At the community event, we will:

- Provide an overview of African American History in San Francisco.
- Document the experiences and memories of select participants for oral history interviews.
- Encourage public participation through alternative and interactive outreach methods including: video and audio recording, collecting historic photos, and sharing memories and photos through internet resources.

This event will be co-hosted by the African American Historical and Cultural Society and the African American Art and Culture Complex. The project is funded by a grant from the Historic Preservation Committee.
