WHEREAS, Section 4.105 of the City and County of San Francisco Charter mandates that the Planning Commission shall periodically recommend amendments to the Planning Code to the Board of Supervisors; and the San Francisco Planning Department ("Department") is proposing to amend the Planning Code to implement the Transit Center District Plan and to bring Planning Code regulations governing this area into consistency with the Transit Center District Plan ("the Plan").

The Historic Preservation Commission, at a duly noticed public hearing on May 2, 2012, initiated the proposed Boundary Change, change of name of the Conservation District, and designation of properties and related Planning Code amendments to Article 11, including various appendices, which are integrated into the Transit Center District Plan Planning Code amendments.

The Planning Commission, at a duly noticed public hearing on May 3, 2012 and in accordance with Planning Code Section 302(b), initiated the Planning Code amendments related to the Plan. The Plan enhances and augments the Downtown Plan's patterns of land use, urban form, public space, circulation, and historic preservation, and makes policy recommendations, including enlarging the New Montgomery-Second Street Conservation District.

Prior to considering relevant amendments to the General Plan, Planning Code, Zoning Maps, and other actions related to implementing the Transit Center District Plan, the Planning Commission adopted Motion No. 18628 certifying the Final Environmental Impact Report for the Transit Center District Plan in accordance with the California Environmental Quality Act (CEQA). The Planning Commission also adopted Motion No. 18629 adopting CEQA Findings related to the Transit Center District Plan. The Historic Preservation Commission incorporates by reference the CEQA Findings related to the Transit Center District Plan as set forth in Planning Commission Motion No. 18629.

The Planning Commission, at a duly noticed public hearing on May 24, 2012, recommended adoption of the Plan and related ordinances to the Board of Supervisors. The Planning Commission also adopted Resolution No. 18632 recommending adoption of amendments to Planning Code Article 11 and various Appendices related to a boundary change to expand the New Montgomery-Second Street Conservation

District to include an additional twenty-six (26) properties, and to change name to the New Montgomery-Mission-Second Street Conservation District.

The Historic Preservation Commission, at a duly noticed public hearing on June 6, 2012, recommends adoption of Planning Code amendments to Article 11 related to the designation of twenty-seven (27) properties and change of designation of three (3) properties, based on the following:

The HPC finds that designation of the subject properties advance the basic principles of the Downtown Plan and reinforce the unique sense of place provided in the downtown area; and

- 1. The Historic Preservation Commission reviewed the supporting documentation for the subject properties and finds that the properties appear to exhibit strong architectural significance, individually or as contributors to the larger historic context identified with the Plan Area and with the Conservation District, and meet the eligibility requirements of Sections 1102 and 1006 of the Planning Code and warrants consideration for Article 11 designation; and,
- 2. The supporting documentation was reviewed by the Historic Preservation Commission and has been determined to be accurate and adequate for the purposes of this hearing. Kelley & VerPlanck Historical Resources Consulting and Carey & Company prepared supporting documentation in accordance with Resolution 527 and in conformance with the requirements of Article 11 of the Planning Code; and,
- 3. The HPC finds that the subject properties include notable buildings that should be considered for preservation under the proposed Article 11 designation as they appear to relate to the area's historical significance and to retain historical integrity; and,
- 4. The properties in the proposed expansion advance the basic principles of the Downtown Plan and reinforce the unique sense of place provided by the Conservation District; and,
- 5. The HPC recommends that proposed Planning Code amendments to Article 11 be modified to change the designation for 133 Second Street (3721/051) from Category IV (Contributing) to Category I (Signficant); and,
- 6. All proposed alterations to exterior features of Significant or Contributory buildings or any buildings within a Conservation District shall be subject to review and approval by the Historic Preservation Commission, or as delegated to Planning Department staff by HPC Motion No. 0122, in accordance with Sections 1111 through 1111.6 of the Planning Code and Section 4.135 of the City Charter.
- 7. The proposed designations will not require specific amendment of the General Plan and will promote the following relevant objectives and policies:

URBAN DESIGN ELEMENT Objectives and Policies

- OBJECTIVE 2: CONSERVATION OF RESOURCES WHICH PROVIDE A SENSE OF NATURE, CONTINUITY WITH THE PAST, AND FREEDOM FROM OVERCROWDING.
- POLICY 2.4: Preserve notable landmarks and areas of historic, architectural or aesthetic value, and promote the preservation of other buildings and features that provide continuity with past development.
- POLICY 2.5: Use care in remodeling of older buildings, in order to enhance rather than weaken the original character of such buildings.
- POLICY 2.7: Recognize and protect outstanding and unique areas that contribute in an extraordinary degree to San Francisco's visual form and character.
- POLICY 4: Preserve notable landmarks and areas of historic, architectural or aesthetic value, and promote the preservation of other buildings and features that provide continuity with past development.

The proposed designations would preserve notable landmarks and areas of historic, architectural or aesthetic value by recognizing their cultural and historical value and providing mechanisms for review of proposed alterations as well as incentives for property owners to maintain and preserve their buildings. Designating significant historic resources as Significant and Contributing buildings will further continuity with the past because the buildings will be preserved for the benefit of future generations. Designation will require that the Planning Department and the Historic Preservation Commission review proposed work that may have an impact on character-defining features. Both entities will utilize the Secretary of Interior's Standards for the Treatment of Historic Properties in their review to ensure that only appropriate, compatible alterations are made.

DOWNTOWN PLAN

The Downtown Plan grows out of an awareness of the public concern in recent years over the degree of change occurring downtown – and of the often conflicting civic objectives between fostering a vital economy and the retaining the urban patterns and structures which collectively form the physical essence of San Francisco. The Plan foresees a downtown known the world over as a center of ideas, services and trade, and as a place for stimulating experiences. In essence, downtown San Francisco should encompass a compact mix of activities, historical values, and distinctive architecture and urban forms that engender a special excitement reflective of a world city.

Objectives and Policies

- OBJECTIVE 1: MANAGE ECONOMIC GROWTH AND CHANGE TO ENSURE ENHANCEMENT OF THE TOTAL CITY LIVING AND WORKING ENVIRONMENT.

The proposed designations are consistent with the objectives and policies of the Downtown Plan as it would increase the number of notable landmarks and expand areas of historic, architectural or aesthetic value by expanding the size of the New Montgomery-Second Street Conservation District. Designation will require that the Planning Department and the Historic Preservation Commission review proposed work that may have an impact on character-defining features. Both entities will utilize the Secretary of Interior's Standards for the Treatment of Historic Properties in their review to ensure that only appropriate, compatible alterations are made.

TRANSIT CENTER DISTRICT PLAN

The historic preservation objectives and policies of the Transit Center District Plan build upon the preservation principles of the Downtown Plan. They are intended to provide for the identification, retention, reuse, and sustainability of the area's historic properties. As the area continues to change and develop, historic features and properties that define it should not be lost or their significance diminished through demolition or inappropriate alterations. As increased densities will provide a contrast to the traditional lower-scale, masonry, pre-war buildings, new construction with the historic core of the Transit Center District should respect and relate to its historic context. The District Plan regulations sound treatment of historic resources according to the Secretary of the Interior's Standards; in encourages the rehabilitation of historic resources for new compatible uses, and it allows for incentives for qualifying historic properties.

Historic Preservation Objectives

g. That the landmarks and historic buildings be preserved;

The designation of buildings under Article 11 will further continuity with the past because the character-defining features of buildings within the district will be preserved for the benefit of future generations. Designation will require that the Planning Department and the Historic Preservation Commission review any proposed work that may have an impact on character-defining features of buildings within the district. Both entities will utilize the Secretary of Interior's Standards for the Treatment of Historic Properties in their review to ensure that only appropriate, compatible alterations are made. The proposed designations will not have a significant impact on any of the other elements of the General Plan.

h. That our parks and open space and their access to sunlight and vistas be protected from development;
