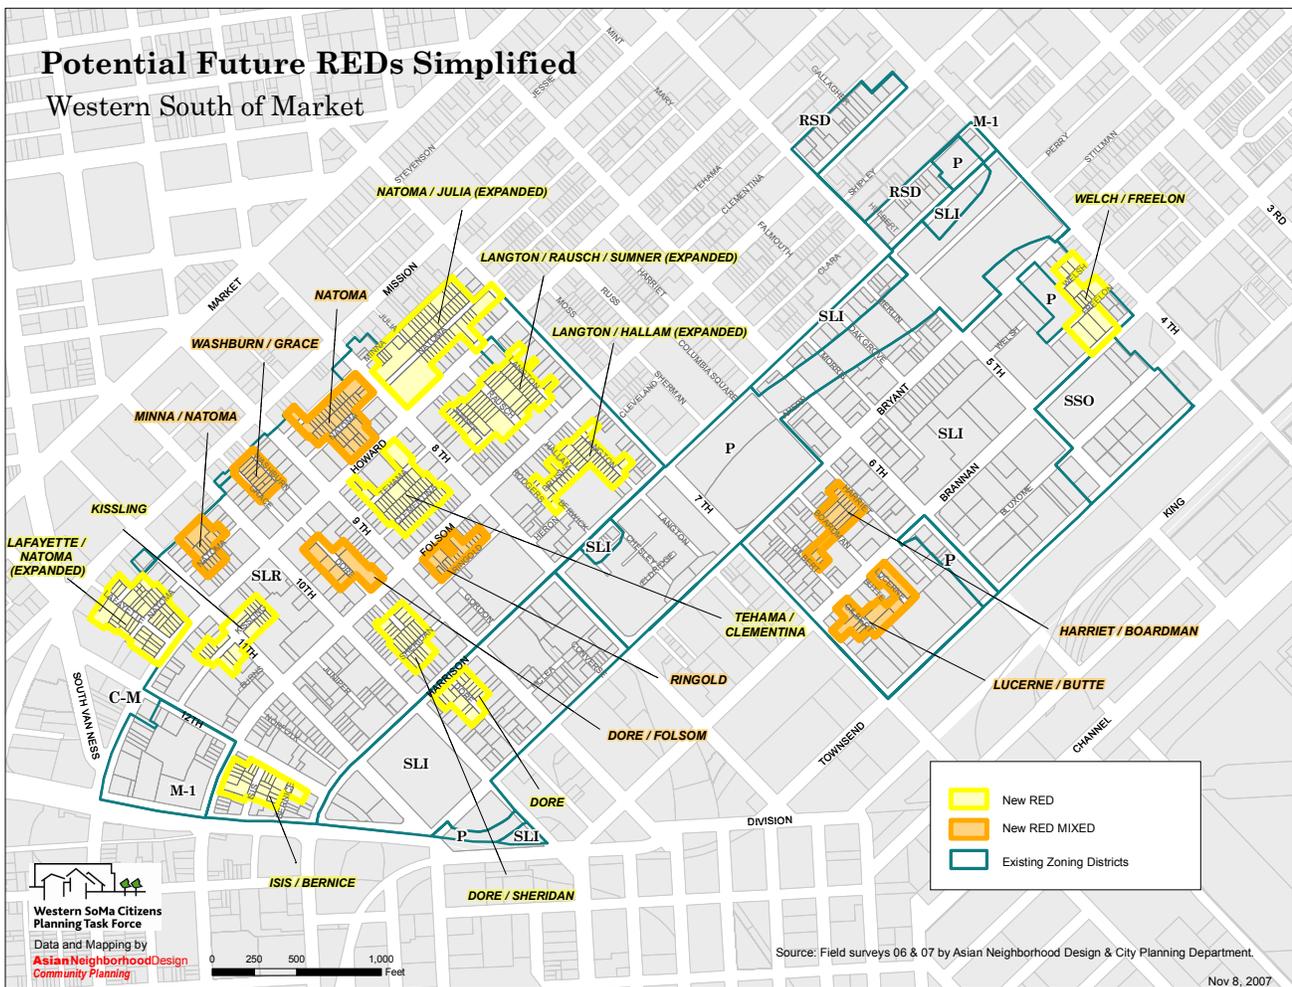

Finally, the Western SoMa Community Plan addresses local, citywide and regional needs in the neighborhood through focused infill housing opportunities that build on existing residential areas with nearby residential services and by capitalizing on focused real 21st Century business opportunities that meet local and broader strategic needs.

#### OBJECTIVE 1.1

**Build on an existing mixed-used character that encourages production of residential uses in areas most appropriate for new housing with a proximate mix of uses and services serving local needs and thereby developing a complete neighborhood**

Objectives 1.1 and 1.2 are core to the Western SoMa SUD neighborhood planning efforts. Objective 1.1 enshrines the existing mixed-use character of Western SoMa as the fundamental model for this plan and Objective 1.2 addresses the need to buffer existing and future land uses in ways that minimize conflicts with adjacent uses. From these two Objectives, many Policies and associated implementing recommendations follow. The first set of policies below establish basic parameters for building a viable,

mixed-use neighborhood north of Harrison Street. The second set of policies adds detail to the goal that future land use opportunities should retain and build a locationally sensitive job district south of Harrison Street and the highway that traverses the neighborhood.

At a very broad level, a continuum planned for in the Western SoMa SUD progresses from non-residential uses on a Townsend Street high-tech corridor northwards, with diverse local and regional serving job-producing uses to the south side of Harrison Street and the elevated highway. North of Harrison Street, development goals call for an increasingly residential neighborhood character of smaller scale that embraces a “mix of uses” and new mixed-used development.

**POLICY 1.1.1**

*Establish a Community Stabilization Policy for the Western SoMa SUD, based upon the Planning Principles adopted by the Western SoMa Citizens Planning Task Force, in order to maintain the historical balance between affordable and market rate housing and ensure that jobs are not pushed out in favor of more residential development.*

**POLICY 1.1.2**

*Western SoMa land uses should progress from non-residential uses south of Harrison Street northward to an increasingly residential neighborhood with retention of a mix of uses and new mixed-use developments where appropriate.*

**POLICY 1.1.3**

*Protect existing and newly designated residential clusters with Residential Enclave District zoning controls.*

**POLICY 1.1.4**

*Encourage increased height and density in the “Downtown Folsom” neighborhood serving commercial corridor between 7th and 10th Streets.*

**POLICY 1.1.5**

*Restrict larger formula retail uses north of Harrison Street to large and very large development sites of one acre or more*

**POLICY 1.1.6**

*Limit commercial development of retail uses to no more than 25,000 square feet throughout the Western SoMa SUD. These larger retail uses shall be allowed to locate without restriction south of Harrison Street and be permitted only on large development sites (LDS = one acre or larger) north of Harrison Street.*

**POLICY 1.1.7**

*Establish vertical zoning standards in locations encouraging new mixed-use development and preserving a mix of uses.*

OBJECTIVE 1.2

**Encourage preservation of existing and viably appropriate new land uses in locations that provide the greatest opportunities for success and minimize conflict with residential uses**

The broader opportunity for neighborhood business success is predicated on maintaining a vibrant and robust area for innovation and evolution of the current business constellation. Generally, the businesses north of Harrison should be smaller scale and predominantly resident serving. South of Harrison, the character changes to larger parcels with opportunities for larger employers that should not have to compete with where residential and office real estate markets set the land values.

POLICY 1.2.1

*Re-name, re-district and re-purpose the existing Service Light Industry (SLI) zoning district as a new Service, Arts and Light Industrial (SALI) zone.*

POLICY 1.2.2

*Preserve and enhance compatibility of existing land uses south of Harrison Street.*

POLICY 1.2.3

*Establish a mid-rise business corridor on Townsend Street designated for office uses and an explicit preference for 21st Century high tech and digital-media uses.*

POLICY 1.2.4

*Prohibit housing outside of designated Residential Enclave Districts (RED) south of Harrison Street.*

POLICY 1.2.5

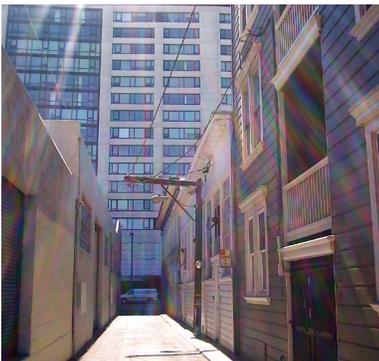

*Incorporate Western SoMa SUD formula retail controls in the Planning Code.*

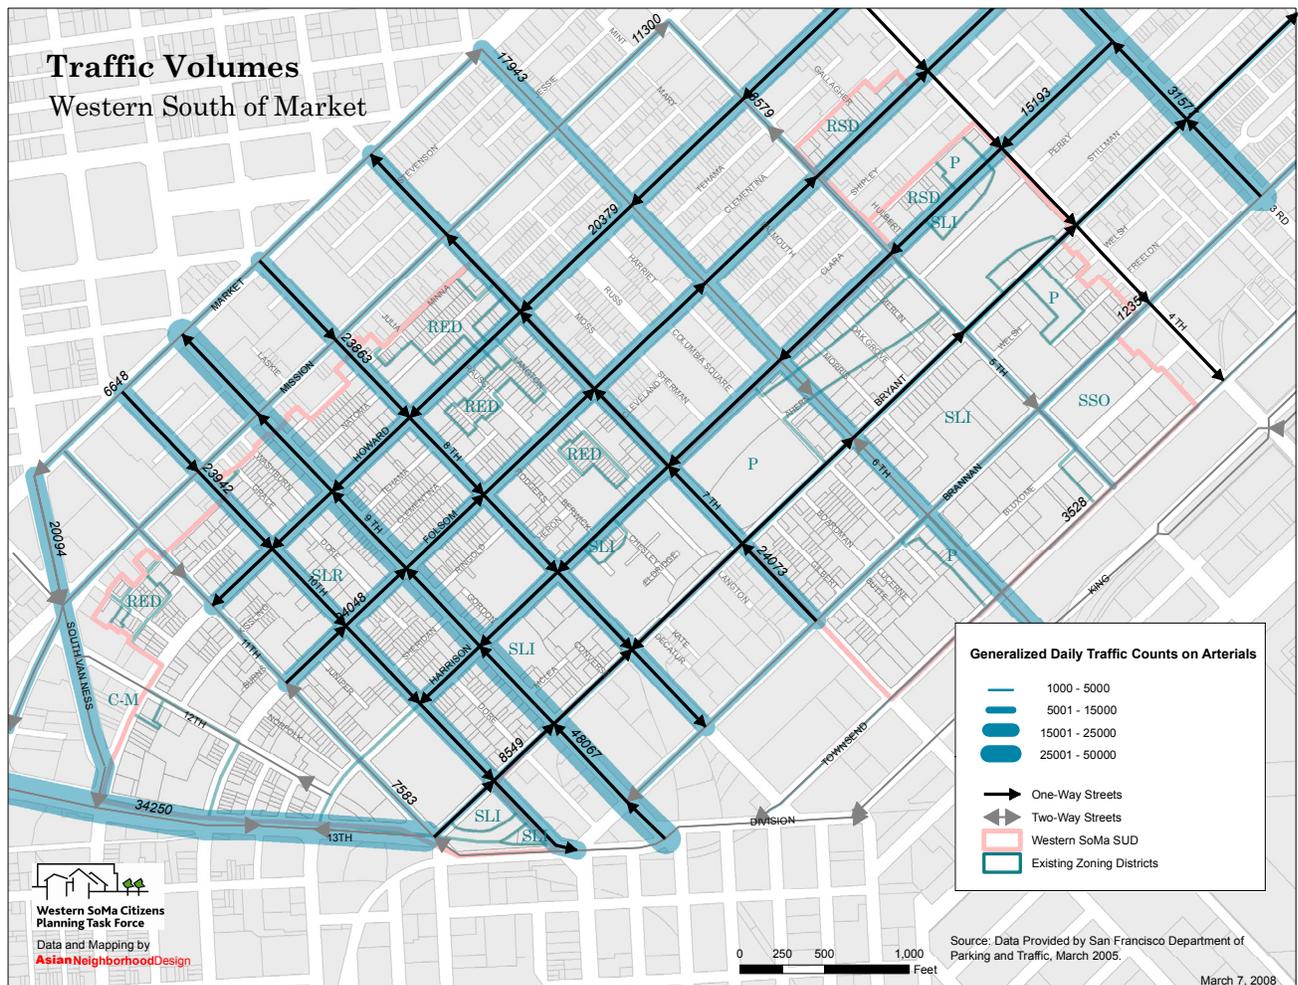

POLICY 1.2.6

*Include development impact fees from the Western SoMa SUD in the Eastern Neighborhoods Community Benefits Fund*

OBJECTIVE 1.3

**Minimize noise impacts and ensure appropriate noise ordinance requirements are met**

**POLICY 1.3.1**

*Reduce potential land use conflicts by providing accurate background noise-level data.*

**POLICY 1.3.2**

*Reduce potential land use conflicts by carefully considering the location and design of both noise-generating uses and sensitive uses in the Western SoMa.*

**OBJECTIVE 1.4**

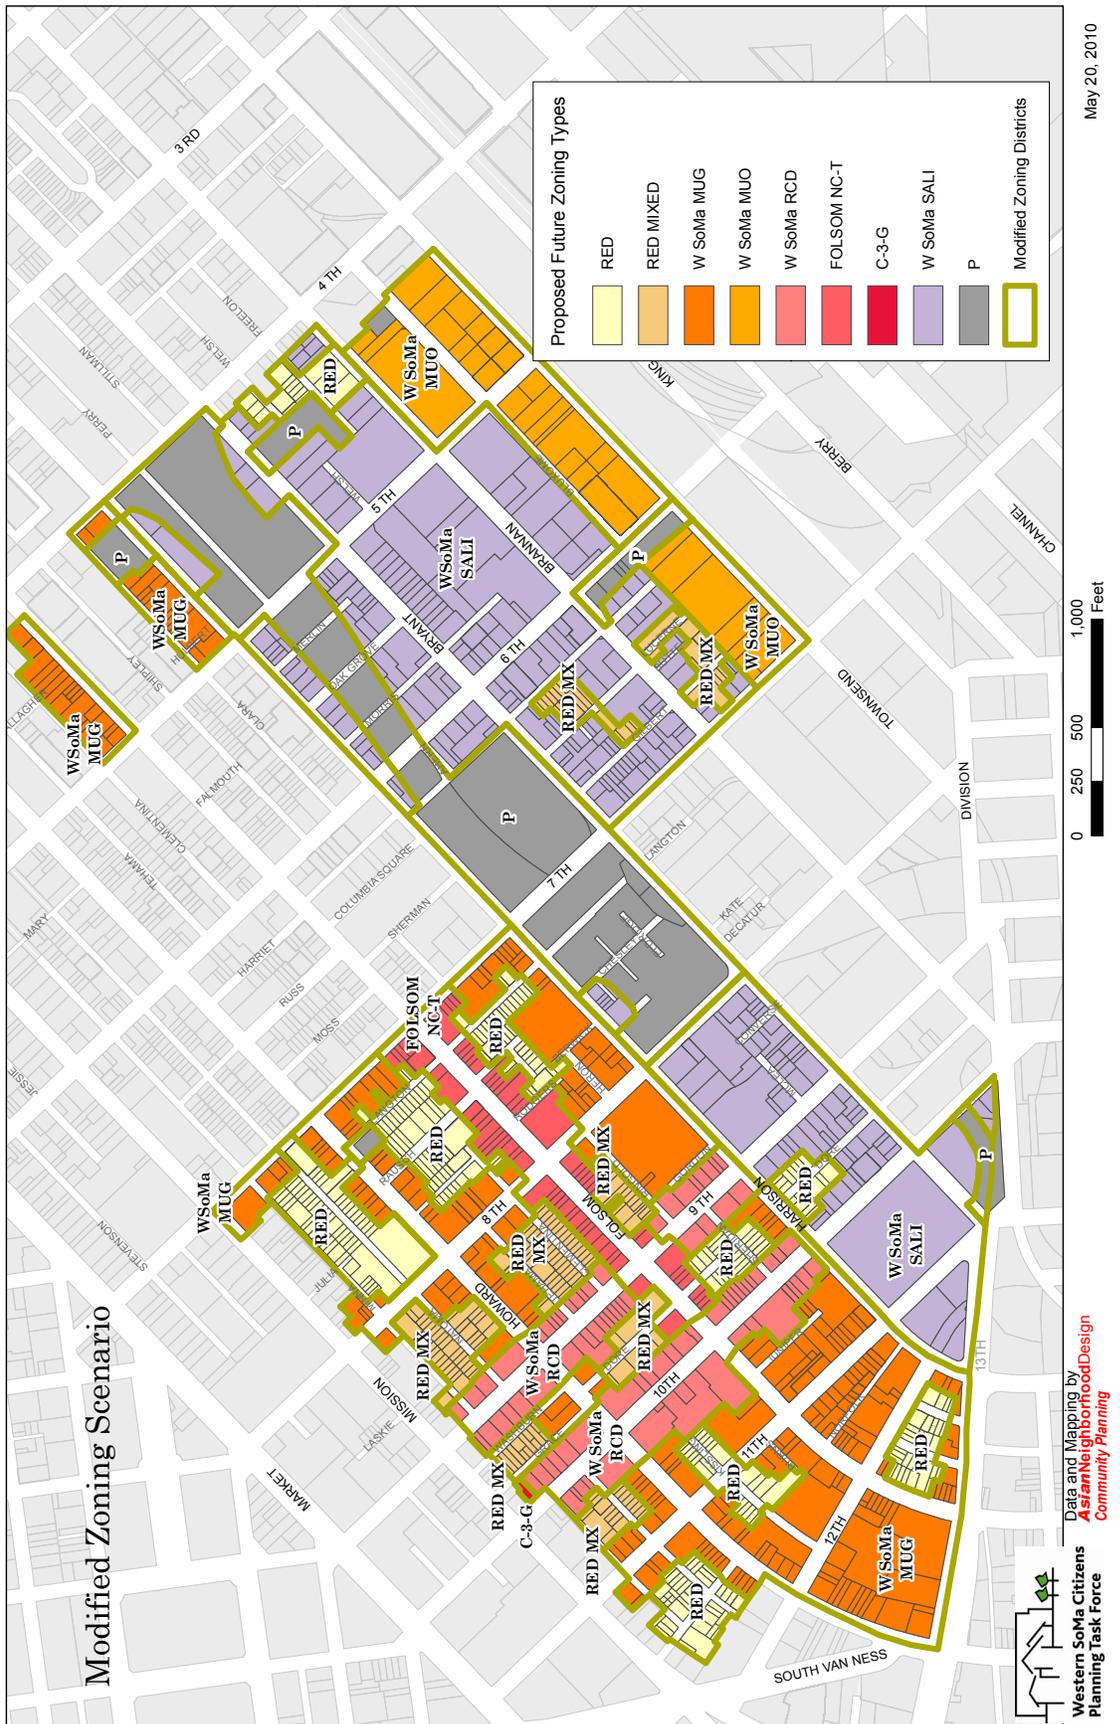

**Improve indoor air quality for sensitive land uses in Western SoMa**

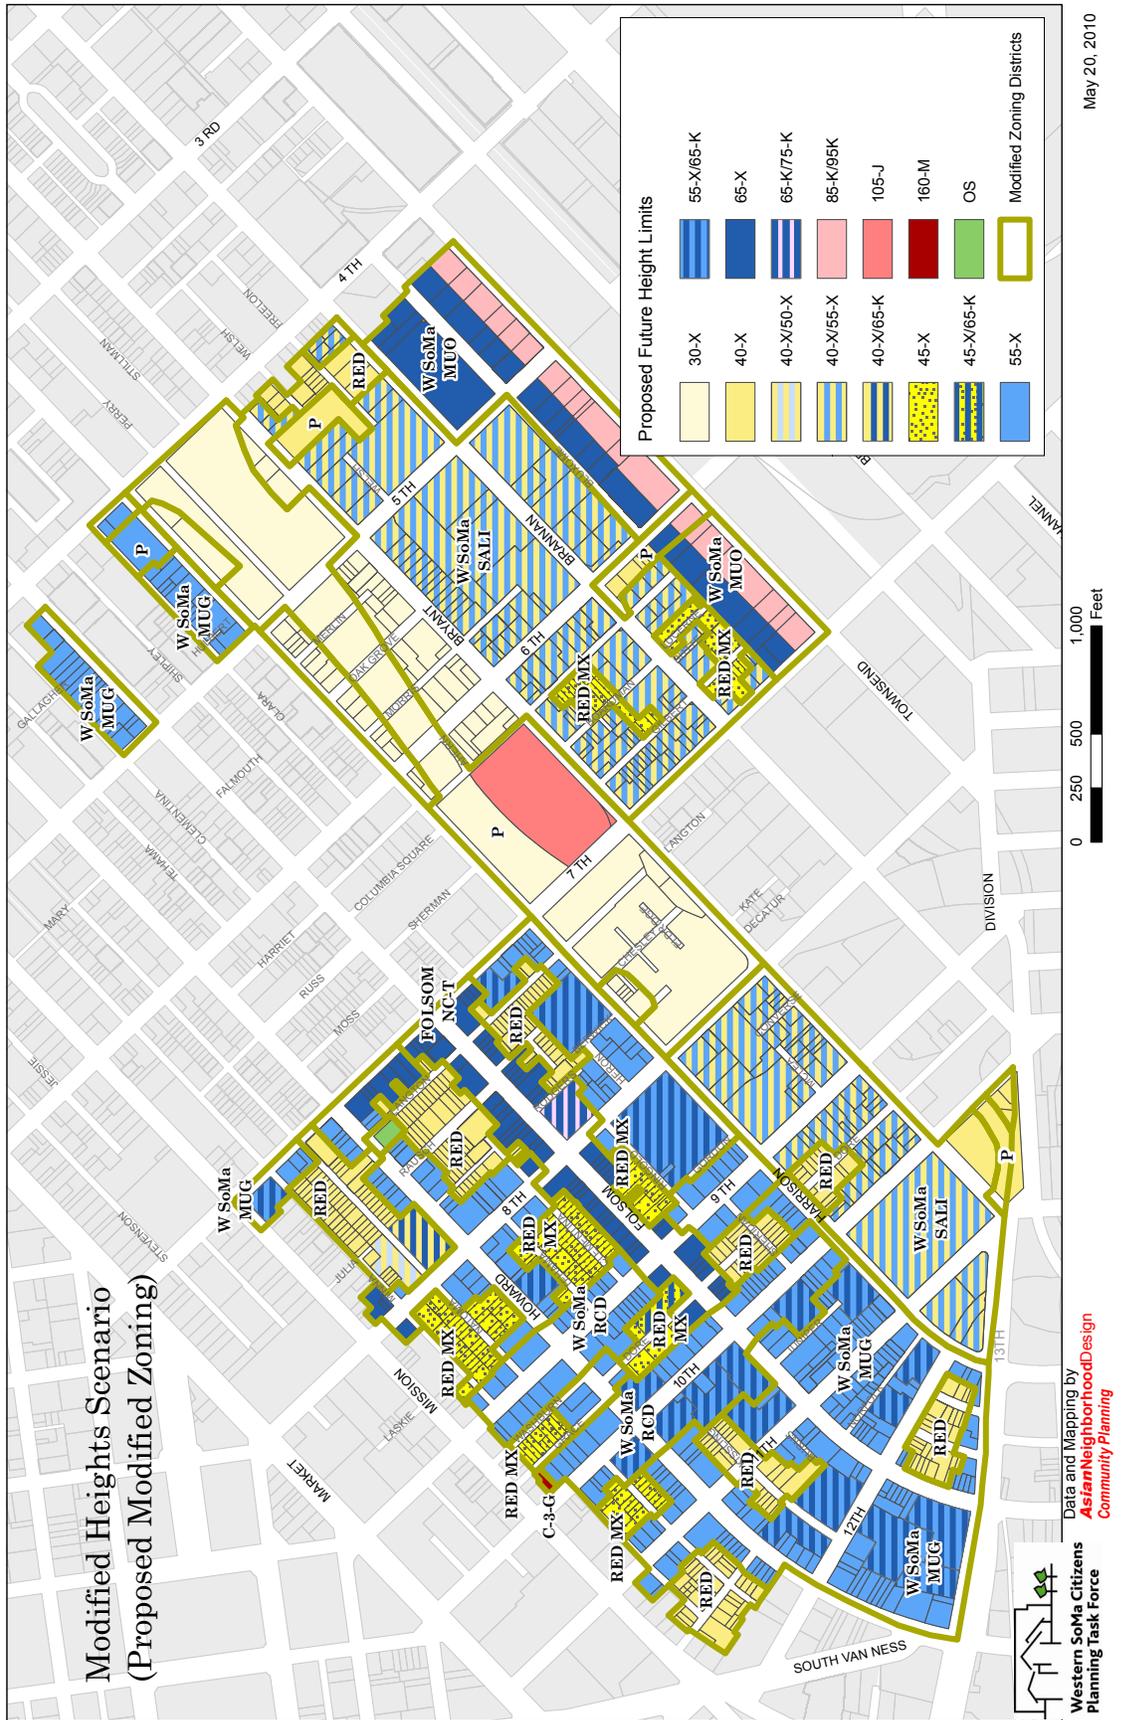

**POLICY 1.4.1**

*Minimize exposure to air pollutants from existing traffic sources for new residential developments, schools, daycare and medical facilities.*

## Neighborhood Economy

With the guidance and assistance of numerous consultant and university studies, opportunities and a vision for future non-residential activities that are both locationally appropriate and responsive to local and regional 21st Century economic needs are set forth in this chapter of the Plan. In addition to the economic consultant studies, the Western SoMa Task Force prepared neighborhood economy recommendations that pay special attention to the Citywide Economic Strategy, and the Bio-Science, Back Streets and Arts Task Force recommendations.

Simply put, the recommendations in the Plan seek to relax current office regulations throughout the neighborhood, encourage residential serving business north of Harrison Street, foster opportunities for a creative and innovation driven job base south of Harrison Street, and develop a continuous high technology business office corridor along Townsend Street, while judiciously allowing the expanded neighborhood introductions of formula and large retail uses. The objectives and policies that follow articulate the recommendations for early 21st Century business activities in the Western SoMa SUD.

Since the rebuilding of this neighborhood following the 1906 earthquake, the non-residential commercial activities have been both diverse and locationally opportunistic. The rebuild featured warehousing uses that serve the nearby Port of San Francisco and contractors who serve the construction and building service needs of the downtown core.

Similarly, auto service garages and entertainment uses seeking locations that did not disturb nearby residents while providing venues for visitor trade, also found homes in the Western SoMa. More recently, high technology internet and multimedia arts businesses have all been important business activities in the Western SoMa 20th Century landscape. When last rezoned in the late 1980s, the neighborhood faced imminent office development pressures spilling over from a robust and expanding downtown area. Today, the neighborhood is viewed by many as an ideal location for fulfilling citywide housing needs. The Plan seeks solutions to balance the competing needs of housing production with the long standing diverse neighborhood commercial character.

Commercial traditions in the Western SoMa SUD can largely be characterized by one word – innovation. To this day, the neighborhood has been one of the preferred San Francisco locations for new start up business that define emerging market opportunities. In part led by the gay and artist communities that located in the area during the last few decades of the 20th Century, the neighborhood continues to provide a cornucopia of business types. More often than not, the neighborhood businesses are small, employing less than 10 people and occupying less than 5,000 square feet.

A recent increase in the residential population is now giving rise to the demand for businesses that serve the new and existing residents. Two decades ago, the existing residents were clamoring for a grocery store. Today, there are four new grocery stores serving the neighborhood as well as discount grocery outlet stores nearby. The neighborhood building stock retains numerous buildings that served early 20th Century warehousing and manufacturing activities. Some of these buildings have undergone creative adaptive re-use to reconfigure them for more contemporary business needs. Elements of the more historic building stock remain underutilized and face uncertain futures in the 21st Century economy.

The first two neighborhood economy objectives provide a foundation for more detailed polices that follow and add detail to the non-residential vision for the neighborhood. The first set of polices below establishes basic parameters for preserving and expanding existing neighborhood commercial activities. The second set of policies adds detail to the second point of future commercial uses in the Western SoMa SUD.

Small businesses comprise the heart of the Western SoMa business base. Adopting regulatory (and economic development) policies sensitive to small businesses needs will help retain existing and attract new firms,

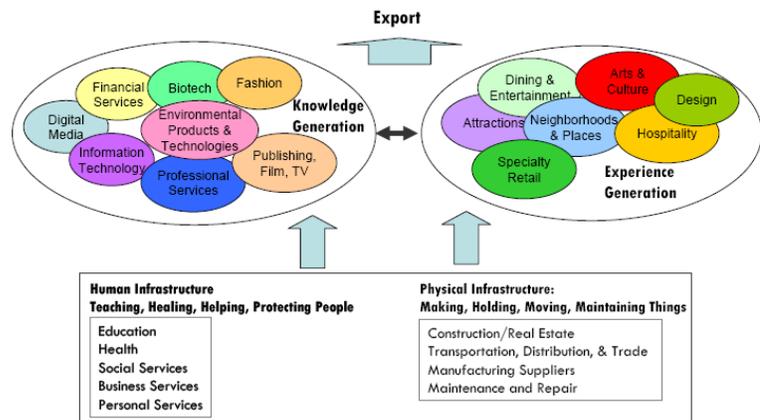

promote the neighborhood role as a center of innovation and support workforce priorities, as maturing businesses are better able to hire and train less-skilled workers.

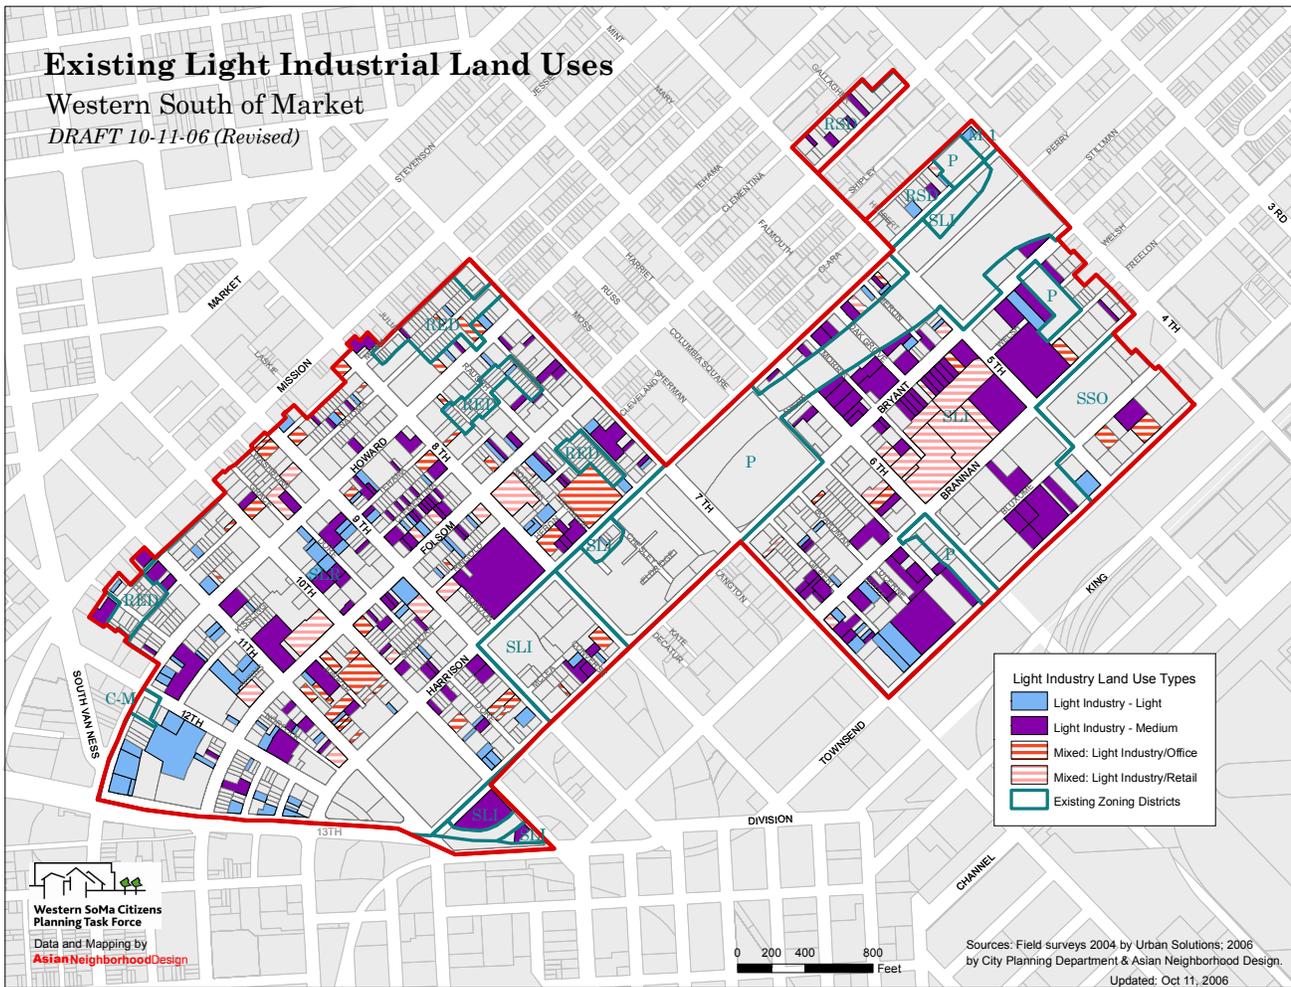

The service sector is the fastest growing sector in Western SoMa and contains the bulk of its dynamic industries. This is particularly true within professional and technical services that offer good workforce opportunities. A thriving business environment in Western SoMa includes more of these firms and their employees, particularly in growing creative and emerging industries.

Western SoMa SUD policies must create certainty among property and business owners regarding land use. If nonresidential uses are to be prioritized over residential uses within parts of Western SoMa, then they must be definitively established through clear land use regulations that cannot be easily modified or manipulated. Without such policies, many landlords and business owners will not invest in their Western SoMa properties or businesses.

Within designated business areas, geographic differentiation within land use policies could create priority zones for particular industries and help buffer incompatible uses. For example, Western SoMa land use controls anticipate creating zoning districts in which certain businesses are allowed as of right, but other businesses require a conditional use permit. Similarly, zones that acknowledge a designated preference for new industries like green technology or digital media could draw innovative businesses together. The boundaries of these zones should be established based on identified areas of existing concentration. When appropriate, zones could buffer residential areas and/or be near transit nodes to encourage densely developed new business areas.

Economic Structure: Export Clusters in the Knowledge and Experience Sectors

Western SoMa business success can be attributed in part to its building stock, which can meet the needs of various uses and evolve based on changing business and industry practices. Regulations that require high quality building materials and design and allow spaces to be changed and used by a variety of businesses will strengthen utilization of existing buildings.

**OBJECTIVE 2.1**

**Retain and encourage growth opportunities for existing neighborhood businesses**

**POLICY 2.1.1**

*Reduce the current office restrictions in the Western SoMa SUD to allow small general office uses north of Harrison Street on 9th, 10th and Folsom Streets and allow larger office uses in a district along Townsend Street.*

**POLICY 2.1.2**

*Promote a wide range of neighborhood-serving commercial uses north of Harrison Street.*

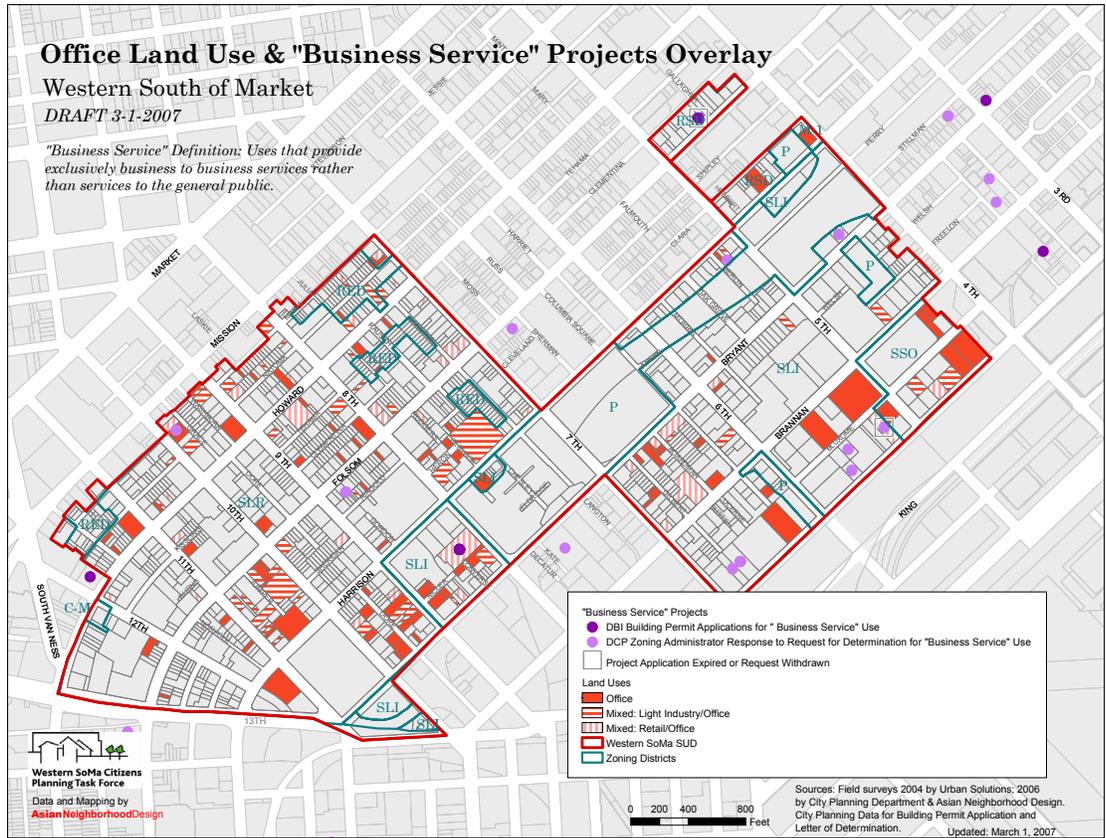

# Office Land Use & "Business Service" Projects Overlay

Western South of Market

DRAFT 3-1-2007

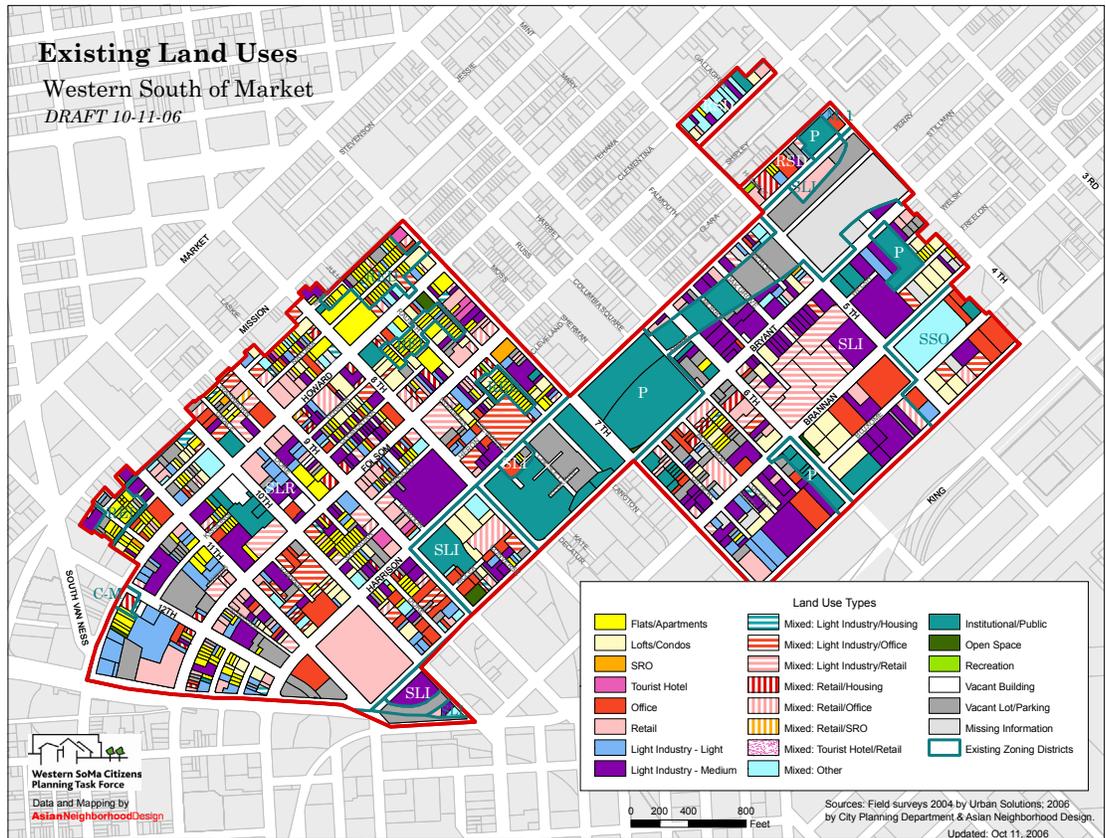

*"Business Service" Definition: Uses that provide exclusively business to business services rather than services to the general public.*

# Existing Land Uses

Western South of Market

DRAFT 10-11-06

POLICY 2.1.3

*Allow unrestricted wholesale activities for permitted uses throughout the Western SoMa SUD.*

POLICY 2.1.4

*Create incentives for adaptive re-use of existing commercial buildings throughout the Western SoMa SUD.*

POLICY 2.1.5

*Explore community benefits programs that stabilize and strive to retain existing neighborhood commercial uses.*

POLICY 2.1.6

*Retain to the greatest extent possible neighborhood-serving commercial uses in walking proximity to existing and new additions to the neighborhood housing stock.*

POLICY 2.1.7

*Encourage innovation, creativity and start-up business opportunities through adaptive re-use programs that encourage building rehabilitation over demolition and new construction proposals.*

POLICY 2.1.8

*Develop anti-displacement programs for existing neighborhood businesses with special attention given to innovative, creative and arts related programs and businesses.*

POLICY 2.1.9

*Establish funding mechanisms for job training programs that help to serve the needs of existing and emerging neighborhood commercial activities.*

The next set of policies builds and adds detail to the second Western SoMa neighborhood economy objective regarding the introduction of new commercial activities into the neighborhood.

Valuable resources for small businesses exist, and the “San Francisco Economic Strategy” (2007, ICF International) recommends the City take additional actions to foster San Francisco small businesses and entrepreneurs. Rather than create new programs, Western SoMa should tap into existing resources and push for new, citywide efforts, which include technical assistance, financing programs, marketing and tax incentives, as well as broader attempts to reduce the cost of doing business in San Francisco. Western SoMa businesses should be alerted to financial and technical assistance programs from the Small Business

Administration, and participate in advocacy and support groups, like the San Francisco Chamber of Commerce’s Small Business Advisory Committee, Mayor’s Office of Economic and Workforce Development, South of Market Business Association and Urban Solutions.

New and existing businesses should be provided assistance in finding new or additional space in Western SoMa and help in navigating the permit process. Purchasing business space is an expensive, challenging endeavor, particularly for smaller organizations unable to occupy or afford a full lot or building. A service that connects new and existing businesses to each other and helps them acquire reasonable financing would provide businesses with economic security and ensure they are able to remain in Western SoMa.

Western SoMa should support sector specific incubator programs to encourage continued innovation and entrepreneurship. Emerging opportunities connected to existing clusters are well suited to incubator programs, particularly art, design and media-related businesses, green industries, and biotech related spinoffs.

Industrial rents are not typically high enough to support new construction or major rehabilitation. If Western SoMa hopes to expand the amount of space available for lower rent industrial tenants, particularly those with high workforce impacts or within emerging industrial sectors, there are clear needs to subsidize the development or rehabilitation of such space.

#### OBJECTIVE 2.2

### **Promote appropriate new neighborhood business opportunities that creatively respond to neighborhood, citywide and regional economic needs and trends**

#### POLICY 2.2.1

*Continue to evaluate new “formula retail” uses through the Conditional Use process and additional policies adopted by the Planning Commission for the Western SoMa SUD.*

#### POLICY 2.2.2

*Prohibit new retail uses in excess of 25,000 square feet throughout the Western SoMa SUD.*

#### POLICY 2.2.3

*Allow new large retail uses in excess of 10, 000 square feet and less than or equal to 25,000 either south of Harrison Street or north of Harrison Street on parcels that exceed one acre of land area.*

**POLICY 2.2.4**

*Encourage mixed-use development of new large retail sites throughout the Western SoMa SUD.*

**POLICY 2.2.5**

*Allow increased height limits on larger development sites in exchange for enhanced public benefits.*

**POLICY 2.2.6**

*Create increased opportunities for existing and new high technology uses in a commercial district along Townsend Street.*

**POLICY 2.2.7**

*Allow a limited number of new automobile sale uses south of Harrison Street and proximate to the elevated highway system.*

**POLICY 2.2.8**

*Allow small Bed and Breakfast hotels along the Folsom Street Neighborhood Commercial District corridor.*

**POLICY 2.2.9**

*Allow pet day care as a Permitted Use everywhere in the Western SoMa SUD except in the RED and RED-mixed zones.*

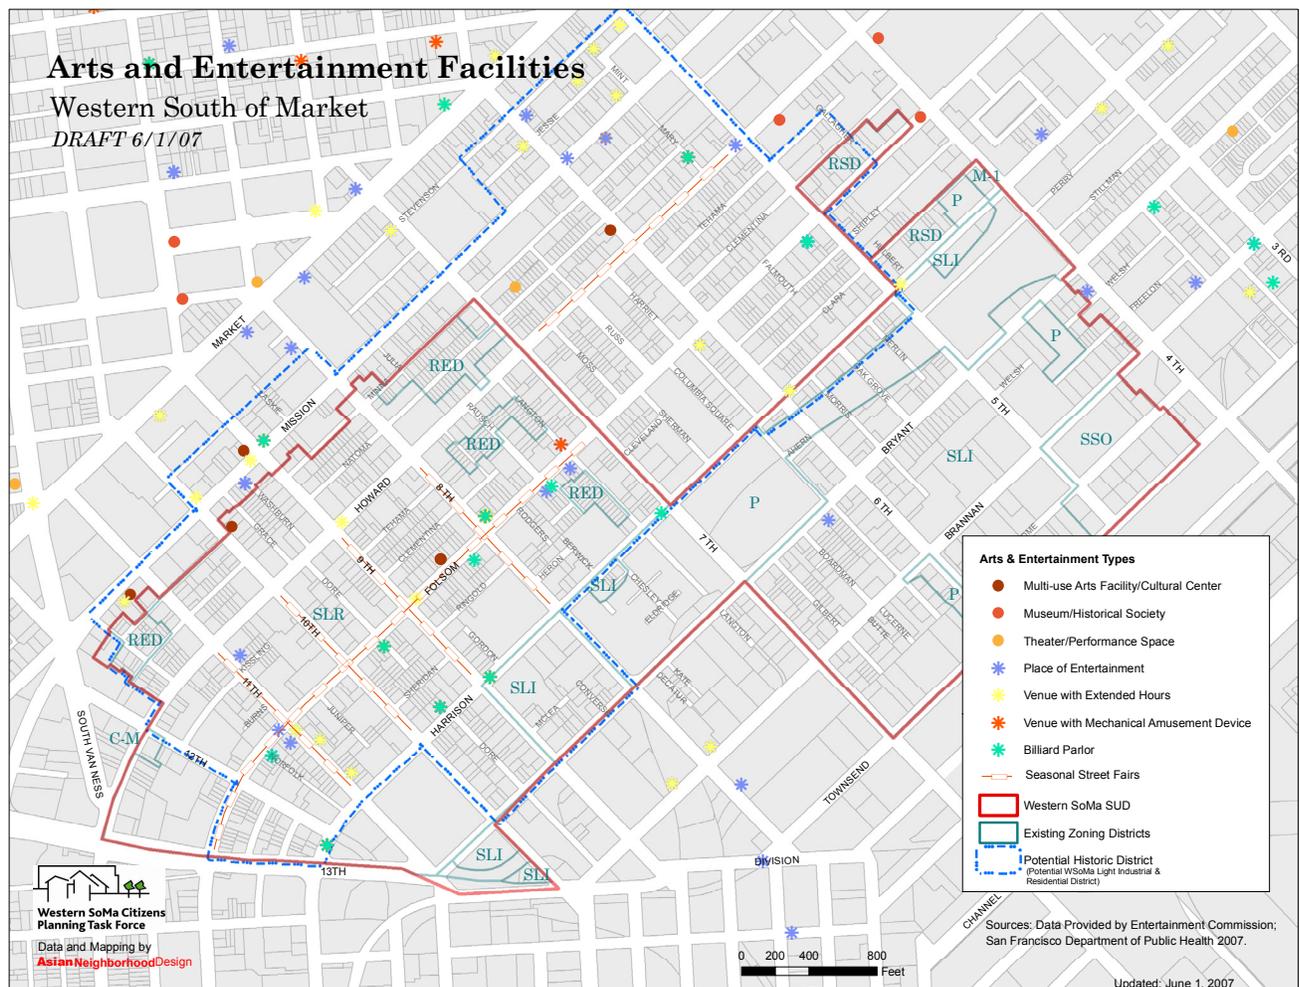

**POLICY 2.2.10**

*Allow pet board and care as a Permitted Use in the SALI outside of RED buffer zones.*

**POLICY 2.2.11**

*Allow licensed massage therapy as a Conditional Use everywhere in the Western SoMa SUD, with the exception of the RED and RED-mixed zones, so long as it is accessory to another Principal and Permitted Use*

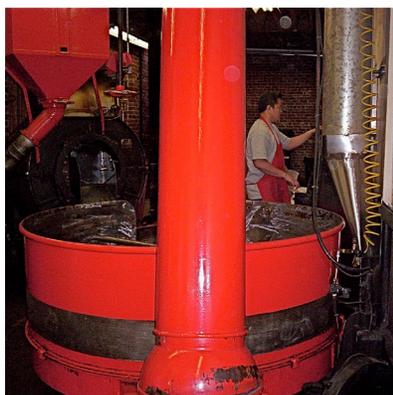

**POLICY 2.2.12**

*Develop land use controls that promote Folsom Street as the main neighborhood shopping and ceremonial street in the Western SoMa SUD.*

**POLICY 2.2.13**

*Clearly designate and differentiate streets and their associated zoning for functional goods and services movement from streets with pedestrian and bicycle orientations.*

**POLICY 2.2.14**

*Provide adequate customer parking and goods loading areas in a manner that minimizes negative impacts on transit, bike and pedestrian movements on neighborhood commercial streets.*

**POLICY 2.2.15**

*Provide relocation opportunities for existing nighttime entertainment uses into areas where the impacts on neighborhood residential areas can be minimized.*

- a. For the *San Francisco Economic Strategy*, ICF International calculated Middle Income Job Impact as the share of an industry's workforce with less than a bachelor's degree in above average wage jobs. Industries were defined by 3-digit NAICS codes. The top third of industries were classified as "High," the next third "Medium," and the bottom third "Low." Seifel aligned this analysis to the top 20 Western SoMa Industries (2-digit SIC codes), reflecting a blended Job Impact (e.g. "Low-Medium") when multiple NAICS industries were aligned with a single top Western SoMa industry.
- b. Based on employment growth.

Source: Dun & Bradstreet (2007), *San Francisco Economic Strategy (ICF International, 2007)*, Seifel Consulting Inc.

POLICY 2.2.16

*Differentiate large nighttime entertainment uses from smaller and complementary entertainment uses and permit these new less intense uses to the extent they enhance local neighborhood livability and neighborhood business viability.*

POLICY 2.2.17

*Support both the economic and environmental benefits of participating in the green business movement and encourage commercial businesses in the Western SoMa to seek green business certification.*

OBJECTIVE 2.3

**Support the economic well-being  
of a variety of businesses in Western SoMa**

POLICY 2.3.1

*Provide business assistance for new and existing light industrial businesses in the Western SoMa SUD.*

POLICY 2.3.2

*Provide business assistance for new and existing small businesses in the Western SoMa SUD.*

The “San Francisco Economic Strategy” outlines a series of recommendations for improving San Francisco’s workforce training and development that address the needs of the Western SoMa resident workers. Western SoMa should support and leverage these new, citywide efforts, which include creating a responsive workforce system linked to economic priorities, preparing young people for quality careers, investing in entrepreneurship training and addressing the digital divide.

Unemployed workers that have been dislocated from industries may need new workforce skills to adjust to the requirements of new and expanding industries. These workers should be placed in quality programs that can equip them to succeed in diverse fields. Workforce training programs are particularly effective when they offer clients hands-on experience and potential employment in local firms. Western SoMa businesses should connect to workforce training providers for apprenticeships or introductory level positions, offering the businesses well-trained, dedicated employees and workers a chance at quality careers in stable and growing areas.

OBJECTIVE 2.4

**Increase economic security for workers  
by providing access to sought-after job skills**

POLICY 2.4.1

*Provide workforce development training for those who work in and live in the Western SoMa SUD, particularly those who do not have a college degree.*

## Housing

Residential neighborhoods play a major role in the Western SoMa SUD. The scale and character of the residential neighborhoods on the existing alley system break up the otherwise large SoMa block pattern. The residential enclaves are a defining element of the neighborhood character. For example, in their preservation survey work in this neighborhood, Page & Turnbull recognized this pattern and actually recommended the creation of a “Light Industrial and Housing Preservation District” for much of the Western SoMa SUD. The Board of Supervisors legislation enabling the Western SoMa Citizens Planning Task Force (Ordinance 731-04) highlighted the needs to evaluate, identify and protect these residential enclaves.

The Task Force has responded to this legislative challenge in a focused manner. Following intuitive citizens knowledge of these alley neighborhoods, an initial pass at identifying and mapping potential residential enclaves was put in place. Extensive analysis followed the early phases of residential enclave identification. Height, yard patterns, age of building, and numbers of units were among the many variables evaluated by the Task Force in the “Housing Strategic Analysis Memo” (2008). The residential enclaves were also evaluated in the context of parcels that are generally referred to as “soft-sites” by the Planning Department. This “soft site” analysis was then refined and developed as a versatile planning tool by the Task Force.

# Soft Site Housing Capacity Analysis

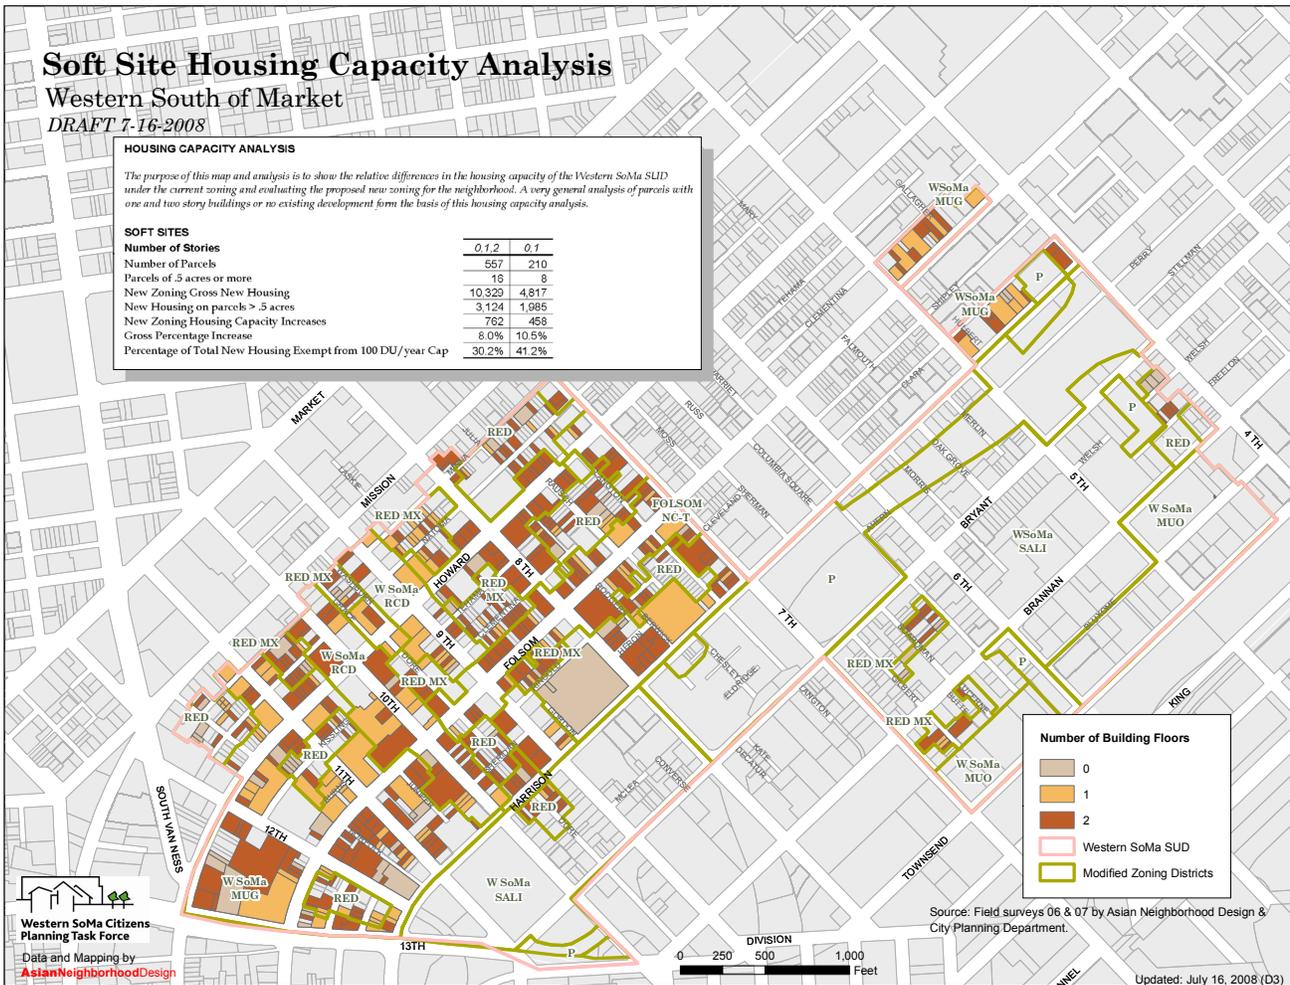

## Western South of Market

DRAFT 7-16-2008

**HOUSING CAPACITY ANALYSIS**

The purpose of this map and analysis is to show the relative differences in the housing capacity of the Western SoMa SLID under the current zoning and evaluating the proposed new zoning for the neighborhood. A very general analysis of parcels with one and two story buildings or no existing development form the basis of this housing capacity analysis.

SOFT SITES	0.1, 2	0.1
Number of Stories	557	210
Number of Parcels	16	8
Parcels of .5 acres or more	10,320	4,817
New Zoning Gross New Housing	3,124	1,885
New Zoning Housing Capacity Increases	762	458
Gross Percentage Increase	8.0%	10.5%
Percentage of Total New Housing Exempt from 100 DU/year Cap	30.2%	41.2%

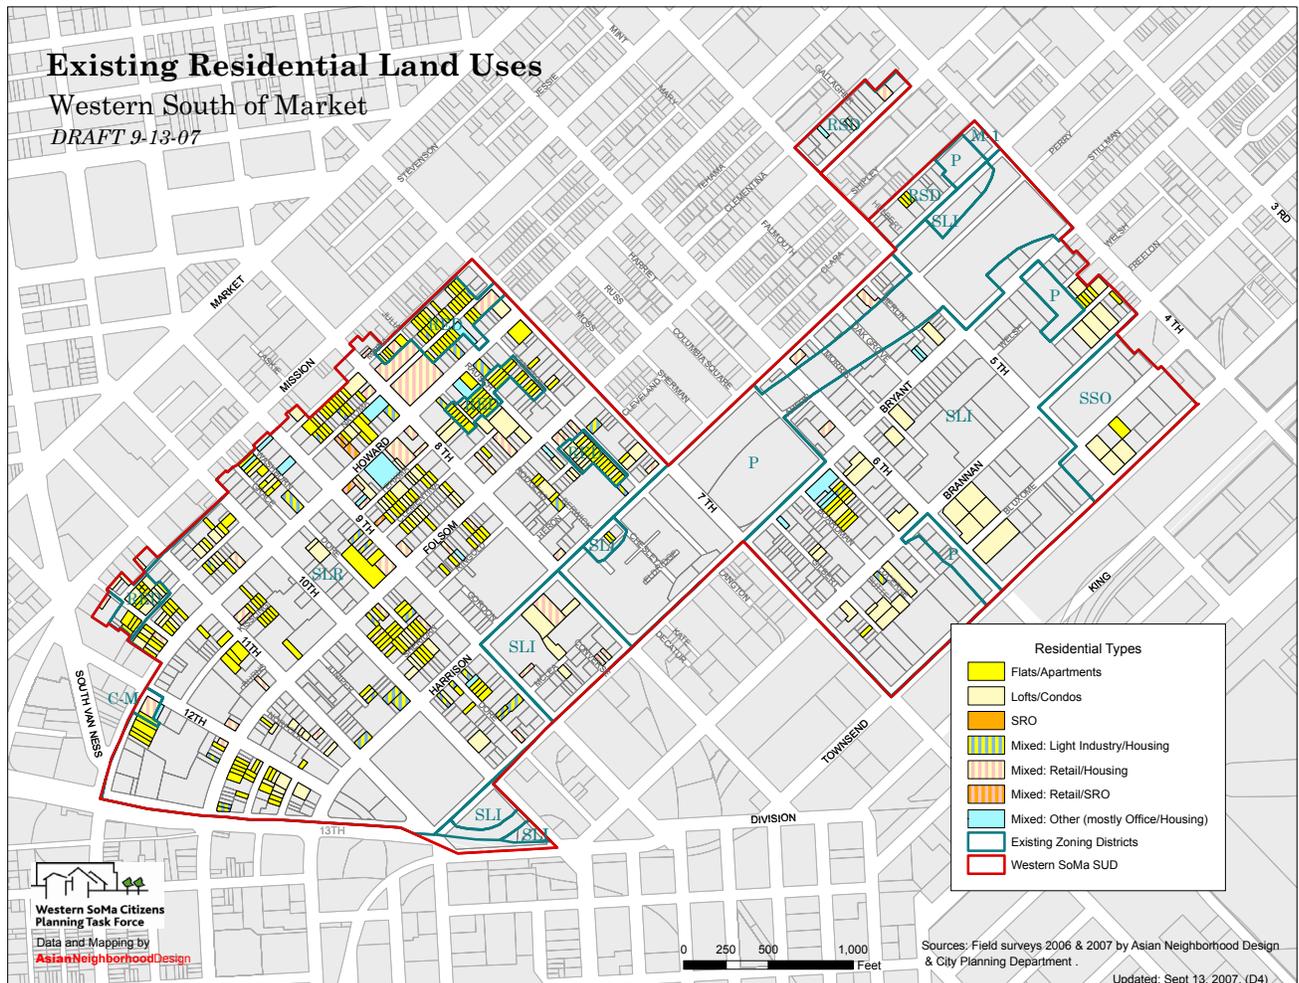

Due to the Task Force emphasis on the existing residential enclave analysis, the notion of a “soft-site” as a generic under-developed site that could be used for housing or non-residential development was too blunt an evaluation tool. The Task Force directed the staff and consultants to refine the identification of “soft-sites” with an analytical tool detailed enough to characterize an under-developed “soft-site” inventory based on qualities that are appropriate for future housing development. Detailed in the “Western SoMa Housing Strategic Analysis Memo,” the Task Force created a “housing opportunity site analysis” to evaluate identified development opportunity sites based on three sets of criteria. The overall goal in developing this opportunity site analysis tool was to try to include appropriate development sites in the zoning districts for formal Residential Enclave (RED) zoning in the Western SoMa SUD. Or, put quite simply, if new housing is to be built, then build it as an integral part of the existing neighborhoods.

The Task Force thereby developed housing policies and zoning recommendations around the issue of housing production based on two simple goals. First, identify and preserve the existing neighborhood housing resources. Second, evaluate and include appropriate development opportunity sites in the RED zones where housing can be produced to support an existing neighborhood pattern, residential services and amenities.

To the greatest extent possible the Task Force opted for producing future housing resources in and around the existing neighborhood rather than building new neighborhoods. They also opted for housing production in appropriate locations to create a complete neighborhood pattern over the often counter productive and less sensitive land use policy of simply maximizing housing production opportunities.

The first two Objectives in this chapter drive the Western SoMa SUD housing policy, zoning and program recommendations. The first set of polices below establish basic parameters for preserving existing

neighborhood housing resources. The second set of policies adds detail to the second objective point of creating new housing resources in the Western SoMa SUD.

As stated in the Land Use section of this Community Plan and repeated here, at a very broad level, a continuum in the Western SoMa SUD extends from non-residential uses on the Townsend Street high-tech corridor northwards to non-residential uses on the south side of Harrison Street and the freeway. North of Harrison Street, development goals call for an increasingly residential neighborhood character of smaller scale that embraces a “mix of uses” and new mixed-used development.

#### OBJECTIVE 3.1

### **Preserve existing neighborhood housing resources**

#### POLICY 3.1.1

*Restrict residential demolitions and residential conversions of rent-controlled units per Planning Code Section 317.*

#### POLICY 3.1.2

*Support the identification and preservation of historic housing resources in a new SoMa Historic Preservation Districts.*

#### POLICY 3.1.3

*Expand the identification of the diverse character and formal recognition of existing residential enclaves.*

#### POLICY 3.1.4

*Provide residential zoning protections including but not limited to codified “Western SoMa Design Standards,” notification and demolition controls in all Western SoMa SUD Zoning districts.*

#### POLICY 3.1.5

*Reduce development incentives for out-of-scale in-fill housing development proposals.*

The next set of policies builds and adds detail to the second Western SoMa housing objective regarding the introduction of new housing resources into the neighborhood.

#### OBJECTIVE 3.2

### **Encourage new neighborhood residential uses in locations that provide the greatest opportunities to build on the existing neighborhood patterns**

#### POLICY 3.2.1

*Discourage housing production that is not in scale with the existing neighborhood pattern.*

POLICY 3.2.2

*Encourage in-fill housing production that continues the existing built housing qualities in terms of heights, prevailing density, yards and unit sizes.*

POLICY 3.2.3

*Provide additional housing production incentives for areas identified as most appropriate for housing production.*

POLICY 3.2.4

*Encourage the continuation and creation of an existing rear and front yard pattern in the Western SoMa SUD residential enclaves.*

POLICY 3.2.5

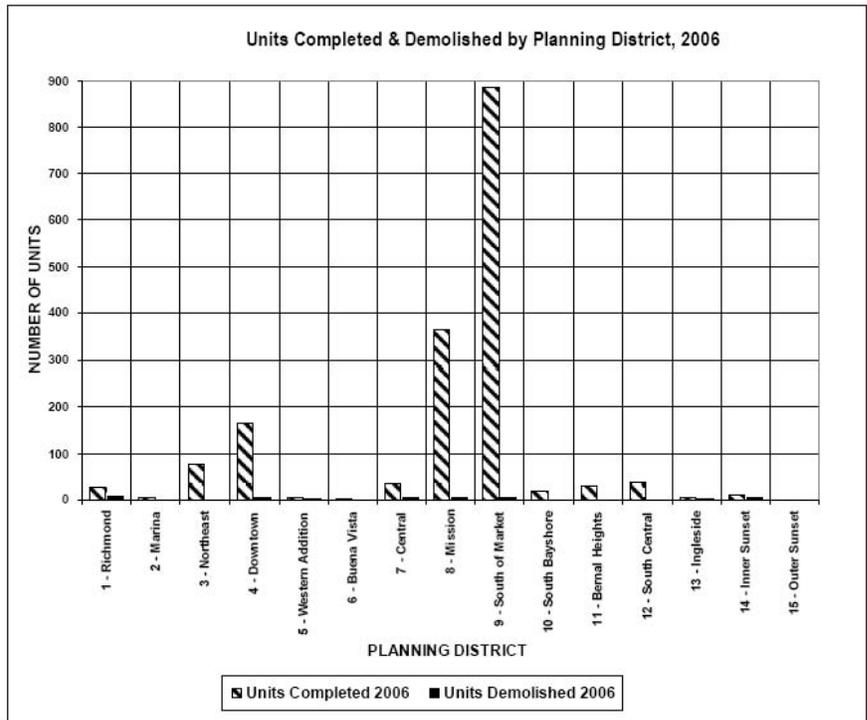

*Encourage creation of upper floor residential uses on major streets north of Harrison Street.*

POLICY 3.2.6

*Promote the production of housing development programs that provide for families and other Western SoMa SUD special population needs in terms of the mix of unit sizes, affordability and tenure.*

POLICY 3.2.7

*Create development controls on large sites that clearly direct and provide opportunities to replicate the scale, character and mix of existing uses.*

POLICY 3.2.9

*Prohibit lot mergers that yield parcels in excess of 5,000 square feet.*

POLICY 3.2.10

*Codify and formalize Design Standards for any new development on Western SoMa alleys.*

POLICY 3.2.11

*Discourage any variances from front and rear yard standards that fail to reinforce existing and potential future at-grade yard for all developments that include housing units where the proposed project is in or contiguous to RED zoned parcels.*

POLICY 3.2.12

*Discourage any and all proposed housing proposals on arterial streets and highways that do not providing a physical buffer from existing traffic noise and pollution.*

The following objectives and policies build and add detail to the two initial housing objectives of the Community Plan. These additional objectives and policies are included to ensure to the greatest extent possible the public health considerations when creating new housing units in the Western SoMa SUD.

OBJECTIVE 3.3

**Ensure that a significant percentage of the new housing created is affordable to people with a wide range of incomes**

POLICY 3.3.1

*Allow single-resident occupancy uses (SROs) with no less than 300 square feet of livable area and “efficiency” units to continue in limited locations to be an affordable type of dwelling option, and recognize their role as an appropriate source of housing for small households. In addition SRO projects should be required (with no permitted variances) to:*

- *exceed existing City inclusionary requirements for below market rate units, and*
- *meet minimum rear yard requirements, and*
- *meet the dwelling unit exposure requirements*
- *meet minimum private opens space requirements of 36 square feet per unit, and*
- *have no required parking minimum, and*
- *discourage new ground floor residential units facing neighborhood or regional serving streets, and*
- *comply with required active non-residential ground floor uses on neighborhood or regional serving street facades.*

**POLICY 3.3.2**

*Where new zoning has conferred increased development potential; require developers to contribute towards community benefits programs that include open space, transit, community facilities/services, historic/social heritage preservation and affordable housing, above and beyond citywide inclusionary requirements.*

**POLICY 3.3.3**

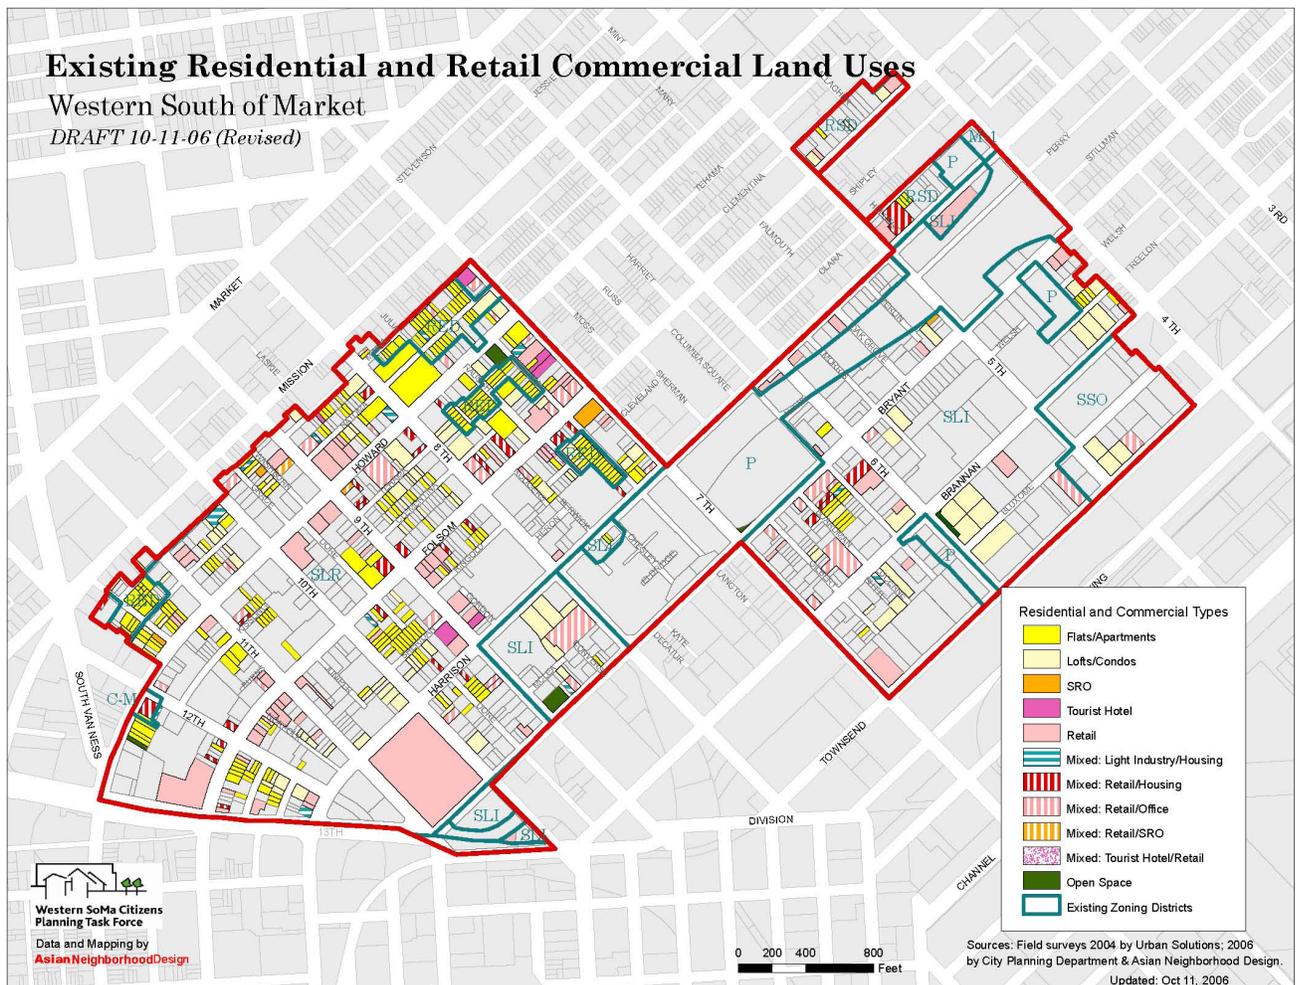

*Encourage a mix of affordability levels in new residential development.*

**OBJECTIVE 3.4**

**Retain and improve existing housing affordable to people of all incomes**

**POLICY 3.4.1**

*Preserve viability of existing rental units.*

POLICY 3.4.2

*Consider acquisition programs of existing housing by government and/or community non-profit organizations for rehabilitation and dedication as permanently affordable housing.*

POLICY 3.4.3

*Ensure adequate protection from eviction for at-risk tenants, including low-income families, seniors, and people with disabilities.*

OBJECTIVE 3.5

**Ensure that new residential developments satisfy an array of housing needs with respect to tenure, unit mix and community services**

POLICY 3.5.1

*Target provision of affordable units for traditional and non-traditional family needs.*

POLICY 3.5.2

*Prioritize the development of affordable family housing, both rental and ownership, particularly along transit corridors and adjacent to community amenities.*

POLICY 3.5.3

*Requirements for three-bedroom units in Large and Very Large Development sites shall be the same as called for in the Eastern Neighborhoods Plan.*

POLICY 3.5.4

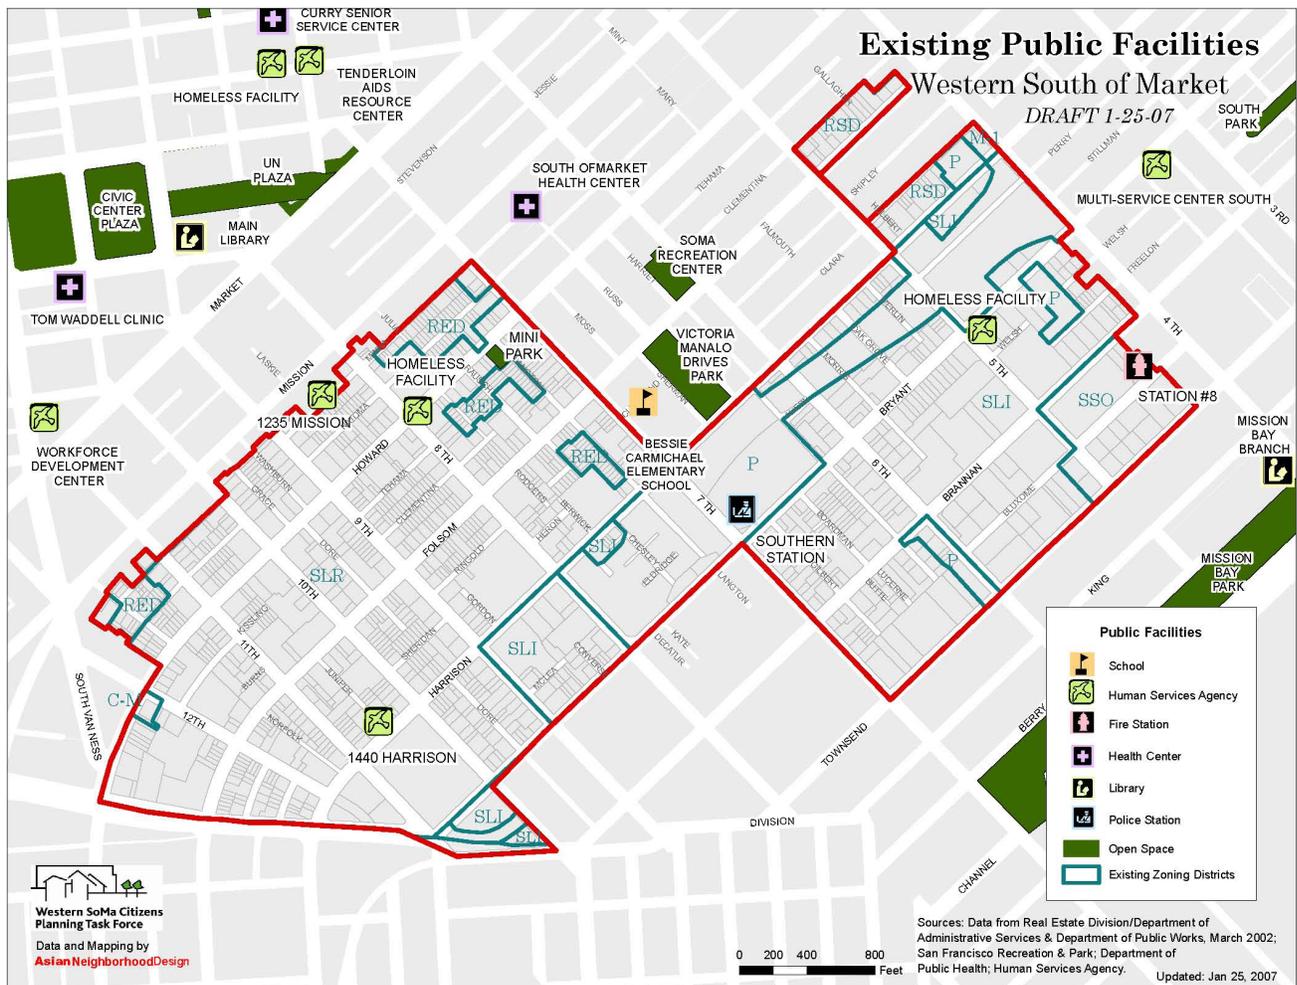

*In affordable housing and mixed-use developments, encourage the creation of family supportive services, such as childcare facilities, parks and recreation, or other facilities.*

POLICY 3.5.5

*Provide through the permit entitlement process a range of revenue-generating tools including impact fees, public funds and grants, assessment districts, and other private funding sources, to fund community and neighborhood improvements.*

POLICY 3.5.6

*Establish an impact fee to be allocated towards a Public Benefit Fund to subsidize transit, pedestrian, bicycle, and street improvements; park and recreational facilities; and community facilities such as libraries, child care and other neighborhood services in the area.*

**POLICY 3.5.7**

*In areas where new zoning provides opportunities for a significant increase in housing production, require that ten (10) percent of all below-market rate units have three or more-bedrooms to ensure affordable family units.*

**POLICY 3.5.8**

*Expedite development permits in which more than 15 percent of all units have three or more-bedrooms.*

**OBJECTIVE 3.6**

**Lower housing production costs**

**POLICY 3.6.1**

*Require developers to separate the cost of parking from the cost of housing in both for sale and rental developments.*

**POLICY 3.6.2**

*Allow for the unbundling and off-site provision of residential parking.*

POLICY 3.6.3

*Revise residential parking requirements in a way that permits structured or off-street parking up to specified maximum amounts in certain districts, but is not required.*

POLICY 3.6.4

*Encourage construction of units that are “affordable by design.”*

POLICY 3.6.5

*Facilitate housing production by simplifying the approval process wherever possible.*

OBJECTIVE 3.7

**Promote health through residential development design and location**

POLICY 3.7.1

*Consider housing production a priority in environmentally and socially healthy locations.*

POLICY 3.7.2

*Develop affordable family housing in areas where families can safely walk to schools, parks, retail, and other services.*

POLICY 3.7.3

*Provide design guidance for the construction of healthy neighborhoods and buildings.*

OBJECTIVE 3.8

**Continue and expand the city efforts to increase permanently affordable housing production and availability**

POLICY 3.8.1

*Continue and strengthen innovative programs that help to make both rental and ownership housing more affordable and available.*

POLICY 3.8.2

*Explore housing policy changes at the citywide level that preserve and augment the stock of existing rental and ownership housing.*

POLICY 3.8.3

*Research and pursue innovative revenue sources and techniques for the construction of affordable housing.*

POLICY 3.8.4

*Create housing production programs that build smaller affordable housing buildings and units on multiple parcels as part of a single funding and development program through the Mayor's Office of Housing.*

## Transportation and the Street Network

For Western SoMa to function as a vital residential and commercial neighborhood, the effective and efficient operation of the local transportation system is essential. The area is faced with the difficult challenge of responding to the travel needs of its residents and businesses while maintaining and improving the area as a desirable place to live. It is important that the neighborhood promote and provide services and facilities that are accessible to all and that link the Western SoMa to downtown, other areas of the city and the region.

Transportation demand and land use are closely linked, prompting the need for future transportation investments to be carefully tied to land use intensities and predominant local travel patterns. Historically, the SoMa has included a diverse set of land uses and activities; however, since the construction of the Central Freeway in the 1950s, the transportation system has been heavily oriented toward auto-related facilities and activities. Proposed changes in land use in this and other nearby plans further prompt the need to design and implement transportation improvements that bring balance to the area and provide transportation options that respond to the mobility needs of the neighborhood.

For many years, residents of this neighborhood have demonstrated a greater preference than any other San Francisco neighborhood for modes other than the automobile. Recently there has been a neighborhood trend away from the use of transit and non-motorized modes towards private vehicles. Certainly the wide neighborhood streets and large blocks have contributed to an increase in automobile use. Future strategies need to provide a clear, easily-identifiable set of alternatives to the car, analyzing outputs from the City's CHAMP travel model, the findings of the Transit Effectiveness Project (TEP) and recommendations of the Eastern Neighborhoods TRIPS program.

This chapter begins with a functional breakdown of the major components of the street network in the Western SoMa, including alleys, neighborhood-serving streets, Folsom Boulevard, regional streets and goods movement. Once the physical infrastructure has been discussed, transportation mode objectives and policies are presented.

**WESTERN SoMa STREETS NETWORK:  
A FUTURE SCENARIO - FINAL PHASE  
MAY 28, 2008**

Western SoMa Citizens  
Planning Task Force  
Data and Mapping by  
Asian Neighborhood Design  
Community Planning

## ALLEYS

Alleys are an important resource for nearby residents and workers, particularly in the Western SoMa SUD, where many blocks are quite long and streets are wide. Alleys serve as a lifeline to pedestrians and bicyclists seeking a safer and more direct route to their destinations. This objective supports a Western SoMa Planning Principle, which focuses on serving the needs of existing residents and businesses.

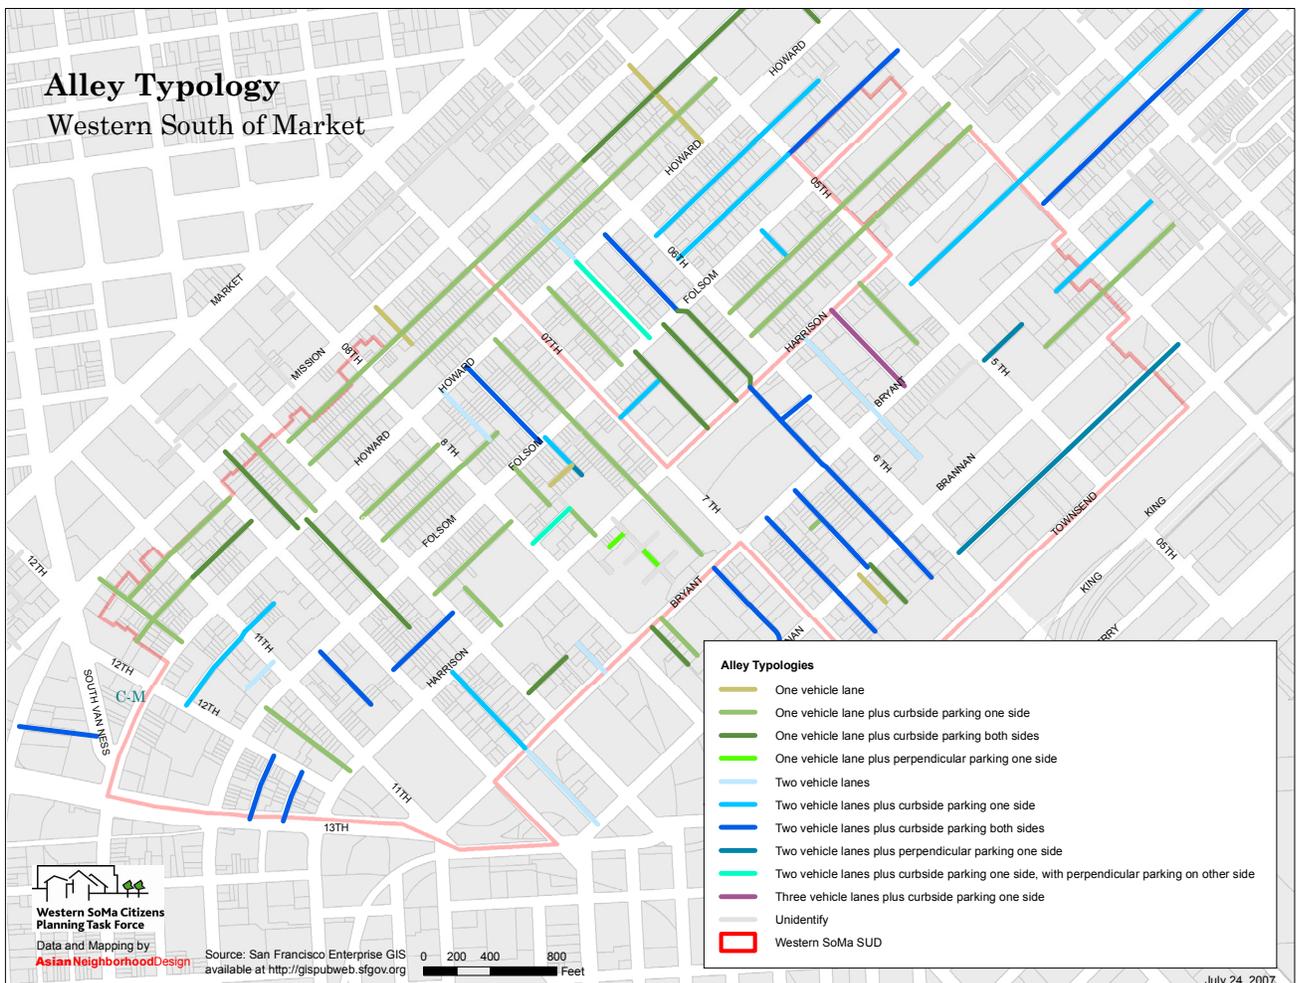

### OBJECTIVE 4.1

## Facilitate the movement of pedestrians and bicycles in the alleys

### POLICY 4.1.1

*Introduce treatments that effectively improve the pedestrian experience in alleys.*

Alleys should have sidewalk and street surfaces that are well maintained and that do not present obstacles to the pedestrian.

**POLICY 4.1.2**

*Limit the supply of on-street parking in some alleys, in order to accommodate pedestrian and bicycle movement.*

Where possible, on-street parking in alleys should be restricted, providing space for non-motorized modes. An improved walking environment will facilitate greater pedestrian movement in these areas. These facilities should be implemented in phases, according to the following set of priorities:

- Alley to alley connections
- Alley to destination improvements
- Mid-block crossings

**POLICY 4.1.3**

*Improve street lighting in alleys.*

The enhancement of street lighting facilities in these alleys can generate a pedestrian-friendly environment.

#### POLICY 4.1.4

*Provide pedestrian crossings that unite alleys on both sides of a neighborhood-serving street.*

Often, pedestrians and bicyclists find it difficult to travel along alleys that cross wide streets. Pedestrian crossings provide a linkage between residential enclaves separated by neighborhood-serving streets.

Auto-oriented uses often work against the objectives of the Transit First policy, encouraging the further proliferation of the automobile. It is important that some barriers be installed and that non-motorized transportation is promoted in the future.

#### OBJECTIVE 4.2

**Limit the speed and volume of motor vehicles in alleys**

#### POLICY 4.2.1

*Restrict the entry of motor vehicles in alleys.*

Placing restraints on automobile access to alleys will allow pedestrians and bicyclists to travel about freely in these areas.

#### POLICY 4.2.2

*Consider converting some alleys to two-way traffic.*

Many of the one-way alleys that currently exist in the Western SoMa SUD attract motor vehicles that are trying to “short cut” over to major streets in the area. As a result, safety along many of these one-way alleys has become a major concern. Two-way traffic could slow down the speed of vehicles, and effectively limit the volume of vehicles.

#### POLICY 4.2.3

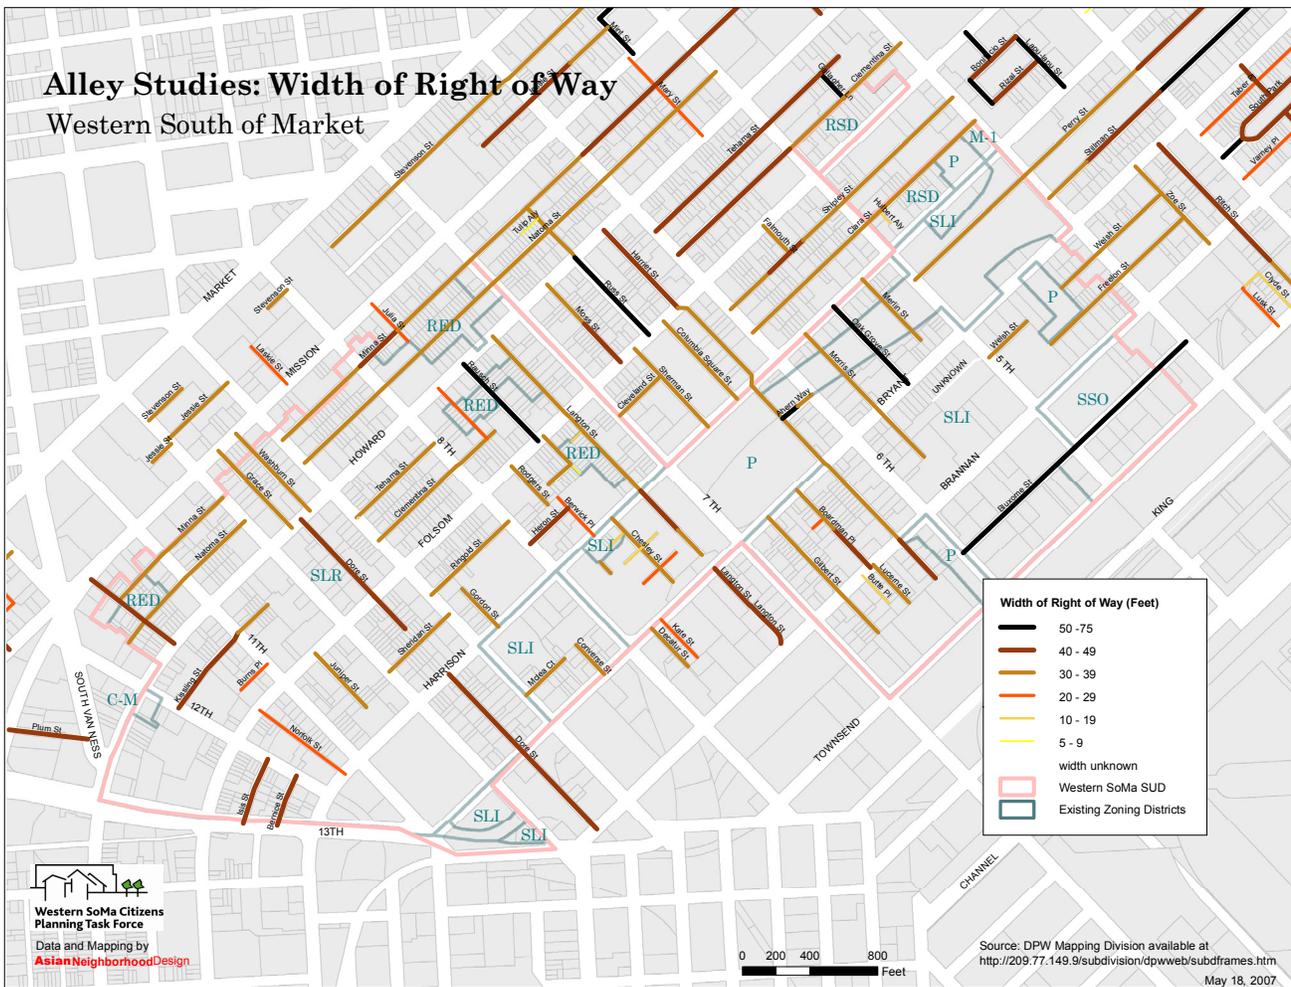

*Employ traffic calming measures on alleys.*

In order to ensure better safety on alleys, it is essential that average vehicle speeds are decreased.

#### POLICY 4.2.4

*Prohibit the circulation of freight and service vehicles on residential alleys.*

The entry of freight vehicles into alleys threatens the safety of pedestrians and bicyclists. These vehicles should be primarily limited to regional streets.

**NEIGHBORHOOD SERVING STREETS**

Some commercial activities will probably generate additional travel demand on neighborhood-serving streets in the Western SoMa SUD. The promotion of alternative modes of transportation to the private automobile can effectively accommodate this increased demand. This objective is consistent with a Western SoMa Planning Principle which mitigates the local impacts of new development.

**OBJECTIVE 4.3**

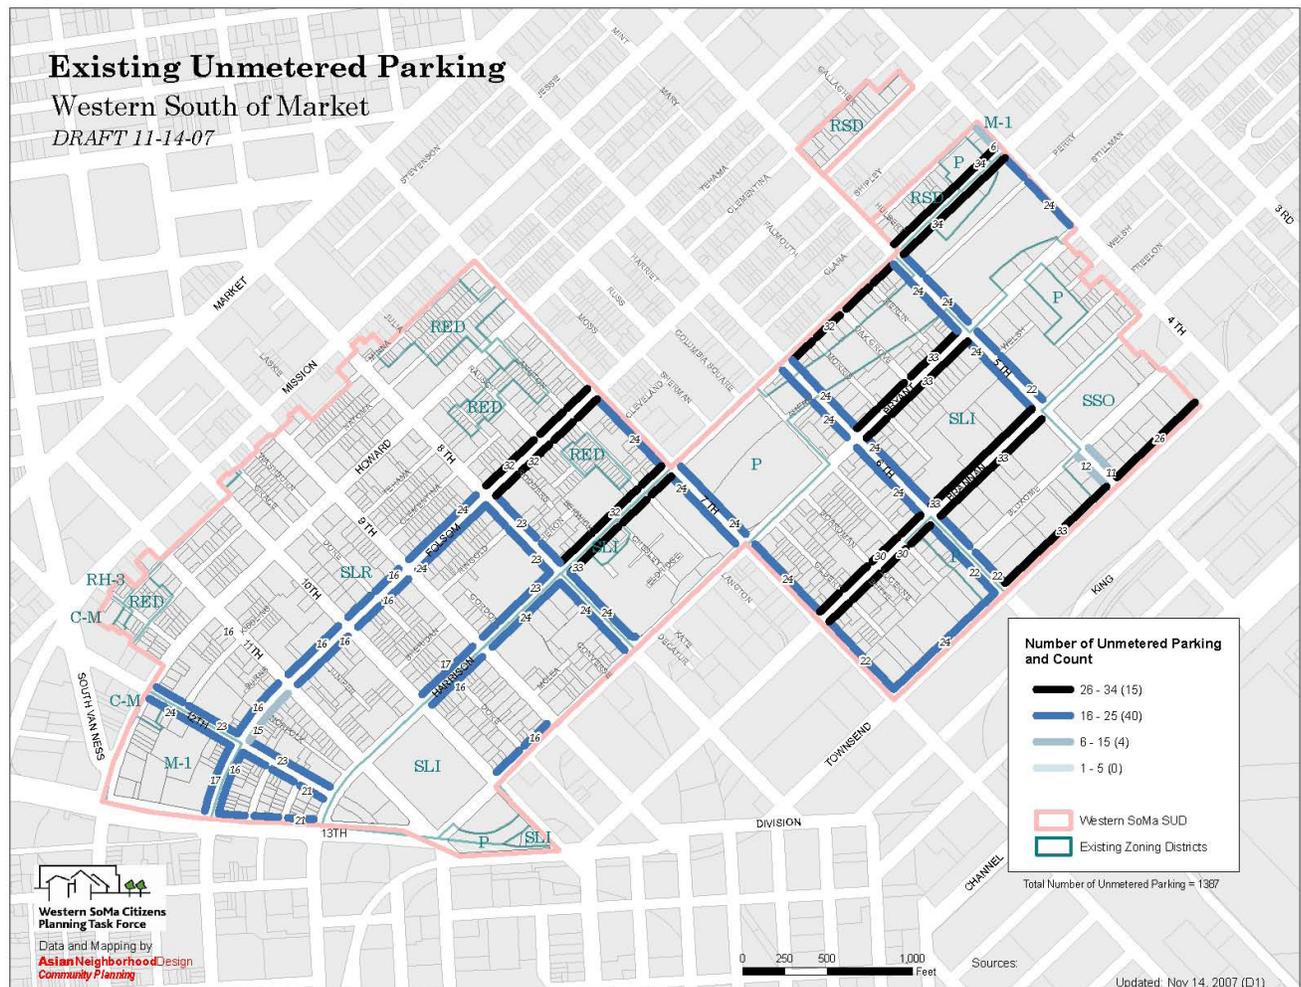

**Reduce the impacts of commercial development on neighborhood-serving streets by promoting alternative transportation modes**

**POLICY 4.3.1**

*Develop commercial uses on specific streets, making them easily accessed by transit and non-motorized transportation.*

Neighborhood commercial establishments should be designed to provide direct access to the street and its rich mix of transportation options.

**POLICY 4.3.2**

*Reduce the supply of on-street parking on some neighborhood-serving streets, in order to accommodate transit and bicycle lanes.*

Where possible, on-street parking should be limited, permitting space for alternative modes of transportation.

**POLICY 4.3.3**

*Promote walking and bicycling to/from the designated Neighborhood Commercial (NC) Districts by introducing pedestrian and environmental improvements.*

Another way of reducing use of the automobile is to promote non-motorized modes of transportation.

**POLICY 4.3.4**

*Reduce auto-oriented facilities on neighborhood-serving streets.*

Auto-oriented uses often work against the principles of the Transit First policy and the primary objectives of the Transit Preferential Streets (TPS) program.

POLICY 4.3.5

*Develop transportation system improvements, based on an analysis of existing and future conditions.*

To fully assess local needs as well as the available options for improving mobility on neighborhood-serving streets, a study of existing and expected conditions should be conducted before project implementation. This multi-modal effort will need to be coordinated across a number of City agencies, including Planning, the MTA, the SFCTA and DPW.

POLICY 4.3.6

*Collaborate with the MTA to study the feasibility of developing parking pricing policies.*

Such policies could promote effective parking management, inducing short-term parking turnover, increasing availability and generating revenues for community improvements.

In order for these streets to be attractive, it is important that residents and visitors feel comfortable at all times. This concept is consistent with a Western SoMa Planning Principle that seeks to promote safety in the public realm.

OBJECTIVE 4.4

**Ensure a minimum level of safety on neighborhood- serving streets**

POLICY 4.4.1

*Provide a basic level of common services at major transit nodes, preventing these areas from being perceived to be isolated.*

Too often, major transit nodes are void of any basic services for passengers, making them feel isolated and discouraging them from using transit. Nodes should be located near residential or commercial developments in the Community Plan. In addition, an effort should be made to locate services (e.g., store, ATM) in the vicinity of these nodes.

POLICY 4.4.2

*Introduce traffic calming measures that promote pedestrian and bicycle transportation and safety.*

Often, auto-oriented street design discourages bicycle and pedestrian use along streets. New street treatments, such as bulb-outs or bicycle lanes, should be introduced to facilitate the use of these alternative modes.

POLICY 4.4.3

*Provide mid-block crossings for better access to major activities and facilities.*

The provision of mid-block crossings on some streets will enhance the local pedestrian environment, shortening walking distances.

POLICY 4.4.4

*Improve transit facilities and services on streets with existing transit service, providing passengers with better access to nearby destinations.*

The operation of dependable transit services near neighborhood-serving streets offers alternative means of access to these thoroughfares, reducing dependence on the automobile.

POLICY 4.4.5

*Reduce posted speeds along neighborhood-serving streets to 20 mph.*

Studies have shown that the reduction of posted speeds can effectively provide a safe and attractive environment for neighborhood residents and visitors. Slower speeds should effectively eliminate many of the conflicts experienced between the various transportation modes without reducing carrying capacity.

POLICY 4.4.6

*Coordinate with MTA to develop an ongoing set of pedestrian and bicycle safety improvements for neighborhood-serving streets.*

Actions should be based on an analysis of pedestrian, bicycle and motor vehicle collisions. They should follow Federal Highway Administration (FHWA) guidance and previous MTA pedestrian studies of high risk intersections.

Street and transit modifications should be consistent with the local character of the area and be designed to respond to the needs of the neighborhood. This objective is in keeping with a Western SoMa Planning Principle that seeks serving the needs of existing residents and businesses.

OBJECTIVE 4.5

**Design neighborhood-serving streets according to local needs and desires**

POLICY 4.5.1

*Improve connections to regional transit services.*

Access to Bay Area destinations can be improved through better coordination between transit routes on these streets and regional routes and facilities located in the SoMa.

It is essential that policies included in this effort are consistent with similar efforts at the city and regional levels. This objective supports a Western SoMa Planning Principle which focuses on efforts to provide clear community planning policies.

OBJECTIVE 4.6

**Integrate neighborhood-serving street policies with other planning efforts**

POLICY 4.6.1

*Promote cooperation between agencies and programs involved in planning SoMa.*

The involvement of all relevant agencies in the planning and development of neighborhood-serving streets will allow for the comprehensive treatment of these streets

POLICY 4.6.2

*Work with the MTA to identify new transit needs on neighborhood-serving streets.*

It is important for the Planning Department to work with the MTA to clearly define the parameters for transit service, based on existing conditions and expected land use changes.

**FOLSOM STREET**

Neighborhood commercial activities on Folsom Street will most likely generate additional travel in the area. Where possible, the City should promote low cost, demand management measures that reduce automobile dependence and promote transit, bicycling and walking. This objective seeks to mitigate the possible neighborhood impacts of new development.

OBJECTIVE 4.7

**Reduce the impacts of increased neighborhood commercial development on Folsom Street by encouraging the use of alternative modes of transportation**

POLICY 4.7.1

*Develop commercial uses on Folsom Street that are easily accessed by transit and non-motorized transportation.*

Neighborhood commercial establishments along Folsom Street should be designed to provide direct access to the street and its rich mix of available transportation options.

POLICY 4.7.2

*Design and implement an on-street parking scheme for Folsom Street.*

In order to maximize the potential for Folsom Street, on-street parking facilities should be carefully designed to both provide some short-term parking and provide space for alternative modes.

POLICY 4.7.3

*Promote walking and other non-motorized travel modes to/from neighborhood commercial segments of Folsom Street by introducing pedestrian and environmental improvements.*

Another way of reducing use of the automobile is to promote non-motorized modes of transportation. An improved walking environment will facilitate pedestrian movement.

POLICY 4.7.4

*Reduce or prohibit auto-oriented facilities on Folsom Street.*

Auto-oriented uses often work against the objectives of the Transit First policy and the principal objectives of the TPS program.

POLICY 4.7.5

*Develop transportation system improvements on Folsom Street, based on an analysis of existing and future conditions.*

To fully assess local needs as well as the available options for improving mobility on Folsom Street, a thorough study of existing and expected conditions should be conducted prior to project implementation. This multi-modal effort will need to be coordinated across a number of City agencies, including Planning, the MTA, the SFCTA and DPW.

POLICY 4.7.6

*Collaborate with the MTA to develop parking pricing policies.*

These policies promote effective parking management, inducing short-term parking turnover, increasing availability and generating revenues for community improvements.

POLICY 4.7.7

*Require that commercial development provide on-site Travel Demand Management (TDM) programs incorporating a variety of measures, to ensure vehicle trip reduction.*

As conditions of approval, ensure that developers apply demand management concepts, such as those put in practice in the downtown area and at large employers (e.g., UC San Francisco). While individual developers would ultimately have responsibility for providing TDM services to their tenants, perhaps these programs could be collectively managed at the neighborhood or block level by a central coordinator.

POLICY 4.7.8

*Require that residential development provide TDM benefits to individual tenants.*

Residential developers should be required to provide specialized services to building occupants. A resident-based program could effectively reduce automobile dependency and promote use of transit and non-motorized modes.

In order for Folsom Street to be attractive, it is imperative that residents and visitors feel comfortable at all times. Consistent with Western SoMa Planning Principle 3, this objective seeks to promote safety in the public realm.

#### OBJECTIVE 4.8

### **Ensure safety on Folsom Street, particularly for residents and other users of the system**

#### POLICY 4.8.1

*Provide a basic level of common services at major transit nodes, preventing these areas from being perceived as isolated.*

Often, major transit nodes are devoid of any basic passenger services, making passengers feel isolated and discouraging them from using transit. Nodes should be located near residential or commercial developments in the Community Plan. In addition, an effort should be made to locate services (e.g., store or ATM) in the vicinity of these nodes.

#### POLICY 4.8.2

*Introduce traffic calming measures that will promote pedestrian and bicycle transportation and safety in the area.*

Often, auto-oriented street design discourages bicycle and pedestrian use along streets. New street treatments, such as bulb-outs or bicycle lanes, should be introduced to facilitate the use of these modes.

#### POLICY 4.8.3

*Provide mid-block crossings on Folsom Street (between 6th and 9th Streets) that provide pedestrians with better access to major activities and local alley networks in the vicinity.*

The provision of new, mid-block crossings will enhance the local pedestrian environment along Folsom Street. Pedestrian movement in this area has historically been limited by the relatively long blocks between north-south streets (e.g., 5th and 6th Streets).

POLICY 4.8.4

*Improve on-street transit facilities and services, providing passengers with better access to major destinations along Folsom Street.*

The operation of dependable transit services on or near Folsom Street will provide alternative means of access to this thoroughfare, reducing dependence on the automobile and its negative impacts.

POLICY 4.8.5

*Reduce roadway conflicts between transit vehicles, bicyclists and pedestrians.*

Under the Community Plan, Folsom Street will become a Transit Preferential Street, requiring that conflicts be reduced to a minimum. Existing conflicts will be studied, providing input into the development of transit improvements.

POLICY 4.8.6

*Coordinate with MTA to develop a minimum set of required pedestrian and bicycle safety improvements.*

Actions should be based on an analysis of pedestrian, bicycle and motor vehicle collisions. A requirement should be to follow Federal Highway Administration (FHWA) guidance and previous MTA pedestrian studies of high risk intersections.

Street and transit modifications to Folsom Street should be consistent with the local character of the area and designed to respond to the needs of the neighborhood. In keeping with Western SoMa Planning Principle 5, this objective seeks to serve the needs of existing residents and businesses.

OBJECTIVE 4.9

**Design Folsom Street  
consistent with local needs and desires**

POLICY 4.9.1

*Identify Folsom Street as a corridor providing connections to regional transit.*

Access to Bay Area destinations can be improved through better coordination between Folsom Street routes and regional routes and facilities in the SoMa.

It is essential that policies included in this effort are consistent with similar efforts at the city and regional levels. This objective supports Western SoMa Planning Principle 7, which focuses on providing clear community planning policies.

OBJECTIVE 4.10

**Integrate Folsom Street policies  
with other planning efforts**

POLICY 4.10.1

*Promote cooperation between agencies and programs involved in planning SoMa, consistent with the provisions of the Administrative Code.*

The involvement of all relevant agencies in the planning and development of Folsom Street corridor (from The Embarcadero to Division Street) will allow for the comprehensive coverage of all issues central to the corridor.

POLICY 4.10.2

*Work with the MTA to identify new transit needs on Folsom Street, including routes, frequencies, and amenities.*

Given the proposed changes slated for Folsom Street under the Community Plan, the Planning Department should work with the MTA to clearly define the parameters for transit service, based on existing conditions and expected land use changes.

## REGIONAL STREETS

In order to minimize the negative impacts of regional traffic flows through the Western SoMa SUD, all pass-through traffic should be channeled along streets leading to/from established freeway on-ramps/off-ramps.

### OBJECTIVE 4.11

**Restrict regional traffic to a north-south and east-west couplet of streets that directly connect to the Central Freeway**

#### POLICY 4.11.1

*Provide adequate motor vehicle capacity along regional streets.*

In order to accommodate all regional traffic on these streets, it is important that the appropriate treatments are applied to maximize roadway capacity.

#### POLICY 4.11.2

*Restrict all freight and service traffic to regional streets.*

While essential to the economic well-being of the city, the movement of freight undeniably impacts the streets upon which it is facilitated. Accordingly, freight vehicles should only be allowed to circulate on regional streets, which directly link to nearby highway facilities.

Despite their role as regional traffic streets, it is important that residents and visitors feel comfortable at all times. Consistent with Western SoMa Planning Principle 3, this objective seeks to promote safety in the public realm.

### OBJECTIVE 4.12

**Ensure a minimum level of safety on regional streets, particularly for residents and other users of the system**

#### POLICY 4.12.1

*Enhance the walking experience by introducing pedestrian and environmental improvements.*

A safe and enhanced walking environment will facilitate pedestrian movement on regional streets.

#### POLICY 4.12.2

*Develop transportation system improvements on regional streets, based on an analysis of existing and future conditions.*

To fully assess travel demand on these streets, transportation planners should conduct a multi-modal study of existing and expected conditions. This effort will need to be coordinated to include inputs from the Planning Department, the MTA, the SFCTA and DPW.

POLICY 4.12.3

*Coordinate with MTA to develop a minimum set of required pedestrian and bicycle safety improvements.*

Actions should be based on an analysis of pedestrian, bicycle and motor vehicle collisions. Requirements should follow Federal Highway Administration (FHWA) guidance and consider MTA studies of high risk intersections.

It is essential that policies included in this effort are consistent with similar efforts at the city and regional levels. This objective is consistent with Western SoMa Planning Principle 7, focusing on efforts to provide community planning.

OBJECTIVE 4.13

**Integrate regional street policies with other planning efforts**

POLICY 4.13.1

*Promote cooperation between agencies and programs involved in planning SoMa.*

The involvement of all relevant agencies in the planning and development of regional streets will allow for the comprehensive coverage of all issues central to the corridor.

**GOODS MOVEMENT**

While the movement of goods to market is an activity that serves to enhance economic development, it inevitably affects the commercial and residential areas surrounding the principal freight routes. Consistent with Task Force Planning Principles, it is imperative that the negative impacts resulting from this movement are mitigated in a way that is acceptable to the community.

OBJECTIVE 4.14

**Reduce the negative impacts of goods movement on local neighborhoods**

**POLICY 4.14.1**

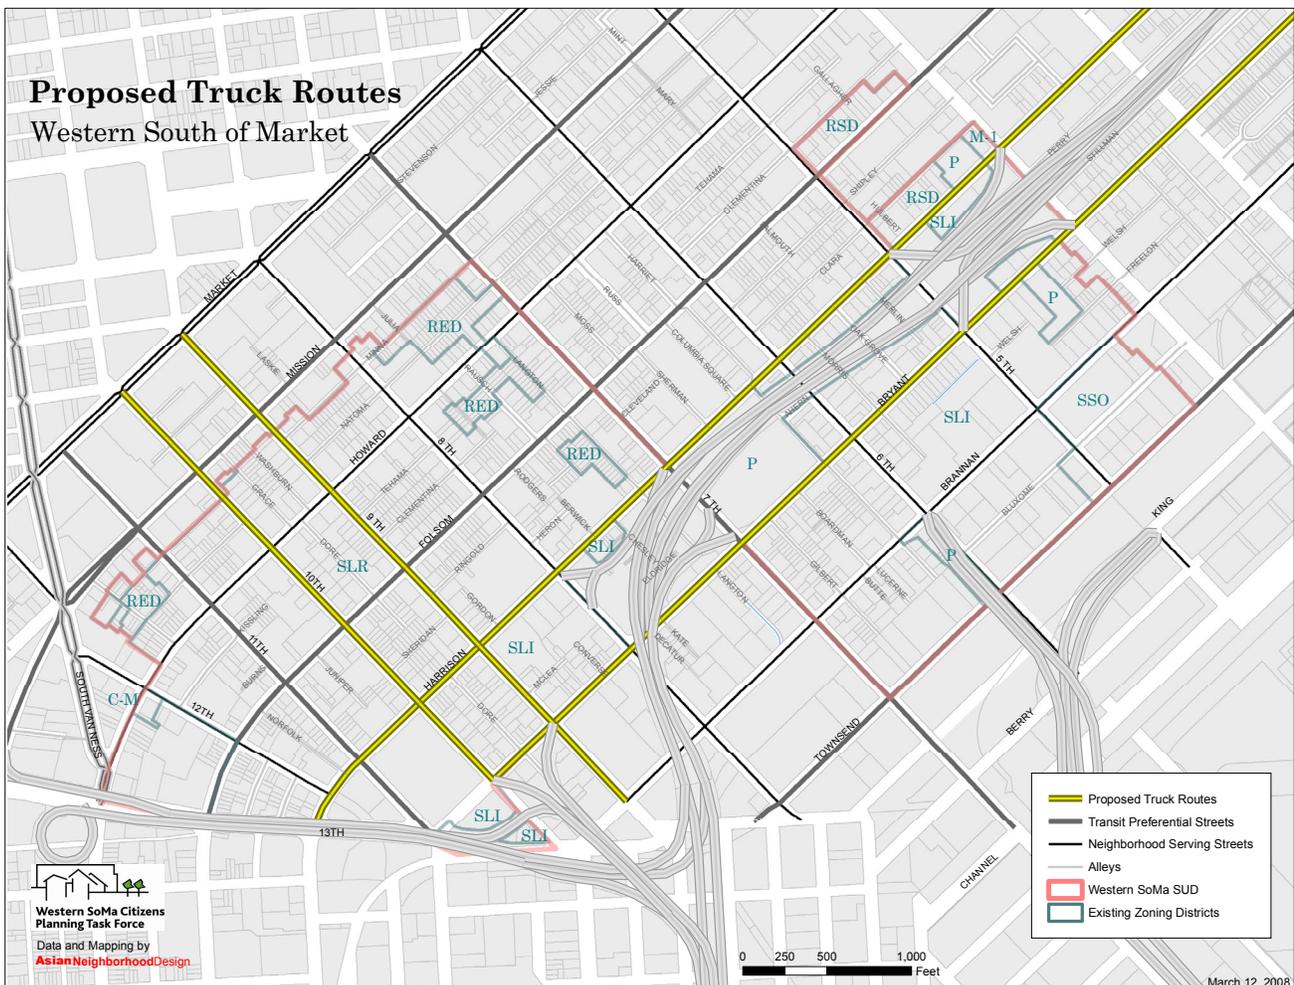

*Introduce roadside signage indicating commercial vehicle limitations within the Western SoMa SUD.*

New freeway and street signage should be introduced, clearly specifying commercial vehicle restrictions within the Western SoMa. This action will clearly communicate the need to respect neighborhood safety and limit activities to only designated streets.

**POLICY 4.14.2**

*Mitigate the undesirable effects of goods movement by limiting freight loading and unloading to designated streets at specific times of the day.*

One approach to mitigating the negative impacts of vehicle-generated noise, vibration and emissions is to restrict loading and unloading activities to specific streets and to prohibit it during late evening and early morning hours.

POLICY 4.14.3

*Strictly enforce yellow and special vehicle loading zones to facilitate deliveries and pickups at appropriate locations, and to reduce double-parking.*

In order to minimize the impacts of freight loading activities on permitted streets (e.g., additional congestion), it is essential that curb zone provisions are strictly enforced.

POLICY 4.14.4

*Provide an adequate number of curbside freight loading spaces in the Western SoMa SUD.*

In most areas of the South of Market Area (SoMa), a substantial number of freight deliveries are made in the street right of way. Often, delivery vehicles double park in areas where curbside freight loading is not available, causing problems for pedestrians, bicyclists and motorists. Adequate curbside freight loading space should be provided.

POLICY 4.14.5

*Conduct exposure assessments in sensitive areas where vehicle volumes are above acceptable levels.*

Where cumulative vehicle volumes are in excess of 100,000 vehicles per day, within a 500 foot radius of a sensitive area, a PM 2.5 exposure assessment should be required. It is important that all new development in the Western SoMa SUD provide HVAC systems with filtration.

POLICY 4.14.6

*Work with the Departments of Public Health and Building Inspection to develop new building code requirements to mitigate ambient air pollution hazards.*

New development eventually results in substantial truck traffic in localized areas. In order to reduce the levels of pollution, the Planning Department should work with these City agencies to minimize possible air quality impacts.

POLICY 4.14.7

*Ensure that noise mitigations are actively implemented.*

It is imperative that new development be designed to lessen possible noise impacts on the local area. Such requirements as the California Title 24 Noise Insulation Standards guarantee that noise levels along streets in the area are kept at acceptable levels.

Most of the commercial freight entering the city crosses the SoMa, along the freeway and local streets. Where possible, in order to maintain an acceptable level of safety, the City must manage the volume and speed of goods vehicles. In keeping with Western SoMa Planning Principle 3, this objective promotes safety.

OBJECTIVE 4.15

**Improve safety for local residents and merchants by restricting commercial vehicle traffic in the Western SoMa SUD**

POLICY 4.15.1

*Prohibit service vehicles and commercial traffic from operating in areas not designated as arterial freight routes.*

The movement of large commercial vehicles poses a significant threat to residential communities, especially where there are children involved. Commercial vehicles should be limited to regional traffic streets and kept out of all other areas.

POLICY 4.15.2

*Employ traffic calming measures, in order to mitigate the impacts of freight traffic.*

Develop and implement traffic calming measures at Western SoMa intersections that service commercial vehicles. Treatments should be aimed at slowing down these vehicles to improve safety.

POLICY 4.15.3

*Prioritize commercial vehicle intersections for traffic calming.*

Develop a set of criteria for prioritizing traffic calming measures at the Western SoMa intersections with significant volumes of commercial vehicles (e.g., along Harrison, Bryant, 9th and 10th Streets).

POLICY 4.15.4

*Reduce speeds on regional freight routes in the Western SoMa.*

In order to achieve a greater level of pedestrian and bicycle safety, commercial vehicle speeds should be reduced at freeway on/off ramps and gateways. Signage should indicate maximum speeds.

POLICY 4.15.5

*Limit pin-to-axle lengths for trucks entering two-way streets.*

In order to avoid traffic and sidewalk conflicts, no commercial vehicles over a certain wheel size should be allowed to enter a two-way street.

OBJECTIVE 4.16

**Utilize the public benefit fee package to generate revenues for financing improvements to streets damaged by truck traffic**

POLICY 4.16.1

*Develop a nexus study for evaluating the magnitude of truck impacts on street surfaces in the SoMa.*

Studies have shown that freight vehicles generate a level of pressure on roadways that disproportionately exceeds the pressure generated by smaller vehicles, i.e., leading to the deterioration of roadways. Freight and commercial vehicles should be charged a fee that can be used for road repair.

The development of an area wide goods movement plan is dependent upon ongoing coordination with other local and regional agencies (e.g., the MTA, TA, DPW, MTC), as well as with other major planning efforts, such as the Great Streets and South of Market Alley Improvements Programs, administered by the Department of Public Works; the Pedestrian Master Plan; and the Transit Effectiveness Program. This cooperation can lead to a cohesive community planning process, a major aim of Western SoMa Planning Principle 7.

OBJECTIVE 4.17

**Integrate goods movement policies with other planning efforts**

POLICY 4.17.1

*Collaborate with the MTA, SFCTA, DPW and other agencies to develop a strategy for improving the distribution of commercial vehicles in the Western SoMa.*

An efficient network of commercial vehicle routes in the Western SoMa SUD can contribute to the economic vitality of the city. The design of a comprehensive strategy for routing commercial freight vehicles in the area needs to be developed in conjunction with the MTA, the primary agency charged with overseeing street circulation and curb space.

POLICY 4.17.2

*Study ways of implementing a set of restrictions on freight traffic passing through the Western SoMa SUD.*

In order to reduce the danger of potential conflicts, it is important that freight and commercial vehicles are kept away from high density residential areas, safe routes to schools, pedestrian routes and other sensitive uses.

POLICY 4.17.3

*Work with the MTA on revising the loading zone system in Western SoMa.*

Efforts must be made to modify the system of color curbs in the area to reflect freight needs, in response to land use changes (e.g., development of Neighborhood Commercial District on Folsom Street).

TRANSIT

In order to promote sustainability, future transit vehicles should be non-polluting. This objective is consistent with Western SoMa Planning Principles that recommend mitigating to the fullest extent possible neighborhood impacts resulting from new development.

OBJECTIVE 4.18

**Promote non-polluting public transit**

POLICY 4.18.1

*Develop Folsom Street as a priority public transit corridor.*

A number of studies have explored the potential of converting Folsom Street into a two-way, community-oriented avenue, linking the Embarcadero with points west, effectively bisecting the SoMa. The provision of transit along this corridor could further enhance the livability of this pedestrian-oriented corridor.

POLICY 4.18.2

*Improve transit reliability.*

Rather than support many parallel transit lines with low to medium frequency (e.g., peak headways of more than 15 minutes), this policy focuses on establishing a dependable network of transit lines, each offering frequent service to, from and within the plan area.

POLICY 4.18.3

*Develop on-site TDM programs, with the support of a Nexus study, incorporating a variety of measures, to ensure vehicle trip reduction.*

These programs should ensure that developers apply demand management concepts, such as those put in practice in the downtown and at large employers (e.g., Levi Strauss, UC-San Francisco). These programs will need to be adjusted to address local conditions. For each building, programs should be managed through a central TDM coordinator.

POLICY 4.18.4

*Develop programs that provide TDM benefits to residential tenants.*

Residential developers should provide specialized services to building occupants. A resident-based program could effectively reduce automobile dependency and promote the use of transit and non-motorized alternative modes.

POLICY 4.18.5

*Implement public transit improvements that reduce conflicts between transit vehicles, bicyclists and pedestrians on “Transit Preferential Streets.”*

In order to ensure the safe and efficient operation of transit service in the area, the City must improve transit infrastructure and eliminate all obstructions (such as curb cuts and mid-block left turns) to the smooth flow of transit vehicles. The Transit Preferential Streets program encompasses a set of street treatments designed to improve the flow of transit vehicles through the use of better signage, segregated lanes, and other measures aimed at providing additional road space for transit.

POLICY 4.18.6

*Require that transit be modified in response to land use change.*

It has increasingly become clear that there is a close relationship between transit level of service and land use in an area, particularly as it relates to residential and commercial densities.

POLICY 4.18.7

*Apply priority treatment to streets where transit is available.*

Most surface transit in the SoMa operates in mixed traffic (with automobiles and bicycles) and consequently, is often subject to long delays, particularly near activity centers. A comprehensive, well-enforced network of exclusive bus lanes can effectively move transit quickly, shortening travel times and reducing local congestion. Also, in order to reduce conflict, bicycles should ideally be accommodated on parallel streets.

POLICY 4.18.8

*Require that transit vehicles are non-polluting.*

In order to reduce the emission levels generated by such traditional fuel sources as diesel, it is important that all new transit vehicles be non-polluting. Currently, the Municipal Transportation Agency has the goal of reducing its fleet greenhouse gas emissions to thirty percent below 1990 levels by the year 2012 and becoming 100 percent emission-free by 2020.

The entire SoMa plays an important role in the distribution of cross-city trips as well as journeys into and out of San Francisco. Future plans should consider the relative proximity of the area to major transit facilities, providing benefits to commuters, residents and travelers. This objective is consistent with a Western SoMa Planning Principle which calls for proposed land use developments to primarily serve the needs of existing residents and businesses.

OBJECTIVE 4.19

**Utilize the existing Western SoMa proximity to public transit**

POLICY 4.19.1

*Provide links to local and regional transit services.*

In general, the SoMa features a number of regional facilities, such as the Transbay Terminal, BART Stations and the CalTrain Station at 4th and King. There is a clear need for transit lines in the Western SoMa to provide direct service to these facilities.

POLICY 4.19.2

*Improve east-west transit connectivity in the area.*

Despite the existence of some east-west routes, future planning efforts should be focused on improving service frequency and reliability. New neighborhood commercial and residential developments in the Western SoMa will heavily depend on maintaining links to the downtown area to the east and the Mission District to the west and south.

POLICY 4.19.3

*Improve north-south transit connectivity in the area.*

While the Western SoMa SUD area has historically been served by a number of east-west services, the transit network has featured very few

north-south connections that directly pass through the Western SoMa SUD. A number of north-south routes zigzag, often following a north-south street for only two or three blocks.

It is important that transit policies in this Community Plan are consistent with similar efforts at the City and regional levels. In keeping with Western SoMa Planning Principle 7, this objective supports the provision of clear and simple community planning policy and zoning requirements.

#### OBJECTIVE 4.20

### **Integrate transit policies with other planning efforts**

#### POLICY 4.20.1

*Coordinate transit improvements in the Western SoMa SUD so that they are consistent with larger transit efforts.*

Currently, there are a number of transit planning efforts that are being developed by other agencies. For example, the MTA is developing its TEP to improve the quality of service and bring it into sync with recent and future land use changes.

#### PEDESTRIANS

While physical infrastructure improvements have been made to facilitate vehicle circulation in the area, only minimal improvements have been made to the pedestrian system. As a result, many streets in the area are not always easily accessed by pedestrians.

#### OBJECTIVE 4.21

### **Provide safe, efficient and pleasant pedestrian circulation in Western SoMa.**

#### POLICY 4.21.1

*Ensure convenient and safe pedestrian crossings.*

Pedestrians, especially the physically challenged, are often discouraged from crossing the street by wide roadways and traffic signals that do not provide adequate time to cross. In order to mitigate this problem, crosswalks should be improved, crossing distances shortened and signal cycles lengthened. Specific measures include the narrowing of streets, the addition of bulb-outs and ramps at some corners, and the application of zebra crossings at intersections.

POLICY 4.21.2

*Improve sidewalk lighting to ensure safety and security.*

Many streets and alleyways in the plan area are poorly illuminated at night, discouraging pedestrians and bicyclists from using them. Poorly lit areas are often perceived as dangerous and are avoided. Better lighting can improve pedestrian safety and restore confidence to pedestrians and local businesses.

POLICY 4.21.3

*Create safe pedestrian and bicycle routes to community facilities.*

In order to ensure the safety of key sectors of the community, including children and seniors, it is imperative that safe routes be designed for access to and from important community facilities in the area.

POLICY 4.21.4

*Maintain the physical state of streets and sidewalks.*

There are a number of roadways and sidewalks that are in poor physical condition, with holes and cracks that present a potential danger to pedestrians. A program to fix these gaps and fissures should focus on improving and maintaining these facilities.

POLICY 4.21.5

*Slow traffic on streets adjacent to the freeway.*

High vehicle speeds on nearby streets pose a serious threat to the safety of all pedestrians crossing these streets. A program is needed to both set speed limits at neighborhood-friendly levels and add traffic calming measures to slow traffic.

POLICY 4.21.6

*Prohibit the provision of multiple left-turn lanes at all intersections.*

Within the plan area, some intersections feature two or more left-turn traffic lanes, creating safety concerns for pedestrians crossing the street. Often, motorists turn quickly to avoid oncoming traffic, and do not wait for pedestrians in the crosswalk.

POLICY 4.21.7

*Prohibit free right turns off of freeways onto adjoining streets.*

In the vicinity of the plan area, pedestrians have been severely injured by motorists unwilling to fully stop at an intersection controlling traffic coming off a freeway. If free rights are prohibited, pedestrians will feel more at ease crossing at these intersections.

POLICY 4.21.8

*Designate mid-block crossings in areas of high pedestrian traffic.*

East of Eighth Street, most blocks are longer than 500 feet, requiring that pedestrians walk a significant distance to cross the street at an intersection. This situation is especially critical where there is significant commercial activity on the street, or where alleyways cross at mid-block.

POLICY 4.21.9

*Improve pedestrian safety at freeway underpasses and ramps.*

Freeway-related facilities, such as underpasses and ramps, introduce a set of hazards to the pedestrian, particularly in such high volume areas as the Western SoMa. While many of these facilities are accessed by the public, vehicle speeds are often high, presenting an immediate danger to the pedestrian wishing to access them. In addition, areas around these facilities are often dark at night, further raising concerns of safety and security.

In order to develop a multimodal transportation network in the Western SoMa, it is imperative that pedestrian-related policies are consistent across city and regional agencies. This objective supports Western SoMa Planning Principle 7, providing for clear and simple community planning policies and zoning requirements.

OBJECTIVE 4.22

**Integrate pedestrian policies with other planning efforts**

POLICY 4.22.1

*Coordinate pedestrian improvements so that they are carefully integrated with other transportation projects in the area.*

A number of planning efforts are currently underway in the Western SoMa and surrounding areas. Pedestrian improvements should be coordinated in conjunction with these projects, and with such efforts as the Department of Public Works Great Streets and South of Market Alley Improvements Programs. In addition, facilities should be improved to provide more convenient access to key destinations as well as to other transportation modes.

Pedestrians are often discouraged from walking down streets that are not visually pleasing or that present barriers. Clear, open sidewalks, as well as attractive street frontages attract pedestrians, and other transportation users. In addition, an improved street ambience promotes walking. This objective is consistent with Western SoMa Planning Principle 13, seeking to maximize general environmental quality and health.

OBJECTIVE 4.23

**Improve the ambience of the pedestrian environment**

POLICY 4.23.1

*Integrate pedestrian space with compatible land uses.*

Design pedestrian facilities so that they blend in well with surrounding land uses. In order to avoid potential conflicts, auto-oriented uses should be avoided where possible.

POLICY 4.23.2

*Create a visible pedestrian network that connects to other areas.*

It is important that pedestrian facilities not only feature connections within the area, but also links to surrounding areas (e.g., Downtown, East SoMa, Showplace Square, Mission and Market-Octavia). A network of wayfinding signage should be introduced to help orient the pedestrian.

POLICY 4.23.3

*Develop Folsom Street as a pedestrian-oriented transit corridor.*

In an effort to better accommodate pedestrians accessing local businesses on Folsom Street, planners have explored the concept of converting it into a two-way, community-oriented avenue that bisects the SoMa. The San Francisco County Transportation Authority published a Strategic Analysis Report on the feasibility of redesigning Folsom. Projects include the application of street calming options, the introduction of sidewalk improvements, a bus rapid transit (BRT) service, and pedestrian and bicycle improvements.

POLICY 4.23.4

*Require context-specific pedestrian environmental analysis and countermeasure plans for all development projects.*

The inclusion of environmental analysis and relevant plans will ensure that residential and commercial development projects adequately address site-specific, pedestrian access issues.

## BICYCLES

The bicycle plays an important role in the transportation system of San Francisco as not only a healthy alternative that is easily accessible to most individuals, but also as a non-polluting alternative to the private automobile. This objective supports Western SoMa Planning Principle 3, promoting safety in all areas of the public realm.

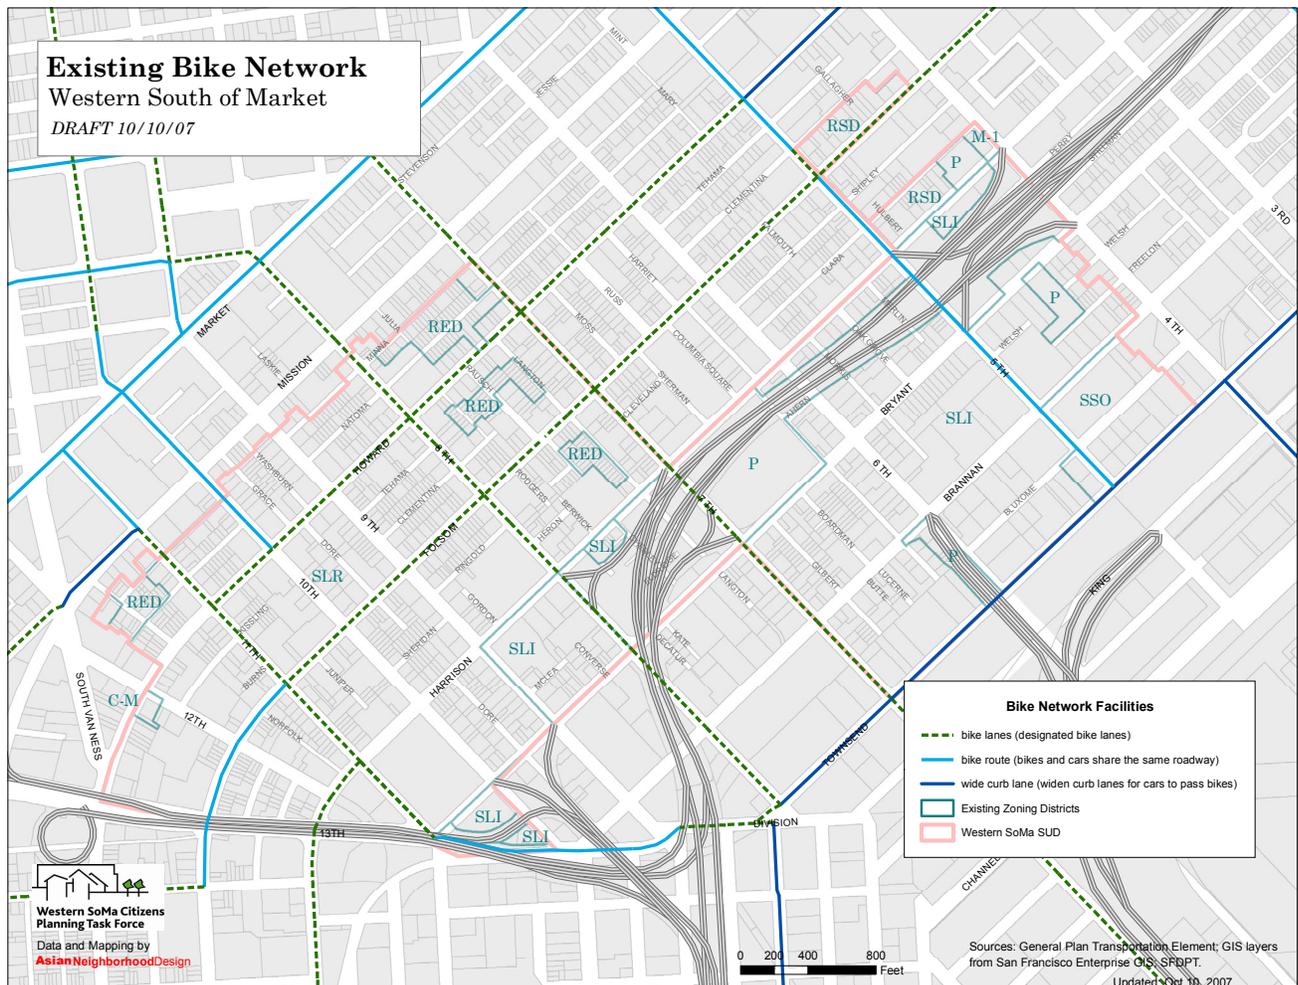

### OBJECTIVE 4.24

**Ensure that bicycles can be used safely and conveniently as a primary transportation mode and for recreational purposes**

#### POLICY 4.24.1

*Improve bicycle access in the Western SoMa.*

In order for the bicycle to reach its full potential as a key component of the transportation system, it is essential that an easily accessible network of bicycle routes and paths is fully maintained.

POLICY 4.24.2

*On specific streets, implement physical roadway treatments that will improve overall bicycle safety.*

On streets that are currently being targeted for bicycle improvements, it is essential that planners continuously design and implement road treatments that will effectively slow vehicle traffic and give a higher level of comfort to bicyclists. For example, improvements should include the introduction of colored bicycle lanes, wider curbside lanes, and improved bicycle signage (on streets with bicycle lanes or routes).

POLICY 4.24.3

*Prohibit multiple left turn lanes and free right-turn lanes.*

Within the plan area, some intersections feature two or more left-turn traffic lanes, creating safety concerns for bicyclists at intersections. In addition, bicyclists have been injured by motorists unwilling to fully stop before turning right on a red traffic light. If these movements are carefully controlled, bicyclists will feel more comfortable.

It is important that local residents are provided easy access to other areas of the City and region. Many of these residents either work in other areas, or frequently travel outside of the neighborhood for many different purposes.

OBJECTIVE 4.25

**Improve bicycle access to other areas of the city and the region**

POLICY 4.25.1

*Improve direct routes between Western SoMa and other parts of the city.*

In some areas, bicycle routes are not continuous due to street obstructions. Efforts should be made to complete the route network by filling these gaps.

POLICY 4.25.2

*Accommodate bicycles on streets parallel to the freeway.*

Since bicycles are prohibited on the freeway, it is essential that they are given access to parallel bicycle routes in the immediate vicinity. It is essential that bicycle policies included in this effort are consistent with similar efforts at the city and regional levels. To avoid duplication of efforts and conflicting actions, interagency coordination is essential. This

objective supports the provision of clear and simple community planning policy and zoning requirements.

#### OBJECTIVE 4.26

### **Integrate bicycle policies with other planning efforts**

#### POLICY 4.26.1

*Coordinate bicycle plans in Western SoMa to be consistent with the recommendations coming out of the City Bicycle Plan.*

The Bicycle Plan sets a policy framework and an implementation program for improving bicycle planning in San Francisco. Local plans should be planned accordingly, in order to take advantage of the funding opportunities set forth in the Bicycle Plan.

#### AUTOMOBILES

In general, the availability of parking tends to promote use of the automobile, especially where it is provided at low cost. The Transportation Element encourages the use of transit and other transportation modes as a way of minimizing the impacts of increased vehicle trips. In essence, this objective seeks to mitigate neighborhood impacts resulting from new development.

#### OBJECTIVE 4.27

### **Establish parking policies that improve neighborhood livability, vitality, and environmental quality by reducing private vehicle trips and supporting walking, cycling and public transit use**

#### POLICY 4.27.1

*Adopt the same parking maximum policies that were applied in the Eastern Neighborhood Plan.*

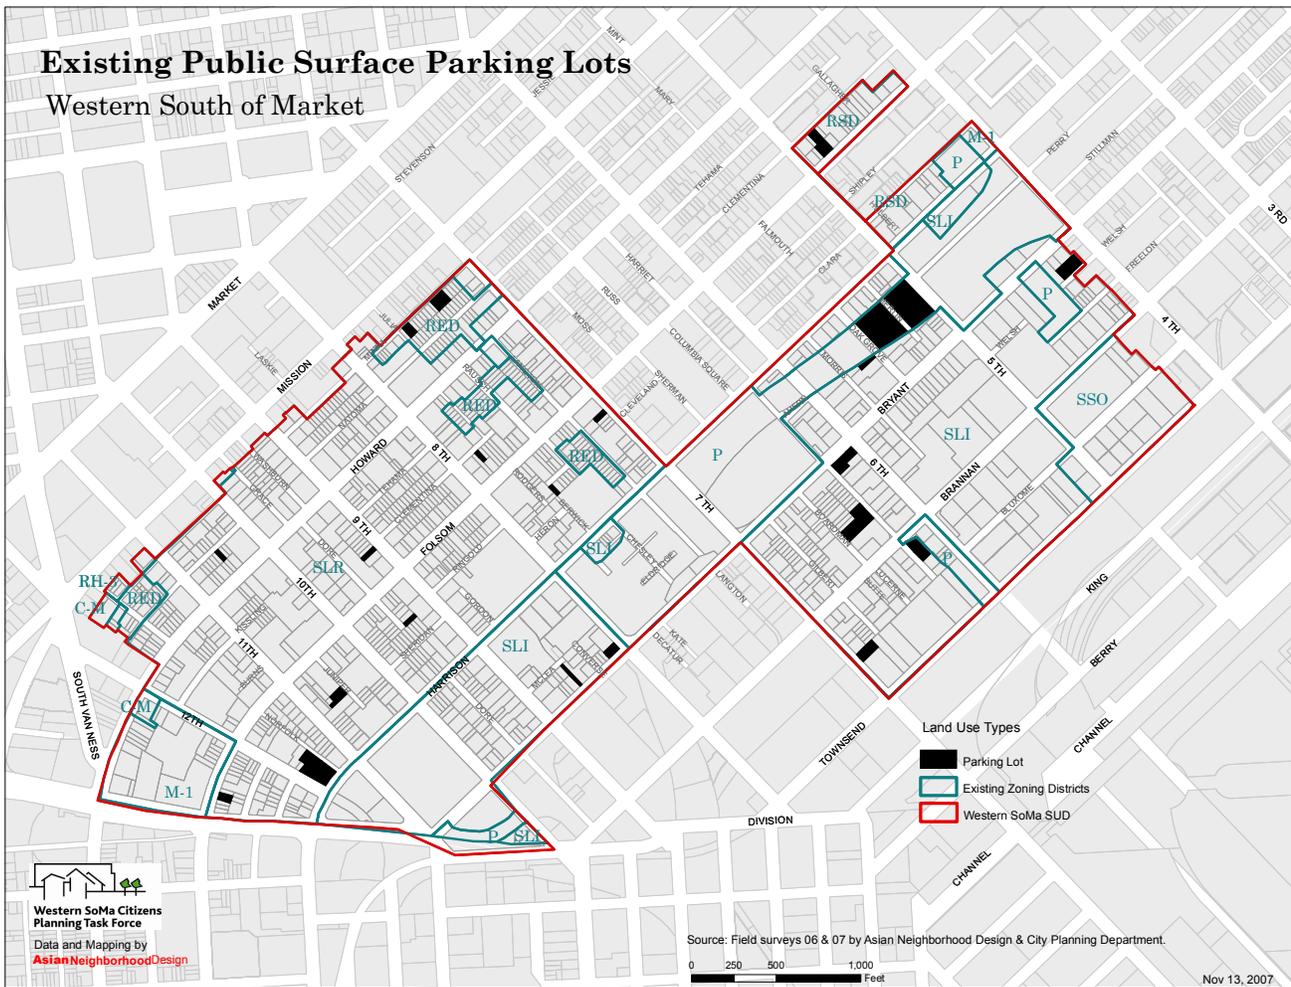

#### POLICY 4.27.2

*Discourage commuter parking in the Western SoMa.*

Long-term parking normally attracts workers seeking to park near the work place. In contrast, the provision of short-term parking normally ensures a high turnover of spaces, reducing the pressure (on motorists) to find parking, and, in turn, reducing vehicle trips.

#### POLICY 4.27.3

*Retain on-street parking whenever possible, except where necessary to improve pedestrian, bicycle, and transit access and safety.*

Only in certain cases should on-street parking be eliminated on major streets to improve access to transit and non-motorized modes of transportation. Benefits of on-street parking include horizontal separation between the roadway and the sidewalk, and support for neighborhood-serving businesses.

**POLICY 4.27.4**

*Price on-street parking on regional and neighborhood-serving streets to create available spaces at most times, encourage parking turnover, and reduce the number of vehicles circulating in the neighborhood.*

Numerous studies have shown that the pricing of vehicle parking is one of the most effective strategies to reduce parking demand, and consequently reduce the use of the single-occupant automobile.

**POLICY 4.27.5**

*Establish residential permit zones on residential enclave streets to prioritize parking for residents.*

It is important that these enclave areas primarily serve local residents. This policy effectively restricts outside vehicles from parking along these streets.

POLICY 4.27.6

*Promote a Charter Amendment and changes to State law that would enable the City to dedicate some portion of parking meter and permit zone revenues to fund pedestrian, bicycle, transit and streetscape improvements in Western SoMa and the other Eastern Neighborhoods.*

The effective enforcement of parking meters and permit zones can generate a steady flow of revenue to the city. Consistent with the Transit First policy, these revenues should go toward the improvement of alternative modes to the car.

POLICY 4.27.7

*Make Western SoMa consistent with Eastern Neighborhoods parking standards.*

In many central cities, parking standards actually promote the use of the private vehicle by requiring that developers provide at least one off-street parking space per residential unit or commercial area.

POLICY 4.27.8

*Promote the unbundling of parking from new housing.*

Most residential developers include parking in the overall cost of a housing unit. If parking is priced separately, however, per unit costs decrease and housing is more affordable. Given the choice, many residents may opt not to buy parking. In order to ensure transparency in how parking costs are unbundled from housing costs, new residential development should submit parking charges to the Planning Department.

Travel demand management is an effective tool for controlling the number of vehicle trips made. It comprises a set of low cost measures designed to make better use of the existing transportation infrastructure, i.e., reducing the need for an automobile. This objective also supports Western SoMa Planning Principle 1.

OBJECTIVE 4.28

**Reduce the negative impacts of vehicle trips on Western SoMa SUD by encouraging the use of alternative modes of transportation**

POLICY 4.28.1

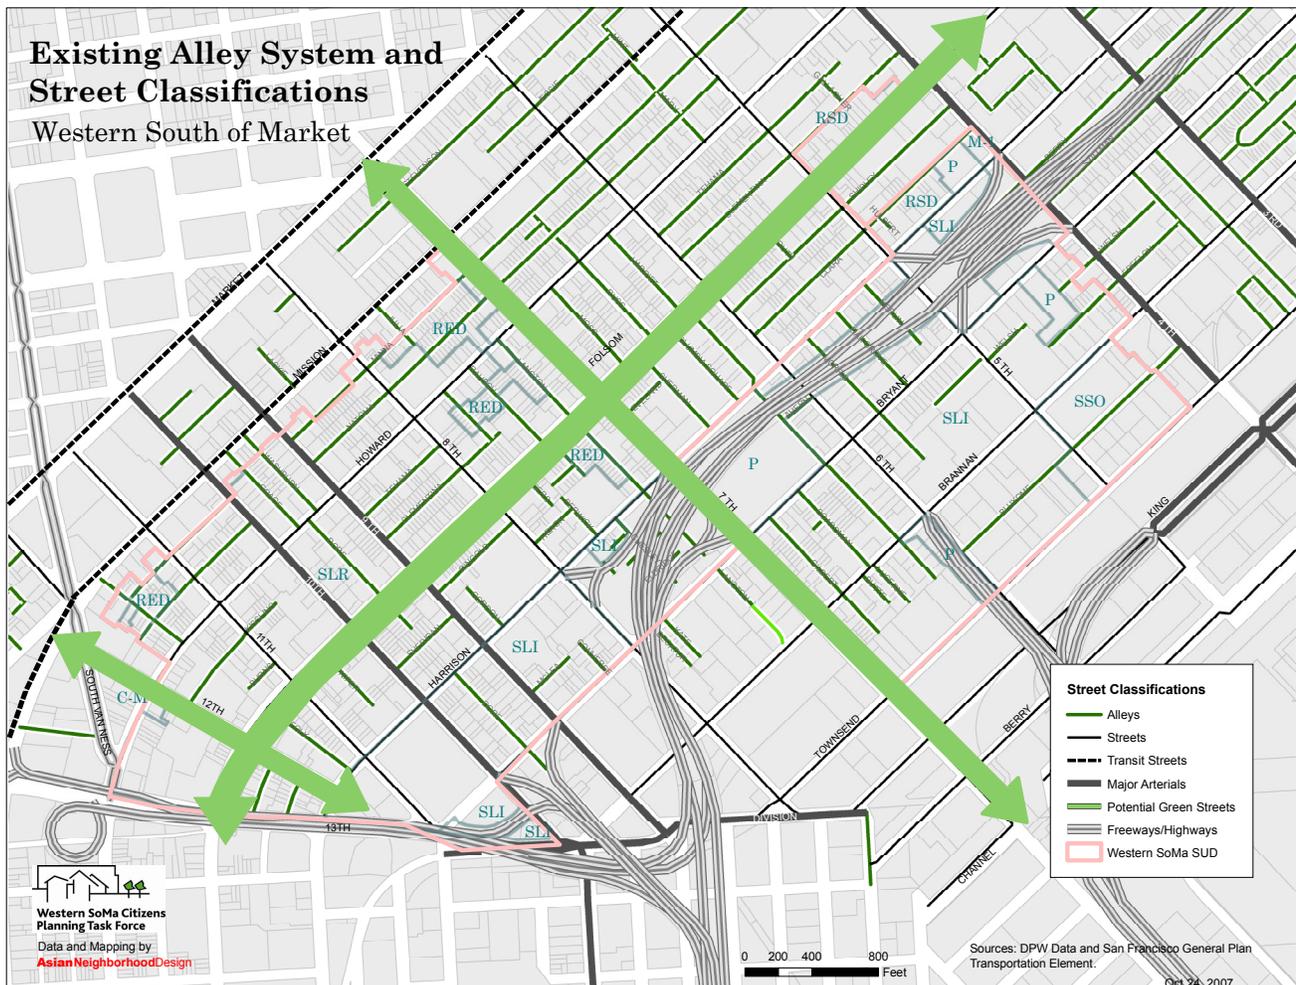

*Contain and lessen the local traffic and parking impacts of businesses by implementing a set of employer-based TDM measures.*

Normally, businesses produce greater traffic and parking impacts on residential areas unless efforts are made to accommodate employment growth. One way to achieve this is to promote on-site TDM programs at new businesses. These programs include a wide variety of measures, such as rideshare matching, car sharing, subsidized transit passes, emergency ride home, bicycle parking, showers, and alternative modes information.

POLICY 4.28.2

*Promote walking and other non-motorized modes to and from designated Neighborhood Commercial districts and other major destinations in the Western SoMa SUD.*

Another way of reducing automobile use is to promote non-motorized travel modes. An improved walking environment will facilitate pedestrian

traffic. A number of measures can be introduced to reduce vehicle speeds and improve the local environment, such as the introduction of mid-block crossings, bus bulbs, street narrowing, and sidewalk widening, as well as safety programs.

POLICY 4.28.3

*Reduce, relocate or prohibit auto-oriented facilities situated on streets served by local transit services.*

The principal function of the Transit Preferential Streets program is to provide facilities that ensure the timely movement of transit riders along major transit corridors. Auto-oriented uses often work against the objectives of the Transit First policy.

Presently, the SoMa is an area under threat from high regional traffic volumes and fast vehicle speeds, primarily along the freeway and connecting streets. In order to ensure an acceptable level of safety, emphasis must be placed on managing vehicle volumes and speeds to better suit the concerns of the neighborhood. This objective is in line with Western SoMa Planning Principle 3, which promotes safety in all areas of the public realm.

OBJECTIVE 4.29

**Maintain San Francisco as a principal regional destination without jeopardizing the livability of the SoMa**

POLICY 4.29.1

*Reduce speeds on arterials leading to/from the freeway.*

In order to achieve a greater level of safety, vehicle speeds in the local vicinity should be reduced. At freeway on/off ramps, gateway treatments (e.g., special signage) could remind the motorist that he/she is entering a residential neighborhood.

POLICY 4.29.2

*On specific streets, implement intersection treatments that improve pedestrian and bicycle safety.*

It is essential that planners design and implement intersection improvements that slow the flow of vehicle traffic and provide a higher level of safety at intersections.

POLICY 4.29.3

*Develop a set of traffic-calmed zones.*

One approach to slowing local traffic is to create specific speed zones that encompass residential and mixed-use enclaves located on small streets and alleyways. Speeds could be lowered to 20 (miles per hour) on the former and 15 on the latter. New mid-block paths could connect parallel streets, and crossings could link small streets (across wide streets). Other traffic calming strategies could include curb extensions; speed humps and tables; street closures and roundabouts.

POLICY 4.29.4

*Prohibit intersection turn movements that endanger pedestrians and bicyclists.*

Within the plan area, some intersections feature two or more left-turn traffic lanes, creating safety concerns. The elimination of these movements at neighborhood intersections will reduce potential conflicts and improve intersection safety.

POLICY 4.29.5

*Regularly monitor changes in the level of safety on local streets.*

One way to manage traffic speeds and increase safety is to regularly survey roadway conditions in the area (e.g., chart the number and location of pedestrian, bicycle and vehicle collisions). Where justified, introduce traffic calming measures that can effectively improve the quality of the neighborhood.

While many of the suggested transportation improvements can be funded through identified sources, including state and local funds, the development of a well structured public benefit package will ensure a steady stream of investment in transportation into the future. This objective is consistent with a Western SoMa Planning Principle which calls for new land use development to primarily serve the needs of existing residents and businesses.

OBJECTIVE 4.30

**Develop a public benefit package that will generate revenues for financing transit, bicycle and pedestrian improvements over the long-term**

POLICY 4.30.1

*Develop a fee that is based on the amount of parking provided.*

The existing Transit Impact Development Fee (TIDF) generates revenue from commercial building square footage. In the SoMa, where parking is abundant, there is an opportunity to levy a fee on the amount of parking provided to mitigate traffic impacts.

It is important that auto-related policies are consistent across City and regional agencies. This objective supports a Western SoMa Planning Principle that seeks to provide simple community policies and zoning recommendations.

## Urban Design and Built Form

The objectives, policies and implementing actions of the Urban Design and Built Form section of the Western SoMa Community Plan are intended to maintain and enhance an urban environment and diversity of uses that is unique to South of Market while still allowing for infill development, enhanced potential and incremental growth.

Both daytime and nighttime users of Western SoMa – visitors, residents and workers – enjoy the fine-grained fabric of the alleys and appreciate the subtleties of its larger streets. For decades the livability of the community has been maintained by individual business owners and neighbors who created a unique mix of uses. They set back their buildings and brought green to the alleys, reused existing warehouses for a myriad of jobs and arts activities and adjusted to potentially incompatible uses with varying degrees of success.

### OBJECTIVE 5.1

#### **Reinforce the diversity of the existing built form and the warehouse, industrial and alley character**

This plan respects the mix of uses and building types and enhances the livability for young, old, families, individuals and workers. The Plan recommendations build on the success of living and working in the neighborhood, acknowledges a type of healthy development that can take place on the busy regional-serving streets and creates a new neighborhood commercial transit corridor.

It develops an approach to the larger development sites that adds additional alleys to knit together the fabric of Western SoMa, provides publicly accessible green space, community gathering places and other amenities. The Plan builds on and when necessary creates rear yard patterns for residential development to share aggregated benefits and encourages enforcement of alley design standards that maintain the hierarchy of development patterns. In short, this Plan tries to build on what is here and promotes environments that support jobs, housing and the diversity of uses.

**POLICY 5.1.1**

*Promote, preserve and maintain the mixed use character of Western SoMa's small scale commercial and residential uses.*

**POLICY 5.1.2**

*Encourage historic district and landmark designations throughout the Western SoMa SUD.*

Based on the number of both historic and social heritage resources (i.e., cultural resources), the community is supportive of creating new social heritage districts in this neighborhood. The Western SoMa Citizens Planning Task Force is also proposing two Social Heritage Special Use Districts.

**POLICY 5.1.3**

*Encourage and support the preservation and adaptive re-use of historic and social heritage neighborhood resources.*

The Complete Neighborhood Fabric Committee of the Western SoMa Task Force in August 2007 approved the goal of preservation of social heritage, using the following approaches to preserve Lesbian, Gay, Bisexual, Transvestite and Queer (LGBTQ) and Filipino assets in the neighborhood. The Filipino American Foundation has identified more than 25 historic sites, buildings, and objects as well as proposed boundaries to establish a Filipino social heritage district. The Foundation has been working on this project for several years and has the support of various agencies.

The proposed Filipino district highlights the long-standing cultural institutions in the neighborhood as they have served as places of worship, for community services, for arts expression, and as sites for cultural activities and events in the same manner a plaza would function in the Philippines. The district includes several sites that host folkloric events, and streets named after Philippine national heroes.

San Francisco became the first city in the USA where sexuality became the basis for mobilizing for community rights. A distinctive subgroup of male homosexuals began to gather in this area in the late 1940s. The group was referred to as “leather.” By late 1970, South of Market had become one of the most extensive and densely occupied leather neighborhoods in the world and South of Market had become the most significant local gay neighborhood along with Polk and Castro. There is significant documentation recognizing sexually-based historic resources that have made a significant contribution to the broad patterns of the history of our country as well as the history of San Francisco.

Numerous field surveys and databases have already documented historical resources, buildings, and housing known or generally acknowledged to be social heritage resources in the SoMa. Some of these surveys and

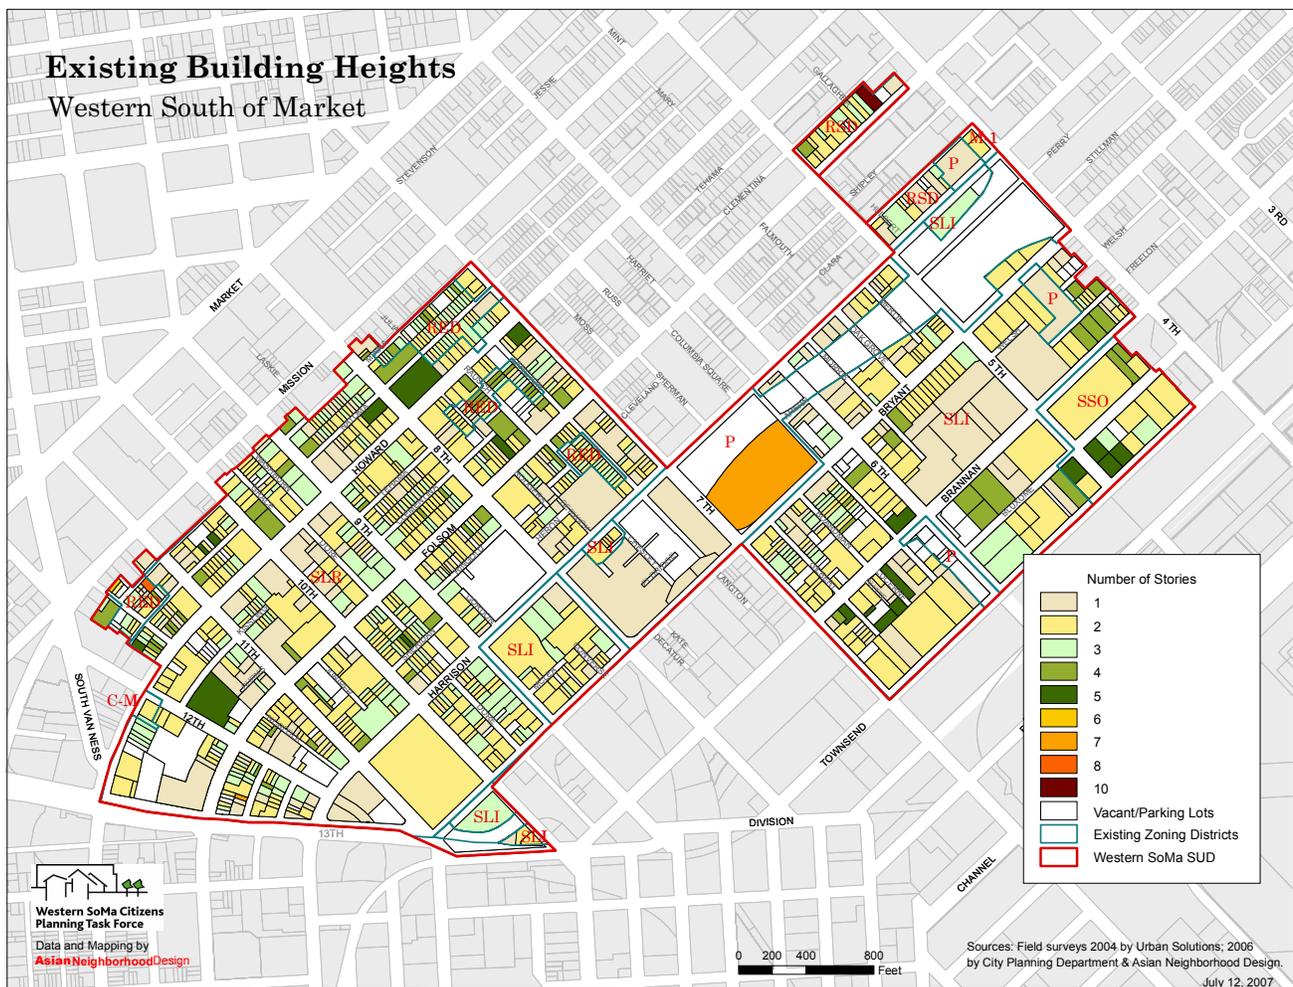

additional Western SoMa Task Force research includes documentation of known LGBTQ assets. At an individual building level, historic surveys document buildings by age, or by type, or by having recognized national and local ratings.

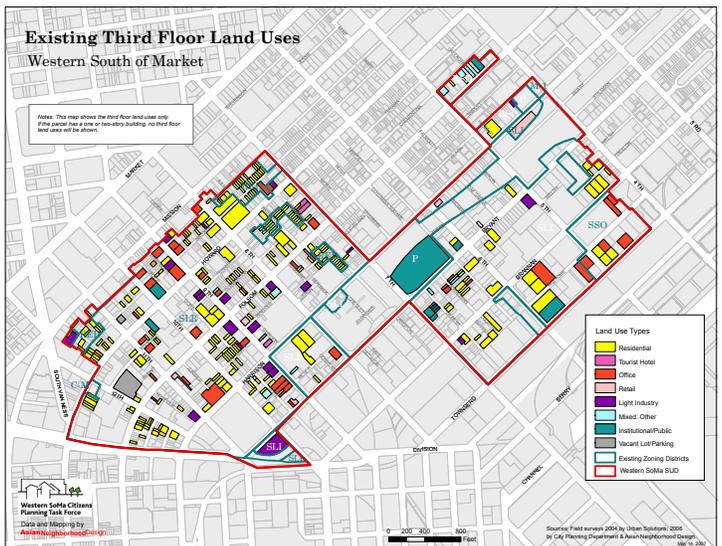

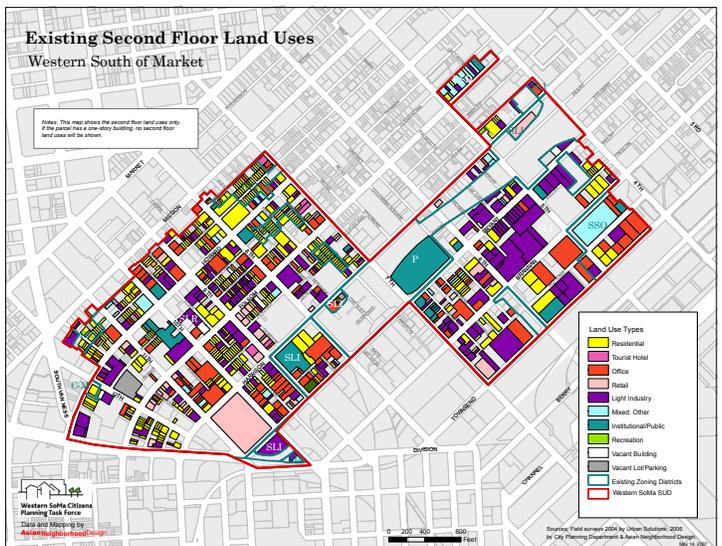

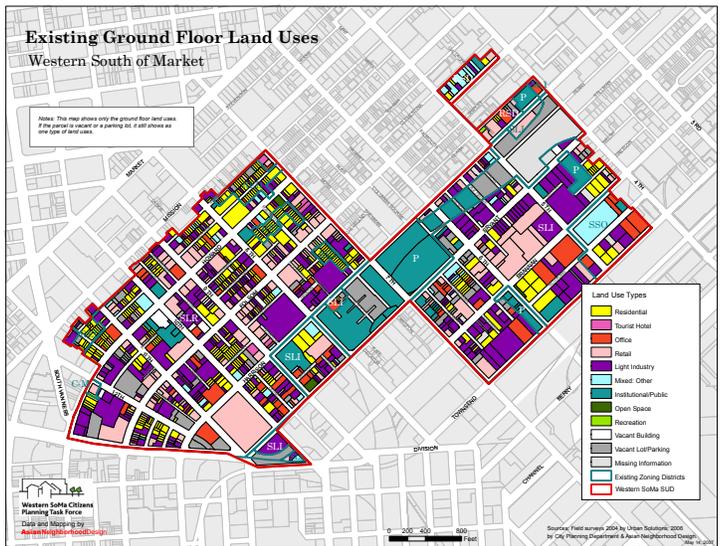

**POLICY 5.1.4**

*Continue to develop and codify a clear and coherent historic resource adaptive re-use program for the Western SoMa SUD that reinforces and builds on the Secretary of the Interior adaptive re-use standards.*

There are hundreds of Western SoMa buildings that have been identified in the Historic Preservation Commission’s 2011 survey as being potentially significant resources.

The next step in the development of a local adaptive re-use program that will serve the long term needs of San Francisco in the context of the U.S. Secretary of the Interior standards needs to be undertaken and funded. The first phase of developing an analysis of best practices and identifying

The maps on these two pages clearly establish that the existing built environment of the Western SoMa SUD consists almost entirely of one, two and three story buildings.

building typologies has been initiated and completed for the Western SoMa SUD. The consideration of adaptive reuse and new construction in the context of historic resources are covered in two chapters of the Western SoMa Design Standards.

POLICY 5.1.5

*Encourage residential open space in required yards within the designated Western SoMa SUD Residential Enclave Districts.*

POLICY 5.1.6

*Encourage a mix of uses rather than mixed use developments.*

In recognition of the diverse uses in the Western SoMa, and that some of these uses may be incompatible within the same building, there are opportunities to retain a mix of uses if appropriate buffers between uses are used to maintain incompatible uses in near proximity to one another.

POLICY 5.1.7

*Develop design standards that preserve the industrial character of the larger streets, the mixed industrial/residential character of the RED-mixed areas and the residential character of the REDs.*

OBJECTIVE 5.2

**Promote environmental sustainability**

The City of San Francisco has a broad range of policies and programs aimed at decreasing the consumption of energy and natural resources. Currently, the City of San Francisco sets the local green building example by requiring all new municipal construction and major renovation projects to achieve a LEED Silver certification from the US Green Building Council. The City also has a variety of green building priority permitting programs for projects that greatly exceed required green building performance standards in Chapter 13 C of the SF Building Code..

Currently, composting and recycling service is required by all San Francisco businesses and residences by the 2009 Mandatory Recycling and Composting Ordinance. In addition, all new developments in the City are required by Chapter 13C of the SF Building Code to provide for adequate space for the storage and collection of three-streams of waste. These requirements should be enforced on new residential and commercial uses in the Eastern Neighborhoods.

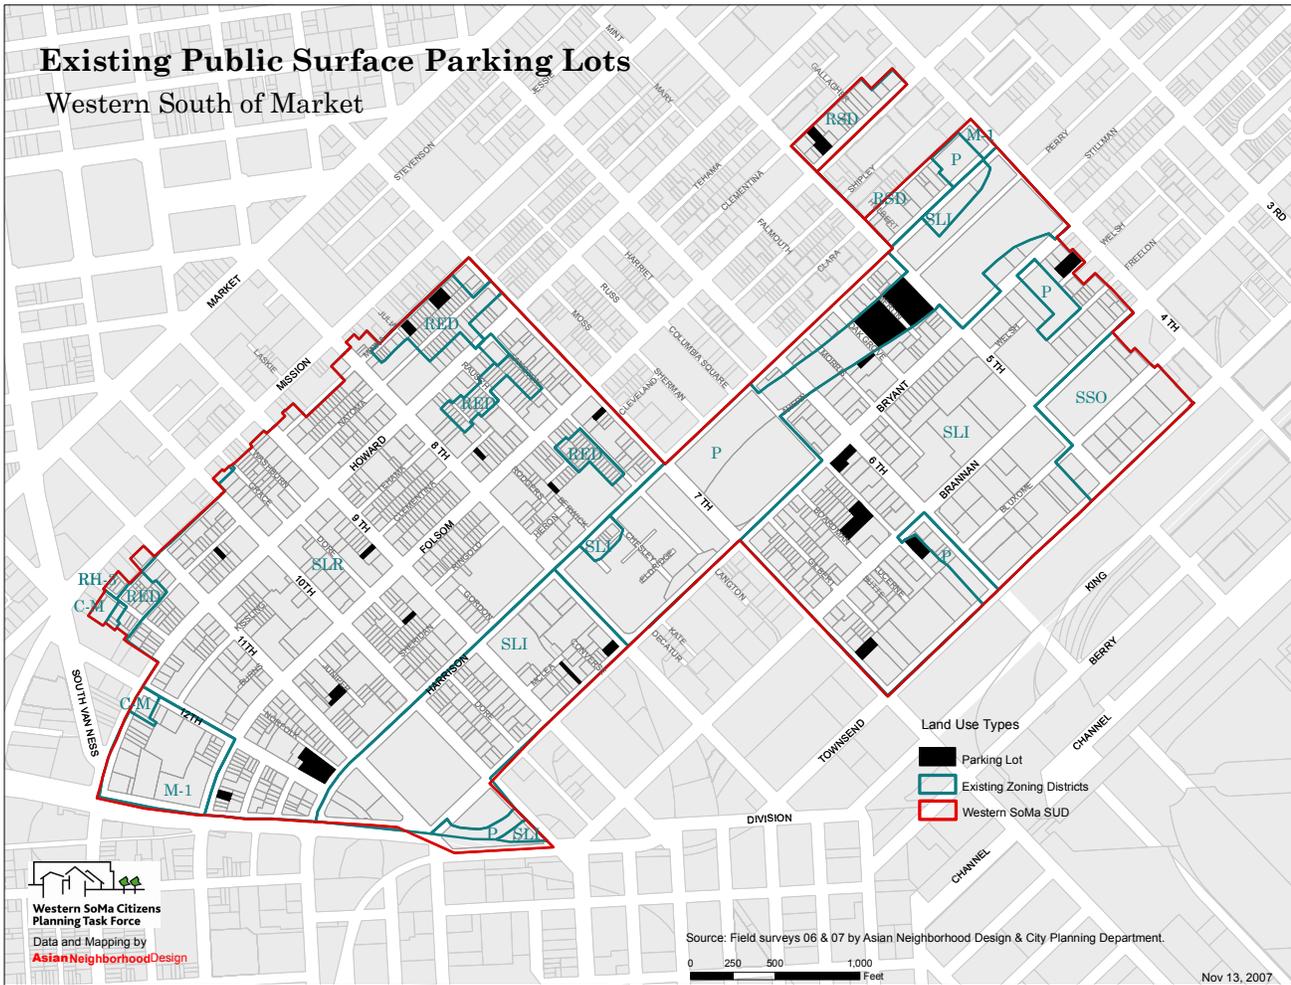

POLICY 5.2.1

*Fully support and integrate into the Western SoMa SUD the environmental policies embodied in green building legislation.*

POLICY 5.2.2

*Require new development to meet minimum levels of “green” construction.*

The laws of the City of San Francisco and the State of California require a large percentage of construction debris to be diverted from landfills. The State of California, through its California Integrated Waste Management Act of 1989, Assembly Bill 939 (AB 939), requires that each local jurisdiction in the state divert 50 percent of discarded materials (base year 1990) from landfill. The San Francisco Construction and Demolition Debris Recovery Ordinance (adopted in February of 2006) require a minimum of 65 percent diversion from landfill of mixed construction and demolition debris. Furthermore, in 2002 the San Francisco Board of Supervisors adopted Resolution No. 679-02, setting a goal of 75 percent diversion from landfill by 2010 and promoting the highest and best use of recovered materials and authorizing the Commission on the Environment to adopt a zero waste goal, which it set to achieve by 2020. Lastly, Chapter 13C of the SF Building Code establishes LEED Silver level as the standard for new commercial and high-rise (i.e. >75' to the highest occupied floor) building

projects, which can include the goal of diverting 75 percent of construction and demolition debris from landfill for each project.

**POLICY 5.2.3**

*Require mandatory targets for certain components of the rating systems, specifically, 5 percent to 10 percent of material re-use for development projects, 100 percent diversion of all non-hazardous construction and demolition debris for recycling and/or salvage, 10 to 25 percent onsite renewable generation, water efficient landscaping to reduce potable water consumption for irrigation by 50 percent, and maximize water efficiency within buildings to reduce waste water by 30 percent.*

**POLICY 5.2.4**

*Encourage sensitive building use, design and alley guidelines to maximize solar access to all designated Residential Enclave Districts and existing rear yard patterns found elsewhere in the Western SoMa SUD.*

POLICY 5.2.5

*Require new development to adhere to a new performance-based ecological evaluation tool to improve the amount and quality of green landscaping.*

POLICY 5.2.6

*Existing surface parking lots and off-street loading areas should be retrofitted to minimize negative effects on microclimate and stormwater infiltration. The San Francisco Stormwater Master Plan, upon completion, will provide guidance on how best to adhere to these guidelines.*

The San Francisco Recycled Water Ordinance (Public Works Code, Article 22) requires certain new development be dual-plumbed to allow for use of recycled water for certain uses such as landscape irrigation. New development in Western SoMa is subject to this ordinance. The new performance based planning tool, also known as the Green Factor, will require all new development meets a defined standard for on-site water infiltration, and will offer developers substantial flexibility in meeting the standard.

POLICY 5.2.7

*The City should explore how to provide strong incentives that would encourage the retrofit of existing parking areas and other paved areas to meet the guidelines in Policy 5.2.6.*

POLICY 5.2.8

*Enhance the connection between building form and ecological sustainability by promoting use of renewable energy, energy-efficient building envelopes, passive heating and cooling, and sustainable materials.*

POLICY 5.2.9

*Compliance with strict environmental efficiency standards for new buildings is strongly encouraged.*

POLICY 5.2.10

*When soil conditions allow, the use of open pavers (porous pavement materials) on drives, sidewalks, parking lots and plazas should be required.*

OBJECTIVE 5.3

**Promote walking, biking and an active urban public realm**

**POLICY 5.3.1**

*Respect public view corridors. Of particular interest are the east-west views to the bay or hills, and several views towards the downtown.*

**POLICY 5.3.2**

*Require high quality design of street-facing building exteriors.*

**POLICY 5.3.3**

*Minimize the visual impact of parking.*

**POLICY 5.3.4**

*Strengthen the relationship between a building and its fronting sidewalk.*

**POLICY 5.3.5**

*Strengthen the pedestrian and bicycle network by extending alleyways to adjacent streets or alleyways wherever possible, or by providing new publicly accessible mid-block rights of way.*

**POLICY 5.3.6**

*Require that all development in the Western SoMa include all feasible measures to prevent or minimize wind downdrafts and other adverse wind effects on sidewalks and plazas.*

**MINNA/NATOMA PRIORITY ALLEY DESIGN ALTERNATIVES**

## URBAN DESIGN/BUILDING HEIGHT ANALYSIS

**Methodology:** The analysis considered existing fabric and scale of the neighborhood to analyze urban design and heights. This approach is not a from-the-skyline-down “urban form” analysis

**Existing Height Limits:** add/decrease where appropriate

### Criteria:

Key Transit / Commercial Corridors (create a case for each)

Folsom Street

Townsend Street

North-South Corridors:

Proximity to key transportation on/off ramps 10th, 9th, 6th Streets

Distance from RED Clusters

Corners on Arterials

Larger Sites / Parcel Scale

Prevailing Building Heights in Residential Clusters

### Controls and Limitations

#### Criteria:

Open Space / Proximity to Park

Street Widths on Alleys - 1:1 ratio

Existing Building Heights

Solar Access-Taller on North Side/Shorter on South Side

Wind Tunnel - Southeasterly Winds

Noise - From Traffic at Freeway ramps

Historic Resource Sites-(adaptive re-use)

Zoning and Existing Land Use patterns

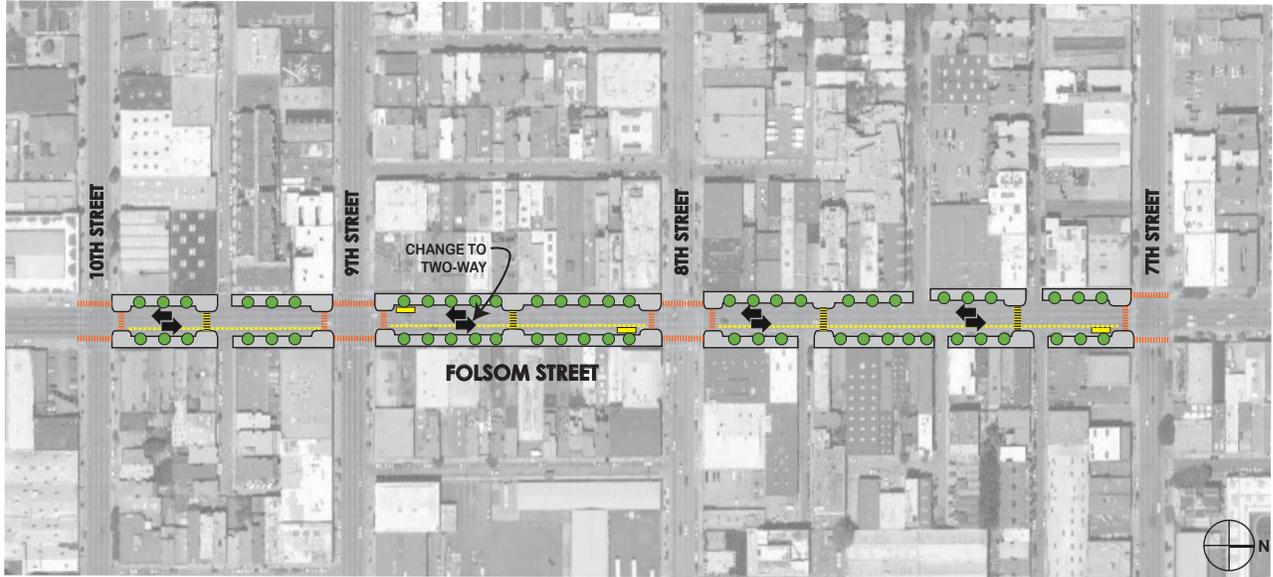

### Questions

Where could height allowances decrease bringing heights down to existing scale? Decrease heights in REDs to ensure alley controls are applied/codified.

Where could we use set backs and/or bulk controls?

What is the height pattern?

What is the presence of Historical Resources along corridors?

URBAN DESIGN ELEMENTS

MIDBLOCK CROSSING

BULB-OUT

CROSSWALK

PEDESTRIAN VIEW

SITE MAP - LEGEND

- TWO-WAY STREET
- BULB OUT
- BIKE LANE
- BUS STOP
- CROSSWALK
- MIDBLOCK CROSSING
- TREES

OBJECTIVE 5.4

**Encourage appropriate new development that is responsive to the existing and built environment**

POLICY 5.4.1

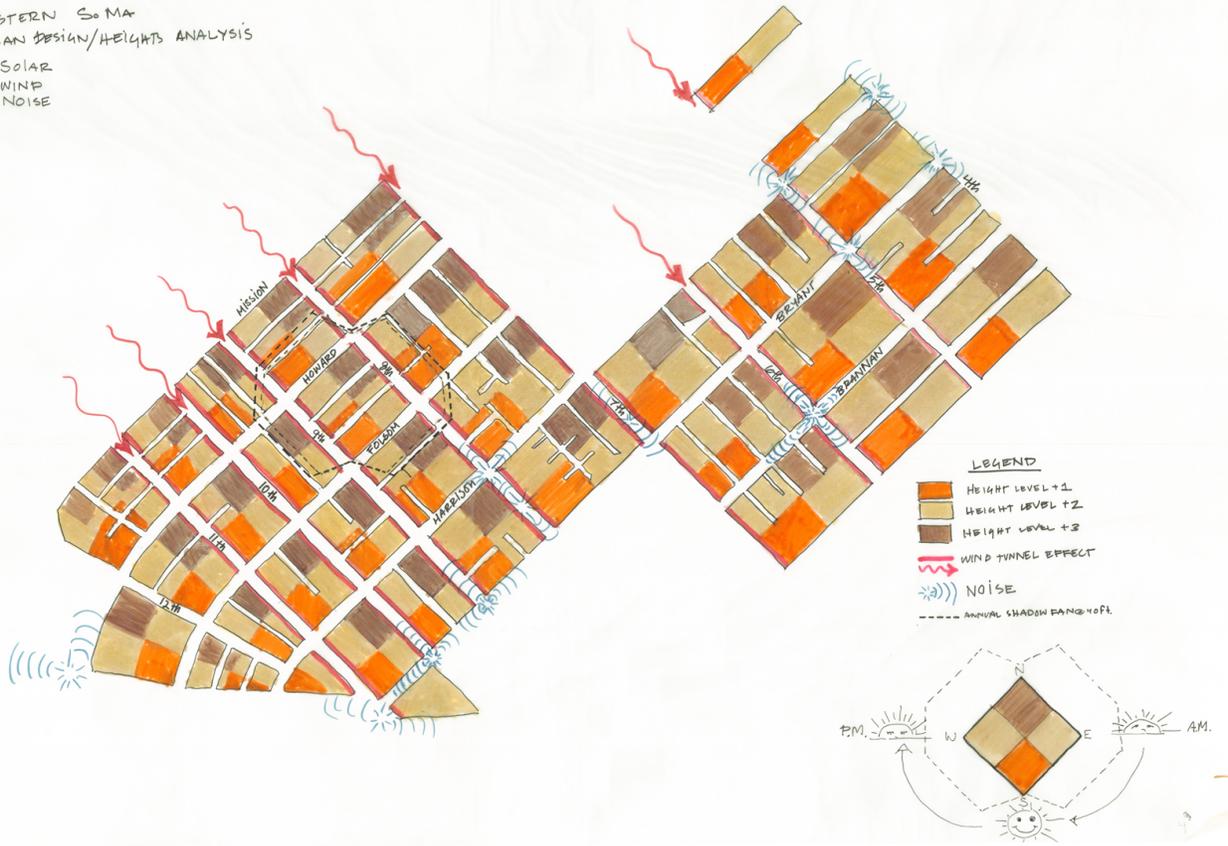

*Increase prevailing 50-foot heights in the Western SoMa SUD to 55 feet to encourage gracious floor to ceiling heights for ground floor uses.*

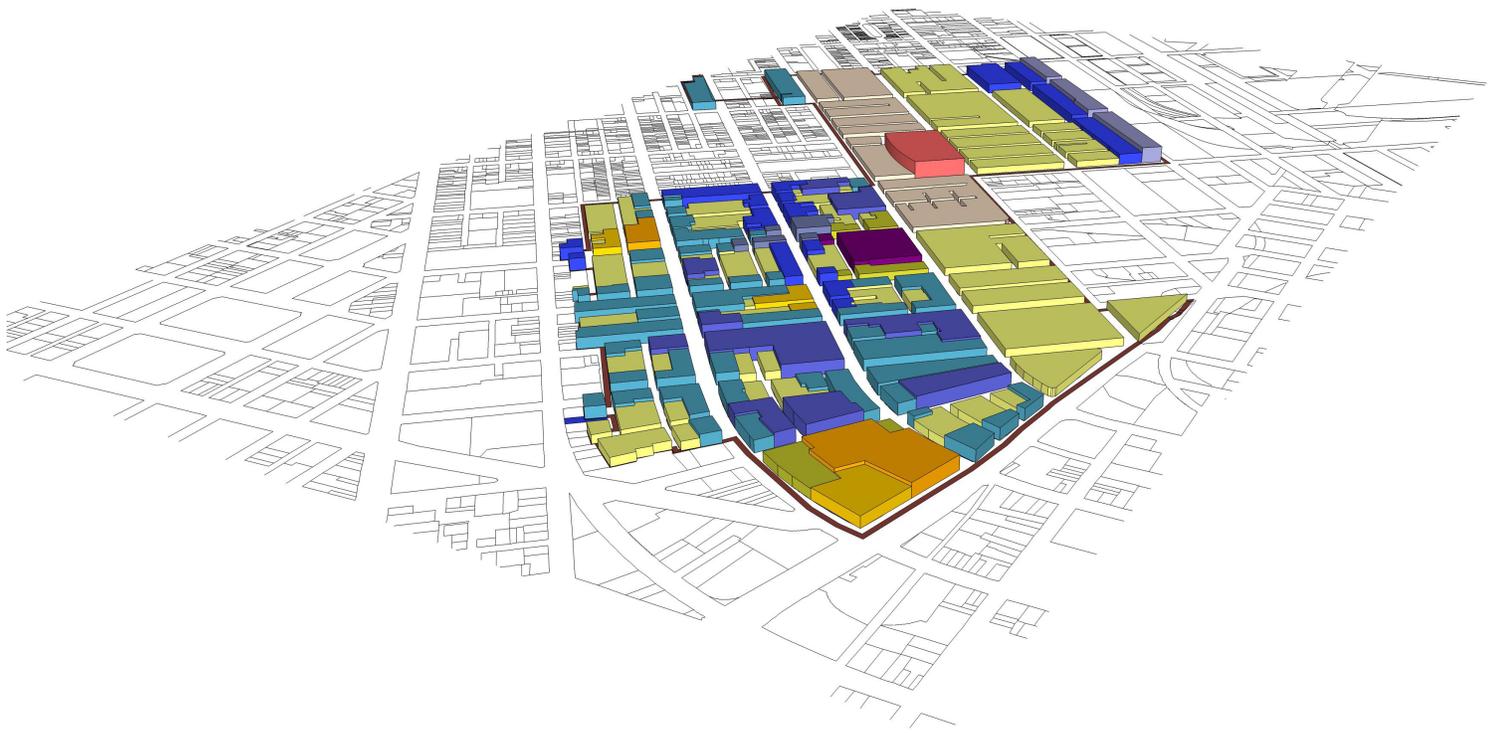

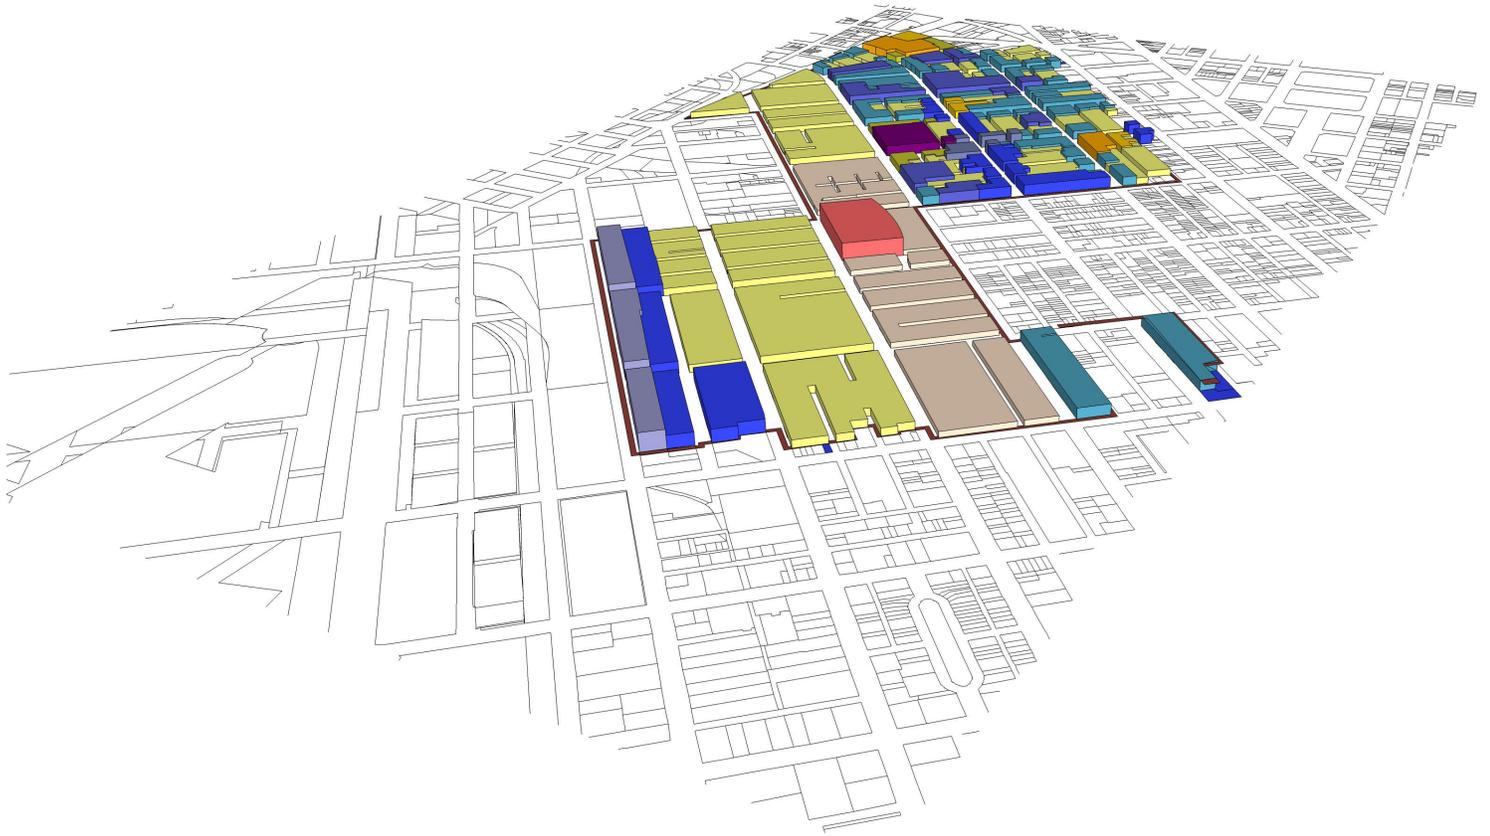

POLICY 5.4.2

*Reduce Residential Enclave heights to 40 feet.*

- NOISE

## Preservation

During the past three years, a consultant and preservation planning staff developed “Context Statements” for all of the Eastern Neighborhoods. These Context Statements set geographic boundaries, defined periods of historic significance and established priorities for identification, evaluation, registration and treatment of historic assets.

For Western SoMa, the basic geographic framework to focus the analysis was a combination of the existing clusters (or “enclaves”) of residential uses and the key transit and commercial mixed-use corridors throughout the area. To the extent that historic resources were identified within that geographic framework, building typologies and cultural preservation studies were used by the Task Force to further evaluate the potential for districts and building adaptive re-use opportunities.

The Western SoMa Task Force prepared a set of neighborhood preservation recommendations that:

- Support historic district and resource designations
- Refine ratings using the National Register categories to identify sites, buildings, and areas ready to be rated for adaptive re-use
- Propose new social heritage districts

These historic preservation recommendations are based on two simple goals:

- Identify historic and cultural resources
- Preserve the existing neighborhood historical and cultural resources based on priorities for identification, evaluation, registration and treatment of historic assets

## SOCIAL HERITAGE AND CULTURAL PRESERVATION

Many streets and alleys within Western SoMa alleys reflect historically significant social and cultural values, custom and traditions carried out since the early 1900s, especially along Folsom Street and Dore Alley where street fairs have taken place since the 1980s. While the prospect of replacing, repairing, restoring or rehabilitating public alleys implies a burden in terms of cost, it also poses the opportunity to plan, design and locate routes in a manner responsive to future community needs and desires. Policies in this part of the Community Plan encourage the use of public alleys for traditional historical events that are part of the social heritage of the neighborhood.

### OBJECTIVE 6.1

#### **Identify and evaluate historic and cultural resources**

##### POLICY 6.1.1

*Survey, identify and evaluate historic and cultural heritage resources in a manner that is consistent with the context statement prepared for the Western SoMa area.*

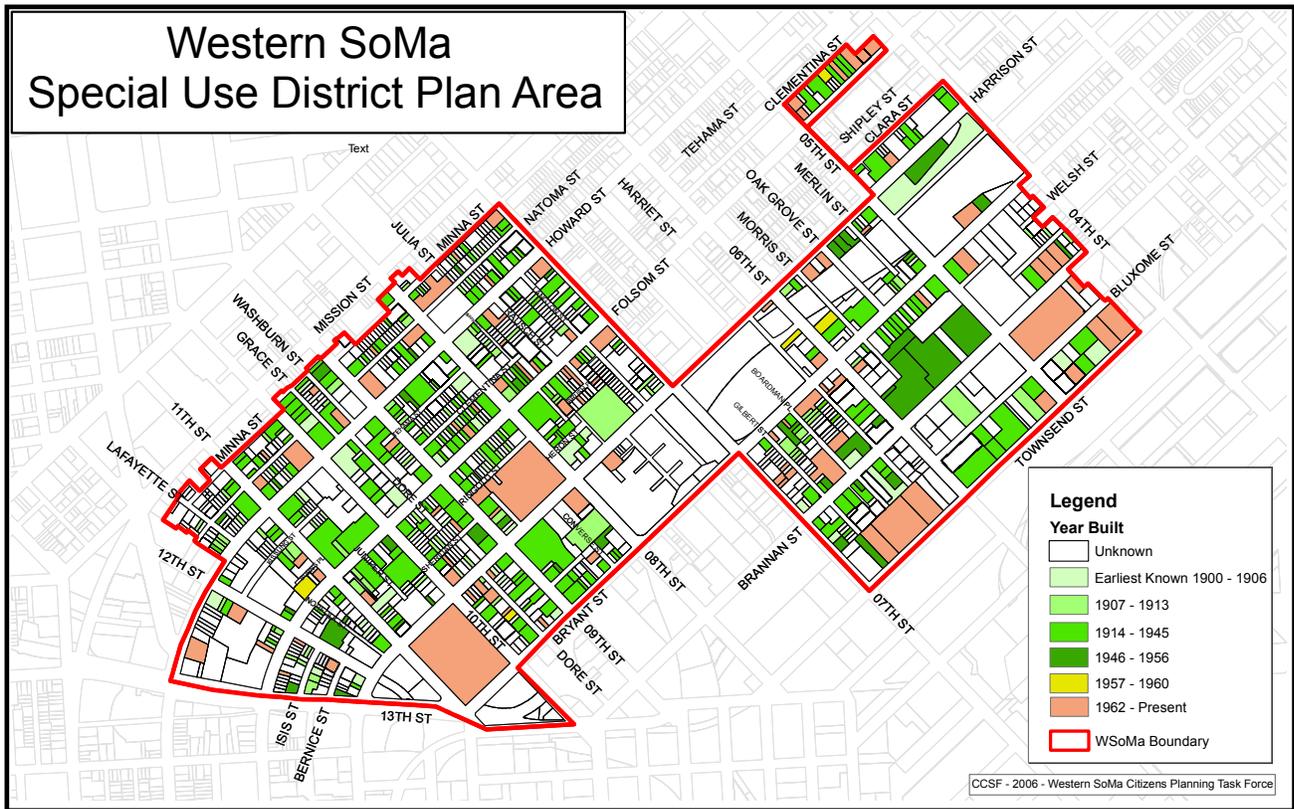

##### POLICY 6.1.2

*Recognize the contributions of the Filipino and Lesbian, Gay, Bisexual, Transexual and Queer (LGBTQ) communities by creating Social Heritage Special Use Districts*

##### POLICY 6.1.3

*Conduct historic and socio-cultural heritage resource surveys within the Western SoMa, including Secretary of the Interior cultural ratings.*

**POLICY 6.1.4**

*Establish boundaries, designations, and values in all proposed and new preservation districts.*

**POLICY 6.1.5**

*Identify traditional historical events as part of the neighborhood's social heritage.*

**POLICY 6.1.6**

*Include history of alleys as an important part of the 'social-cultural heritage' resource*

**OBJECTIVE 6.2**

**Protect historic and cultural resources**

**POLICY 6.2.1**

*Protect individually significant historic and cultural resources and historic districts in the Western SoMa Area Plan from demolition or adverse alteration.*

**POLICY 6.2.2**

*Protect individually designated resources and resources that are valuable as a group.*

**POLICY 6.2.3**

*Protect properties associated with events contributing to local history, such as oral history, including events that occur in public streets and alleys.*

**POLICY 6.2.4**

*Protect properties associated with the lives of significant persons from the past.*

**POLICY 6.2.5**

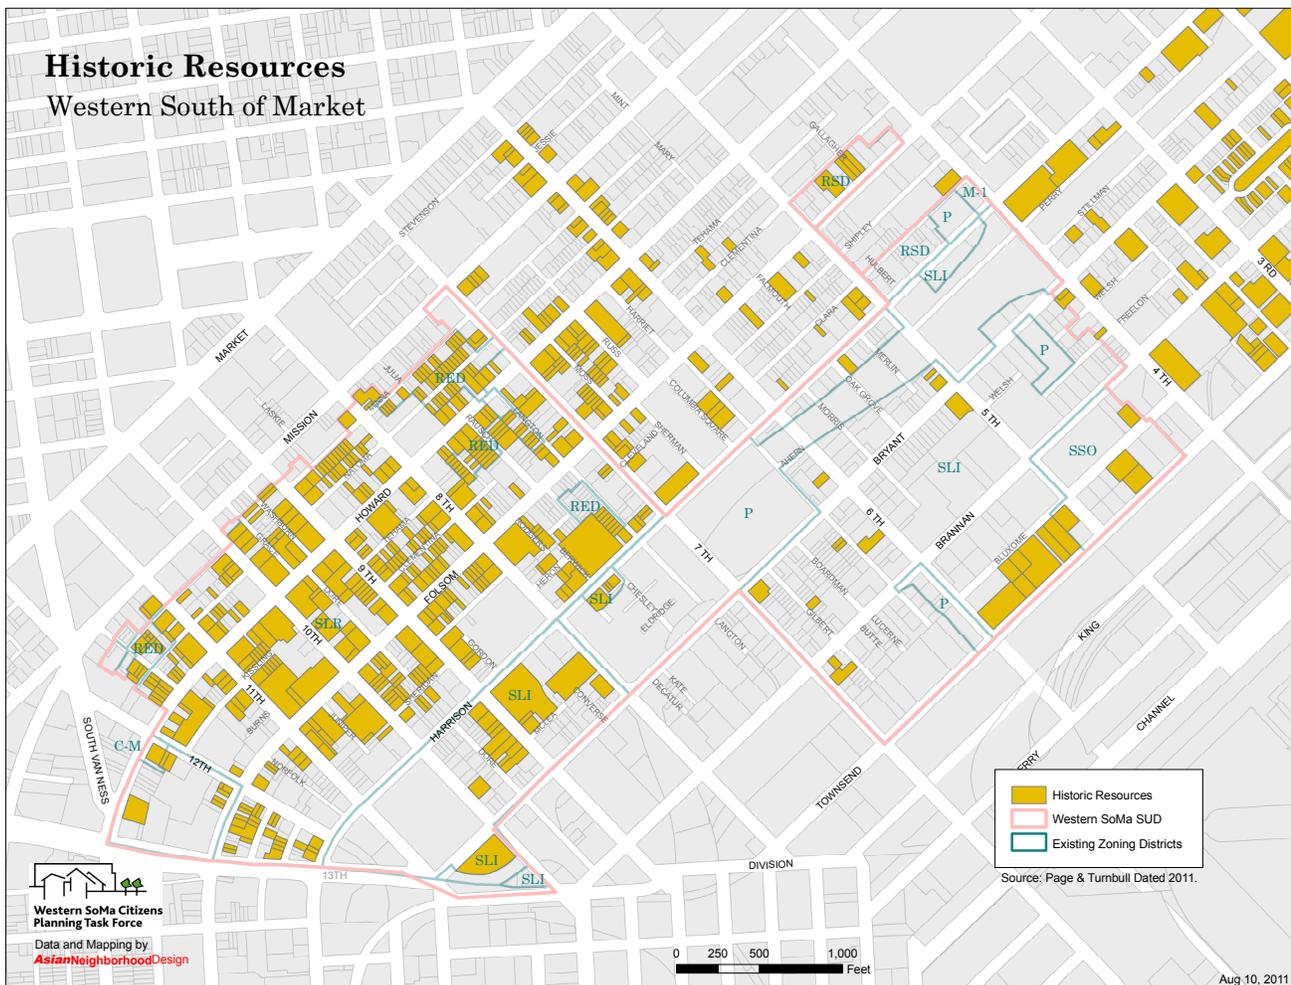

*Protect properties that embody a distinctive characteristic of a period or method of construction.*

**POLICY 6.2.6**

*Protect properties that are representative of the work of a master.*

**POLICY 6.2.7**

*Protect properties that contain artistic values.*

POLICY 6.2.8

*Protect resources that appear eligible for formal preservation designation.*

POLICY 6.2.9

*Support the current use of public alleys for traditional historic events that are part of the neighborhood's social heritage.*

OBJECTIVE 6.3

**Demonstrate leadership through preservation, rehabilitation and adaptive re-use**

POLICY 6.3.1

*Support the retention of "social heritage" values, properties and historic preservation districts within Western SoMa.*

POLICY 6.3.2

*Preserve, restore, and rehabilitate social heritage assets with an appropriate re-use that responds to the "adaptive re-use analysis" and "adaptive re-use programs" proposed in the Western SoMa SUD.*

POLICY 6.3.3

*Prevent historic resource demolitions, without extending or delaying demolition process already established.*

POLICY 6.3.4

*Prevent destruction of historic and cultural resources resulting from owner neglect or inappropriate actions.*

POLICY 6.3.5

*Collect, archive, maintain and protect documents and artifacts that are important to the local built environment and history.*

POLICY 6.3.6

*Preserve and protect all Native American and other archeological resources.*

POLICY 6.3.7

*Develop and maintain map and database inventory of known archeological resources.*

POLICY 6.3.8

*Incorporate preservation goals and policies into land use decision-making process.*

**POLICY 6.3.9**

*Establish specific design guidelines to follow in all of the proposed historic preservation districts for Western SoMa.*

**POLICY 6.3.10**

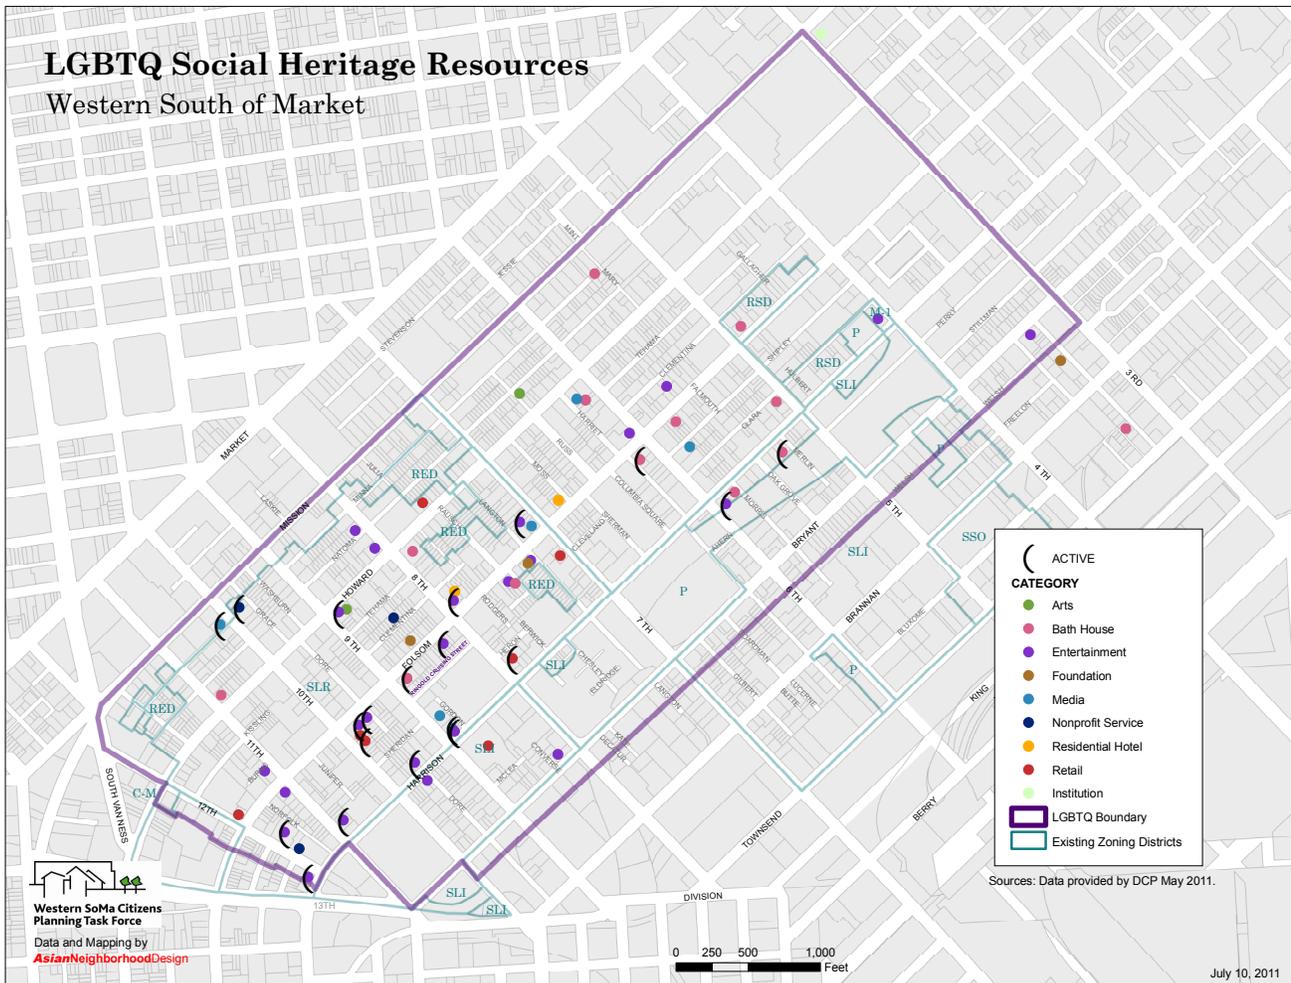

*Establish the recommended Art Deco and Light Industrial and Housing historic preservation districts recommended in the 2006 South of Market "Context Statement."*

**OBJECTIVE 6.4**

**Ensure that land use changes respect the neighborhood character and social heritage**

**POLICY 6.4.1**

*Identify Filipino, LGBTQ resources and provide opportunities for their restoration, rehabilitation, and preservation in Western SoMa adaptive re-use projects.*

POLICY 6.4.2

*Recognize the social and cultural heritage values and properties of the LGBTQ District, already acknowledged and documented by its own community and local history.*

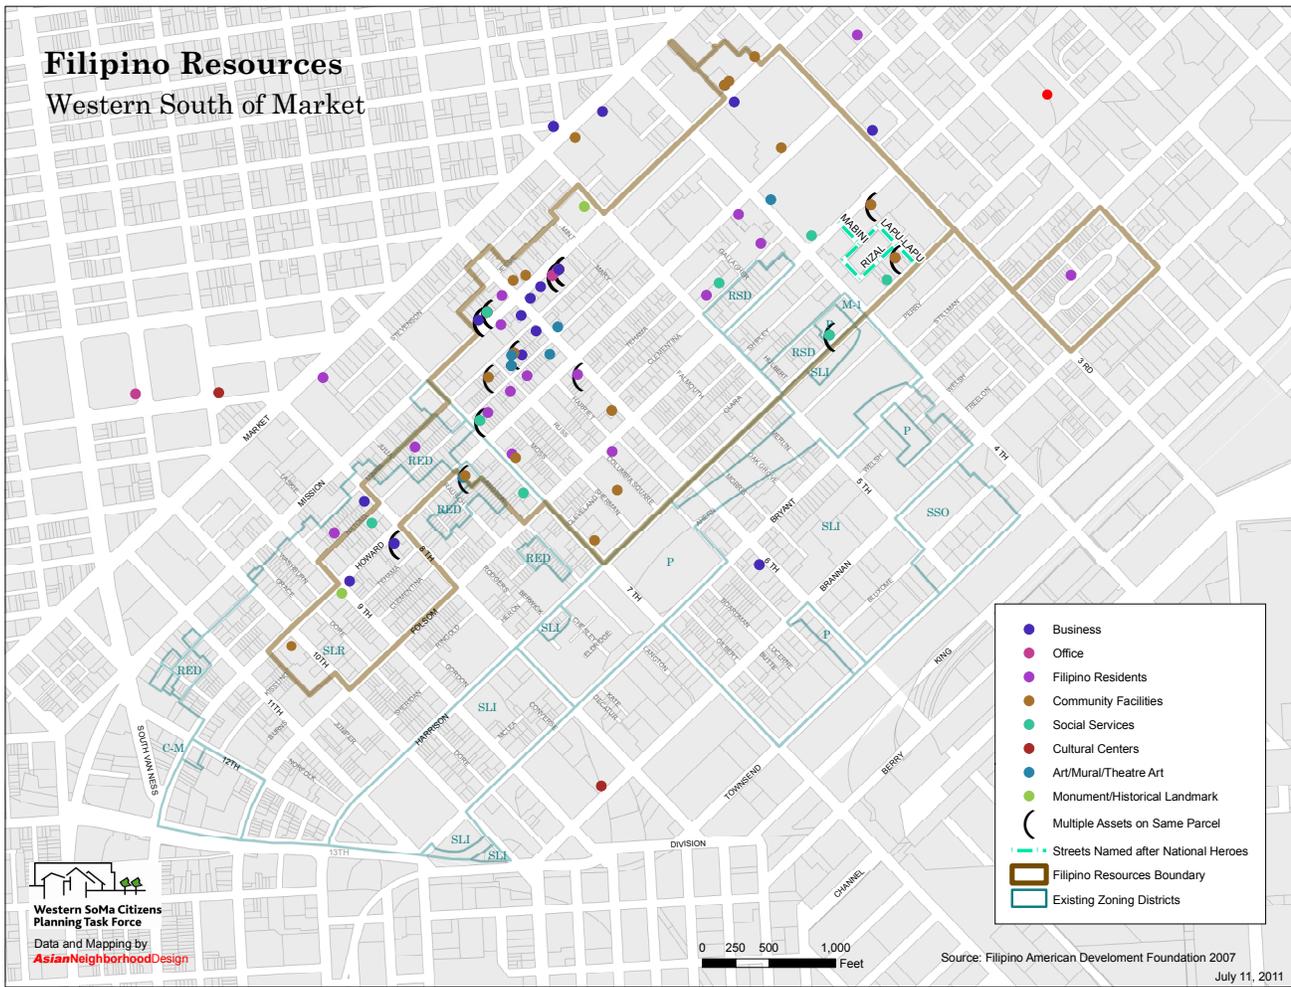

There is significant documentation recognizing sexually based historic resources that have made a significant contribution to the broad patterns of the history of our country as well as the history of San Francisco. A distinctive gay population began to gather in SoMa in the late 1940s. The group was referred to as “leather.” Western SoMa Task Force research includes documentation of known LGBTQ assets. Folsom street for example became the spine of many “leather” bars. One of the memoirs is the Folsom Street Fair, which began in 1984 and today is the largest leather event in the world.

POLICY 6.4.3

*Recognize the social and cultural heritage values and properties of the Filipino District, already acknowledged and documented by its own community and local history.*

The South of Market Project Area Committee (SOMPAC) has published a number of documents that contribute to recognizing a Filipino based district in South of Market. The Filipino American Foundation has identified more than 25 historic sites, buildings, and objects, and also proposed boundaries to establish a Filipino social heritage district.

The proposed Filipino district highlights the long-standing cultural institutions in the neighborhood as they have served as places of worship, for community services, for arts expression, and as sites for cultural

activities and events in the same manner a plaza would function in the Philippines. The district includes several sites that host folkloric events, and streets named after Philippine national heroes.

**POLICY 6.4.4**  
*Protect the “social heritage” values, properties and social heritage districts within Western SoMa.*

**OBJECTIVE 6.5**  
**Provide preservation incentives and guidance**

**POLICY 6.5.1**  
*Encourage historic preservation through development of financial incentive programs.*

**POLICY 6.5.2**  
*Encourage the use of grants for preservation, restoration, rehabilitation and adaptive re-use.*

**Philippine Cultural Preservation District**

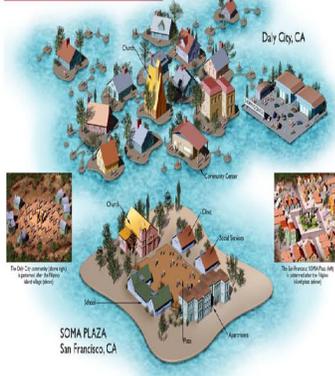

**Philippine District**

There is an on-going proposal to designate and declare a Philippine Cultural Preservation District, **Philippine District** for short, in San Francisco. It is an eight by six blocked area on the western region of South of Market; bounded by 9<sup>th</sup> Street to 2<sup>nd</sup> Street and from Market Street to Brannan Street.

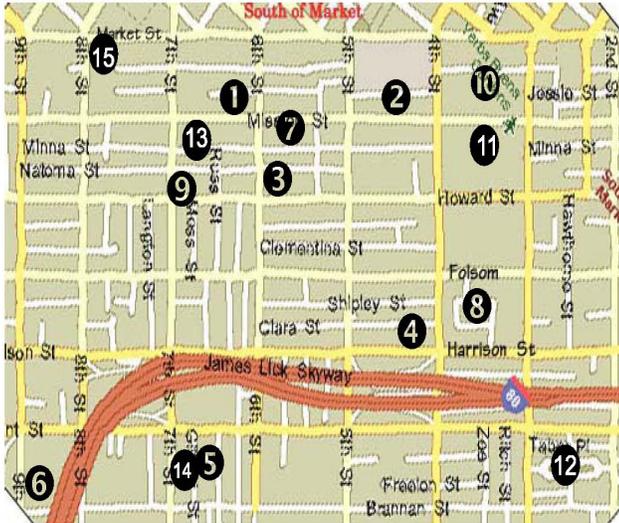

The **Philippine District** is the heart and nerve center of Filipino community San Francisco; it highlights the vibrant Filipino community and long-standing cultural institutions in the South of Market neighborhood.

As in the Philippines, Filipino community in San Francisco revolves around a central plaza that functions as a community space of inter-villages and multi-generational activities such as cultural events, trade and commerce, political, social and religious activities. It is also where people come for basic health, social, educational and government services. It is a pivotal place for personal, family and community replenishment and enrichment.

NORTHERN CALIFORNIA FILIPINO COMMUNITIES

The **Philippine District** is in the midst of major urban renewal and development in South of Market, Mid-Market, Transbay, Rincon Hill in downtown San Francisco. It has many important historical and cultural assets that need to be preserved, developed, reclaimed and enhanced for today and future generations.

The **Philippine District Walking Tour** seeks to highlight and promote the significance of the historical and cultural spaces to the Filipino and San Francisco community.

**1 Bayanihan Community Center** at the Bayanihan House at 1010 Mission Street. It is one of the soon-to-open cornerstones of the Philippine District. The Center includes a multi-use community room, a community technology center, a veterans and senior center, a craft and book store and a restaurant. The Bayanihan

Community Center is a project of the Filipino American Development Foundation.

**2 San Francisco Cultural Center.** Located on the fifth floor of the soon-to-open world class Westfield Bloomingdale Shopping Center on Market and Mission, SFFCC will showcase and exhibit the best of Filipino American and Philippine arts,

trade and culture.

**3 Bindlestiff Theater**, renowned as the epicenter of Filipino American performing arts in the Bay Area, will have a bigger and better theater space at the Plaza Hotel Housing on the corner of Sixth and Howard. The Bindlestiff is temporarily housed at 505 Natoma Street for their continuous programming.

**4 Filipino Education Center** at 824 Harrison Street has been an educational institution for newcomers and bilingual students since the 1970s. Since the merging of FEC K-5 to Bessie

Carmichael School in 2001, the Harrison site has housed the Galing-Bata After-School Program.

**5 Victoria Manalo Draves Park.** An open space recreational park in the old site of the Bessie Carmichael School. The one-block location on Folsom and Harrison Street was originally the Columbia Square Park before the school was built. The SoMa and Filipino community are spearheading the naming of the Park after the 1948 Two time gold medalist Victoria Manalo, a SoMa native.

**6 SoMa Cultural Center-** a 30,000-square-foot warehouse arts facility that SoMArts operates under contract to The San Francisco Art Commission.

**7 Mint Mall and Hall** - a Filipino owned property comprised of 135 residential units and 25 commercial suites, including the popular Arkipelago Book Store, offices of the three Filipino Centers Collaborative and Parol Lantern Festival

**8 San Lorenzo Ruiz Center**—a senior housing facility located on the square where streets are named after Philippine national heroes.

**9 West Bay Pilipino Multi-service Center**, (also SoMa Teen Center and Ed dela Cruz Apartment, on 7th and Natoma St.) is one of oldest community service agencies in the City that caters to Filipino children, youth and their families.

**Other Important places in the Philippine District**

- 10 St. Patrick's Church (756 Mission St)
- 11 Yerba Buena Gardens (bet. 3rd & 4th)
- 12 Gran Oriente Filipino (South Park)
- 13 SoMa Health Center (551 Minna St.)
- 14 Bessie Carmichael School (7th St.)
- 15 Trinity Plaza

- Also include**
- 16 Historic Manilatown (Kearny St)
  - 17 Dewey tower at Union Square
  - 18 The Presidio

**POLICY 6.5.3**

*Educate decision makers about economic benefits of preservation, restoration, rehabilitation and adaptive re-use.*

**POLICY 6.5.4**

*Encourage historic preservation through adaptive re-use analysis and programs in Western SoMa.*

**POLICY 6.5.5**

*Follow up recommendations on adaptive re-use for a more sustainable neighborhood.*

**POLICY 6.5.6**

*Develop and maintain a locally accountable monitoring mechanism.*

OBJECTIVE 6.6

**Provide public information, awareness and education about historic and social heritage resources**

POLICY 6.6.1

*Disseminate information about the availability of financial incentives for qualifying historic preservation projects.*

POLICY 6.6.2

*Promote awareness about historic, cultural and social heritage resources.*

POLICY 6.6.3

*Encourage public participation in identification of potential resources.*

POLICY 6.6.4

*Encourage activities that foster awareness and education on historic preservation issues.*

POLICY 6.6.5

*Provide a specific plan for reevaluation of resources and methodologies for updating surveys.*

POLICY 6.6.6

*Ensure a more efficient and transparent evaluation of project proposals which involve historic resources and minimize impacts to historic resources per CEQA guidelines.*

Maintaining and rehabilitating older buildings and other traditional historic and cultural resources in neighborhoods saves energy, time, money, and materials in the long term. It is the policy of San Francisco to promote resource conservation, rehabilitation of the built environment, and adaptive re-use of cultural resources using an environmentally sensitive “green building standards” approach to development, including resource-efficient design principles both in rehabilitation and deconstruction projects. The salvage and re-use of construction and demolition materials that retain structural integrity as part of new construction and rehabilitation projects promotes the principles of green building standards and achieves sustainability.

#### OBJECTIVE 6.7

### **Promote principles of sustainability using “green” strategies on preservation**

#### POLICY 6.7.1

*Encourage the use of recycled materials in all new restoration, preservation, adaptive re-use and rehabilitation development in Western SoMa.*

#### POLICY 6.7.2

*Promote sustainability of historic resources in the plan area consistent with the goals and objectives of the Sustainability Plan for the City and County of San Francisco.*

#### POLICY 6.7.3

*Use approved healthy methodologies in the recycled materials, restoration, and preservation in adaptive re-use and rehabilitation projects.*

#### OBJECTIVE 6.8

### **Formulate an explicit Adaptive Re-use Program**

The fundamental objective of the adaptive re-use study undertaken by the consultants working with the Task Force is to inform the land use recommendations and promote development of preservation sensitive design controls for Western SoMa. A detailed analysis up front, in the neighborhood plan, allows the Western SoMa community to take a proactive approach to the issues of sensitive preservation and adaptive re-use potential for historic resources rather than simply reacting to random market-driven proposals.

POLICY 6.8.1

*Build on completed Historic Context Statement for South of Market, fine tuning a range of building typologies.*

POLICY 6.8.2

*Research and apply “best practices” for potential re-use opportunities and constraints applicable to those various building typologies.*

POLICY 6.8.3

*Explore potential zoning tools that can be incorporated into the Western SoMa Plan that make operational the lessons learned from this study for development and adaptive re-use that is sensitive to historic resources.*

POLICY 6.8.4

*Create a set of design and rehab guidelines for historic structures in the Western SoMa area.*

OBJECTIVE 6.9

**Protect identified resources from natural disasters**

POLICY 6.9.1

*Prepare historic resources for natural disasters.*

POLICY 6.9.2

*Preserve resources so they could survive future earthquakes.*

POLICY 6.9.3

*Ensure historic resources are protected after a disaster.*

## Open Space

The Task Force, through the guidance and assistance of consultants and planning staff, evaluated opportunities for much needed recreation and open space in Western SoMa. In addition, the Department of Public Health offered a set of quantifiable parameters that helped establish targets and limits for the optimum location of new open spaces, and the environmental quality of such spaces.

Western SoMa has access to large spaces for recreation, such as the waterfront and Yerba Buena Gardens, but lacks a web of street connectors that lead to those large spaces, and is also missing small neighborhood parks adequate to serve the extremely diverse community of Western SoMa.

The needs of the neighborhood as well as its unique characteristics set new standards for creating and/or improving open space in the public realm, and for encouraging innovative open spaces within new large private development, so that they become spaces that are more ecological and sustainable as well.

The Open Space section of the Community Plan emphasizes the following:

- Identify new park sites based on public health and environmental recommendations and specific needs and conditions of the neighborhood
- Prioritize the public realm improvements
- Enhance community diversity and pedestrian accessibility, safety, pedestrian connections to transit and improved streetscapes
- Maintain and develop enhanced at grade yard patterns
- Promote new sustainable and ecological open space, encouraging innovative ways to provide publicly accessible open space, including public open space in private parcels, public gardens, and public roofs
- Measure the impact of development in the neighborhood and make development pay for open space.

This section of the plan pursues the best suitable parameters to site a park and to support the community efforts eliminating inappropriate sites. This section also seeks to promote interagency coordinated work in the creation of new open spaces, such as implementing the standards and recommendations for pollution mitigation measurements of the Department of Building Inspection and Department of Public Health.

As applied by the San Francisco Recreation and Parks Department, the San Francisco Sustainability Plan defines the need for open space capacity at 5.5 acres per 1,000 residents. As applied by the San Francisco Department of Public Health in its Healthy Development Measurement Tool, the National Parks and Recreation Association defines the need for open space capacity as 10 acres per 1,000 residents. Irrespective of which standard is applied, Western SoMa fares worse than the rest of the City with respect to open space or parks capacity.

Currently, the City has about 5.5 acres of open space per 1,000 residents. However, this ratio is much less in Western SoMa, where there are only 0.23 acres of public parks and 8,363 residents. While significant open spaces exist in close proximity to Western SoMa, such as at Victoria Manolo Draves Park and at Civic Center Plaza, the ratio of 0.027 acres per 1,000 residents clearly conveys the need for more park space in Western SoMa. Therefore, the need for developing new recreational open space in Western SoMa is an imperative for existing and future neighborhood residents, workers and visitors.

OBJECTIVE 7.1

**Identify new park site opportunities**

POLICY 7.1.1

*Identify opportunities to create new public parks, recreation facilities and open spaces and provide at least one new public park or open space serving Western SoMa.*

POLICY 7.1.2

*Develop an active funding system to support the maintenance and acquisition of park land for the neighborhood.*

POLICY 7.1.3

*Require Western SoMa developments on sites of one acre or more to provide new areas for recreation, parks and open spaces.*

POLICY 7.1.4

*New development should not result in a net loss of open space.*

POLICY 7.1.5

*Require the replacement of open space used in the course of development at a minimum of 1:1 replacement ratio.*

POLICY 7.1.6

*Development projects on large development sites of one (1) acre or more should provide publicly accessible community spaces or provide publicly accessible open spaces.*

POLICY 7.1.7

*Prohibit counting parking garages, streets and buildings in meeting neighborhood open space needs.*

OBJECTIVE 7.2

**Work in coordination with other public agencies to ensure that local park, open space, and recreation needs in Western SoMa are met by new development**

POLICY 7.2.1

*Integrate open space policies with all other planning efforts.*

POLICY 7.2.2

*Integrate consistent open space-related policies throughout city and regional agencies.*

POLICY 7.2.3

*Continue working with the Department of Public Works Great Streets and South of Market Alley Improvements Programs for new development contributions to design and improved streets following standards that are inclusive, especially improvements that equally support the use of spaces by persons with disabilities, children and the elderly.*

POLICY 7.2.4

*Continue working with the Department of Public Works Great Streets and South of Market Alley Improvements Programs so new development can contribute to planting new trees, coordinate with urban forestry for planting and maintaining urban trees.*

POLICY 7.2.5

*Require development projects to contribute to parks and open space directly by creating publicly accessible open space on the site of a project, or by contributing funding for parks and open space such that Western SoMa achieve a standard of 10 acres of open space per 1,000 residents in the Western SoMa SUD.*

POLICY 7.2.6

*Protect and enhance recreational opportunities in Western SoMa.*

**PRIORITIZE PUBLIC REALM IMPROVEMENTS**

This section recommends policies that take advantage of unique characteristic of the neighborhood and promotes policies that improve and

enhance alleys, sidewalks, stoops, corners, interior patios by implementing the Great Streets and SoMa Alley Improvement Programs, encouraging a safe and accessible public realm use. This section also promotes the generation of new high quality public amenities such as new trees, street furniture, neighborhood youth centers, public restrooms and promoting a set of “green livable streets” connections with better conditions for pedestrians, bicyclists, train and bus users, such as widened sidewalks, planted medians, and bulb-outs.

Western SoMa alleys break up the scale of large blocks and parcels and offer pedestrians and bicyclists an escape from the busy arterials that pass through the neighborhood. Although the neighborhood alleys consist of a mix of uses, they provide excellent housing conditions due to livability factors including an easy to walk human scale environment and a vibrant public realm. In order to use streets, furniture also plays a key role. The Department of Public Works regulates street furniture and street trees in San Francisco. Trees and the presence of green are essential in making streets not only safe, but also healthier and capable of improving the physical environment and quality of life.

#### OBJECTIVE 7.3

### **Improve the neighborhood’s public realm conditions**

#### POLICY 7.3.1

*Develop an accessible pedestrian network, providing safe, efficient and pleasant pedestrian circulation in Western SoMa.*

#### POLICY 7.3.2

*Redesign underutilized portions of streets as public open spaces, including widened sidewalks or medians, curb bulb-outs, “living streets” or green connector streets.*

#### POLICY 7.3.3

*Develop a comprehensive public realm plan for the plan area that reflects the differing needs of streets based upon their predominant land use, role in the transportation network, and building scale.*

#### POLICY 7.3.4

*Require new development to improve adjacent street frontages, employing established street design standards.*

#### POLICY 7.3.5

*Promote adequate access and safety in all areas of the public realm.*

POLICY 7.3.6

*Promote street traffic calming methods to assure greater pedestrian safety.*

POLICY 7.3.7

*Provide more pedestrian scale lighting on alleys and streets.*

POLICY 7.3.8

*Maximize opportunities for public view corridors.*

POLICY 7.3.9

*Maximize pedestrian and bicycle access to the shoreline and all nearby major open space areas such as the waterfront and Yerba Buena Gardens.*

POLICY 7.3.10

*Provide public amenities and infrastructure that support the use of open space such as public toilets, park benches, pedestrian scale lighting, and minimal gates/barriers to access.*

POLICY 7.3.11

*Require that new development contribute a continuous row of appropriately-spaced trees at all streets adjacent to the project.*

POLICY 7.3.12

*Require that new development contribute to ecological and sustainable streetscape with permeable pavements and storm water collectors.*

POLICY 7.3.13

*Require public art in all new open space development in the neighborhood.*

OBJECTIVE 7.4

**Create a network of streets that connects open spaces and improves the pedestrian experience and aesthetics of the neighborhood**

POLICY 7.4.1

*Design the intersections of major streets to reflect their prominence as public spaces.*

POLICY 7.4.2

*Significant above grade infrastructure, such as freeways, should be retrofitted with architectural lighting to foster pedestrian connections beneath.*

POLICY 7.4.3

*Where possible, transform unused freeway and rail rights-of-way into landscaped features that provide a pleasant and comforting route for pedestrians and bicyclists.*

POLICY 7.4.5

*Enhance the pedestrian environment by requiring new tree planting abutting sidewalks.*

OBJECTIVE 7.5

**Ensure that existing open space, recreation and park facilities are well maintained**

POLICY 7.5.1

*Prioritize funds and staffing to better maintain existing parks and obtain additional funding for a new park and open space facilities.*

POLICY 7.5.2

*Explore opportunities to use existing recreation facilities, such as school yards, more efficiently.*

**DIVERSE, ACCESSIBLE AND SAFE OPEN SPACES**

Policies in this section strengthen diversity, one of the most important aspects of the neighborhood needs and contributions to San Francisco and the region. These policies complement other open space policies

and measures proposed for the neighborhood and emphasize the need to facilitate neighborhood awareness and education about recreation and open space issues.

OBJECTIVE 7.6

**Maintain and promote diversity of neighborhood open spaces**

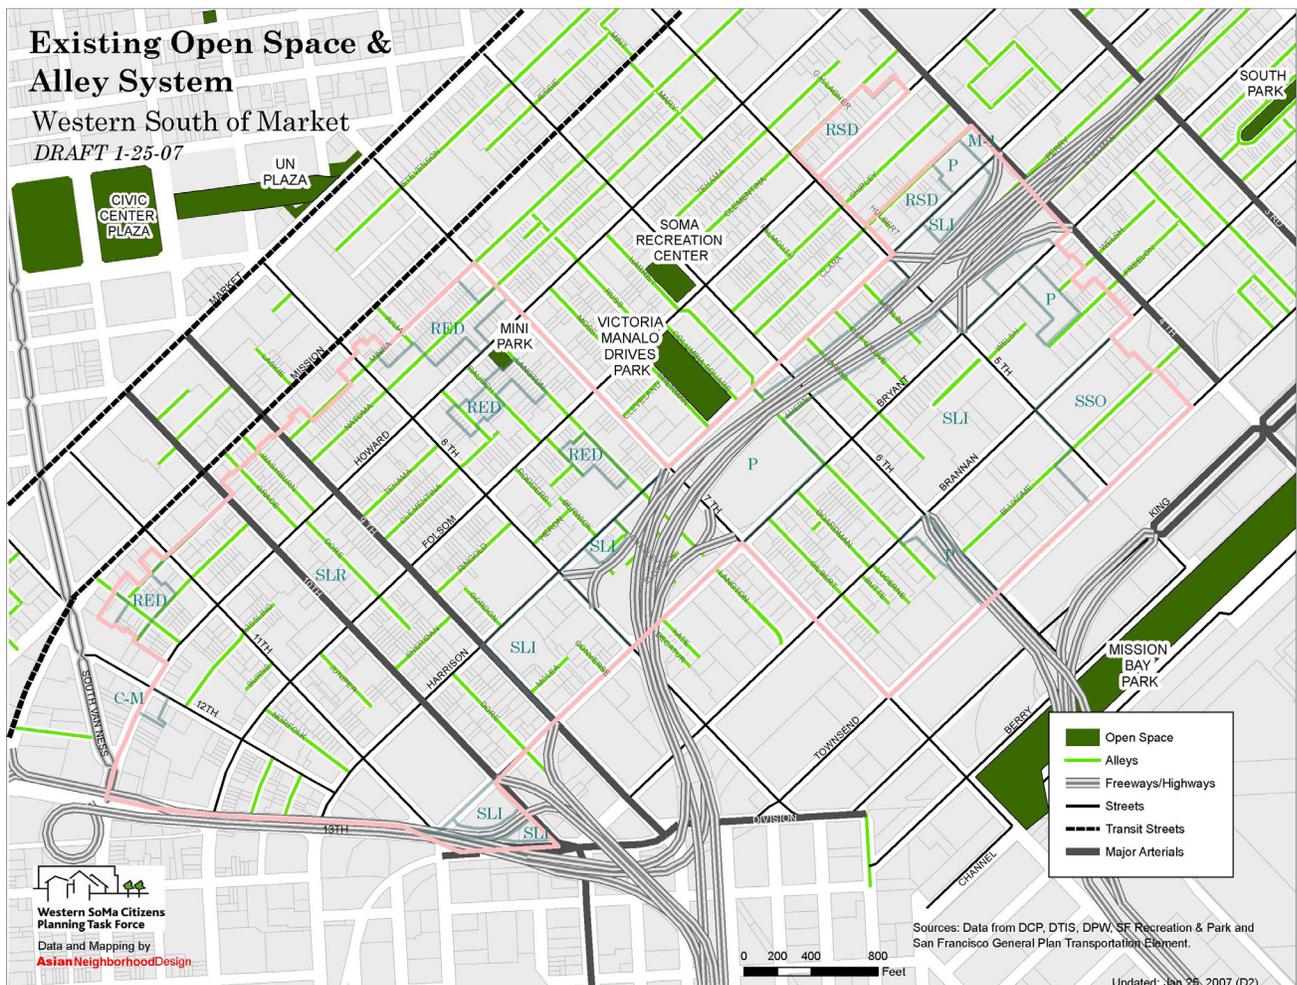

POLICY 7.6.1

*Require all new areas for open space to be designed in versatile ways, and include a wide spectrum of uses.*

POLICY 7.6.2

*Create new open space areas to be used during the day and at night, by a diverse community, including pets, toddlers, elders, residents, tourists, workers, etc.*

**POLICY 7.6.3**

*Fund and maintain public open spaces for a diverse, constantly changing community.*

**POLICY 7.6.4**

*Require recreational spaces for toddlers and elders as part of major new residential development.*

**POLICY 7.6.5**

*Encourage the design of open spaces for use by a different public throughout the day and night as well as throughout the seasons, so these spaces can be enjoyed by a diverse community and for a variety of celebrations and events.*

**POLICY 7.6.6**

*Require new commercial and industrial development to contribute to public open space such as street-level plazas with benches, street lights, and street front open space accessible to workers, residents and visitors at minimum during the day time.*

POLICY 7.6.7

*Require new residential, commercial and industrial development to contribute to the creation of public open space, and/or provide on-site private open space designed to be publicly accessible and to meet the needs of residents.*

POLICY 7.6.8

*Encourage private open space to be provided as common spaces for residents and workers of the building.*

POLICY 7.6.9

*Strengthen requirements for commercial development to provide on-site open space.*

OBJECTIVE 7.7

**Educate the public about health, food, natural habitats and local resources through recreation and open spaces**

POLICY 7.7.1

*Use public workshops to educate the public about history and current conditions of the local natural and urban resources, and the cultural and natural environment, as they relate to the neighborhood's physical, economic, social and cultural characteristics.*

POLICY 7.7.2

*Encourage new parks to have signs and stations that promote different forms of physical activity around the park area.*

POLICY 7.7.3

*Encourage using a portion of the new park or open space area to make public announcements related to public health, healthy foods, and the natural elements of the urban environment.*

POLICY 7.7.4

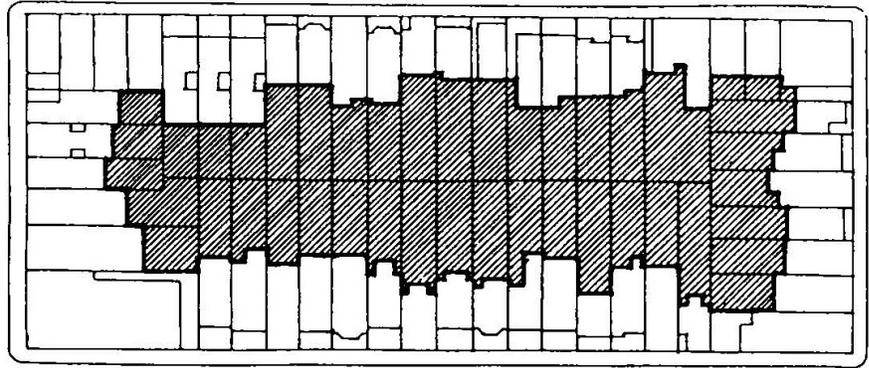

*Hold an annual event in neighborhood recreational facilities and open spaces to promote community use and ownership of the facilities and parks.*

MAINTAIN REAR YARD PATTERNS

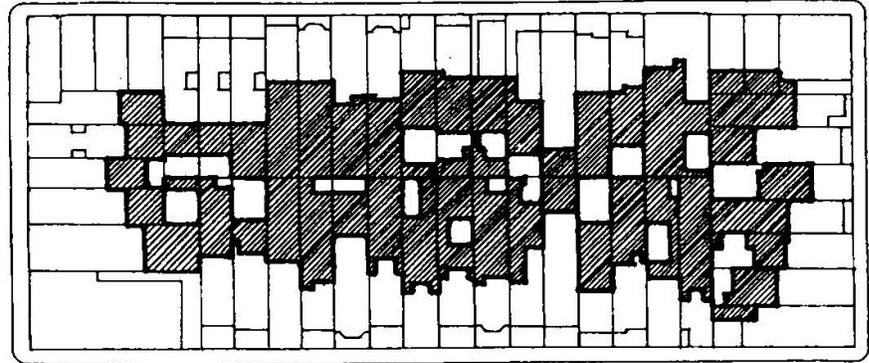

Maintaining and building rear yard patterns is crucial. In the absence of publicly accessible open spaces, new and existing rear and front yard pattern, roof gardens and community gardens in Western SoMa become excellent privately owned and publicly accessible areas for recreation, socialization, public education, mitigation of air pollution, and food production.

## REAR YARD TYPICAL PATTERNS

Block with a strong mid-block open space pattern

Block with an irregular mid-block open space pattern. The rear yards of any of the parcels are developed with structures.

### OBJECTIVE 7.8

## Maintain rear and front yard patterns

#### POLICY 7.8.1

*Promote at grade front and rear yard open space in existing and new residential development.*

#### POLICY 7.8.2

*Stop granting variances for rear yard requirements.*

#### POLICY 7.8.3

*Maintain open space other than at grade on existing buildings*

#### POLICY 7.8.4

*Encourage generous not at grade open space in new development when at grade open space is impossible to comply with.*

### SUSTAINABILITY, MITIGATION AND ALTERNATIVE ENERGY MEASURES

These policies promote and enhance the natural and built environment, the neighborhood sustainability and history. Overwhelming scientific research demonstrates that public parks are vital for the physical and mental health and well-being of city dwellers. Access to food is essential

to a healthy community, and the use of solar energy and other sources of alternative energy generators can be used to power lighting, irrigation systems, and can serve as a tool for public education on energy saving technologies.

Public agencies standards and policies that encourage the restoration, preservation and protection of healthy natural habitats promote the implementation of minimum requirements and incentives from any public agency dedicated to an ecological and sustainable Bay Area.

#### OBJECTIVE 7.9

### **Require noise and air pollution mitigation measures**

#### POLICY 7.9.1

*Require mitigation measures for noise and pollution when building new open spaces and/or recreational facilities.*

#### POLICY 7.9.2

*Open space should not be developed in areas where the roadway contributes significantly to air pollution.*

#### POLICY 7.9.3

*Relocate open space related projects, if necessary, outside of noise, and traffic pollution hazardous zones.*

#### OBJECTIVE 7.10

### **Promote innovative and alternative green and sustainable publicly-accessible private open space**

#### POLICY 7.10.1

*For major new residential and office development, encourage the establishment and maintenance of rooftop gardens on at least 25 percent of usable roof space.*

#### POLICY 7.10.2

*Require minimum ecological standards for urban landscaping for all new development and provide incentives for existing development to meet these standards.*

#### POLICY 7.10.3

*Explore ways to retrofit existing parking and paved areas to minimize negative impacts on microclimate and allow for storm water infiltration.*

**POLICY 7.10.4**

*Encourage sensitive building design and use of solar energy whenever possible in the improvement of streets and alleys.*

**POLICY 7.10.5**

*Maximize solar access to all existing and new recreational open space.*

**POLICY 7.10.6**

*Require the use of solar energy in lighting and irrigation systems on new recreational facilities and open spaces.*

**POLICY 7.10.7**

*Protect and restore natural resource areas by encouraging that land deemed to be a significant natural resource not be developed or altered.*

**POLICY 7.10.8**

*Restore, preserve and protect healthy natural habitats in the neighborhood and surrounding areas.*

**DEVELOPMENT IMPACTS**

These policies encourage the coordination of new development fees with all other agencies, so contributions and funds can be appropriately delegated to building and maintaining new and existing open space. The Task Force seeks opportunities to develop a program for the provision of “public benefits” for the neighborhood.

The Planning Department is developing a program for the provision of benefits and improvements to provide services for current and new residents in the Eastern Neighborhood plan areas, where there is currently

limited infrastructure. A key component of the program is the Needs Assessment, for which the department has engaged a consultant to provide an analysis on existing and future conditions.

The Needs Assessment evaluates the categories of open space and recreational facilities and services, including schools, libraries, public art, police and fire needs, health care and child care, neighborhood serving business, public infrastructure, transit, transportation and public realm improvements, affordable housing and historic preservation.

#### OBJECTIVE 7.11

### **Contribute community benefits funding towards park maintenance and programming**

#### POLICY 7.11.1

*Coordinate new development fees with all other agencies, so contributions and funds can be appropriately delegated to building and maintaining new and existing open space.*

#### POLICY 7.11.2

*Pursue funding for capital improvements, operation, and maintenance of open space facilities through developer impact fees, in-kind contributions, dedication of tax revenues, and state or federal grant sources.*

#### POLICY 7.11.3

*Consider using a portion of public benefits funding for the creation of community gardens based on community support.*

#### POLICY 7.11.4

*Work with project sponsors on large development sites to provide publicly-accessible community open space, tot-lots, and recreation resources.*

## Arts and Entertainment

Arts and entertainment are essential aspects of cultural expression and are fundamental to the well-being of the Western SoMa community. They provide the City and its communities with substantial economic benefits from both direct revenues and secondary effects.

Moreover, they are a large component of the City's cultural diversity, which is a major amenity for visitors, workers, and residents. As population increases, there must also be an increase in the capacity to satisfy a diverse community with a variety of cultural connection points and entertainment outlets.

Future development in Western SoMa should provide premier opportunities for the City to enrich its cultural amenities by both preserving existing arts and entertainment uses, and integrating new facilities throughout the neighborhood.

The arts are an integral part of any vibrant community and may serve as a means of transferring culture through the generations while providing a community with a sense of historical identity. It is critical that existing artistic expressions of cultural heritage be preserved for the benefit of future generations.

Photo courtesy of Slim's

OBJECTIVE 8.1

**Reinforce the importance of the arts  
by preserving and enhancing existing arts uses**

POLICY 8.1.1

*Prohibit demolition of existing arts space without replacement and documentation.*

In instances when it is necessary for existing arts spaces to be demolished, they should be replaced by a space of equal or greater value. Prior to demolition, efforts should be made to photograph, videotape, or otherwise record the appearance and presence of the arts space during its lifetime. These visual records could be given to the SF Arts Commission, the SF Public Library, and the SF Historical Society and/or used in the future building lobby, waiting room, or other public area. Where applicable, efforts should be made to include components of the former arts space into the future building design/construction – for example, preservation of a sculpture or archway structure.

POLICY 8.1.2

*Create, expand and protect space for the arts.*

POLICY 8.1.3

*Discourage displacement of arts by having a Conditional Use trigger.*

POLICY 8.1.4

*Encourage Neighborhood Arts programs and organizations that address the diversity of the local population.*

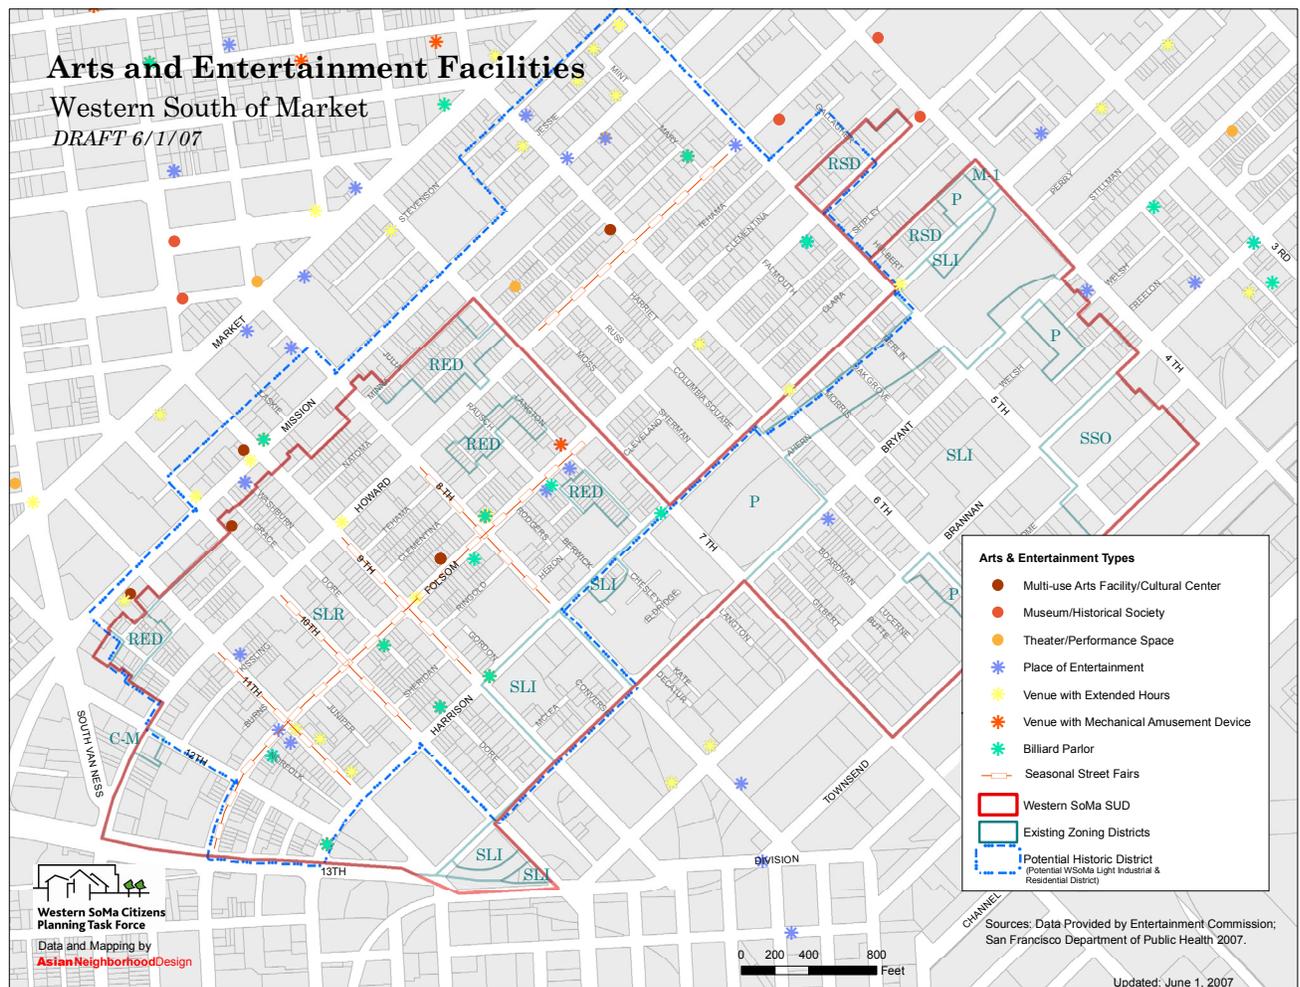

Publicly accessible and affordable arts education programs are vital to the progression of art appreciation and evolution, and they should be included within the neighborhood wherever possible. These programs can be organized in cooperation with other existing public programs, such as after school programs for youth, neighborhood parks appreciation, senior programming, and city-sponsored fairs and outreach events.

POLICY 8.1.5

*Create an artwork conservation fund and/or pooled art enrichment fund for multicultural projects.*

POLICY 8.1.6

*Promote public transportation to libraries, community centers, and other art and cultural facilities.*

**POLICY 8.1.7**

*Develop and implement financing plans for capital improvements, seismic upgrades, and life-safety upgrades to City-owned arts facilities.*

**POLICY 8.1.8**

*Encourage the use of schools and park facilities for low-to-no cost art and culture activities.*

**POLICY 8.1.9**

*Incorporate arts education into after-school programming.*

**POLICY 8.1.10**

*Use arts and cultural activities to promote social inclusion and the cultural vitality of Western SoMa.*

The provision of new publicly displayed works of art and publicly accessible arts uses will create a more interesting and enjoyable place to live, work and visit.

OBJECTIVE 8.2

**Improve livability by encouraging the development of new arts uses**

POLICY 8.2.1

*Create incentives for enterprise housing for artists that offers living areas and encourages shared work space.*

POLICY 8.2.2

*Request the addition of the arts as a category to the list of projects that benefit from developer impact fees.*

The competition for both residential and commercial space has created strenuous circumstances for local artists. Live/work housing units do not fully utilize the potential space of a developable lot, and are thus more costly. Therefore, by separating the uses within a cooperative development, individual housing units may be economized, while combining the work spaces into a more functional shared area. This may potentially help prevent further departure and even promote new opportunities for new of local artists by providing a more useful space and reduced costs.

POLICY 8.2.3

*Include new arts spaces as a proportion of new private development.*

POLICY 8.2.4

*Establish height bonuses for 14 foot floor to floor heights for any new arts-related uses in the SALI*

San Francisco Planning Code, Section 429, requires a percentage of construction costs for new development projects to be applied toward the inclusion of publicly displayed artwork and exhibition space. For new non-residential projects in the Western SoMa SUD that exceed 49,999 square feet, an equivalent of 10 percent of the project's gross floor area should be set aside and dedicated for arts related uses as defined in the Zoning Code. Contributions of an equivalent value (1percent of total construction costs) may be made to a neighborhood benefits package for the construction of arts related spaces or public realm arts improvements in the Western SoMa may be provided in lieu of on-site dedications.

POLICY 8.2.5

*For new commercial development larger than 50,000 feet or new residential development larger than 50 units, encourage the participation of local artists/artisans or neighborhood cultural councils in the pedestrian-level design of the building.*

**POLICY 8.2.6**

*Integrate public art work within the construction of new public buildings.*

The construction of public buildings provides the city with an opportunity to set an example for the highest quality of public art and architecture integration. New public developments including buildings, parks, and streetscape improvements should provide the highest standard of public artwork displays.

**POLICY 8.2.7**

*Encourage programs that require the involvement of local artists, artisans, and craftspersons involvement in the design of open space, signage, and street furniture.*

**POLICY 8.2.8**

*Design parks and open spaces to be accessible and usable for arts and cultural activities, such as outdoor performances and group practice.*

**POLICY 8.2.9**

*Dedicate a portion of impact fees for arts and cultural programming in new and existing public spaces, such as schools, parks, recreational facilities, and community centers.*

**POLICY 8.2.10**

*Create new incentives to promote the inclusion of arts facilities in private development.*

**POLICY 8.2.11**

*Use City zoning and financial resources to create incentives for increasing the supply of affordable housing and work spaces for artists.*

**POLICY 8.2.12**

*Include artists in affordable housing initiatives, possibly in conjunction with a resident artist or neighborhood arts programs.*

Places for entertainment uses provide local artists with business opportunities while providing visitors and residents with venues to socialize and share in cultural activities. These entertainment venues often serve as the heart of a community. Their continued vitality should be a high priority.

OBJECTIVE 8.3

**Protect and encourage appropriate neighborhood entertainment uses**

POLICY 8.3.1

*Grandfather in and allow limited expansion of entertainment venues in the event of a demolition and replacement of the building.*

POLICY 8.3.2

*Allow entertainment as an accessory use in all Principally Permitted uses, with the exception of Type 48 bars, in the Folsom Street Neighborhood Commercial District.*

POLICY 8.3.3

*Allow “Place of Entertainment” as a fully Permitted Use (with buffers to protect existing housing) south of Harrison Street.*

POLICY 8.3.4

*Provide opportunities for relocation of existing entertainment uses from residential areas to non-residential areas of the Western SoMa SUD.*

Entertainment or recreational spaces provide opportunities for many different types of cultural interactions, and are essential to a complete neighborhood fabric. As cultural diversity increases, so too must a community’s ability to facilitate those opportunities.

POLICY 8.3.5

*Allow entertainment uses in select areas under lower intensity circumstances and as a complementary activity in permitted uses.*

WesternSoMa provides many opportunities for nightlife and entertainment due to its relatively low housing density and proximity to public transit. As the Western SoMa becomes increasingly residential, nighttime entertainment may create conflicts with housing uses. Therefore, new entertainment uses should be restricted to appropriate levels of intensity and locations.

POLICY 8.3.6

*Include entertainment spaces as a proportion of new development.*

The development of neighborhood-serving commercial space is strongly encouraged. New commercial spaces should be designed to adequately suit the needs of entertainment venues and should integrate entertainment uses wherever appropriate.

POLICY 8.3.7

*Encourage clustering neighborhood serving uses around existing entertainment facilities.*

Incentives should be provided to help facilitate the integration of entertainment venues into the mix of uses in our neighborhoods. New commercial development may be guided toward primary locations where complementary businesses would provide increased economic activity.

## Community Facilities

In the future, the success of the Western SoMa SUD and its residential communities will largely depend upon the adequate and efficient provision of community facilities and services. An important element of this plan is to assure that the location, number and types of these amenities meet the needs and desires of the Western SoMa neighborhood, placing emphasis on facility maintenance and the addition of specific services to address deficiencies. Once implemented, evaluations should be conducted of neighborhood community facilities and services to ensure their effective delivery.

While in some areas of the Western SoMa there may be an adequate supply of community facilities, there are some principal issues that need to be addressed, such as determining how best to maximize the use of existing facilities; ensuring an equitable distribution of facilities that can improve the quality of life for all; managing the necessary maintenance of new and existing facilities, in light of budgetary constraints; and making an effective level of affordable community services available to the community, despite the threat of widespread federal, state and regional cutbacks.

In essence, this plan component attempts to outline the facilities and services of greatest demand to the community, such as human services, child care and education, but also places a great deal of emphasis on the preservation of other services:

- Links to social and cultural institutions, such as the Lesbian–Gay–Bisexual– Transgender–Queer–Questioning and Filipino–American communities.
- Provision of community recreation, art and education facilities as part of the development of new projects.
- Provision of sustainable urban agriculture and access to foods, on the part of retail businesses.

**OBJECTIVE 9.1**

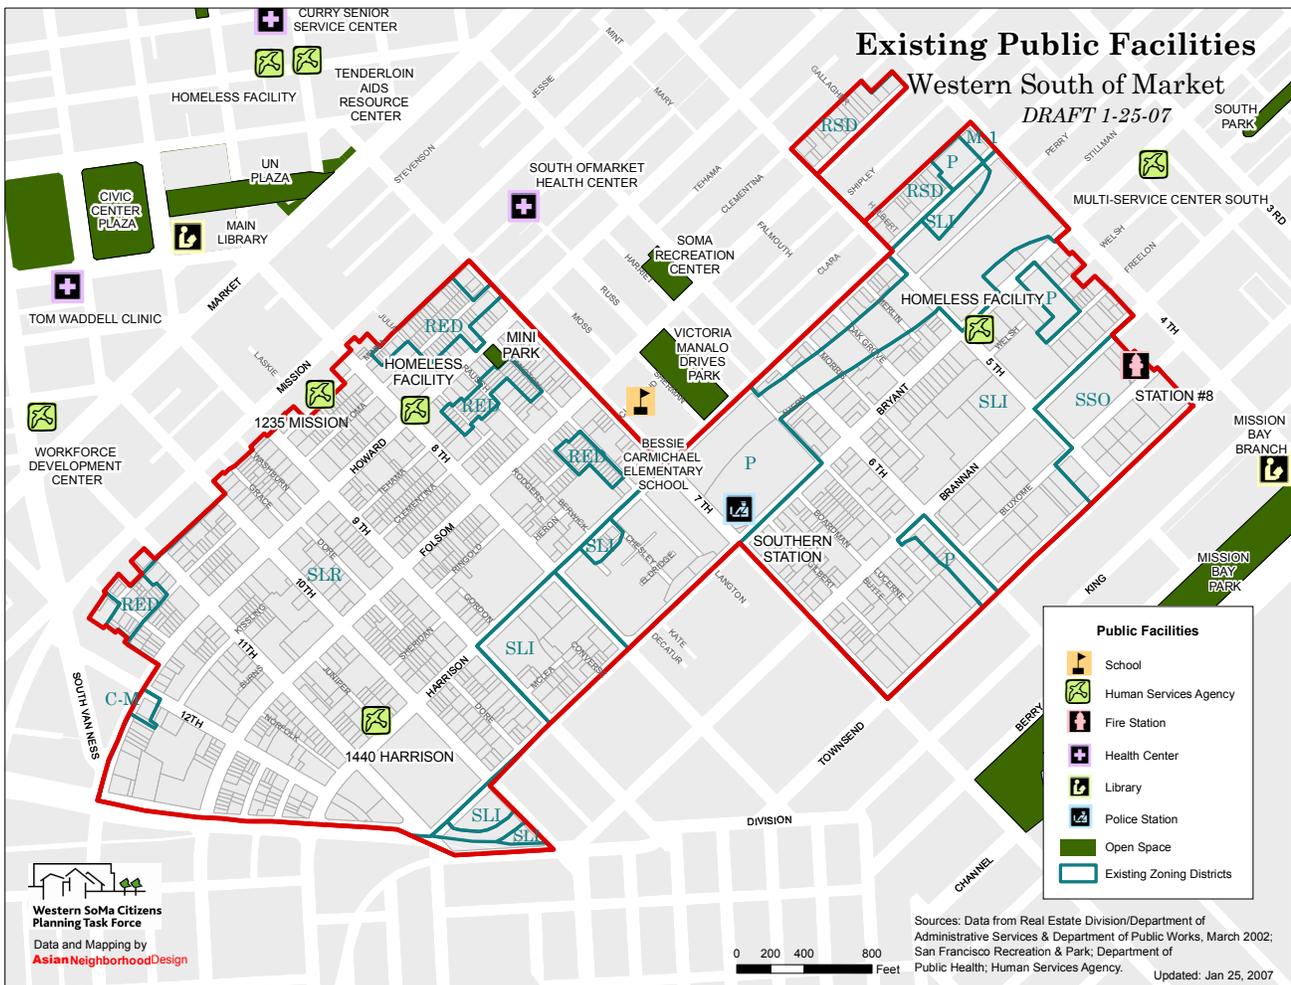

**Provide essential community services and facilities**

**POLICY 9.1.1**

*Support the siting of new facilities to meet the needs of a growing community and to provide opportunities for residents of all age levels.*

**POLICY 9.1.2**

*Encourage appropriate location and expansion of essential neighborhood-serving community and human services activities throughout Western SoMa, exclusive of the residential enclave districts.*

POLICY 9.1.3

*Recognize the value of existing facilities and support their expansion and continued use.*

POLICY 9.1.4

*Support existing and encourage new community serving social and cultural facilities in Western SoMa that support low-income and immigrant communities by creating new spaces that house services such as English as a Second Language, employment, art, education and youth programming.*

POLICY 9.1.5

*Ensure adequate maintenance of existing public health and community facilities.*

POLICY 9.1.6

*Work with appropriate City agencies to build and utilize school facilities as multi-use facilities, with joint use agreements that permit co-location of neighborhood services such as youth-serving community based organizations, low income clinics, recreation centers, and job skills training sites.*

POLICY 9.1.7

*Identify potential uses of existing school facilities for after school programs.*

POLICY 9.1.8

*Seek the San Francisco Unified School District consideration of new middle and high school options in the Western SoMa, or the expansion of existing schools to accommodate middle and high school demand from projected population growth in the Western SoMa.*

POLICY 9.1.9

*Identify a potential area in Western SoMa that could be appropriate for a neighborhood middle school, taking into consideration a number of factors, including pedestrian safety, noise and air quality conditions, and the feasibility of being co-located with another public works project (e.g., park, historic/cultural center, or City-sponsored childcare).*

POLICY 9.1.10

*Ensure public libraries in the plan area have sufficient materials to meet projected growth, to continue quality services, and to provide access for residents of the area.*

OBJECTIVE 9.2

**Provide neighborhood childcare services where they will best serve local residents and workers**

POLICY 9.2.1

*Encourage the creation of childcare facilities (licensed childcare centers or licensed family childcare homes) in affordable housing or mixed-use developments.*

POLICY 9.2.2

*Locate childcare near residential areas, on-site in new residential complexes, near transit facilities, or near employment centers to support families by reducing the time spent going to and from daycare, and to support other plan goals of traffic reduction and increased transit ridership.*

OBJECTIVE 9.3

**Ensure continued support for human service providers throughout the South of Market neighborhoods**

POLICY 9.3.1

*Promote the continued operation of existing human and health services that serve low-income and immigrant communities and prevent their displacement.*

POLICY 9.3.2

*Encourage new facilities and spaces for providers of services such as English as a Second Language, employment training services, art, education and youth programming.*

OBJECTIVE 9.4

**Reinforce the importance of the South of Market as a center for Filipino-American and LGBTQ life in San Francisco**

POLICY 9.4.1

*Support efforts to preserve and enhance social and cultural institutions.*

POLICY 9.4.2

*Encourage the creation of new social and cultural facilities in the Western SoMa area.*

POLICY 9.4.3

*Protect and support Filipino, LGBTQ and other minority or culturally significant local business, structures, property and institutions in Western SoMa.*

POLICY 9.4.4

*Develop a definition of social and cultural institutions, including clear explanation of how these institutions are or are not covered by existing historical preservation policies and what each City agency's role is in supporting these institutions.*

POLICY 9.4.5

*Ensure that existing cultural facilities are adequately staffed, buildings are maintained and methods are developed to meet increased cost and address increased usage of existing facilities.*

POLICY 9.4.6

*Prioritize maintenance and support funding for cultural and service facilities that support Filipino-Americans, such as the Bayanihan Center, the Filipino Education Center, and the West Bay Pilipino Multi-Services Center.*

POLICY 9.4.7

*Prioritize maintenance and support funding for cultural and service facilities and events such as street fairs that support the LGBTQ community.*

OBJECTIVE 9.5

**Encourage community recreation, public health, food production, art and education facilities as part of major real estate rehabilitation or new construction projects**

POLICY 9.5.1

*Development projects of an acre or more should provide on-site publicly-accessible community spaces or provide publicly-accessible open spaces.*

OBJECTIVE 9.6

**Promote food access and sustainable urban agriculture**

POLICY 9.6.1

*Provide expedited permit review processes for all retail businesses providing a minimum of 10 percent shelf space for fresh produce.*

POLICY 9.6.2

*Require community shared agriculture drop off locations in major new residential developments.*

POLICY 9.6.3

*Identify new areas for community gardens within the plan area. Consider new locations to be within new or existing parks or near existing or new community facilities.*

POLICY 9.6.4

*Consider using a portion of public benefits funding for the creation of community gardens based on community support.*

POLICY 9.6.5

*Consider using a portion of public benefits funding to support the transport of low-income residents to local farmers markets.*

POLICY 9.6.6

*If a new, remodeled or expanded school facility is developed, encourage the school to include the provision of fully functioning kitchens so that school meals are served on site and provide green space equal to 20 to 40 percent of the project site area to include a school garden.*

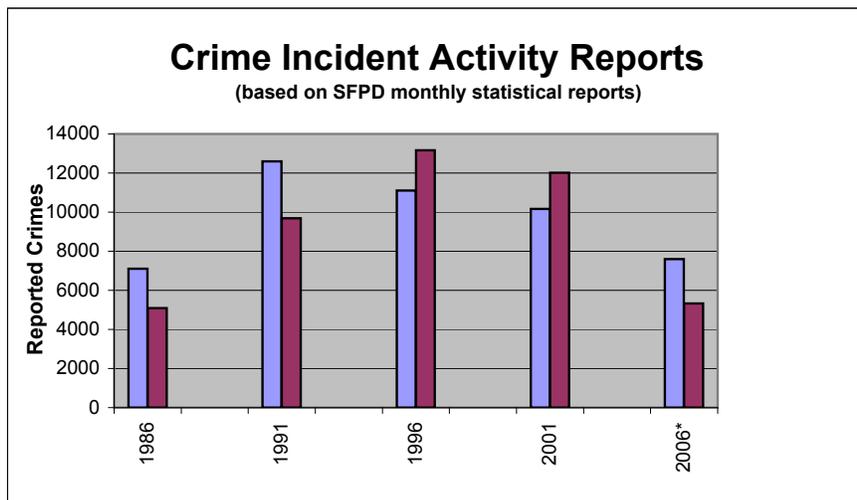

## Safety and Public Welfare

As the residential population of Western SoMa has grown, concerns about safety have become more important to many members of the community. At the first Town Hall meeting held by the Western SoMa Task Force in June of 2007, the small-group discussion facilitated by the Complete Neighborhood Fabric Committee was dominated by talk about crime, safety and quality of life.

To many longtime residents of Western SoMa, the standards for quality of life have always been tempered by the industrial nature of the area. Lower rents and greater tolerance for alternative lifestyles were always weighed against the higher standards of safety and cleanliness found in the more gentrified parts of the city. Newcomers to the neighborhood, swept in by the dot com boom and caught up in the spiraling prices of live/work lofts, made no such allowances. The 2006 race for the Board of Supervisors here in District 6 was dominated by charges of inattention to safety and the public welfare.

Has South of Market grown more dangerous? A review of crime statistics for the area served by Southern Station, sampled at five year intervals, actually shows the incidence of very serious offenses is lower today than what was reported in 1991, 1996 or 2006. Only in 1986 was the crime rate lower than what SoMa experienced in the last year studied.

■ Part I crimes (very serious offenses)      ■ Part II crimes (all other offenses)

\* Statistics for 2006 were only available for the first nine months. The figures 10,122 (very serious offenses) and 7,097 (all other offenses) project what the twelve month total would be if the crime rate continued apace with the first nine months.

Source: San Francisco Public Library

In the diagram above, crime statistics for each of these years are reported in “Crime Incident Activity Reports - San Francisco Police Department Monthly Statistical Reports,” with Part I crimes representing very serious offenses such as rape, robbery and homicides depicted by the blue bars on the graph; and Part II crimes, including just about all the other crimes short of infractions (shown in red). The community infractions of noise, littering, graffiti, urination and defecation were discussed at the June 2007 Town Hall conversations.

Unfortunately, these infractions are the lowest priority for law enforcement, leading to the perception that the community is ignored and treated with less respect than other parts of the city. As the population density increases, the incidence of these quality of life offenses affects more people. No one should have to live in a dirty, intolerable community.

To the extent that rezoning has opened up many formerly industrial areas to residents, urban planning takes on some of the responsibility for mitigating what was once the sole provenance of law enforcement.

“Crime Prevention through Environmental Design” (CPTED) is the field that provides us with tools to fulfill that role. It owes its origin to the work of Jane Jacobs who, in “Death and Life of Great American Cities,” drew a direct connection between successful place-making and overall public safety.

The safest communities have developed over long periods of time, absent any help from trained planners, with a rich range of activities and uses and with buildings of different designs and purposes. Modern planning efforts to recreate these communities with “mixed-use” zoning usually result in massive housing projects in neighborhoods with a smattering of meaningless ground floor retail space. Most are sorely lacking in all the essentials that go into creating a complete neighborhood. Unoccupied ground floor space, blank walls, inappropriate landscaping and uses that turn their back on the outside community should be discouraged.

OBJECTIVE 10.1

**Build “Crime Prevention through Environmental Design” (CPTED) standards into new zoning classifications**

POLICY 10.1.1

*Encourage a mix of uses that promote public participation and provide “eyes on the street.”*

POLICY 10.1.2

*Encourage natural surveillance by creating a better sense of community.*

POLICY 10.1.3

*Require adequate exterior lighting on all new developments.*

POLICY 10.1.4

*Ensure that trees and shrubbery do not obscure sight lines.*

The 1990 rezoning of South of Market attempted to codify the community’s existing mixed-use character. Service, Light Industrial and Residential (SLR) zoning, allowed community-serving, service-oriented and blue collar industries to coexist with residential uses and grandfathered in dozens of entertainment venues in the hope that people would be able to live, work and play all in this one area. Experience has shown that, although these varied uses occasionally come into conflict, South of Market is enriched by its diversity.

OBJECTIVE 10.2

**Encourage appropriate activities during both day and night**

POLICY 10.2.1

*Encourage uses that operate outside of the usual “nine-to-five” workday.*

The current Place of Entertainment permitting process is a one-size-fits-all process that, because of First Amendment concerns, cannot distinguish between a loud amphitheater, a small jazz club or even a restaurant featuring a disk jockey. While government cannot define entertainment for any venue, it can regulate secondary impacts.

POLICY 10.2.2

*Encourage lower-intensity, neighborhood-serving entertainment venues.*

An entertainment venue that respects its surrounding community and operates late into the night provides more security for everyone. It can also generate the critical mass to support ancillary businesses that benefit the entire neighborhood. Service-oriented and light industrial uses also contribute to creating a 24 hour neighborhood which creates a greater sense of security by providing constant “eyes on the street.”

OBJECTIVE 10.3

**Increase social cohesion among residents and local business owners**

POLICY 10.3.1

*Provide a basic level of common services, especially at major transit nodes, to prevent the perception of isolation.*

SoMa was laid out with large industrial city blocks, some of the longest in the city. Alleys help break up those long stretches. Mid-block crossings should also be encouraged.

POLICY 10.3.2

*Increase mid-block crossings throughout the Western SoMa SUD*

The Planning Department, the Commission, the Board of Supervisors -- in fact, the entire City family -- all have an obligation to help knit South of Market back together. SoMa is surrounded by freeways, is home to many of the most popular big box stores, auto repair shops, services for the Financial District and the hospitality industry and provides the entire region with entertainment. It bore the brunt of the dot com boom and bust and is now experiencing an incredible increase in population.

POLICY 10.3.3

*Encourage development of new community buildings that support a diverse spectrum of neighborhood activities.*

Creating safe public spaces requires commitment to environmental improvements and also to increasing community interactions, social relationships between neighbors and local business owners, improving economic conditions, and cultivating a sense of pride and ownership over the neighborhood. Such commitments can be cultivated in a number of ways including 1) funding for spaces to meet; 2) funding for public, community building events, like neighborhood fairs and festivals; 3) encouraging public participation in community decision-making; and 4) creating economic and social opportunities for youth, families, seniors and others.

POLICY 10.3.4

*Provide funding or physical space for the creation and/or continued programming of a neighborhood clean-up committee, a neighborhood crime prevention committee, or other neighborhood-oriented committee that seeks to promote social engagement and healthy communities.*

POLICY 10.3.5

*Organize periodic town hall meetings among police and elected officials and current residents, property and business owners to discuss the impact of new development and ways to improve neighborhood safety.*

POLICY 10.3.6

*Work with San Francisco Police Department to reduce crime in high crime areas by incorporating Crime Prevention through Environmental Design strategies and increasing police presence.*

OBJECTIVE 10.4

**Ensure a high quality of life for existing and new residents and workers**

POLICY 10.4.1

*Significantly enhance pedestrian safety throughout Western SoMa.*

POLICY 10.4.2

*Encourage the creation of a Community Benefits District to fund additional street cleaning.*

POLICY 10.4.3

*Support creating collaboration between the San Francisco Day Laborer programs and entertainment business owners to hire day laborers to pick up litter and clean streets around entertainment areas following business hours.*

POLICY 10.4.4

*Work with local eating establishments and convenience stores to ensure that there are trash cans located both inside and outside their establishment and that signs discourage litter.*

POLICY 10.4.5

*Designate a graffiti wall or section of a park where graffiti is encouraged. Offer awards or mini-grants for persons with the best graffiti on designated areas after a certain period of time, as long as the individual does not have current graffiti charges in other areas of the City.*

POLICY 10.4.6

*Work with the Department of Public Works to get self-cleaning public toilets placed along key commercial streets and near entertainment venues.*

POLICY 10.4.7

*Work with local entertainment owners to help fund regular cleaning of entertainment areas.*

POLICY 10.4.8

*Work with local restaurants, community centers, police stations, and other public facilities to allow increased public bathroom usage (include a slight financial incentive to allow public access or create sign that indicates name and location of public bathrooms). This program could provide free additional publicity for those businesses.*

POLICY 10.4.9

*Work with the San Francisco Day Laborer program or city janitorial services to establish a cleaning program where if businesses open their bathrooms to the public, they will receive one free bathroom cleaning per week from city-hired cleaners.*

OBJECTIVE 10.5

**Promote community participation  
in the Western SoMa Plan implementation process**

POLICY 10.5.1

*Establish a community advisory body to monitor implementation of the Plan and make recommendations for Plan amendments every two years.*

POLICY 10.5.2

*Conduct a formal external evaluation of community involvement activities during the course of the Western SoMa planning process to identify lessons learned and needs for future community improvement efforts.*

POLICY 10.5.3

*Promote public transportation to planning and implementation meetings to help increase community investment/engagement in neighborhood.*

Street design and public realm improvements need to improve the use of streets by prioritizing pedestrian safety and their enforcement, ADA accessibility, physical streetscapes improvements, and beautification, as well as making public right of ways and streets inclusive to all citizens, regardless of obvious or concealed human disability or impairment. Currently various Department Codes cover the safety and accessibility of streets. Some provisions, however, contradict each other and should be coordinated to implement a plan that embraces the concept of “universal design.”

Most existing disability language relates to “accessibility” and it is part of many Federal and State regulations as well as local Codes, including the Planning Code, the Building Code, the DPW Code, the Fire Code.

OBJECTIVE 10.6

**Build “safe and accessible places” through “universal design” (design that includes people with disabilities or impairments)**

POLICY 10.6.1

*Support building access to all public spaces, streets and public right of ways, as well as access to public spaces within private development in the neighborhood that is safe and accessible from the perspective of all local and federal regulations without contradictions regarding “safety” and “accessibility”.*

## Epilog

This “Proposal for Adoption” is the product of more than six years’ effort on the part of the Western SoMa Citizens Planning Task Force, in cooperation with the Planning Department, the Transportation Authority, the Department of Public Health and a host of public and private agencies and individuals.

Thousands of volunteer hours went into the Plan. At one time, Task Force members were meeting five times a month, exploring solutions to the needs of Western SoMa through the Complete Neighborhood Fabric and Business and Land Use Committees, the Arts and Entertainment and Transportation Focus Groups and the full Task Force, with invaluable support from the City Family and many gifted professionals who saw merit in the community-based approach that was underway.

The Task Force forwards their best efforts to the Planning Commission and Board of Supervisors with the hope that they respect all that it represents in the development history of San Francisco, as a place highly valued by current residents, businesses and visitors and in the context of a 21st Century vision for the city.

We dedicate this community plan to the undaunting community spirit and memory of Jim Berk and Dan Becco, two Task Force members who left us far too soon, and to all those who contributed to the successful completion of the Western SoMa Community Plan.

### Western SoMa Community Plan Public Benefits Priority Projects

Approved by Western SoMa Community Planning Task Force on May 25, 2011

PRIORITY PROJECTS	DESCRIPTION	LEAD CITY AGENCY and PARTICIPANTS	POTENTIAL DIRECT LINKS TO ANTICIPATED DEVELOPMENT ACTIVITY	ANTICIPATED IN-KIND COMMUNITY BENEFITS APPLICATION	OTHER SOURCES OF FUNDING	ENVIRONMENTAL CLEARANCE	ESTIMATED PROJECT COSTS	PROJECT COST SOURCE	PROJECTED PROJECT CONSTRUCTION TIME FRAME
<b>Minna and Natoma Alley Treatments</b>	Between 7th and 9th Streets provide pedestrian and traffic calming designs that mirror the alley treatments for these two alleys between 6th and 7th Streets. Additionally, these alley treatments will include Social Heritage "features" appropriate to the Filipino history in the neighborhood.	SFCTA, DPW, Consultants and W SoMa CPTF	Limited	None	SFCTA taking the lead with design grant support being sought by CBO for Social Heritage "features."	Mid-2012	\$1.2-1.6 Million	SFCTA seeking funding and EN CBIF	2012-2015
<b>Ringold Alley</b>	Shared roadway alley treatment between 8th and 9th Streets that will include Social Heritage "features" appropriate to the LGBTQ history in the neighborhood.	SFCTA, DPW, Consultants and W SoMa CPTF	Archstone development at 350 8th Street	Yes	SFCTA taking the lead with design grant support being sought by CBO for Social Heritage "features." Archstone potential contributions.	Mid-2012	\$300,000-\$600,000	SFCTA seeking funding and EN CBIF	2014-2015
<b>Publicly Accessible Open Space</b>	5,000 sqft publically accessible open space at the corner of 8th and Ringold with possible public easement.	Archstone, Planning and W SoMa CPTF	Archstone development at 350 8th Street	Yes	Archstone & KMA	Mid-2012	\$175,000 - Construction, \$50,000 - Soft Costs, \$1,285,000 - Land	EN CBIF	2014-2015
<b>Publicly Accessible Tot Lot</b>	1,000-2,000 sqft publically accessible Tot Lot at the corner of 8th and Ringold with possible public easement. LAND USE							
OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
1.1	BUILD ON AN EXISTING MIXED-USED CHARACTER THAT ENCOURAGES PRODUCTION OF RESIDENTIAL USES IN AREAS MOST APPROPRIATE FOR NEW HOUSING WITH A PROXIMATE MIX OF USES AND SERVICES SERVING LOCAL NEEDS AND THEREBY DEVELOPING A COMPLETE NEIGHBORHOOD	1.1.1	Establish a Community Stabilization Policy for the Western SoMa SUD, based upon the Planning Principles adopted by the Western SoMa Citizens Planning Task Force, in order to maintain the historical balance between affordable and market rate housing and ensure that jobs are not pushed out in favor of more residential development.	1.1.1.1	Adopt the Western SoMa Community Stabilization Policy	Planning	Upon Plan adoption
		1.1.2	Western SoMa land uses should progress from non-residential uses south of Harrison Street northward to an increasingly residential neighborhood with retention of a mix of uses and new mixed-use developments where appropriate.	1.1.2.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		1.1.3	Protect existing residential clusters in Western SoMa.	1.1.3.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		1.1.3	Protect existing and newly designated residential clusters with Residential Enclave District zoning controls.	1.1.3.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		1.1.4	Encourage increased height and density in the "Downtown Folsom" neighborhood serving commercial corridor between 7th and 10th Streets.	1.1.4.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		1.1.5	Restrict larger formula retail uses north of Harrison Street to large and very large development sites of one acre or more.	1.1.5.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		1.1.6	Limit commercial development of retail uses to no more than 25,000 square feet throughout the Western SoMa SUD. These larger retail uses shall be allowed to locate without restriction south of Harrison Street and be permitted only on large development sites (LDS = one acre or larger) north of Harrison Street.	1.1.6.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		1.1.7	Establish vertical zoning standards in locations encouraging new mixed-use development and preserving a mix of uses.	1.1.7.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
1.2	ENCOURAGE PRESERVATION OF EXISTING AND VIABLY APPROPRIATE NEW LAND USES IN LOCATIONS THAT PROVIDE THE GREATEST OPPORTUNITIES FOR SUCCESS AND MINIMIZE CONFLICT WITH RESIDENTIAL USES	1.2.1	Re-name, re-district and re-purpose the existing Service Light Industry (SLI) zoning district as a new Service, Arts and Light Industrial (SALI) zone.	1.2.1.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		1.2.2	Preserve and enhance compatibility of existing land uses south of Harrison Street.	1.2.2.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		1.2.3	Establish a mid-rise business corridor on Townsend Street designated for office uses and an explicit preference for 21st Century high tech and digital-media uses.	1.2.3.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		1.2.4	Prohibit housing outside of designated Residential Enclave Districts (RED) south of Harrison Street.	1.2.4.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		1.2.5	Incorporate Western SoMa SUD formula retail controls in the Planning Code.	1.2.5.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		1.2.6	Include development impact fees from the Western SoMa SUD in the Eastern Neighborhoods Community Benefits Fund.	1.2.6.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
1.3	MINIMIZE NOISE IMPACTS AND ENSURE APPROPRIATE NOISE ORDINANCE REQUIREMENTS ARE MET	1.3.1	Reduce potential land use conflicts by providing accurate background noise-level data.	1.3.1.1	Update the San Francisco Noise Ordinance to reflect current conditions and to ensure compatible land use planning.	Police	TBD
		1.3.2	Reduce potential land use conflicts by carefully considering the location and design of both noise-generating uses and sensitive uses in the Western SoMa.	1.3.2.1	Work with the Department of Public Health to: a) identify existing sensitive noise receivers and noise generators b) identify proposed new noise generating sources and new projects potentially introducing sensitive receivers c) analyze the potential impacts of noise upon nearby sensitive uses and implement mitigations via engineering and design.	DPH	TBD

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
1.4	IMPROVE INDOOR AIR QUALITY FOR SENSITIVE LAND USES IN WESTERN SOMA	1.4.1	Minimize exposure to air pollutants from existing traffic sources for new residential developments, schools, daycare and medical facilities.	1.4.1.1	<p>Adhere to existing regulatory guidance and work with the Department of Public Health to implement Article 38 of the SF Health Code and the BAAQMD 2010 CEQA Air Quality Guidelines.</p> <p>As part of the environmental review process for proposed new sensitive uses, including residential, childcare, and school facilities, work with the Department of Public Health to perform the appropriate air pollution exposure analysis.</p> <p>Avoid locating sensitive uses adjacent to high volume traffic and freight routes. If sensitive uses are located in a 500 feet buffer of areas where average daily vehicle counts exceed 100,000, require the use of an HVAC system with filtration to reduce/mitigate infiltration of vehicle emissions as warranted by exposure analysis.</p> <p>Work with the Department of Public Health to perform the appropriate air pollution exposure analysis and review process for proposed new sensitive uses, including residential, childcare, and school facilities.</p>	DPH	TBD

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
2.1	RETAIN AND ENCOURAGE GROWTH OPPORTUNITIES FOR EXISTING NEIGHBORHOOD BUSINESSES	2.1.1	Reduce the current office restrictions in the Western SoMa SUD to allow small general office uses north of Harrison Street on 9th, 10th and Folsom Streets and allow larger office uses in a district along Townsend Street.	2.1.1.1	Where allowed in the Western SoMa Special Use District, provision of office space, outside of the Mixed-use Office District, shall be limited to a maximum on one (1) floor of occupancy. When such office space is provided on the ground floor it should be limited to neighborhood- serving office uses.	Planning	Upon Plan adoption
		2.1.2	Promote a wide range of neighborhood-serving commercial uses north of Harrison Street.	2.1.2.1	Amend the Planning Code to provide options within the “mixed income” housing requirements which allow developers to dedicate land for construction of affordable housing.	Implied	Adopt the Western SoMa Area Plan and Code amendments.
		2.1.3	Allow unrestricted wholesale activities for permitted uses throughout the Western SoMa SUD..	2.1.3.1	Amend the Planning Code to provide options within the “mixed income” housing requirements which allow developers to construct housing priced for moderate and “middle” incomes.	Implied	Adopt the Western SoMa Area Plan and Code amendments.
		2.1.4	Create incentives for adaptive re-use of existing commercial buildings throughout the Western SoMa SUD.	2.1.4.1	Finalize Historic Survey findings and recommendations.	Planning	2 years
				2.1.4.2	Develop adaptive reuse design standards.	Planning	Upon Western SoMa Design Standards adoption

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		2.1.5	Explore community benefits programs that stabilize and strive to retain existing neighborhood commercial uses.	2.1.5.1	Develop and propose explicit and publically noticed neighborhood commercial use retention and stabilizations programs.	OEWD	TBD
		2.1.6	Retain to the greatest extent possible neighborhood-serving commercial uses in walking proximity to existing and new additions to the neighborhood housing stock.	2.1.6.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		2.1.7	Encourage innovation, creativity and start-up business opportunities through adaptive re-use programs that encourage building rehabilitation over demolition and new construction proposals.	2.1.7.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		2.1.8	Develop anti-displacement programs for existing neighborhood businesses with special attention given to innovative, creative and arts related programs and businesses.	2.1.8.1	Develop and propose explicit and publically noticed neighborhood commercial use retention and stabilizations programs.	OEWD	TBD

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		2.1.9	Establish funding mechanisms for job training programs that help to serve the needs of existing and emerging neighborhood commercial activities.	2.1.9.1	Develop targeted and economically responsive local job training programs that support emerging neighborhood commercial uses.	OEWD	TBD
2.2	PROMOTE APPROPRIATE NEW NEIGHBORHOOD BUSINESS OPPORTUNITIES THAT CREATIVELY RESPOND TO NEIGHBORHOOD, CITYWIDE AND REGIONAL ECONOMIC NEEDS AND TRENDS	2.2.1	Continue to evaluate new “formula retail” uses through the Conditional Use process and additional policies adopted by the Planning Commission for the Western SoMa SUD.	2.2.1.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		2.2.2	Prohibit new retail uses in excess of 25,000 square feet throughout the Western SoMa SUD.	2.2.2.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		2.2.3	Allow new large retail uses in excess of 10, 000 square feet and less than or equal to 25,000 either south of Harrison Street or north of Harrison Street on parcels that exceed one acre of land area.	2.2.3.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		2.2.4	Encourage mixed-use development of new use large retail sites throughout the Western SoMa SUD.	2.2.4.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		2.2.5	Allow increased height limits on larger development sites in exchange for enhanced public benefits.	2.2.5.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		2.2.6	Create increased opportunities for existing and new high technology uses in a commercial district along Townsend Street.	2.2.6.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		2.2.7	Allow a limited number of new automobile sale uses south of Harrison Street and proximate to the elevated highway system.	2.2.7.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		2.2.8	Allow small Bed and Breakfast hotels along the Folsom Street Neighborhood Commercial District corridor.	2.2.8.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		2.2.9	Allow pet day care as a Permitted Use everywhere in the Western SoMa SUD except in the RED and RED-mixed zones.	2.2.9.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		2.2.10	Allow pet board and care as a Permitted Use in the SALI outside of RED buffer zones.	2.2.10.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Plan adoption
		2.2.11	Allow licensed massage therapy as a Conditional Use everywhere in the Western SoMa SUD, with the exception of the RED and RED-mixed zones, so long as it is accessory to another Principal and Permitted Use	2.2.11.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Plan adoption
		2.2.12	Develop land use controls that promote Folsom Street as the main neighborhood shopping and ceremonial street in the Western SoMa SUD.	2.2.11.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Plan adoption
		2.2.13	Clearly designate and differentiate streets and their associated zoning for functional goods and services movement from streets with pedestrian and bicycle orientations.	2.2.13.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Plan adoption

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		2.2.14	Provide adequate customer parking and goods loading areas in a manner that minimizes negative impacts on transit, bike and pedestrian movements on neighborhood commercial streets.	2.2.14.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		2.2.15	Provide relocation opportunities for existing nighttime entertainment uses into areas where the impacts on neighborhood residential areas can be minimized.	2.2.15.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		2.2.16	Differentiate large nighttime entertainment uses from smaller and complementary entertainment uses and permit these new less intense uses to the extent they enhance local neighborhood livability and neighborhood business viability.	2.2.16.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
		2.2.17	Support both the economic and environmental benefits of participating in the green business movement and encourage commercial businesses in the Western SoMa to seek green business certification.	2.2.17.1	Adopt the Western SoMa Area Plan and Code amendments.	Planning	Upon Plan adoption
2.3	SUPPORT THE ECONOMIC WELLBEING OF A VARIETY OF BUSINESSES IN THE WESTERN SOMA	2.3.1	Provide business assistance for new and existing light industrial businesses in the Western SoMa SUD.	2.3.1.1	Develop, support and publicize neighborhood business relocation assistance programs.	OEWD	2 years

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE		
#	Objective	#	Policy	#	Action				
				2.3.1.2	Develop fee programs to support business relocation when viable commercial businesses are displaced due to residential developments or significant environmental impacts associated with new development.	OEWD	2 years		
				2.3.2	Provide business assistance for new and existing small businesses in the Western SoMa SUD.	2.3.2.1	Develop support mechanisms and financial incentives to prioritize locally-owned small businesses and encourage new development to target marketing of leasable space for locally-owned businesses.	OEWD	2 years
				2.3.2.2	Work to provide favorable rent or lease terms to locally-owned green businesses as a community benefit.	OEWD	2 years		
				2.3.2.3	Expedite permitting to locally-owned green businesses in new commercial properties.	Planning	2 years		
2.4	INCREASE ECONOMIC SECURITY FOR WORKERS BY PROVIDING ACCESS TO SOUGHT-AFTER JOB SKILLS	2.4.1	Provide workforce development training for those who work in and live in the Western SoMa SUD, particularly those who do not have a college degree.	2.4.1.1	Through a conferred benefit (e.g., increased heights), explore the creation of a fee for the loss of commercial uses that is earmarked for relocating existing commercial businesses or contributing to a job training fund.	Planning	2 years		
				2.4.1.2	Develop a fund supporting a neighborhood employment plan, including job training and placement of local residents, including apprenticeship programs for historically underserved populations.	OEWD	2 years

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
4.1	FACILITATE THE MOVEMENT OF PEDESTRIANS AND BICYCLES IN THE ALLEYS	4.1.1	Introduce treatments that effectively improve the pedestrian experience in alleys.	4.1.1.1	Promote pedestrian scaled design in alleys	Planning	Upon Plan adoption
				4.1.1.2	Introduce pedestrian entrances from sidewalks.	Planning	Upon Plan adoption
				4.1.1.3	Provide bicycle and pedestrian amenities in front of commercial uses and residential enclaves, such as bike racks, public seating, and landscaping.	Planning	Upon Plan adoption
		4.1.2	Limit the supply of on-street parking in some alleys, in order to accommodate pedestrian and bicycle movement.	4.1.2.1	Keep sidewalks and road surfaces free of impediments.	SFMTA	Ongoing
				4.1.2.2	Provide safe routes to schools.	Planning	Upon Plan adoption
				4.1.2.3	Install sidewalks with continuous curbs.	DPW	Ongoing
				4.1.2.4	Consider the use of bollards to control parking and preserve the sidewalks for pedestrian use.	DPW	Ongoing
		4.1.3	Improve street lighting in alleys.	4.1.3.1	Introduce pedestrian scaled lighting.	SFPUC	5 years
		4.1.4	Provide pedestrian crossings that unite alleys on both sides of a neighborhood- serving street.	4.1.4.1	Locate pedestrian crossings between alleys located on both sides of a neighborhood-serving street.	SFMTA	Ongoing
				4.1.4.2	Install a pedestrian crossing on 11th Street at Minna Alley.	SFMTA	Ongoing
4.1.4.3	Install a pedestrian crossing on 11th Street at Natoma Alley.			SFMTA	Ongoing		
4.2	LIMIT THE SPEED AND VOLUME OF MOTOR VEHICLES IN ALLEYS	4.2.1	Restrict the entry of motor vehicles in alleys.	4.2.1.1	Restrict the use of curb cuts on alleys.	Planning	Ongoing
				4.2.1.2	Limit alley roadway widths.	DPW	Ongoing
		4.2.2	Consider converting some alleys to two-way traffic.	4.2.2.1	Study alley reconfigurations.	SFMTA	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		4.2.3	Employ traffic calming measures on alleys.	4.2.3.1	Apply traffic calming alley treatments, as per the South of Market Alley Improvements Program.	SFMTA/SFCTA	Ongoing
		4.2.4	Prohibit the circulation of freight and service vehicles on residential alleys.	4.2.4.1	Apply truck route treatments and appropriate restrictions to 9th, 10th, Bryant and Harrison Streets.	SFMTA	Ongoing
4.3	REDUCE THE IMPACTS OF COMMERCIAL DEVELOPMENT ON NEIGHBORHOOD-SERVING STREETS BY PROMOTING ALTERNATIVE TRANSPORTATION MODES	4.3.1	Develop commercial uses on specific streets, making them easily accessed by transit and non-motorized transportation.	4.3.1.1	Feature pedestrian scale design on building frontages.	Planning	Upon Plan adoption
				4.3.1.2	Introduce pedestrian entrances on the sidewalk.	SFMTA	Ongoing
				4.3.1.3	Introduce pedestrian scale lighting.	SFPUC	Ongoing
				4.3.1.4	Provide bicycle and pedestrian amenities in front of commercial uses (e.g., bike racks, public seating, and landscaping).	SFMTA	Ongoing
		4.3.2	Reduce the supply of on-street parking on some neighborhood-serving streets, in order to accommodate transit and bicycle lanes.	4.3.2.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
		4.3.3	Promote walking and bicycling to/from the designated Neighborhood Commercial (NC) Districts by introducing pedestrian and environmental improvements.	4.3.3.1	Install corner bulb-outs.	SFMTA	Ongoing
				4.3.3.2	On Townsend Street, locate restaurants and retail appropriately.	Planning	Upon Plan adoption
				4.3.3.3	Keep sidewalks free of impediments.	DPW	Ongoing
				4.3.3.4	Provide safe routes to schools.	SFCTA	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
				4.3.3.5	Discourage new curb cuts on Transit Preferential Streets (TPS).	Planning	Ongoing
				4.3.3.6	Where appropriate, increase the use of street trees.	DPW	Ongoing
				4.3.3.7	Provide signage for pedestrians.	SFMTA	Ongoing
				4.3.3.8	Establish minimum standards for sidewalk dimensions.	SFMTA/Planning	Ongoing
		4.3.4	Reduce auto-oriented facilities on neighborhood-serving streets.	4.3.4.1	Reduce the number of surface parking lots.	Planning	Ongoing
				4.3.4.2	Limit the number of parking garages.	Planning	Ongoing
				4.3.4.3	Limit the number of drive-through establishments.	Planning	Ongoing
				4.3.4.4	Prohibit curb cuts on certain streets.	Planning	Ongoing
		4.3.4.5	Prohibit the spread of auto body shops.	Planning	Ongoing		
		4.3.5	Develop transportation system improvements, based on an analysis of existing and future conditions.	4.3.5.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
4.3.6	Collaborate with the SFMTA to study the feasibility of developing parking pricing policies.	4.3.6.1	Implement <i>Sfpark</i> .	SFMTA	Ongoing		
4.4	ENSURE A MINIMUM LEVEL OF SAFETY ON NEIGHBORHOOD-SERVING STREETS	4.4.1	Provide a basic level of common services at major transit nodes, preventing these areas from being perceived to be isolated.	4.4.1.1	Establish transit nodes at appropriate points of interconnection.	SFMTA	2 years
				4.4.2	Introduce traffic calming measures that promote pedestrian and bicycle transportation and safety.	4.4.2.1	Apply curb treatments on some streets.
		4.4.2.2	Apply pavement treatments, such as special pavement and bricks.			SFMTA & DPW	Ongoing
		4.4.2.3	Provide street trees.	DPW	Ongoing		

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE		
#	Objective	#	Policy	#	Action				
				4.4.2.4	Reduce the number and width of traffic lanes.	SFMTA & DPW	Ongoing		
				4.4.2.5	In some cases, introduce speed treatments, such as humps, tables, and raised crosswalks.	SFMTA & DPW	Ongoing		
				4.4.3	Provide mid-block crossings for better access to major activities and facilities.	4.4.3.1	Provide clearly marked pedestrian crossings.	SFMTA	2 years
				4.4.4	Improve transit facilities and services on streets with existing transit service, providing passengers with better access to nearby destinations.	4.4.4.1	Provide adequate bus shelters and benches.	SFMTA	Ongoing
						4.4.4.2	Provide maps at transit stops.	SFMTA	Ongoing
						4.4.4.3	Provide human-scale lighting.	SFPUC	Ongoing
				4.4.5	Reduce posted speeds along neighborhood-serving streets to 20 mph.	4.4.5.1	The Planning Department will work with SFMTA for planned speed reductions.	SFMTA	Ongoing
				4.4.6	Coordinate with SFMTA to develop an ongoing set of pedestrian and bicycle safety improvements for neighborhood-serving streets.	4.4.6.1	The Planning Department will work with SFMTA for planned neighborhood streets improvements plan.	SFMTA	Ongoing
4.5	DESIGN NEIGHBORHOOD-SERVING STREETS ACCORDING TO LOCAL NEEDS AND DESIRES	4.5.1	Improve connections to regional transit services.	4.5.1.1	The Planning Department will work with SFMTA for planned transit service improvements plan.	Planning	Ongoing		
4.6	INTEGRATE NEIGHBORHOOD-SERVING STREET POLICIES WITH OTHER PLANNING EFFORTS	4.6.1	Promote cooperation between agencies and programs involved in planning SoMa.	4.6.1.1	SFMTA, the Department of Public Works (DPW), the Public Utilities Commission (PUC) and Planning will use accepted street design guidelines to guide street improvements. Coordinate with the Municipal Transportation Agency (MTA).	Planning	Ongoing		

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
				4.6.1.2	Coordinate with the Great Streets and South of Market Alley Improvements Programs, administered by the Department of Public Works.	DPW	Ongoing
		4.6.2	Work with the SFMTA to identify new transit needs on neighborhood-serving streets.	4.6.2.1	The Planning Department will work with SFMTA for planned transit service improvements plan.	Planning	Ongoing
4.7	REDUCE THE IMPACTS OF INCREASED NEIGHBORHOOD COMMERCIAL DEVELOPMENT ON FOLSOM STREET BY ENCOURAGING THE USE OF ALTERNATIVE MODES OF TRANSPORTATION	4.7.1	Develop commercial uses on Folsom Street that are easily accessed by transit and non-motorized transportation.	4.7.1.1	Feature pedestrian scale building designs with transparent building frontages.	Planning	Ongoing
				4.7.1.2	Introduce pedestrian entrances on the sidewalk.	Planning	Ongoing
				4.7.1.3	Introduce pedestrian-scale lighting.	Planning	Ongoing
				4.7.1.4	Provide bicycle and pedestrian amenities in front of commercial uses, including bike racks, public seating, and landscaping.	Planning	Ongoing
		4.7.2	Design and implement an on-street parking scheme for Folsom Street.	4.7.2.1	The Planning Department will work with SFMTA on a parking plan.	Planning	Ongoing
		4.7.3	Promote walking and other non-motorized travel modes to/from neighborhood commercial segments of Folsom Street by introducing pedestrian and environmental improvements.	4.7.3.1	Install corner bulb-outs and median islands.	SFMTA	2 years
				4.7.3.3	Locate restaurants and retail uses appropriately (e.g., at least one per block).	Planning	Ongoing
				4.7.3.4	Keep sidewalks free of impediments.	DPW	2 years
				4.7.3.5	Provide safe routes to schools.	SFMTA	2 years
		4.7.3.6	Install sidewalks with a continuous curb.	DPW	2 years		

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
				4.7.3.7	Increase the presence of street trees.	DPW	2 years
				4.7.3.8	Provide signage for pedestrians.	SFMTA	2 years
				4.7.3.9	Establish minimum standards for sidewalk dimensions.	Planning	2 years
		4.7.4	Reduce or prohibit auto-oriented facilities on Folsom Street.	4.7.4.1	Discourage surface parking lots.	Planning	Ongoing
				4.7.4.2	Discourage parking garages.	Planning	Ongoing
				4.7.4.3	Discourage gas stations.	Planning	Ongoing
				4.7.4.4	Discourage drive-through establishments.	Planning	Ongoing
				4.7.4.5	Prohibit new curb cuts on Folsom Street between 7th and 10th Streets.	Planning	Ongoing
				4.7.4.6	Restrict location of new auto body shops to regional streets.	Planning	Ongoing
		4.7.5	Develop transportation system improvements on Folsom Street, based on an analysis of existing and future conditions.	4.7.5.1	The Planning Department will work with SFMTA for planned transit service improvements plan.	Planning	Ongoing
		4.7.6	Collaborate with the SFMTA to develop parking pricing policies.	4.7.6.1	The Planning Department will work with SFMTA to develop a parking pricing plan.	Planning	Ongoing
		4.7.7	Require that commercial development provide on-site Travel Demand Management (TDM) programs incorporating a variety of measures, to ensure vehicle trip reduction.	4.7.7.1	Provide carpool matching.	Planning	Ongoing
				4.7.7.2	Make carsharing services available.	Planning	Ongoing
				4.7.7.3	Provide financial incentives for walkers and bicyclists.	Planning	Ongoing
				4.7.7.4	Provide free or discounted transit passes.	Planning	Ongoing
				4.7.7.5	Introduce a guaranteed ride home service.	Planning	Ongoing
				4.7.7.6	Provide preferential carpool and vanpool parking.	Planning	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
				4.7.7.7	Provide transportation information (schedules, maps).	SFMTA	Ongoing
				4.7.7.8	Provide secure bicycle parking.	Planning	Ongoing
				4.7.7.9	Provide showers and changing facilities for bicyclists.	Planning	Ongoing
		4.7.8	Require that residential development provide TDM benefits to individual tenants.	4.7.8.1	Make carsharing services available.	Planning	Ongoing
				4.7.8.2	Provide free or discounted transit passes.	Planning	Ongoing
				4.7.8.3	Provide transportation information.	Planning	Ongoing
				4.7.8.4	Provide secure bicycle parking.	Planning	Ongoing
4.8	ENSURE A MINIMUM LEVEL OF SAFETY ON FOLSOM STREET, PARTICULARLY FOR RESIDENTS AND OTHER USERS OF THE SYSTEM	4.8.1	Provide a basic level of common services at major transit nodes, preventing these areas from being perceived as isolated.	4.8.1.1	Establish a transit node at 7th and Folsom Streets.	SFMTA	2 years
		4.8.2	Introduce traffic calming measures that will promote pedestrian and bicycle transportation and safety in the area.	4.8.2.1			
				4.8.2.2			
				4.8.2.3	Apply curb treatments, including chicanes, extensions, and planters.	SFMTA/SFCTA	Ongoing
				4.8.2.4	Apply pavement treatments, such as special pavement, and bricks.	DPW	Ongoing
				4.8.2.6	Provide street trees.	DPW	Ongoing
				4.8.2.7	Reduce the number and width of lanes.	SFMTA	Ongoing
				4.8.2.8	Introduce speed treatments, such as humps, tables, and raised crosswalks.	SFMTA	Ongoing
		4.8.3	Provide mid-block crossings on Folsom Street (between 6th and 9th Streets) that provide pedestrians with better access to major activities	4.8.3.1	Provide clearly marked pedestrian crossings.	SFMTA	Ongoing
				4.8.3.2	Provide clearly marked and signalized pedestrian crossings.	SFMTA	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		4.8.4	Improve on-street transit facilities and services, providing passengers with better access to major destinations along Folsom Street.	4.8.4.1	Provide adequate bus shelters and benches.	SFMTA	Ongoing
				4.8.4.2	Provide maps at transit stops.	SFMTA	Ongoing
				4.8.4.3	Provide human-scale lighting.	SFPUC	Ongoing
		4.8.5	Reduce roadway conflicts between transit vehicles, bicyclists and pedestrians.	4.8.5.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
		4.8.6	Coordinate with SFMTA to develop a minimum set of required pedestrian and bicycle safety improvements.	4.8.6.1	The Planning Department will work with SFMTA for a safety improvements plan.	Planning	Ongoing
4.9	DESIGN FOLSOM STREET CONSISTENT WITH LOCAL NEEDS AND DESIRES	4.9.1	Identify Folsom Street as a corridor providing connections to regional transit.	4.9.1.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
4.10	INTEGRATE FOLSOM STREET POLICIES WITH OTHER PLANNING EFFORTS	4.10.1	Promote cooperation between agencies and programs involved in planning SoMa, consistent with the provisions of the Administrative Code.	4.10.1.1	As part of Eastern Neighborhoods Transportation Implementation Planning Study, SFMTA, SFCTA, DPW and Planning will develop a funding strategy for transportation improvements identified in the study.	SFMTA	2 yrs
				4.10.2.1	Work with the SFMTA to identify new transit needs on Folsom Street, including routes, frequencies, and amenities.	SFMTA	2 yrs
4.11	RESTRICT REGIONAL TRAFFIC TO A NORTH-SOUTH AND EAST-WEST COUPLET OF STREETS THAT DIRECTLY CONNECT TO THE CENTRAL FREEWAY	4.11.1	Provide adequate motor vehicle capacity along regional streets.	4.11.1.1	Consider restricting parking along W SoMa designated regional streets during peak periods	SFMTA	2 yrs

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		4.11.2	Restrict all freight and service traffic to regional streets.	4.11.2.1	Apply truck route treatments and appropriate restrictions to 9th, 10th, Bryant and Harrison Streets.	SFMTA	2 yrs
4.12	ENSURE A MINIMUM LEVEL OF SAFETY ON REGIONAL STREETS, PARTICULARLY FOR RESIDENTS AND OTHER USERS OF THE SYSTEM	4.12.1	Enhance the walking experience by introducing pedestrian and environmental improvements.	4.12.1.1	Keep sidewalks free of impediments.	DPW	Ongoing
				4.12.1.2	Provide safe routes to schools.	SFMTA	Ongoing
				4.12.1.3	Provide signage for pedestrians.	SFMTA	Ongoing
				4.12.1.4	Establish minimum standards for sidewalk dimensions.	Planning/SFMTA	Ongoing
		4.12.2	Develop transportation system improvements on regional streets, based on an analysis of existing and future conditions.	4.12.2.1	As part of Eastern Neighborhoods Transportation Implementation Planning Study, SFMTA, SFCTA, DPW and Planning will develop a funding strategy for transportation improvements identified in the study.	SFMTA	2 yrs
		4.12.3	Coordinate with SFMTA to develop a minimum set of required pedestrian and bicycle safety improvements.	4.12.3.1	As part of Eastern Neighborhoods Transportation Implementation Planning Study, SFMTA, SFCTA, DPW and Planning will develop a funding strategy for transportation improvements identified in the study.	SFMTA	2 yrs
4.13	INTEGRATE REGIONAL STREET POLICIES WITH OTHER PLANNING EFFORTS	4.13.1	Promote cooperation between agencies and programs involved in planning SoMa.	4.13.1.1	As part of Eastern Neighborhoods Transportation Implementation Planning Study, SFMTA, SFCTA, DPW and Planning will develop a funding strategy for transportation improvements identified in the study.	SFMTA	2 yrs

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
4.14	REDUCE THE NEGATIVE IMPACTS OF GOODS MOVEMENT ON LOCAL NEIGHBORHOODS	4.14.1	Introduce roadside signage indicating commercial vehicle limitations within the Western SoMa SUD.	4.14.1.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	2 yrs
		4.14.2	Mitigate the undesirable effects of goods movement by limiting freight loading and unloading to designated streets at specific times of the day.	4.14.1.2	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	2 yrs
		4.14.3	Strictly enforce yellow and special vehicle loading zones to facilitate deliveries and pickups at appropriate locations, and to reduce double-parking.	4.14.3.1	Traffic Enforcement	SF Police	2 yrs
		4.14.4	Provide an adequate number of curbside freight loading spaces in the Western SoMa SUD.	4.14.4.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	2 yrs
		4.14.5	Conduct exposure assessments in sensitive areas where vehicle volumes are above acceptable levels.	4.14.5.1	Conduct exposure assessments in sensitive areas where vehicle volumes are above acceptable levels.  Where cumulative vehicle volumes are in excess of 100,000 vehicles per day, within a 500 foot radius of a sensitive area, a PM 2.5 exposure assessment should be required. It is important that all new development in the Western SoMa SUD provide HVAC systems with filtration.	DPH	2 yrs

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		4.14.6	Work with the Departments of Public Health and Building Inspection to develop new building code requirements to mitigate ambient air pollution hazards.	4.14.6.1	Work with the Department of Public Health and the Department of Building Inspection to develop and implement new statutory mitigations consistent with existing regulatory guidance including Article 38 of the SF Health Code and the BAAQMD 2010 CEQA Air Quality Guidelines.	Planning/DPH/DBI	2 yrs
				4.14.6.2	Work with the Departments of Public Health and Building Inspection to develop new Building Code requirements to mitigate ambient air pollution hazards. New development eventually results in substantial truck traffic in localized areas. In order to reduce the levels of pollution, the Planning Department should work with these City agencies to minimize possible air quality impacts.	Planning/DPH/DBI	
		4.14.7	Ensure that noise mitigations are actively implemented.	4.14.7.1	Develop and implement a plan of pre-occupancy acoustical Title 24 compliance by DPH or 3rd party acoustical consultants. Create necessary statutory authority and requirements as need to implement.	DPH/Planning/DBI	Ongoing
				4.14.7.2	Implement pre-occupancy acoustical testing for residential building with ambient noise levels above 60 dBA.	DPH	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
				4.14.7.3	Perform detailed analysis of exterior noise levels and acoustical insulation necessary to reduce interior noise levels to be consistent with Title 24.	DPH	Ongoing
				4.14.7.4	Perform analysis that includes a site survey identifying potential noise-generating uses within two blocks of the project site.	DPH	Ongoing
				4.14.7.5	Perform analysis that includes a site survey identifying potential noise-sensitive receptors within two blocks of the project site with elevated noise sources.	DPH	Ongoing
				4.14.7.6	Develop acoustical engineering, transportation, and architectural strategies that protect open spaces from annoying or disruptive noise levels.	DPH	Ongoing
4.15	IMPROVE SAFETY FOR LOCAL RESIDENTS AND MERCHANTS BY RESTRICTING COMMERCIAL VEHICLE TRAFFIC IN THE WESTERN SOMA SUD	4.15.1	Prohibit service vehicles and commercial traffic from operating in areas not designated as arterial freight routes.	4.15.1.1	Adhere to existing regulatory guidance and work with the Department of Public Health to implement Article 38 of the SF Health Code and the BAAQMD 2010 CEQA Air Quality Guidelines.	DPH	2 yrs
				4.15.1.2	Prohibit freight traffic on Folsom, Howard, 7th, and Eighth Streets.	SFMTA	2 yrs
		4.15.2	Employ traffic calming measures, in order to mitigate the impacts of freight traffic.	4.15.2.1	Implement pedestrian, bicycle and disabled safety improvements.	SFMTA	Ongoing
				4.15.2.2	Locate bollards in appropriate locations.	DPW	Ongoing
				4.15.2.3	Implement gateway treatments.	SFMTA	2 yrs

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
				4.15.2.4	Introduce curb treatments, including chicanes, extensions, and planters.	SFMTA	Ongoing
				4.15.2.5	Implement street treatments, such as special pavement and bricks.	SFMTA	Ongoing
				4.15.2.6	Reduce the number and width of lanes.	SFMTA	Ongoing
				4.15.2.7	Introduce speed treatments, such as humps, tables, and raised crosswalks.	SFMTA	Ongoing
		4.15.3	Prioritize commercial vehicle intersections for traffic calming.	4.15.3.1			
				4.15.3.2	Give priority to safe routes to schools and senior facilities.	SFMTA	Ongoing
				4.15.3.3	Give priority to pedestrian routes.	Planning	Ongoing
		4.15.4	Reduce speeds on regional freight routes in the Western SoMa.	4.15.4.1			
				4.15.4.2	Reduce speed limits on 10th Street, between Mission and Bryant Streets to 25 MPH.	SFMTA	2 yrs.
				4.15.4.3	Reduce speed limits on Harrison Street, between 4th and 9th Streets to 25 MPH.	SFMTA	2 yrs.
				4.15.4.4	Reduce speed limits on Bryant Street, between 4th and 9th Streets to 25 MPH.	SFMTA	2 yrs.
		4.15.5	Limit pin-to-axle lengths for trucks entering two-way streets.	4.15.5.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	SFMTA	Ongoing

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE		
#	Objective	#	Policy	#	Action				
4.16	UTILIZE THE PUBLIC BENEFIT FEE PACKAGE TO GENERATE REVENUES FOR FINANCING IMPROVEMENTS TO STREETS DAMAGED BY TRUCK TRAFFIC	4.16.1	Develop a nexus study for evaluating the magnitude of truck impacts on street surfaces in the SoMa.	4.16.1.1	Design an ongoing fee to cover road improvements.	Planning	Ongoing		
				4.16.1.2	Examine other potential revenue sources.	Planning	Ongoing		
4.17	INTEGRATE GOODS MOVEMENT POLICIES WITH OTHER PLANNING EFFORTS	4.17.1	Collaborate with the MTA, SFCTA, DPW and other agencies to develop a strategy for improving the distribution of commercial vehicles in the Western SoMa.	4.17.1.1	Study the feasibility of establishing a logistics center for freight.	Planning	Ongoing		
				4.17.1.2	Study ways of distributing goods in coordination with other uses.	SFMTA	Ongoing		
				4.17.2	Study ways of implementing a set of restrictions on freight traffic passing through the Western SoMa SUD.	4.17.2.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
				4.17.3	Work with the SFMTA on revising the loading zone system in Western SoMa.	4.17.3.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
4.18	PROMOTE NON-POLLUTING PUBLIC TRANSIT	4.18.1	Develop Folsom Street as a priority public transit corridor.	4.18.1.1	Introduce two-way bus service.	SFMTA	Ongoing		
				4.18.1.2	Provide pedestrian and bicycle access to transit.	SFMTA	Ongoing		
				4.18.1.3	Establish a set of transit centers and major transfer points.	SFMTA	Ongoing		
				4.18.2	Improve transit reliability.	4.18.2.1	Establish a well-defined transit network.	SFMTA	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
				4.18.2.2	Provide more frequent service.	SFMTA	Ongoing
		4.18.3	Develop on-site TDM programs, with the support of a Nexus study, incorporating a variety of measures, to ensure vehicle trip reduction.	4.18.3.1	Provide carpool matching.	Planning	Ongoing
				4.18.3.2	Make carsharing services available.	Planning	Ongoing
				4.18.3.3	Provide financial incentives for walkers and bicyclists.	Planning	Ongoing
				4.18.3.4	Provide free or discounted transit passes.	Planning	Ongoing
				4.18.3.5	Introduce a guaranteed ride home service.	Planning	Ongoing
				4.18.3.6	Provide preferential carpool and vanpool parking.	Planning	Ongoing
				4.18.3.7	Provide transportation information (schedules, maps).	Planning	Ongoing
				4.18.3.8	Provide secure bicycle parking.	Planning	Ongoing
				4.18.3.9	Provide showers and changing facilities for bicyclists.	Planning	Ongoing
		4.18.4	Develop programs that provide TDM benefits to residential tenants.	4.18.4.1	Make carsharing services available.	Planning	Ongoing
				4.18.4.2	Provide free or discounted transit passes.	Planning	Ongoing
				4.18.4.3	Provide transportation information.	Planning	Ongoing
				4.18.4.4	Provide secure bicycle parking.	Planning	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		4.18.5	Implement public transit improvements that reduce conflicts between transit vehicles, bicyclists and pedestrians on “Transit Preferential Streets.”	4.18.5.1	Improve signage to clearly designate transit only areas.	Planning	Ongoing
		4.18.5.2	Provide segregated bus lanes.	Planning	Ongoing		
		4.18.5.3	Place moratoria on curb cuts and mid-block left turns on TPS.	Planning	Ongoing		
		4.18.6	Require that transit be modified in response to land use change.	4.18.6.1	Tie transit service frequencies to new residential densities.	SFMTA	Ongoing
		4.18.7	Apply priority treatment to streets where transit is available.	4.18.7.1	Establish a well-enforced network of exclusive bus lanes.	SFMTA	Ongoing
				4.18.7.2	Introduce bus bulbs at strategic locations.	Planning	Ongoing
				4.18.7.3	Prioritize signals to facilitate the efficient movement of transit vehicles.	SFMTA	Ongoing
		4.18.8	Require that transit vehicles are non-polluting.	4.18.8.1	Promote electric trolley buses.	SFMTA	Ongoing
4.19	UTILIZE THE WESTERN SOMA PROXIMITY TO PUBLIC TRANSIT	4.19.1	Provide links to local and regional transit services.	4.19.1.1	The Planning Department will work with SFMTA for planned transit service improvements plan.	Planning	Ongoing
		4.19.2	Improve east-west transit connectivity in the area.	4.19.2.1	Provide better connections to the downtown area and major regional nodes.	SFMTA	Ongoing
				4.19.2.2	Provide better connections to Showplace Square and the Mission District.	SFMTA	Ongoing
		4.19.3	Improve north-south transit connectivity in the area.	4.19.3.1	Provide better connections to the Market Street rail corridor.	SFMTA	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
				4.19.3.2	Provide better connections to the 3rd Street rail corridor.	SFMTA	Ongoing
				4.19.3.3	Provide better connections to the CalTrain rail corridor.	SFMTA	Ongoing
4.20	INTEGRATE TRANSIT POLICIES WITH OTHER PLANNING EFFORTS	4.20.1	Coordinate transit improvements in the Western SoMa SUD so that they are consistent with larger transit efforts.	4.20.1.1	Work with SFMTA to identify new transit service needs (e.g., routes) created by land use changes.	Planning	Ongoing
				4.20.1.2	Include specific steps for meeting new needs with the Plan.	Planning	Ongoing
4.21	PROVIDE SAFE, EFFICIENT AND PLEASANT PEDESTRIAN CIRCULATION IN WESTERN SOMA	4.21.1	Ensure convenient and safe pedestrian crossings.	4.21.1.1	Install mid-block crossings according to a list of priorities.	Planning	Ongoing
				4.21.1.2	Systematically improve crosswalks at a number of Western SoMa intersections at: <ul style="list-style-type: none"> <li>• 12th and Folsom Streets;</li> <li>• Eighth and Howard Streets;</li> <li>• Eighth and Harrison Streets; and,</li> <li>• 4th and Howard Streets</li> </ul>	Planning	Ongoing
		4.21.2	Improve sidewalk lighting to ensure safety and security.	4.21.2.1	Improve illumination on Russ Alley.	Planning	Ongoing
		4.21.3	Create safe pedestrian and bicycle routes to community facilities.	4.21.3.1	Improve routes accessing Bessie Carmichael School.	Planning	Ongoing
		4.21.4	Maintain the physical state of streets and sidewalks.	4.21.4.1	Maintain sidewalk surfaces on area streets.	DPW	Ongoing
				4.21.4.2	Prevent roadway deterioration on area streets.	DPW	Ongoing
				4.21.4.3	Maintain bicycle lane surfaces throughout the area.	DPW	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		4.21.5	Slow traffic on streets adjacent to the freeway.	4.21.5.1	Slow down traffic on Harrison, between 4th and Division Streets.	SFMTA	Ongoing
		4.21.5.2		4.21.5.2	Slow down traffic on Bryant, between 4th and Division Streets to 25 MPH.	SFMTA	Ongoing
		4.21.5.3		4.21.5.3	Slow down traffic on 9th, between Howard and Bryant Streets to 25 MPH.	SFMTA	Ongoing
		4.21.5.4		4.21.5.4	Slow down traffic on 10th Street, between Howard and Bryant Streets to 25 MPH.	SFMTA	Ongoing
		4.21.6	Prohibit the provision of multiple left-turn lanes at all intersections.	4.21.6.1	The Planning Department will work with SFMTA to develop a comprehensive neighborhood circulation plan.	SFMTA/Planning	Ongoing
		4.21.7	Prohibit free right turns off of freeways onto adjoining streets.	4.21.7.1	The Planning Department will work with SFMTA to develop a comprehensive neighborhood circulation plan.	SFMTA/Planning	Ongoing
		4.21.8	Designate mid-block crossings in areas of high pedestrian traffic.	4.21.8.1	Locate mid-block crossings on Howard between 7th and 10th Streets.	SFMTA	Ongoing
		4.21.8.2		4.21.8.2	Locate mid-block crossings on Townsend, between 4th and Eighth Streets.	SFMTA	Ongoing
		4.21.9	Improve pedestrian safety at freeway underpasses and ramps.	4.21.9.1	The Planning Department will work with SFMTA to develop a comprehensive neighborhood circulation plan.	SFMTA/Planning	Ongoing
		4.22	INTEGRATE PEDESTRIAN POLICIES WITH OTHER PLANNING EFFORTS	4.22.1	Coordinate pedestrian improvements so that they are carefully integrated with other transportation projects in the area.	4.22.1.1	Work with SFMTA to identify pedestrian needs, and apply relevant treatments.

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
4.23	IMPROVE THE AMBIENCE OF THE PEDESTRIAN ENVIRONMENT	4.23.1	Integrate pedestrian space with compatible land uses.	4.23.1.1	Prohibit curb cuts on Transit Preferential Streets and alleys, based on a clear set of criteria.	Planning	Ongoing
				4.23.1.2	Design pedestrian-friendly points of access to adjacent properties.	Planning	Ongoing
		4.23.2	Create a visible pedestrian network that connects to other areas.	4.23.2.1	Develop a link along Folsom Street, from 7th to Division Street.	SFMTA/Planning	Ongoing
				4.23.2.2	Develop a link along Howard and South Van Ness, from 7th to Division Street.	SFMTA/Planning	Ongoing
				4.23.2.3	Develop a link along 7th Street, from Mission to Townsend Street.	SFMTA/Planning	Ongoing
				4.23.2.4	Develop a link along Eighth Street, from Mission to Bryant Street.	SFMTA/Planning	Ongoing
		4.23.3	Develop Folsom Street as a pedestrian-oriented transit corridor.	4.23.3.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	SFMTA/Planning	Ongoing
		4.23.4	Require context-specific pedestrian environmental analysis and countermeasure plans for all development projects.	4.23.4.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
4.24	ENSURE THAT BICYCLES CAN BE USED SAFELY AND CONVENIENTLY AS A PRIMARY TRANSPORTATION MODE, AND FOR RECREATION PURPOSES	4.24.1	Improve bicycle access in the Western SoMa.	4.24.1.1	Improve bicycle connections and facilities on Howard Street, between 7th and Division Streets.	SFMTA/Planning	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE				
#	Objective	#	Policy	#	Action						
				4.24.1.2	facilities on 7th and Eighth Streets, between Mission and Townsend Streets.	SFMTA/Planning	Ongoing				
				4.24.1.3	Improve bicycle connections and facilities on Townsend Street, between 4th and 7th Streets.	SFMTA/Planning	Ongoing				
				4.24.1.4	Rationalize bicycle intersections to improve connections to Oak and Polk Streets, via 10th and Market Streets.	SFMTA/Planning	Ongoing				
				4.24.1.5	Rationalize bicycle intersections to improve connections at the junction of South Van Ness Avenue, Howard Street, and 13th Street.	SFMTA/Planning	Ongoing				
				4.24.2	On specific streets, implement physical roadway treatments that will improve overall bicycle safety.	4.24.2.1	Apply bicycle treatments on Howard Street, between 7th and Division Streets.	SFMTA/Planning	Ongoing		
						4.24.2.2	Apply bicycle treatments on 7th and Eighth Street, between Mission and Townsend Streets.	SFMTA/Planning	Ongoing		
						4.24.2.3	Apply bicycle treatments on Townsend Street, between 4th and 7th Streets.	SFMTA/Planning	Ongoing		
				4.24.3	Prohibit multiple left turn lanes.	4.24.3.1	Minimize the number of left turn lanes.	SFMTA/Planning	Ongoing		
				4.25	IMPROVE BICYCLE ACCESS TO OTHER AREAS OF THE CITY AND THE REGION	4.25.1	Improve direct routes between Western SoMa and other parts of the city.	4.25.1.1	Improve connection along Howard to South Van Ness Avenue.	SFMTA/Planning	Ongoing
								4.25.1.2	Improve connection along 11th Street to Polk Street.	SFMTA/Planning	Ongoing
				4.25.1.3	Improve connection along Eighth Street to Grove Street.	SFMTA/Planning	Ongoing				

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		4.25.2	Accommodate bicycles on streets parallel to the freeway.	4.25.2.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	SFMTA/Planning	Ongoing
4.26	INTEGRATE BICYCLE POLICIES WITH OTHER PLANNING EFFORTS	4.26.1	Coordinate bicycle plans in Western SoMa to be consistent with the recommendations coming out of the City's Bicycle Plan.	4.26.1.1	Coordinate Bike Plan programmatic changes.	SFMTA/Planning	Ongoing
				4.26.1.2	Coordinate Bike Plan programmatic changes.	SFMTA/Planning	Ongoing
4.27	ESTABLISH PARKING POLICIES THAT IMPROVE NEIGHBORHOOD LIVABILITY, VITALITY, AND ENVIRONMENTAL QUALITY BY REDUCING PRIVATE VEHICLE TRIPS AND SUPPORTING WALKING, CYCLING AND PUBLIC TRANSIT USE	4.27.1	Adopt the same parking maximum policies that were applied in the Eastern Neighborhood Plan	4.27.1.1	Amend the Downtown Plan to remove Western SoMa from the downtown parking belt.	Planning	Ongoing
				4.27.2.1	Adopt requirements (similar to those in downtown) that support the pricing of non-accessory parking lots and garages in favor of short term parking for neighborhood businesses.	Planning	Ongoing
				4.27.3.1	The Planning Department will work with SFMTA to develop a comprehensive neighborhood parking plan.	SFMTA/Planning	Ongoing
				4.27.2.2	When widening sidewalks on neighborhood-serving streets or alleyways, reduce traffic lanes in preference to eliminating on-street parking.	SFMTA/Planning	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
				4.27.2.3	Eliminate off-street parking requirements to reduce loss of on-street parking from curb cuts.	Planning	Upon Plan adoption
				4.27.2.4	Allow projects to consolidate their accessory parking.	Planning	Ongoing
				4.27.2.5	Provide corner bulb-outs and bus bulb-outs on streets with curb parking to improve pedestrian access, safety, and visibility, shorten street crossing distances, and provide for faster and more accessible transit boarding	SFMTA/Planning	Ongoing
		4.27.4	Price on-street parking on regional and neighborhood-serving streets to create available spaces at most times, encourage parking turnover, and reduce the number of vehicles circulating in the neighborhood.	4.27.4.1	Evaluate using price, rather than time limits, to encourage turnover.	SFMTA/Planning	Ongoing
				4.27.4.2	Evaluate extending meter hours on certain streets into evenings and weekends to provide parking for nighttime entertainment uses.	SFMTA/Planning	Ongoing
		4.27.5	Establish residential permit zones on residential enclave streets to prioritize parking for residents.	4.27.5.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	SFMTA/Planning	Ongoing

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		4.27.6	Promote a Charter Amendment and changes to State law that would enable the City to dedicate some portion of parking meter and permit zone revenues to fund pedestrian, bicycle, transit and streetscape improvements in Western SoMa and the other Eastern Neighborhoods.	4.27.6.1	Seek appropriate changes to existing law to dedicate portions of parking meter revenues to fund appropriate transportation and circulation improvements.	SFMTA/Planning	Ongoing
		4.27.7	Make Western SoMa consistent with Eastern Neighborhoods parking standards.	4.27.7.1	Eliminate minimum parking requirements.	Planning	Ongoing
				4.27.7.2	Establish a residential maximum of three spaces for every four units, with and without parking in new developments.	Planning	Upon Plan adoption
		4.27.8	Promote the unbundling of parking from new housing.	4.27.8.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
4.28	REDUCE THE NEGATIVE IMPACTS OF VEHICLE TRIPS ON WESTERN SOMA SUD BY ENCOURAGING THE USE OF ALTERNATIVE MODES OF TRANSPORTATION	4.28.1	Contain and lessen the local traffic and parking impacts of businesses by implementing a set of employer-based TDM measures.	4.28.1.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Plan adoption
		4.28.2	Promote walking and other non-motorized modes to and from designated Neighborhood Commercial (NC) districts and other major destinations in the Western SoMa SUD.	4.28.2.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		4.28.3	Reduce, relocate or prohibit auto-oriented facilities situated on streets served by local transit services.	4.28.3.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Plan adoption
4.29	MAINTAIN SAN FRANCISCO AS A PRINCIPAL REGIONAL DESTINATION WITHOUT JEOPARDIZING THE LIVABILITY OF THE SOMA	4.29.1	Reduce speeds on arterials leading to/from the freeway	4.29.1.1	Reduce speed limits on 9th Street, between Mission and Bryant Streets to 25 MPH.	SFMTA/Planning	Ongoing
				4.29.1.2	Reduce speed limits on 10th Street, between Mission and Bryant Streets to 25 MPH.	SFMTA/Planning	Ongoing
				4.29.1.3	Reduce speed limits on Harrison, between 4th and 9th Streets Reduce speed limits on Harrison, between 4th and 9th Streets to 25 MPH	SFMTA/Planning	Ongoing
				4.29.1.4	Reduce speed limits on Bryant, between 4th and 9th Streets to 25 MPH.	SFMTA/Planning	Ongoing
		4.29.2	On specific streets, implement intersection treatments that improve pedestrian and bicycle safety.	4.29.2.1	Introduce new crosswalks (signalized and non-signalized).	SFMTA/Planning	Ongoing
				4.29.2.2	Introduce bulb-outs	SFMTA/Planning	Ongoing
				4.29.2.3	Introduce new bike lanes.	SFMTA/Planning	Ongoing
				4.29.2.4	Introduce alley crossings of major streets.	SFMTA/Planning	Ongoing
		4.29.3	Develop a set of traffic-calmed zones.	4.29.3.1	Establish a zone bounded by Mission, 7th, Harrison and Division Streets.	SFMTA/Planning	Ongoing

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
				4.29.3.2	Establish a zone bounded by Bryant, 4th, Townsend and 7th Streets.	SFMTA/Planning	Ongoing
		4.29.4	Prohibit intersection turn movements that endanger pedestrians and bicyclists.	4.29.4.1	Eliminate multiple left turns at intersections.	SFMTA/Planning	Ongoing
		4.29.5	Regularly monitor changes in the level of safety on local streets.	4.29.5.1	Monitor and publish regular reports on local street safety.	SFMTA/Planning	Ongoing
4.30	DEVELOP A PUBLIC BENEFIT PACKAGE THAT WILL GENERATE REVENUES FOR FINANCING TRANSIT	4.30.1	Develop a fee that is based on the amount of parking provided.	4.30.1.1	Design and implement an ongoing fee to cover road and enforcement costs.	SFMTA/Planning	Ongoing
				4.30.1.2	Design and implement a one-time fee for parking areas.	SFMTA/Planning	Ongoing
<b>URBAN DESIGN AND BUILT FORM</b>							
OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
5.1	REINFORCE EXISTING BUILT FORM AND URBAN CHARACTER	5.1.1	Promote, preserve and maintain the mixed use character of Western SoMa's small scale commercial and residential uses.	5.1.1.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	10 years
		5.1.2	Encourage historic district and landmark designations throughout the Western SoMa SUD	5.1.2.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning and HPC	10 years
		5.1.3	Encourage and support the preservation and adaptive re-use of historic and social heritage neighborhood resources.	5.1.3.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning and HPC	10 years

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		5.1.4	Continue to develop and codify a clear and coherent historic resource adaptive reuse program for the Western SoMa SUD that reinforces and builds on the Secretary of the Interior adaptive reuse standards.	5.1.4.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning and HPC	10 years
		5.1.5	Encourage residential open space in required yards within the designated Western SoMa SUD Residential Enclave Districts.	5.1.5.1	Develop building setback requirements that preserve existing and historic street walls.	Planning	Upon Plan adoption
				5.1.5.2	Require preservation, expansion (where a pattern exists) and new (where no pattern exists) of at grade rear yards, with out Variances throughout the Western SoMa.	Planning	Upon Plan adoption
		5.1.6	Encourage a mix of uses rather than mixed-use developments.	5.1.6.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Plan adoption
		5.1.7	Develop design standards that preserve the industrial character of the larger streets, the mixed industrial/residential character of the RED-mixed areas and the residential character of the REDs.	5.1.7.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Plan adoption
5.2	PROMOTE ENVIRONMENTAL SUSTAINABILITY	5.2.1	Fully support and integrate into the Western SoMa SUD the environmental policies embodied in green building legislation.	5.2.1.1		Planning	Upon Plan Adoption

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		5.2.2	Require new development to meet minimum levels of "green" construction.	5.2.2.1		Planning	Upon Plan adoption
		5.2.3	Require mandatory targets for certain components of the rating systems, specifically, 5 percent to 10 percent of material reuse for development projects, 100 percent diversion of all non-hazardous construction and demolition debris for recycling and/or salvage, 10 to 25 percent onsite renewable generation, water efficient landscaping to reduce potable water consumption for irrigation by 50 percent, and maximize water efficiency within buildings to reduce waste water by 30 percent.	5.2.3.1	New construction shall conform to Chapter 13C of the SF Building Code and be fit with water saving fixtures including high efficiency toilets and low flow shower heads in residential and commercial development.	DBI	Upon Plan Adoption
				5.2.3.2	Landscaping shall conform to Chapter 13C of the SF Building Code and employ water conserving design and installation techniques, such as the selection of native, drought resistant plants, recycled or captured water irrigation, weather-based controls, and drip irrigation.	DOE	Ongoing
				5.2.3.3	Require Energy Star appliances in new residential units (e.g. clothes washing and dishwashing machines, water heaters, etc.).	DOE	Ongoing

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
				5.2.3.4	Require the installation of solar paneling atop buildings with the highest allowed height limits	DOE	Ongoing
		5.2.4	Encourage sensitive building design and alley guidelines to maximize solar access to all designated Residential Enclave Districts and existing rear yard patterns found elsewhere in the Western SoMa SUD.	5.2.4.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
		5.2.5	Require new development to adhere to a new performance-based ecological evaluation tool to improve the amount and quality of green landscaping.	5.2.5.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
		5.2.6	Existing surface parking lots and off-street loading areas should be retrofitted to minimize negative effects on microclimate and stormwater infiltration. The city's Stormwater Master Plan, upon completion, will provide guidance on how best to adhere to these guidelines.	5.2.6.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Plan Adoption
		5.2.7	The City should explore how to provide strong incentives that would encourage the retrofit of existing parking areas and other paved areas to meet the guidelines in Policy 5.2.6.	5.2.7.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		5.2.8	Enhance the connection between building form and ecological sustainability by promoting use of renewable energy, energy-efficient building envelopes, passive heating and cooling, and sustainable materials.	5.2.8.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
		5.2.9	Compliance with strict environmental efficiency standards for new buildings is strongly encouraged.	5.2.9.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
		5.2.10	When soil conditions allow, the use of open pavers (porous pavement materials) on drives, sidewalks, parking lots and plazas should be required.	5.2.10.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
5.3	PROMOTE WALKING, BIKING AND AN ACTIVE URBAN PUBLIC REALM	5.3.1	Respect public view corridors. Of particular interest are the east-west views to the bay or hills, and several views towards the downtown.	5.3.1.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
		5.3.2	Require high quality design of street-facing building exteriors.	5.3.2.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
		5.3.3	Minimize the visual impact of parking.	5.3.3.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
		5.3.4	Strengthen the relationship between a building and its fronting sidewalk.	5.3.4.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
		5.3.5	Strengthen the pedestrian network by extending alleyways to adjacent streets or alleyways wherever possible, or by providing new publicly accessible mid-block rights of way.	5.3.5.1	Locate new smaller open spaces in alleys and in pedestrian oriented areas as an integrated design element of new residential developments.	Planning	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		5.3.6	Require that all development in the Western SoMa include all feasible measures to prevent or minimize wind downdrafts and other adverse wind affects on sidewalks and plazas.	5.3.6.1	Require consistent pedestrian oriented transparency in new residential, commercial and mixed-use developments.	Planning	Ongoing
				5.3.6.2	Avoid "gated" development design patterns.	Planning	Ongoing
		5.3.7	Require that all development in the Western SoMa include all feasible measures to maximize sunshine on sidewalks and plazas.	5.3.7.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
		5.3.8	Establish and require height limits and upper story setbacks to maintain adequate light and air to sidewalks, parks, plazas and frontages along alleys.	5.3.8.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
		5.3.9	Ensure that public toilets are incorporated as appropriate into neighborhood commercial areas.	5.3.9.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
5.4	ENCOURAGE APPROPRIATE NEW DEVELOPMENT THAT IS RESPONSIVE TO THE EXISTING AND BUILT ENVIRONMENT	5.4.1	Increase prevailing 50 foot heights in the Western SoMa SUD to 55 feet to encourage gracious floor to ceiling heights for ground floor uses.	5.4.1.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
		5.4.2	Reduce Residential Enclave and Service, Art, Light Industrial District heights to 40 feet.	5.4.2.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
<b>PRESERVATION</b>							
OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
6.1	IDENTIFY AND EVALUATE HISTORIC AND CULTURAL RESOURCES	6.1.1	Survey, identify and evaluate historic and cultural heritage resources in a manner that is consistent with the context statement prepared for the Western SoMa area.	6.1.1.1	Conduct context-based historic resource surveys within the Western SoMa plan area.	Planning	Ongoing

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
				6.1.1.2	The Planning Department will complete a survey of historic resources in Western SoMa by the end of 2008 and update existing resource evaluations as needed.	Planning	Ongoing
				6.1.1.3	Accept and support grassroots research on historic resource surveys as part of the new surveys.	Planning	Ongoing
		6.1.2	Recognize the contributions of the Filipino and Lesbian, Gay, Bisexual, Transsexual and Queer (LGBTQ) communities by creating Social Heritage Special Use Districts.	6.1.2.1	Revise the Western SoMa Area Plan upon completion of the historic surveys to include official designation of new historic resources and/or districts as part of a "social heritage landscape".	Planning	Ongoing
				6.1.2.2	Revise the Western SoMa Area Plan upon completion of the historic surveys, to include official designation of historic resources and/or districts as appropriate and may also include the adoption of historic design guidelines that are specific to an area or property type.	Planning	Ongoing
		6.1.3	Conduct historic and socio-cultural heritage resource surveys within the Western SoMa, including Secretary of the Interior cultural ratings.	6.1.3.1	Adopt, revise and pursue formal designation of historic and cultural resources, as appropriate per the Secretary of the Interior Standards.	Planning	Ongoing

WESTERN SoMa COMMUNITY PLAN

Planning	Ongoing
		7.6.2	Create new open space areas to be used during the day and at night, by a diverse community, including pets, toddlers, elders, residents, tourists, workers, etc.	7.6.2.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		7.6.3	Fund and maintain public open spaces for a diverse, constantly changing community.	7.6.3.1	Work with the neighborhood organizations and public agencies to keep track of annual expenditures and budget updates of funding for open space in the neighborhood.	Planning	Ongoing
		7.6.4	Require recreational spaces for toddlers and elders as part of major new residential development.	7.6.4.1	Assess an impact fee from residential development to be applied towards financing open spaces for toddlers and elders.	Planning	Ongoing
		7.6.5	Encourage the design of open spaces for use by a different public throughout the day and night as well as throughout the seasons, so these spaces can be enjoyed by a diverse community and for a variety of celebrations and events.	7.6.5.1	Address the ongoing formal use of certain alleys and streets for parades, street fairs.	Planning	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		7.6.6	Require new commercial and industrial development to contribute to public open space such as street-level plazas with benches, street lights, and street front open space accessible to workers, residents and visitors at minimum during the day time.	7.6.6.1	Assess an impact fee from commercial development to be applied towards financing open spaces for workers.	Planning	Ongoing
		7.6.7	Require new residential, commercial and industrial development to contribute to the creation of public open space, and/or provide on-site private open space designed to be publicly accessible and to meet the needs of residents.	7.6.7.1	Amend Planning Code to require all new residential and commercial development on medium and large development sites to provide a percentage of "private" open space accessible to the public.	Planning	Upon Adoption of W SoMa Plan
		7.6.8	Encourage private open space to be provided as common spaces for residents and workers of the building.	7.6.8.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		7.6.9	Strengthen requirements for commercial development to provide on-site open space.	7.6.9.1	Work with the office of Workforce and Economic Development (OEWD) to educate businesses about providing open space areas for workers.	Planning	Ongoing
7.7	EDUCATE THE PUBLIC ABOUT HEALTH, FOOD, NATURAL HABITATS, LOCAL RESOURCES THROUGH RECREATION AND OPEN SPACES	7.7.1	Use public workshops to educate the public about history and current conditions of the local natural and urban resources, and the cultural and natural environment, as they relate to the neighborhood's physical, economic, social and cultural characteristics.	7.7.1.1	Work with community businesses, residents and the Recreation and Parks Department to generate funds for outreach and education materials to keep the neighborhood in the loop about the neighborhood's history, current conditions, physical, economic, social and cultural characteristics.	Planning	Ongoing

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		7.7.2	Encourage new parks to have signs and stations that promote different forms of physical activity around the park area.	7.7.2.1	Work with the community and the Recreation and Parks Department to create neighborhood signs and recreational programs tailored to the community needs.	Planning	Ongoing
		7.7.3	Encourage using a portion of the new park or open space area to make public announcements related to public health, healthy foods, and the natural elements of the urban environment.	7.7.3.1	Support the continued neighborhood efforts to work with the Recreation and Parks Department and the Department of Public Health to educate the community about public health, healthy foods, and the natural elements of the urban environment.	Planning	Ongoing
		7.7.4	Hold an annual event in neighborhood recreational facilities and open spaces to promote community use and ownership of the facilities and parks.	7.7.4.1	Support the community holding an annual event in neighborhood recreational facilities.	Rec&Park	Ongoing
7.8	MAINTAIN REAR AND FRONT YARD PATTERNS	7.8.1	Promote at grade front and rear yard open space in existing and new residential development.	7.8.1.1	Respect existing and opportunities to develop new rear yards in this neighborhood. Planning Code Section 101 states that one of the purposes of the Planning Code is to provide adequate light, air, privacy and convenience of access to property in San Francisco.	Planning	Ongoing
		7.8.2	Stop granting variances for rear yard requirements.	7.8.2.1	Delete Section 134(e) from the Planning Code.	Planning	Upon Adoption of W SoMa Plan

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		7.8.3	Maintain open space other than at grade on existing buildings.	7.8.3.1	Encourage private open space in the form of balconies, atriums, podiums, front stoops as a way to keep and maintain open space that is not at grade.	Planning	Ongoing
		7.8.4	Encourage generous not at grade open space in new development when at grade open space is impossible to comply with.	7.8.4.1	Update the planning code so the requirement for open space is increase in the absence of at grade open space in new residential development.	Planning	Upon Adoption of W SoMa Plan
7.9	REQUIRE NOISE AND AIR POLLUTION MITIGATION MEASURES	7.9.1	Require mitigation measures for noise and pollution when building new open spaces and or recreational facilities.	7.9.1.1	Insert a Planning Code requirement section for Western SoMa addressing mitigation measures for noise and pollution proposed by the <u>Department of Public Health</u>	Planning	Upon Adoption of W SoMa Plan
				7.9.1.2	Update the 1972 San Francisco transportation Noise-level Map in the General Plan Noise Element to reflect current conditions and to ensure compatible land use planning.	Police	Ongoing
				7.9.1.3	Make noise and pollution mitigation measurements part of environmental review process.	Planning	Ongoing
		7.9.2	Open space should not be developed in areas where the roadway contributes significantly to air pollution.	7.9.2.1	Insert a Planning Code requirement section for Western SoMa addressing air pollution.	DPH/Planning	Ongoing
		7.9.3	Relocate open space related projects, if necessary, outside of noise, and traffic pollution hazardous zones.	7.9.3.1	Continue noise and air pollution analysis and mitigation as part of environmental review process.	DPH/Planning	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
7.10	PROMOTE INNOVATIVE AND ALTERNATIVE GREEN AND SUSTAINABLE PUBLICLY-ACCESSIBLE PRIVATE OPEN SPACE	7.10.1	For major new residential and office development, encourage the establishment and maintenance of rooftop gardens on at least 25 percent of usable roof space.	7.10.1.1	Work with the SFPUC and Departments of Planning, Building Inspection, and Environment to coordinate the appropriate green building materials, water use, and ecological standards in all new open space developments.	Planning	Ongoing
		7.10.2	Require minimum ecological standards for urban landscaping for all new development and provide incentives for existing development to meet these standards.	7.10.2.1	Work with the Department of the Environment and the PUC to coordinate the appropriate green building materials, water use, and ecological standards in all new open space developments.	Planning	Ongoing
		7.10.3	Explore ways to retrofit existing parking and paved areas to minimize negative impacts on microclimate and allow for storm water infiltration.	7.10.3.1	Work with the Department of the Environment and the PUC to coordinate the appropriate green building materials, water use, and ecological standards in all new open space developments.	Planning	Ongoing
		7.10.4	Encourage sensitive building design and use of solar energy whenever possible in the improvement of streets and alleys.	7.10.4.1	Create a Planning Code requirement for designing spaces for solar orientation similar to Section 952 for Mission Bay.	Planning	Ongoing
		7.10.5	Maximize solar access to all existing and new recreational open space.	7.10.5.1	Apply height rules to allow appropriate and maximum solar access in alleys, and in all new recreational open space.	Planning	Ongoing
		7.10.6	Require the use of solar energy in lighting and irrigation systems on new recreational facilities and open spaces.	7.10.6.1	Create a Planning Code requirement for solar energy in lighting and irrigation systems in new recreational facilities and open spaces.	Planning	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		7.10.7	Protect and restore natural resource areas by encouraging that land deemed to be a significant natural resource not be developed or altered.	7.10.7.1	Create a Planning Code requirement for natural habitat preservation and restoration.	Planning	Ongoing
		7.10.8	Restore, preserve and protect healthy natural habitats in the neighborhood and surrounding areas.	7.10.8.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
7.11	CONTRIBUTE COMMUNITY BENEFITS FUNDING TOWARDS PARK MAINTENANCE AND PROGRAMMING	7.11.1	Coordinate new development fees with all other agencies, so contributions and funds can be appropriately delegated to building and maintaining new and existing open space.	7.11.1.1	Amend the Planning Code, Section 318.1 by addressing Impact Fees in Western SoMa.	Planning	Ongoing
		7.11.2	Pursue funding for capital improvements, operation, and maintenance of open space facilities through developer impact fees, in-kind contributions, dedication of tax revenues, and state or federal grant sources.	7.11.2.1	Amend the Planning Code, Section 318.1 by addressing Impact Fees in Western SoMa.	Planning	Ongoing
		7.11.3	Consider using a portion of public benefits funding for the creation of community gardens based on community support.	7.11.3.1	Amend the Planning Code, Section 318.1 by addressing Impact Fees in Western SoMa.	Planning	Ongoing
		7.11.4	Work with project sponsors on large development sites to provide publicly-accessible community open space, tot-lots, and recreation resources.	7.11.4.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan

**ARTS AND ENTERTAINMENT**

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
8.1	REINFORCE THE IMPORTANCE OF THE ARTS BY PRESERVING AND ENHANCING EXISTING ARTS USES	8.1.1	Prohibit demolition of existing arts space without replacement and documentation.	8.1.1.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		8.1.2	Create, expand and protect space for the arts.	8.1.2.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		8.1.3	Discourage displacement of arts by having a Conditional Use trigger.	8.1.3.1	In any instance when an identified arts use is at risk of being displaced directly by a proposed change of use, a Conditional Use permit procedure should be applied.	Planning	Ongoing
		8.1.4	Encourage Neighborhood Arts programs and organizations that address the diversity of the local population.	8.1.4.1	Publicly accessible spaces should incorporate works of art, and the work of local artists should be given positive consideration.	Planning	Ongoing
				8.1.4.2	The City should support the creation of large (e.g., buildings) and small (e.g., street corners/street art nooks) spaces for public arts and performances.	Planning	Ongoing
		8.1.5	Create an artwork conservation fund and/or pooled art enrichment fund for multicultural projects.	8.1.5.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
		8.1.6	Promote public transportation to libraries, community centers, and other art and cultural facilities.	8.1.6.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		8.1.7	Develop and implement financing plans for capital improvements, seismic upgrades, and life-safety upgrades to City-owned arts facilities.	8.1.7.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
		8.1.8	Encourage the use of schools and park facilities for low-to-no cost art and culture activities.	8.1.8.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
		8.1.9	Incorporate arts education into after-school programming.	8.1.9.1	Adopt the Western SoMa Area Plan, Design Standards and Code	Planning	Ongoing
		8.1.10	Use arts and cultural activities to promote social inclusion and the cultural vitality of Western SoMa.	8.1.10.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
8.2	IMPROVE LIVABILITY BY ENCOURAGING THE DEVELOPMENT OF NEW ARTS USES	8.2.1	Create incentives for enterprise housing for artists that offers living areas and encourages shared work space.	8.2.1.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Ongoing
		8.2.2	Request the addition of the arts as a category to the list of projects that benefit from developer impact fees.	8.2.2.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		8.2.3	Include new arts spaces as a proportion of new private development.	8.2.3.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		8.2.4	Establish height bonuses for 14 foot floor to floor heights for any new arts related uses in the SALI.	8.2.4.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		8.2.5	For new commercial development larger than 50,000 feet or new residential development larger than 50 units, encourage the participation of local artists/artisans or neighborhood cultural councils in the pedestrian-level design of the building.	8.2.5.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		8.2.6	Integrate public art work within the construction of new public buildings.	8.2.6.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		8.2.7	Encourage programs that require the involvement of local artists, artisans, and craftspersons involvement in the design of open space, signage, and street furniture.	8.2.7.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		8.2.8	Design parks and open spaces to be accessible and usable for arts and cultural activities, such as outdoor performances and group practice.	8.2.8.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		8.2.9	Dedicate a portion of impact fees for arts and cultural programming in new and existing public spaces, such as schools, parks, recreational facilities, and community centers.	8.2.9.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		8.2.10	Create new incentives to promote the inclusion of arts facilities in private development.	8.2.10.1	Exempt nonprofit arts spaces included in new development from floor area ratio calculations.	Planning	Upon Adoption of W SoMa Plan
		8.2.11	Use City zoning and financial resources to create incentives for increasing the supply of affordable housing and work spaces for artists.	8.2.11.1	Establish a density bonus for developers who include art space in their project.	Planning	Upon Adoption of W SoMa Plan

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		8.2.12	Include artists in affordable housing initiatives, possibly in conjunction with a resident artist or neighborhood arts programs.	8.2.12.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
8.3	PROTECT AND ENCOURAGE APPROPRIATE NEIGHBORHOOD ENTERTAINMENT USES	8.3.1	Provide opportunities for relocation of existing entertainment uses from residential areas to non-residential areas of the Western SoMa Special Use District.	8.3.1.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		8.3.2	Allow entertainment uses in select areas under lower intensity circumstances and as a complementary activity in permitted uses.	8.3.2.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		8.3.3	Include entertainment spaces as a proportion of new development.	8.3.3.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		8.3.4	Provide opportunities for relocation of existing entertainment uses from residential areas to non-residential areas of the Western SoMa SUD.	8.3.4.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		8.3.5	Allow entertainment uses in select areas under lower intensity circumstances and as a complementary activity in permitted uses.	8.3.5.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		8.3.6	Include entertainment spaces as a proportion of new development.	8.3.6.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		8.3.7	Encourage clustering neighborhood serving uses around existing entertainment facilities.	8.3.7.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan

<b>COMMUNITY FACILITIES</b>							
OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
9.1	PROVIDE ESSENTIAL COMMUNITY SERVICES AND FACILITIES	9.1.1	Support the siting of new facilities to meet the needs of a growing community and to provide opportunities for residents of all age levels.	9.1.1.1	Develop a shared definition of neighborhood serving community and human service activities or "neighborhood completeness" with appropriate City agencies and the community.	Planning	Ongoing
				9.1.1.2	List new facilities required in the neighborhood to provide local services and work with the appropriate City agencies to seek funds for building and maintaining them.	Planning	Ongoing
		9.1.2	Encourage appropriate location and expansion of essential neighborhood-serving community and human services activities throughout Western SoMa, exclusive of the residential enclave districts.	9.1.2.1	Facilitate the careful location and expansion of essential neighborhood service facilities, while limiting the concentration of such activities within any one neighborhood.	Planning	Ongoing
		9.1.3	Recognize the value of existing facilities and support their expansion and continued use.	9.1.3.1	Identify existing facilities and determine the need for new facilities needed to provide services to the neighborhood and to the city at large.	Planning	Ongoing

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		9.1.4	Support existing and encourage new community serving social and cultural facilities in Western SoMa that support low-income and immigrant communities by creating new spaces that house services such as English as a Second Language, employment, art, education and youth programming.	9.1.4.1	Work with Youth organizations and Community College to develop a list of desired facilities that help low-income and immigrant communities to grow, such as schools for technical and English as a Second Language classes.	Planning	Ongoing
		9.1.5	Ensure adequate maintenance of existing public health and community facilities.	9.1.5	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		9.1.6	Work with appropriate City agencies to build and utilize school facilities as multi-use facilities, with joint use agreements that permit co-location of neighborhood services such as youth-serving community based organizations, low income clinics, recreation centers, and job skills training sites.	9.1.6.1	Work with the Unified School District considering accommodating middle school into existing facilities to better accommodate demands from projected population growth.	Unified School District	Ongoing
		9.1.7	Identify potential uses of existing school facilities for after school programs.	9.1.7.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		9.1.8	Seek the San Francisco Unified School District consideration of new middle and high school options in the Western SoMa, or the expansion of existing schools to accommodate middle and high school demand from projected population growth in the Western SoMa.	9.1.8.1	Work with the Unified School District identifying potential uses in existing facilities so they accommodate after school care.	Unified School District	Ongoing
		9.1.9	Identify a potential area in Western SoMa that could be appropriate for a neighborhood middle school, taking into consideration a number of factors, including pedestrian safety, noise and air quality conditions, and the feasibility of being co-located with another public works project (e.g., park, historic/cultural center, or City-sponsored childcare).	9.1.9.1	Reserve parcels to accommodate school facilities sufficient to meet anticipated population growth, evaluate the revenues and costs associated with the development of "Community Schools" in new and existing residential neighborhoods, and evaluate funding alternatives for new school construction, including impact fees, surplus property sales, and school construction bonds.	Unified School District	Ongoing
		9.1.10	Ensure public libraries in the plan area have sufficient materials to meet projected growth, to continue quality services, and to provide access for residents of the area.	9.1.10.1	Work with San Francisco Public Library and other sources of funds to keep local library materials, facilities, and programs.	SF Public Libraries	Ongoing
9.2	PROVIDE NEIGHBORHOOD CHILDCARE SERVICES WHERE THEY WILL BEST SERVE LOCAL RESIDENTS AND WORKERS	9.2.1	Encourage the creation of childcare facilities (licensed childcare centers or licensed family childcare homes) in affordable housing or mixed-use developments.	9.2.1.1	Require that any commercial development over 25,000 square feet or residential development over 100,000 square feet to build a childcare facility onsite.	Planning	Upon Adoption of W SoMa Plan
				9.2.1.2	Establish a relationship with a non-profit to provide a childcare facility in San Francisco when not provided on site.	Planning	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
				9.2.1.3	Pay one dollar per square foot of commercial or residential space developed into the Child Care Capital Fund.	Planning	Ongoing
		9.2.2	Locate childcare near residential areas, on-site in new residential complexes, near transit facilities, or near employment centers to support families by reducing the time spent going to and from daycare, and to support other plan goals of traffic reduction and increased transit ridership.	9.2.2.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
9.3	ENSURE CONTINUED SUPPORT FOR HUMAN SERVICE PROVIDERS THROUGHOUT THE SOUTH OF MARKET NEIGHBORHOODS	9.3.1	Promote the continued operation of existing human and health services that serve low-income and immigrant communities in the Western SoMa, and prevent their displacement.	9.3.1.1	Work with the Department of Public Health assessing human and health services and programs that serve low-income and immigrant communities in the Eastern Neighborhoods	DPH/Planning	Ongoing
		9.3.2	Encourage new facilities and spaces for providers of services such as English as a Second Language, employment training services, art, education and youth programming.	9.3.2.1	Work with Youth organizations and Community College to develop a list of desired facilities that help low-income and immigrant communities to grow, such as schools for technical and ESL classes.	Planning	Ongoing
				9.3.2.2	Explore a range of revenue-generating tools to support the ongoing operations and maintenance of community facilities, including but not limited to public funds, grants and private funding sources.	Planning	Ongoing

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
9.4	REINFORCE THE IMPORTANCE OF THE SOUTH OF MARKET AS A CENTER FOR FILIPINO-AMERICAN AND LGBTQ LIFE IN SAN FRANCISCO	9.4.1	Support efforts to preserve and enhance social and cultural institutions.	9.4.1.1	Work with LGBTQ organizations and Filipino organizations to assess and prioritize social and cultural institutions, encouraging their preservation and listing them as of local importance.	Planning	Ongoing
		9.4.2	Encourage the creation of new social and cultural facilities in the SoMa area.	9.4.2.1	Work with LGBTQ organizations and Filipino organizations to seek funds for more cultural institutions.	Planning	Ongoing
		9.4.3	Protect and support Filipino, LGBTQ and other minority or culturally significant local business, structures, property and institutions in Western SoMa.	9.4.3.1	Recognize Filipino, LGBTQ and other culturally significant local business, structures, property and institutions in Western SoMa.	Planning	Ongoing
		9.4.4	Develop a definition of social and cultural institutions, including clear explanation of how these institutions are or are not covered by existing historical preservation policies and what each City agency's role is in supporting these institutions.	9.4.4.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		9.4.5	Ensure that existing cultural facilities are adequately staffed, buildings are maintained and methods are developed to meet increased cost and address increased usage of existing facilities.	9.4.5.1	Work with appropriate City agencies in seeking funds for facility maintenance on an on-going basis.	Planning	Ongoing

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		9.4.6	Prioritize maintenance and support funding for cultural and service facilities that support Filipino-Americans, such as the Bayanihan Center, the Filipino Education Center, and the West Bay Pilipino Multi-Services Center.	9.4.6.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		9.4.7	Prioritize maintenance and support funding for cultural and service facilities and events such as street fairs that support the LGBTQ community.	9.4.7.1	As part of the Community Benefits Program, pursue funding for capital improvements, operation, and maintenance of social and cultural facilities and libraries through developer impact fees, in-kind contributions, community facilities districts, dedication of tax revenues, and state or federal grant sources.	Planning	Ongoing
9.5	ENCOURAGE COMMUNITY RECREATION, PUBLIC HEALTH, FOOD PRODUCTION, ART AND EDUCATION FACILITIES AS PART OF MAJOR REAL ESTATE REHABILITATION OR NEW CONSTRUCTION PROJECTS	9.5.1	Development projects of an acre or more should provide on-site publicly-accessible community spaces or provide publicly-accessible open spaces.	9.5.1.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
9.6	PROMOTE FOOD ACCESS AND SUSTAINABLE URBAN AGRICULTURE	9.6.1	Provide expedited permit review processes for all retail businesses providing a minimum of 10 percent shelf space for fresh produce.	9.6.1.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		9.6.2	Require community shared agriculture drop off locations in major new residential developments.	9.6.2.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		9.6.3	Identify new areas for community gardens within the plan area. Consider new locations to be within new or existing parks or near existing or new community facilities.	9.6.3.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		9.6.4	Consider using a portion of public benefits funding for the creation of community gardens based on community support.	9.6.4.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		9.6.5	Consider using a portion of public benefits funding to support the transport of low-income residents to local farmers markets.	9.6.5.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		9.6.6	If a new, remodeled or expanded school facility is developed, encourage that the school include the provision of fully functioning kitchens so that school meals are served on site and provide green space equal to 20 to 40 percent of the project site area to include a school garden.	9.6.6.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan

SAFETY AND PUBLIC WELFARE							
OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE

10.1	BUILD "CRIME PREVENTION THROUGH ENVIRONMENTAL DESIGN" (CPTED) STANDARDS INTO NEW ZONING CLASSIFICATIONS	10.1.1	Encourage a mix of uses that promote public participation and provide "eyes on the street."	10.1.1.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		10.1.2	Encourage natural surveillance by creating a better sense of community.	10.1.2.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		10.1.3	Require adequate exterior lighting on all new developments.	10.1.3.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		10.1.4	Ensure that trees and shrubbery do not obscure sight lines.	10.1.4.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
10.2	ENCOURAGE APPROPRIATE ACTIVITIES DURING BOTH DAY AND NIGHT	10.2.1	Encourage uses that operate outside of the usual "nine-to-five" workday.	10.2.1.1	Allow separate permits for small venues and for entertainment that is only complimentary to a permitted use, such as restaurants, and that these uses should be sensitively introduced throughout Western SoMa.	Planning	Ongoing
		10.2.2	Encourage lower-intensity, neighborhood-serving entertainment venues.	10.2.2.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
10.3	INCREASE SOCIAL COHESION AMONG RESIDENTS AND LOCAL BUSINESS OWNERS	10.3.1	Provide a basic level of common services, especially at major transit nodes, to prevent the perception of isolation.	10.3.1.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		10.3.2	Increase mid-block crossings throughout the Western SoMa SUD.	10.3.2.1	Develop mid-block crossings on each block of Folsom Street, between 7th and 10th Streets.	Planning	Ongoing
		10.3.3	Encourage community-building activities.	10.3.3.1	Create a meeting room or other sheltered public space with the appropriate lavatory and other facilities that could be used as an election voting station, community meetings, after school programming, tutoring/mentoring, senior center or other social programs.	Planning	Ongoing

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE		
#	Objective	#	Policy	#	Action				
		10.3.4	Provide funding or physical space for the creation and/or continued programming of a neighborhood clean-up committee, a neighborhood crime prevention committee, or other neighborhood-oriented committee that seeks to promote social engagement and healthy communities.	10.3.4.1	Coordinate with the Department of Public Works for expedited development of sheltered public spaces with street furniture.	Planning	Ongoing		
		10.3.5	Organize periodic town hall meetings between police, elected officials, and current residents, property and business owners to discuss the impact of new development and ways to improve neighborhood safety.	10.3.5.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan		
		10.3.6	Work with San Francisco Police Department to reduce crime in high crime areas by incorporating Crime Prevention through Environmental Design strategies and increasing police presence.	10.3.6.1	Encouraging police patrol on bike, and foot; integrating police or security in neighborhood schools and community centers.	Planning	Ongoing		
				10.3.6.2	Support police patrol in and around public transportation.	Planning	Ongoing		
		10.4	ENSURE A HIGH QUALITY OF LIFE FOR EXISTING AND NEW RESIDENTS AND WORKERS	10.4.1	Significantly enhance pedestrian safety throughout Western SoMa.	10.4.1.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
				10.4.2	Encourage the creation of a Community Benefits District to fund additional street cleaning.	10.4.2.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan

#	Objective	#	Policy	#	Action		
		10.4.3	Support creating collaboration between the San Francisco Day Laborer programs and entertainment business owners to hire day laborers to pick up litter and clean streets around entertainment areas following business hours.	10.4.3.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		10.4.4	Work with local eating establishments and convenience stores to ensure there are trash cans locate both inside and outside their establishment and that signs discourage litter.	10.4.4.1	Work with neighborhood schools to organize an anti-litter poster contest. The winning poster would be posted around Western SoMa.	Planning	Ongoing
		10.4.5	Designate a graffiti wall or section of a park where graffiti is encouraged. Offer awards or mini-grants for persons with the best graffiti on designated areas after a certain period of time, as long as the individual does not have current graffiti charges in other areas of the City.	10.4.5.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		10.4.6	Work with the Department of Public Works to get self-cleaning public toilets placed along key commercial streets and near entertainment venues.	10.4.6.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		10.4.7	Work with local entertainment owners to help fund regular cleaning of entertainment areas.	10.4.7.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan

WESTERN SoMa COMMUNITY PLAN

IMPLEMENTATION MATRIX

OBJECTIVES		POLICIES		IMPLEMENTATION		LEAD AGENCY	TIMELINE
#	Objective	#	Policy	#	Action		
		10.4.8	Work with local restaurants, community centers, police stations, and other public facilities to allow increased public bathroom usage (include a slight financial incentive to allow public access or create sign that indicates name and location of public bathrooms). This program could provide free additional publicity for those businesses.	10.4.8.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		10.4.9	Work with the San Francisco Day Laborer program or city janitorial services to establish a cleaning program where if businesses open their bathrooms to the public, they will receive one free bathroom cleaning per week from city-hired cleaners.	10.4.9.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
10.5	PROMOTE COMMUNITY PARTICIPATION IN THE WESTERN SOMA PLAN IMPLEMENTATION PROCESS	10.5.1	Establish a community advisory body to monitor implementation of the Plan and make recommendations for Plan amendments every two years.	10.5.1.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
		10.5.2	Conduct a formal external evaluation of community involvement activities during the course of the Western SoMa planning process to identify lessons learned and needs for future community improvement efforts.	10.5.2.1	Adopt the Western SoMa Area Plan, Design Standards and Code amendments.	Planning	Upon Adoption of W SoMa Plan
